Upper Canadian Players will be Imported for One Team--Manager Mahar Returns from Montreal

(Acadian Recorder)

The wintry weather of yesterday made followers of sport begin to think of hockey, and from the talk going on there are prospects of great sport for Halifax this season. Moncton, New Glasgow and Halifax are sure to have teams, and there is a likelihood that Halifax may have two teams. The gossip is that one team may be composed of entirely provincial players, having such men as Morrison, Laing, Twaddle, Condon, Wilkie, Dumphy, Murray and others to select from. The other team would be composed mainly of Upper Provincial players. Manager Mahar, while on his recent trip, having conversed with a number of professional players, who are willing to play "down by the sea" this winter.

Should ice conditions permit the first games of the season in Halifax will take place Christmas week. Manager Mahar having arranged to have the Wanderers or the Canadians play here that week.

Mr. Mahar, while away, visited the principal rinks, and also called on the committee in charge of the National Hockey Association. Mr. Emmett Quinn, President of the Association, showed much interest in hockey matters in this section and was quite willing to give any information that was in his power. Asked about the reason for the change to six men, he said it was simply to make the game fast and spectacular to the spectators, who are the main support of the game. He claims that since the lifting game has gone out the cover-point and point going in the forwards so much crowd the game, and for this reason they have decided to try dropping the rover. The putting on of a fresh man at any time during the march will also keep the game very fast. There are a number of people, he said, that are claiming that a six man team would be much cheaper to run than a seven. This is certainly not the case, because the game so much faster that it will be an absolute necessity to have at least one extra forward and one utility man, that is, a man that can play any position. The idea of the National Hockey Association is to amalgamate every professional Hockey League in Canada in one big organization, and run it on the same lines as professional baseball is run in the big leagues, with reserving of players, classification of leagues, salary limits, and clubs not being able to take a player from another without unanimous consent.

The intention is to have the leagues both East and West join in with the present National Association.

VETERAN DRIVER
MYRON McHENRY
HAS PASSED AWAY

"Man from Freeport" called Greatest Reinsman of any Time--Drove Many Famous Horses

(Boston Globe)

Myron McHenry is dead, and in his death one of the greatest reinsmen the world has known passed. McHenry was not an old man, having not reached his 56th birthday, and his poor health was of a few months' standing. Joe Markey pays the following tribute to the ability of the "Man from Freeport," as he was known to all followers of the turf:

"I call him the greatest driver of horses of this or any period, and in making this broad statement I feel that the majority of unprejudiced horsemen will concur with me. I have heard McHenry criticised as a trainer, but have yet to find any fair-minded person who was familiar with his career that did not accord him premier honors as a reinsman. Personally I always thought that he could train any horse in which he took an interest as well as any man, but I recognize the fact that after he had achieved fame he became somewhat indifferent as regards the actual work of preparing horses for their campaigns.

"To enumerate all the Gorses that McHenry races would require much space and a great deal of research, for his stable contained many noted performers during the quarter of a century that he was identified with the turf. Among the more prominent pupils were the trotters Charleston, 2:12½, Lobasco 2:10½, Delmar 2:11½, Phoebe Wilkes 2:08½, Sister Alice 2:10½, Gayton 2:08½, Dione 2:07½, Baron De Shay 2:08½, Locust Jack 2:06½, Prince C. 2:11½, Baron Penn 2:09½, Rose Craix 2:11½, Ann Direct 2:10, Nut Boy 2:07½, Sonoma Girl 2:04½, Owybee 2:11 and Mary Marshall 2:12½; and the pacers Dan Patch 1:55½, John R. Gentry 2:00½, Anaconda 2:01½, Searchlight 2:03½, My Star 2:03½, Klatawah 2:05½, Prince Direct 2:07, Boney 2:02 and Bonnie Direct 2:05½.

BINGEN FAMILY HAS
NOT YET ARRIVED

Cochato Sent to Kentucky for Breeding Purposes--Shawsheen Farm will Stick to Bingen Family

(Boston Globe)

Arthur H. Parker of Shawsheen River Farm, Bedford, was very busy explaining things that are not so and never happened. He sold last month a farm adjoining Shawsheen to a breeder of ponies and the report was made public that it was the former home of Ullan he had disposed of. The breeder of the champion found this a bit annoying, but when he read that in sending Cochato to Kentucky and bringing Peter Red to Shawsheen he was passing up the Bingen family for that of Peter the Great he was more than annoyed—he was angry.

Cochato he believes will in a few years be the greatest sire in the world and as for the Bingen family, he says despite its wonderful showing at present it has not really arrived. He sent Cochato to Kentucky because he was asked to by breeders from all over the land who keep their mares in the Blue Grass region. The good mares owned in Kentucky outside those at the well-known farms, where prominent sires are owned are not as numerous as many imagine. The help a stallion gets by standing there is from the mares owned outside. Mares from more than 30 states were bred to Cochato the last season he stood in Kentucky.

The master of Shawsheen brought Peter Red to Massachusetts because he feels certain that he will prove a splendid cross for the daughters of Bingen and mares by sons of Bingen. New England is well supplied with splendid mares carrying the blood of May King's great son and the horse stock will be improved by mating them with stallions of such quality as Peter Red.

Peter Red is not only the son of Peter the Great, but he is already a producing sire at 7 years of age, and his breeding on his maternal side is exceptionally stout. His dam is Mora a daughter of William L., the brother of Guy Wilkes who sired Axtell, 2:12 while his second dam is Fanny H. the Red Wilkes mare who produced Evangeline, 2:11½ and four others in the 2:20 list. Mora is the dam of five standard performers, these producing sons and one producing daughter. Peter Red is welcome here in New England but his coming should not be taken to mean that Arthur Parker has forsaken the house of Bingen. He has not and from the family he hopes to breed another trotter of the stamp of Ullan.

George H. Earle, the Philadelphia financier, was talking in Washington about high-overhigh or rank-finance. "There's a certain type of financier," said Mr. Earle, "who in his greed for wealth loses his humanity. He becomes in fact a facsimile of Peter Brown."

"Peter Brown was a Conshocken grocer. He was delivering some groceries in his wagon one morning, when he ran down and badly injured an old lady. The old lady sued him and got big damages.

One morning about this time Brown's young son rushed into the shop in great excitement.

"Father!" he cried. "Father, mother's been run over by Gobsa Gold's 90 horsepower touring car."

"The grocer's eyes filled with tears and in a voice tremulous with deep feeling he exclaimed:

"Thank heaven, the luck's changed at last!" —Philadelphia Press.

SYNOPSIS OF CANADIAN NORTH-
WEST LAND REGULATIONS.

ANY PERSON who is the sole head of a family, or any male over eighteen years old, may homestead a quarter section of available Dominion land in Manitoba, Saskatchewan or Alberta. The applicant must appear in person at the Dominion Lands Agency for the district. Entry by proxy may be made at any agency, on certain conditions, by father, mother, son, daughter, brother or sister of intending homesteader.

Duties—Six months' residence upon cultivation of the land in each of three years. A homesteader may live within nine miles of his homestead on a farm of at least eighty acres, solely owned and occupied by him or by his father, mother, son, daughter, brother or sister.

In certain districts a homesteader in good standing may pre-empt a quarter section alongside his homestead. Price \$3.00 per acre. Duties—Must reside upon the homestead or (including the time required to earn homestead patent) and cultivate fifty acres extra.

A homesteader who has exhausted his homestead right and cannot obtain a pre-emption, may enter for a purchased homestead in certain districts. Price \$3.00 per acre. Duties—Must reside six months in each of three years, cultivate 40 acres, erect a house worth \$300.00.
