TENDERS CALLED FOR.

Hon. John Morrissey, Chief Commissioner of Public Works, is calling for tenders for the rebuilding of the Sterling Concrete Protection Wall, Parish of St. Mary's York County, and for the building of the Mill Settlement Bridge over the South West Branch of the Oromocto River, Parish of Blissville, Sunbury County.

UT THE UNIQUE

They are showing at the Unique to day pictures that are real works of art the Pathe Film de 'art is all hand colored; a Kaleid, "A Tragedy in Toyland" is a wonderful production and a fine Essanay Western. Joe Delane in operatic and popular airs on Banjo and guitar is also there today. The Unique is wonderfully cool these hot days.

LATE MRS. GEORGE SEWELL

The death of Mrs. George Sewell occurred at the home of Mrs. Shaw, Lansdowne Street, at noon yesterday, after a lingering illness. The deceased is survived by her husband who is living in Lincoln and by two young children, Leo and Mary. The late Mrs. Sewell was thirty-eight years of age. The funeral took place this morning service being conducted at St. Dunstan's Church at ten o'clock by Rev. Father Howland. Interment was made at the Hermitage.

DIED IN HOSPITAL

The death of Charles R. Gough took place this morning at the Victoria Hospital after an illness of only a few days. The deceased was taken to the hospital on Monday suffering from bowel trouble with complications. He was a well known young man who had a large circle of friends in this city. Until the time of his illness he was electrician at the Bijou Theatre. The deceased was a son of Mr. Chas. B. Gough and is survived by his parents and one sister Miss Ethel Gough. The funeral will take place tomorrow at 2.30 p. m. Interment will be made in the Old Burying Ground. The funeral service will be conducted by Rev. Dr. MacDonald of the Brunswick Street Baptist Church.

WARD-CORNELL.

A very pretty but quiet wedding was celebrated at St. Vincent de Paul Church, Oromocto, July 10th, when Mr. James S. Ward was united in marriage to Miss Annie H. Cornell. The bride, who was given away by her brother, Mr. Richard E. Cornell, was becomingly attired in a tailor-made suit of mauve-grey and wore a white hat. The bridesmaid was Miss Blanche Coleman, who was attired in a suit of light grey and picture hat. The groom was supported by Mr. Wm. H. Kelly, an uncle of the bride. The ceremony was performed by Rev. Father Carleton, after which the bridal party drove to the home of the bride's grandmother, Mrs. Richard Kelly, where a sumptuous wedding breakfast was served, after which the happy couple drove to their future home in Oromocto West.

Mr. R. F. Seigfried of Toronto, is in the city.

ORGANIZATION OF SUMMER SCHOOL COMPLETED TODAY

Visiting Teachers Welcomed by Mayor Thomas and Others Last Night at Public Meeting--Classes Held This Morning.

The Summer School of Science for the Maritime Provinces opened its twenty-fifth session last night under auspices which indicate the most successful session the school has ever had. The attendance of teachers is in the neighborhood of four hundred the largest on record. Last night's session took the form of a public meeting which was largely attended by citizens. Addresses were delivered by the president and Secretary of the school, Messrs S. A. Starratt and J. D. Seaman, also by Chancellor Jones on behalf of the U. N. B. Mayor Thomas on behalf of the city, Ex-Ald. J. J. Weddall on behalf of the local School Board, Dr. McKay of Halifax on behalf of Nova Scotia several of the local clergymen Dr. W. S. Carter, Chief Superintendent of Education, was unavoidably prevented from delivering an address but was present during the early part of the meeting.

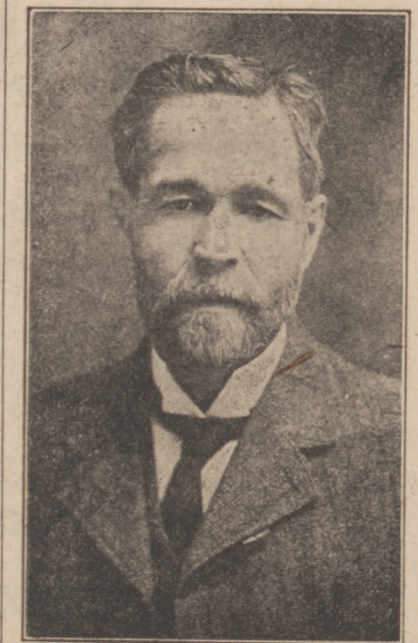

S. A. STARRATT, B. Sc. President Summer School

Pres. S. A. Starratt was in the chair. On the platform with him were, Dr. W. S. Carter, Chief Superintendent of Education of New Brunswick, Dr. McKay, chief superintendent Education in Nova Scotia, Dr. C. C. Jones, Chancellor of the University of New Brunswick, Dr. G. U. Hay of St. John, Mr. T. B. Kidner, Rev. Neil McLaughlan, Rev. Mr. Stebbings, Dr. D. W. Hamilton, Mayor Thomas and others.

PRESIDENT STARRATT

President Starratt, in a brief address said that it was singularly appropriate that the largest session of the Summer School of Science should hold its first meeting in the Normal School of New Brunswick. The school was particularly fortunate in having a considerable number of scholarships for competition. He hoped that every student in attendance at the school would write for the scholarships. In Nova Scotia several towns had decided not to employ teachers who did not attend the Summer School with reasonable regularity.

J. D. SEAMAN Secretary, Summer School

He was pleased to announce that ten scholarships were open to students who had never competed before for scholarships. Speaking of changes in the faculty, Mr. Starratt stated that Dr. D. W. Hamilton of Fredericton had succeeded Prof. Andrews in the Agricultural Department. Dr. Hamilton, Mr. Starratt referred to as the first school gardener of New Brunswick. Mr. Ritch would be the new biologist. He was a well qualified man of the staff of Malden (Mass.) High School. Prof.

H. H. Hagerman and Miss Wathen had also taken places on the faculty. Regulation would begin on the following day. No session of the school had begun with so large attendance. He urged early registration.

MAYOR THOMAS

His Worship alluded to the fact that the ladies predominated in the school the gentlemen evidently fearing to come in competition with the ladies. He sincerely welcomed the students and instructors of the school to Fredericton. The city he thought had done well by the school (applause). The citizens they would find hospitable. The visitors would receive a warm welcome (laughter) warm in other matters than the weather. His Worship called attention to Fredericton's natural advantages. The city was also the educational centre of New Brunswick containing as it did the University of New Brunswick and the Provincial Normal School. He regretted that one of the city's beauty places, Christchurch Cathedral, had recently been marred by lightning and fire. His Worship also took the opportunity to announce that on Sunday evening next a service would be held on the grounds of Christchurch Cathedral. The members of the school were invited. On the following Sunday at the Methodist Church.

The Mayor then apologized on behalf of Mr. O. S. Crockett, M. P., whose absence was unavoidable. He also referred to the approaching departure of Mr. T. B. Kidner for the west. Mr. Kidner's departure would prove a loss to education in New Brunswick but a gain to that of Alberta.

DR. G. U. HAY

Dr. G. U. Hay of St. John followed. He paid a glowing tribute to Fredericton as a beauty spot. Every person from the Maritime Provinces living from home should make a point of revisiting their native province each year. Loyalty should begin at home and there was no better way of strengthening that feeling than by visiting the beauty spots of the country. Fredericton was one of them.

SHEEP-RAISING MAY BE UNDERTAKEN ON LARGE SCALE

Reciprocity Will Give New Brunswick Lambs Marked Advantage in American Market.

An industry which it is almost certain will receive a tremendous impetus with the coming of reciprocity with the United States is that of sheep raising, one which in this part of Canada is not as extensive as it was some years ago. The particular branch of sheep-raising which reciprocity will benefit is the rearing of lambs for the American market. Lambs from the Maritime Provinces, particularly New Brunswick, command the highest prices in American cities and with more favorable tariff conditions farmers in this part of Canada will find it profitable to engage extensively in the raising of sheep. Already parties are negotiating for the purchase of suitably located farms for the purpose of establishing sheep-ranches on a large scale.

Dr. D. R. Vanier of New York, who has been in the city for some weeks, is interested in the proposition to establish such farms and when reciprocity comes into effect will probably take steps to secure properly located farms for the purpose. Several prominent farmers of this part of the province, are also considering the matter and developments are expected to come soon.

TO PLAY IN MONCTON

Arrangements have been made for the Fredericton baseball team to go to Moncton tomorrow and play two games with the Moncton team one on Friday and one on Saturday. The team will stay in St. John over Sunday and play there Monday.

HAND SEVERELY CUT

Mr. W. L. Damon, superintendent of the Hart Boot & Shoe Company's factory had the misfortune to have one of his hands severely cut on an emery wheel yesterday.

GEM

The Opium Smuggler. See the man washed up by the sea and the treacherous fall over the cliff. A fine picture. In Flowers' tale, a touching story and two rattling good comedies by the Imp company.

Mr. J. H. Sutton of St. John, is at the Queen.

SPECIALIZATION
