The Conservatives tried all the time they were in power to get reciprocity in natural products with the United States but were unsuccessful. The Liberals have succeeded in getting better terms than the Conservatives tried to get. Now the Conservatives tell us it is not loyal to accept it. Could anything be more absurd.

ENGLAND THE LEADER.

There are some nations in the world who have made their wealth by trade and commerce. In this way England is the great commercial nation of the world. (Cheers.) England has her commerce by comparison with which even the commerce of Germany falls into insignificance. She has made certain treaties, certain old treaties with certain nations called the "Favored nation clause" whereby it is agreed that where one of the contracting parties makes an agreement with any other nation then every other nation in the treaties must receive the benefit of that agreement. One of these goes back to the time of Cromwell, another to the time of Charles II. In all there are twelve nations that are going to have the advantage of our market if this agreement is consummated. NATIONAL COMMISSION SUSPENDS WAIVER CLAUSE

Cincinnati, Sept. 4.—The National baseball commission today suspended that part of Rule 35 which forbids the asking of waivers by any major league club for purchased minor league players previous to December 1, of the year following the purchase. The suspension of the rule is for one year, but the commission warns the major leagues it is the time it will be done.

The commission says it realizes the difficulty experienced by major league clubs in observing special legislation of each league limiting the number of players each of its clubs may carry on its reserve list and has adopted the following new rule to become effective at once:

"Rule 54. From and after the promulgation of this rule no major league club will be permitted to carry on its annual reserve list more than 40 players, exclusive of ineligible players.

SOMETHING ABOUT POTATOES

The record show that in the year 1861 under the old reciprocity treaty New Brunswick produced 4,041,339 bushels of potatoes, while last year according to the St. John Standard of August 18th, the potato crop of the province was estimated at from 650,000 to 750,000 bushels. In other words New Brunswick fifty years ago with a population one hundred thousand less than it has today, and with primitive transportation facilities, RAISED AND MARKETED OVER SIX TIMES AS MANY POTATOES AS IT DID IN THE YEAR OF OUR LORD 1910. The explanation is found in the fact that the great markets of the United States were then open to the farmers of New Brunswick while they were closed in 1911. Could any stronger argument be advanced in favor of reciprocity let the farmers of York think the matter over for themselves. Let them ask Mr. Crockett and his campaigners for an explanation of this great falling off in potato production.

FOSTER FOR RECIPROCITY

"Our reply to Uncle Sam should be: Granted that you fully realize that . . . no scheme of Reciprocity which interferes therewith (i. e., with Canada's autonomy) is desirable; that understood, we welcome the fullest trade and intercourse consistent therewith. Meanwhile, as a neighborly beginning, could you not give our products tariff entrance to your markets on the same terms which we accord to yours in our market? . . . This would be an earnest of good feeling and might dispose us to further converse." (See article by Hon. G. F. Foster University Magazine, Dec., 1910.)

CARRIGAN BROKE
HIS LEG MONDAY,
CRIPPLING RED SOX

Received Injury Sliding to Second Base
--Will be out of Game for Season

Boston, Sept. 5.—The Red Sox got a serious setback yesterday when Carrigan was injured.

In the second inning of the afternoon game Carrigan was at first base when Gardner hit a ground ball that hurdled the pitcher and went straight to second base, where Johnson the New York shortstop pulled the ball in and tagged Carrigan, who was coming down the base line and, in trying to avoid the fielder, twisted into second base. After being touched out Carrigan lay flat on his back and after a doctor had hurriedly examined his injury he was carried to the clubhouse and it was found that he had broken two small bones just above the ankle in his right leg.

This means that Boston's great catcher will be out of the game the rest of the season.

R. T. C. WON THE
CHARTER OAK IN
STRAIGHT HEATS

Geers a Popular Winner in 2.04 Pace and 2.16 Trot at Hartford, Conn., on Monday

Hartford, Conn., Sept. 4.—The Grand Circuit horses, as part of the big Connecticut fair, appeared before an immense crowd at Charter Oak this afternoon. The sport provided by the trotters and pacers was the attraction that drew the public, as was shown by the crowd remaining away from the other features of the fair until almost sunset to see the finish of the six-heat race won by Peter Red, one of Geers' pupils.

Further evidence was furnished by every seat in the large grand stand being taken, for which an extra tariff was levied. The racing was interesting, most of the finishes being very close.

The feature, the \$10,000 Charter Oak, was only play for R. T. C., but the impressive manner in which the crack stake trotter of the season marched through the stretch faster than 31 seconds each trip caught the crowd.

GEERS WON TWO.

Geers won two races which pleased the spectators even more than the head-and-head finishes.

Murphy drove a waiting race in the rich purse, not taking his prize racer to the front until obliged to in any heat. The time, 2:09½, 2:07½, 8:08½, while not fast for the former farm horse, was excellent for Chatty Direct, who finished second twice, for Gordon Todd and for Gay Audubon. The Massachusetts-owned four-year-old, Chatty Direct, went a really good race and was timed better than 2:08 in the second mile. Gordon Todd tripped in the stretch the first heat and for a moment it looked as though Geers was in for a serious accident. The great reiningman, however, had the strength to assist his stumbling horse so that he did not fall.

GREAT MONEY WINNER.

R. T. C. has now won first money in four of the five \$10,000 purses already decided and is certain to head the list of winning trotters this year. His owner, Edward Thompson of Northport, Long Island, saw him race for the first time this afternoon.

Geers was behind The Abbe when the 2:04 pacers came on the track, and the unbeaten campaigner of 1910 scored his first victory of the season. The son of Chimes needed the firm hand of Geers for Ella Ambulator raced well for Cox, being a bang-up second in 2:05½, and it was a mighty close decision in 2:06 in the third heat with The Abbe taking a hard drive.

Geers and his Readville winner, Peter Red, had a tough time in landing the 2:16 trot. Eva Tanguay, as last week, took the first heat and forced him to go in 2:11½ in the second. Sue D, capably driven by Ed Avery, then cut into the game and stayed to the limit, winning the third and fifth heats, losing the fourth and sixth only by a head.

The program tomorrow is light and it looks like an easy victory for Soprano in the 2:08 trot and for Lee Wilson in the Corinthian.

CHARTER OAK RACES
OPENED YESTERDAY

Charter Oak Park, Hartford Conn., Sept. 5.—Yesterday was the opening day of the Grand Circuit Races, in connection with the annual state fair. The historic \$10,000 Charter Oak 2:14 trot was the feature and was won by R.T.C. driven by Tom Murphy in straight heats.

The finishes in all three heats were close. The first heat Gordon Todd driven by Geers led until within 100 yards of the wire, when he stumbled and fell, R.T.C. passing him and winning by a length from Chatty Direct. The second heat was won by R.T.C. only after a hard drive and by but a few feet. The final heat was neck and neck to the wire, Gordon Todd breaking just before the finish. The division of the purse gives R.T.C. \$5,000 Chatty Direct, \$2,500, Gordon Todd, \$1,500 and Louis Forest, \$1,000. The best time 2:07½.

The Abbe and Peter Red both driven by Geers won the 2:09 pace and 2:16 trot respectively.
