SCHOOL A Good Place to Trade

QUEEN STREET

Give your servants GOLD DUST to clean with, treat them rightly and you will have few occasions to insert a "help wanted" ad

They say a good workman is known by his tools. You cannot expect your maid to keep everything ship-shape unless you give her every modern help. To keep house without GOLD DUST is to do work by hard, old-fashioned methods. For cleaning everything and anything about the house—from cellar to attic—GOLD DUST is worth its weight in gold. It cuts grease and dirt like magic, does away with scouring and scrubbing, and saves time and tempers.

Your servant can do more and better work and keep sweet with the aid of GOLD DUST in all household cleaning.

Made by **THE N. K. FAIRBANK COMPANY** Makers of FAIRY SOAP, the oval cake.

The sires with ten or more new standard performers this season are Moko Bingen 2:06½, Allerton 2:09½, Peter the Great 2:07½, Mabel 2:10½, McKinney 2:11½, Bellini 2:13½, Direct 2:01½, Todd 2:14½, Cochato 2:11½, Elngara, both being out of Lieperra, Dan Patch 1:55½, Ed Custer 2:10, and Walnut Hall 2:08½.

There are a couple of young stallions headed for the auction that will bring fancy prices if they stand right and straight when sold. They are half-brothers to the remarkable sire Elngara, both being out of Lieperra, 2:27½, by Arion. One is by Peter the Great and the other by Todd.

DR. CHAS. W. ELIOT
PLACES FOOTBALL
BELOW PUGILISM

Former Head of Harvard Condemns the American Game Because of Its Dangers

New York, Nov. 7.—Pugilism is better and aviation the only sport worse than football, according to Dr. Chas. W. Eliot, president emeritus of Harvard University, who sailed today for a trip around the world.

Dr. Eliot is sailing on a peace mission, as representative of the Carnegie endowment, the organization and aims of which he is to explain to Asiatic countries. The matter of sports came up when a newspaper interviewer ventured to ask the educator what he thought of Harvard's defeat by Princeton.

"I don't take much interest in football," he replied. "It's too dangerous for professional players and college men can't play it more than a year. They are liable to too many serious injuries—injuries for life."

"It's different from baseball and it's worse than prize fighting. The man in the ring doesn't run such a chance of being maimed as the man on the gridiron."

"Is there anything to your mind worse than football?"

"Yes, aviation. That's demoralizing to the spectators. They don't go to see the aeronaut in flight, but with the anticipation of seeing him fall and perhaps be killed."

Dr. Eliot's trip will last nine months. Much of the time will be spent in India, to which the party will make all speed, and in Japan. Dr. Eliot will also visit the Philippines.

The object of the trip is study, Dr. Eliot said, and not in the least to make a profit by writing, although, he said it was true that he had been offered nearly a dollar a word for anything he might write.

OFFER TO SELL CONTRACT OF JERSEY CITY TEAM

Jersey City, N.J., Nov. 7.—The controlling interest in the Jersey City Eastern League Club has been placed on sale by James Lillis and James T. Lillis.

Thirty thousand dollars has been asked for the control, and Frank Minton of Newark, has considered the purchase of the local club. Larry Schladt has been made manager for the coming season.

FOOTBALL NOTES

It took sixteen special trains to carry the crowd that left New York for Princeton to attend the Harvard-Princeton game. It is estimated that 15,000 persons went from there to the scene of the game by rail, and thousands more by automobile. The walls of the new Pennsylvania station rang with the cheers of the rival colleges.

SPORT

ROUGH PLAY IN CANADIAN RUGBY TO BE STOPPED

Hal B. McGivern of Ottawa Will Report Roberts and Colls of Montreal for Foul Play

Ottawa, H. Nov. 7.—Rough work, which has characterized many of the Inter-provincial Amateur Football Union matches this fall, must stop, according to President Hal B. McGivern, of Ottawa, who represents the Capital City on the Board of Governors of the Big Four. McGivern, who witnessed the Ottawa-Montreal game Saturday, stated afterwards that he considered the winged-wheeler the aggressors, and signified his intention of reporting Percy Roberts and Colls to the governors for rough work. One or two other players may also be brought into the affair, and the governors will likely hold a special meeting this week to investigate.

"There were flagrant fouls on both sides," said Mr. McGivern, "but the ontarians were undoubtedly responsible for most of it. They indulged in similar tactics on their appearance in Ottawa, and we also had a report concerning their match against the tigers at Hamilton. Kilt had his right shoulder dislocated, and will be out of the game for the season, while Gerard, whose injured knee again went back on him, will not play again. Williams, continuing at centre half, Mr. McGivern will move for the exclusion of coaches from the touch lines."

"This is no 'Pink Tea' affair. There isn't a 'molly-coddle' in either bunch, and the team that wins will know for a certainty that they have been hitting the line hard and playing the game all the time. Each team has 'broke' even in the Series and this game will decide the color scheme for the decoration of the King-Richardson trophy."

The deciding game in the King-Richardson Trophy is slated to be pulled off on the Mount A. Campus at Sackville this afternoon. A big crowd of supporters of both teams will see the game. Mt. Allison is favored by those who have seen the two games.

WOLGAST WILL TAKE TRIP AROUND WORLD

Chicago, Ill., Nov. 8.—Ad Wolgast, champion lightweight pugilist, left here today for Los Angeles, where he will fight Freddie Walsh on Thanksgiving Day. After that fight he will leave for a trip around the world, going first to Australia.

"I have given up hopes of getting another match in this country for a year," he said.

Wolgast said that he had not met any representative of McFarland in Chicago.

HOOF BEATS

Sec. William P. Enleman of Kalamazoo, is figuring a new scheme for racing. It is said that instead of giving \$500 purses and charging 5 per cent. entrance, he will give \$400 purses and have entrance free and take 10 per cent. from money-winners.

There seems to be an impression that Baden, 2:13½, has recently become the property of Lewis Neidhardt, owner of Charlie Mitchell, 2:04½. As a matter of fact, the Newark man bought the son of Bingara last winter on the recommendation of A. S. Rodsey, who has raced the horse so successfully for two seasons.

Athletics Tennis

MT. ALLISON AND ACADIA PLAYING AT SACKVILLE

Great Game Expected—Mt. Allison Favored by Those who have seen the Two Games

The game, decided the ownership of the King-Richardson trophy and a battle royal is anticipated. It would look as though Acadia stood the best chance to win although the local collegians will no doubt put up a stiff fight. The poster says:

"This is no 'Pink Tea' affair. There isn't a 'molly-coddle' in either bunch, and the team that wins will know for a certainty that they have been hitting the line hard and playing the game all the time. Each team has 'broke' even in the Series and this game will decide the color scheme for the decoration of the King-Richardson trophy."

TRUSTEES APPOINTED FOR FLANAGAN BELT

Toronto, Nov. 6.—Trustees will be appointed for the Tom Flanagan light weight championship belt by the National Sporting Club. Future competitions for the trophy will be under conditions arranged by the trustees.

When Billy Allen, the present Canadian champion, meets Patsy Drouillard of Windsor, at the Lyric Theatre next Thursday night, the winner, as decided by a "newspaper decision," will be presented with the belt. The judges will be James P. Fitzgerald of The Telegram, C. E. Good of The News and Frederick Wilson of The Globe.

Billy Allen writes that he was never in quite as good condition as at present, and is unshaken in his praise of "Kid" Moriarty, the Syracuse youngster, who comes with him to do battle with St. Pierre of Detroit, in the 105-pound bout. Danny Dunn of Cleveland, and Tommy Hudson of Detroit, who meet at 122 pounds, ten rounds, have already fought two draws, and this next engagement promises to be a hustling match from start to finish.

Rev. Father Stanton can see nothing to it but Ottawa College for the intercollegiate championship, and the University authorities have already arranged for an excursion to Toronto for next Saturday's match against 'Varsity, on which depends the honors. A brass band and about five hundred rooters will accompany the collegians, who have not held the intercollegiate champion hip since 1907.

Which is Your Choice?

Sloppy, leaky wooden troughs, or clean, durable concrete?

Wooden drinking troughs are about as reliable as the weather.

They are short-lived and require replacing every few years—not to mention continual patching to keep them in repair.

The best of wood cannot withstand, for long, constant dampness and soaking. Its tendency to rapid decay soon shows itself in leaks and stagnant pools of water around trough.

Contrast with this the durability, cleanliness and well-ordered appearance of Concrete.

The dampness which destroys lumber only intensifies the strength and hardness of Concrete.

You can impair a wooden trough with comparatively little use; but it takes a powerful explosive to put a Concrete water tank out of business.

Which

is your choice—expense-producing Wood, or money-saving Concrete?

We'd be glad to send a copy of our book, "What the Farmer Can Do With Concrete,"—Free—if you'll ask for it. It tells the many uses of Concrete in plain, simple language—tells how to make
