TO ADVERTISERS  
Why don't you advertise, nobody knows that you are doing business, and it won't be long before you'll not know it yourself.

THE WEATHER  
Maritime - North and north-west winds, light snow falls but partly fair and much colder to night and on Friday.

## FRUIT MEN IN SESSION

### Want Dominion Government to Establish Experimental Farm in N. B.

### Important Resolution Adopted on Motion of W. B. Gilman of Kingsclear

St. John, Nov. 2.—Despite the unfavorable weather conditions, Board of Trade day at the New Brunswick apple show yesterday was a great success, and last evening the show was largely attended by members of the Board of Trade and by others. The fine exhibits of fruit called forth warm expressions of praise on every hand, and the judges themselves said that the apples were of a very high class and of a superior nature to former exhibitions in this province.

### FRUIT GROWERS' CONVENTION.

Sessions of the Fruit Growers' Convention were held yesterday during the day and probably the most notable feature was a resolution, moved by W. B. Gilman, seconded by J. W. Clark, and adopted by the meeting in the evening, to the effect that the federal government be approached with regard to the establishment of an experimental farm in the province of New Brunswick. The opinions of several of the members were heard concerning the matter, and all expressed themselves as being in accord with the resolution.

Following is the resolution as put before the meeting and adopted by the members:

Whereas, it is of great importance to the development of fruit growing in this province that we should have greater and more definite knowledge of the suitability of different varieties, central methods and many points of orchard practice such as can only be obtained by scientific investigation in the province; therefore

## WANT I. C. R. UNDER RAILWAY COMMISSION

Montreal, Nov. 2.—In the matter of the Intercolonial Railway rates on ex-water grain from Montreal to points east on the I.C.R., the managing board of the Canadian government railways, have notified the Montreal Board of Trade that the matter had been further discussed and that the views of the Board could not be met in the matter.

The Board of Trade Council, at a meeting yesterday, was of the opinion that this decision further emphasizes the desirability of the I.C.R. being placed under the jurisdiction of the Railway Commission, so that its freight rates shall be subject to the ruling of that Commission and the Council will therefore, renew by memorial to the minister of railways and canals, its former recommendation to that end.

## AN ONTARIO SENSATION

### Young Farmer Poisoned and is now Lying at Death's Door

### Woman at Whose Home he was Given Refreshments is Charged with the Crime

(Canadian Press)  
Pembroke, Ont., Nov. 2.—David Mordry, a sturdy young farmer, is at death's door and Mrs. Julia Buchanan, comely widow, who once won a suit against Mordry for breach of promise is held for attempted murder. Believed to have been the victim of poisoning, having been sick on down on the road, while on his way home from a visit to Mrs. Buchanan, Mordry is in a serious condition although hopes are held out for his recovery.

According to the story told by Mordry as a result of which the Buchanan woman was placed under arrest, he was requested by her to go to her home last Sunday evening to talk over a business matter in connection with her husband. He is one of the executors of her late husband's will. He did not enter the house and when the business matter had been would care for refreshment. Upon re-discussed, the woman asked him if he ing pressed he ate a piece of pie, and a banana. Shortly afterwards, while driving on his return home, he fell suddenly ill.

When arrested, she protested vigorously, disclaiming any knowledge of the affair. Brought before Magistrate Stewart she was more calm but deathly pale. Mrs. Buchanan's maiden name was Major, a daughter of one of the most respected families in the neighborhood. When at the age of eighteen, charming and dashing she married the man whose name she now bears, there was considerable surprise felt throughout the little village, as he was an old man. Many years her senior, he was a prosperous farmer and his land adjoining that of the Mordrys which later passed to the ownership of the man in the present David Mordry. Young Mordry was naturally thrown much into the company of the Buchanans and was often a visitor at their home. About six years ago, the aged husband was taken ill, and Mordry went to live with the family as a boarder. A year later Mr. Buchanan died, and Mordry was made one of the executors of the will. Later Mrs. Buchanan brought a breach of promise suit and a claim for damages against Mordry.

Following is the resolution as put before the meeting and adopted by the members:

Whereas, it is of great importance to the development of fruit growing in this province that we should have greater and more definite knowledge of the suitability of different varieties, central methods and many points of orchard practice such as can only be obtained by scientific investigation in the province; therefore

## ST. JOHN HOCKEYISTS ARE GETTING BUSY

(Special to The Mail)  
St. John, Nov. 2.—Mrs. McNulty received word this morning of the death of her sister, Mrs. James Gallagher of Roxbury, Mass. She was formerly a resident of St. John.

The hockey situation here is beginning to loom up and it looks as if St. John would have a strong team this winter. It will probably play under the auspices of the 62nd Fusiliers Manager Howard of last year's team is not in favor of St. John entering the provincial league. He says this city usually gets the short end of any deal in the hockey line.

John Gibson of Marysville will probably play with St. John. George Robert May, expired very suddenly this morning while on his way to business.

## STEEL MAGNATES ARE CHEERY

JUDGE E. H. GARY

ANDREW CARNEGIE

WILLIS L. KING

WILLIAM B. DICKSON

New York, Nov. 1.—United States Marshal Henkel was in a cheerful mood this evening after a round of subpoena serving during the day upon prominent financiers and men of affairs who are named as defendants in the government's suit against the United States Steel Corporation.

The marshal seemed particularly pleased as he exhibited a trophy in the shape of an autographed photograph. It bore the words: "Compliments of Andrew Carnegie." "Yes, sir," said the marshal, "Mr. Carnegie gave me that today. I went to his house to serve him with the subpoena. When my card was sent in to Mr. Carnegie he sent word right back for me to come in. He was just as pleasant as could be, and said that my duty as a representative of the government compelled me to do these things, and then when I handed him the paper, and he read it carefully too, he asked me to sit down. He showed me this picture and asked me if I would like one. I told him I would if he would sign it and he did.

"When I was coming away he asked me if I had broken my fast, which I think, meant if I had eaten my breakfast. I told him I had, and he said he was sorry that he would like to have me take a bowl of porridge with him."

The marshal had communicated with J. P. Morgan and had informed him that he would be around to see him before Mr. Morgan left for his business. The financier was waiting for the marshal in his library. He took the subpoena after a cheery good morning.

George W. Perkins was also served at his home in Riverside. The marshal telephoned to John D. Rockefeller that he would be up to see him in a day or so with the subpoena. "And what do you think he said?" asked the marshal. "He said: 'I will be glad to see you quickly,' and that's a fact."

Subpoenas have also been served by the marshal upon Charles Steel, James Gayley, Edmund C. Converse, Daniel G. Reid, Norman B. Ream, John D. Rockefeller Jr., James N. Hill, E. H. Gary of the United States Steel Corporation, the Federal Steel Company, Lake Superior Consolidated Iron Mines and the Union Steel Company.

## CORNER IN LEATHER MARKET CONTEMPLATED

(Canadian Press.)  
London, Nov. 2.—If present indications in the leather trade are maintained, Great Britain will shortly receive a sharp lesson on the subject of tariff reform.

The Standard says a number of boot and shoe manufacturers are secretly placing large orders in England and Scotland and should their expectations be realized a corner in leather will result, which will send up the prices of foot-wear in leaps and bounds, thereby enabling the American manufacturers to pocket huge profits on boots and shoes, made by American work people from British hides and re-imported to this country free of duty.

British workers meanwhile will be unemployed because at the price leather will have reached, their manufacturers will be unable to compete profitably with their rivals.

## LYNCH'S RE-ELECTION IS NOW FORETOLD

(Canadian Press)  
New York, Nov. 2.—Baseball men here predict the re-election of Thomas J. Lynch to the presidency of the National League next month without serious opposition. Garry Herrmann, who is one of Lynch's strongest supporters says that the campaign "will not prove exciting."

## CONGRESS TO ARRANGE FOR PEACE CONFERENCE

(Canadian Press.)  
Washington, Nov. 2.—That no adequate provision can be made for the proposed celebration of the signing of the Treaty of Ghent, December 31, 1814, between Great Britain and the United States, unless the British parliament and the United States Congress take the matter in hand, is the opinion of Dr. Benjamin F. Trueblood, secretary of the American Society. It is not improbable that Congress will be asked this winter, to appoint a committee to represent the United States in making proper arrangements for the celebration.

Dr. Trueblood believes that the signing of the Rush-Bagot agreement in 1817, when Great Britain and the United States practically abolished all armaments on the Great Lakes, was an event of equal importance with the signing of the Ghent Treaty and it should receive equal attention when the celebration is held.

## A FOREIGN POPE MAY BE ELECTED

(Canadian Press)  
Rome, Nov. 2.—It is stated that Rome intends to create Archbishop de Almaraz of Seville, a cardinal. Thus the foreign and Italian cardinals will be almost equal in number. The probability of the election of a foreign pope is increasing, and the chances are said to favor America.

## CANADIAN MISSIONARIES ARE SAFE

(Canadian Press.)

Toronto, Ont., Nov. 2.—Missionaries serving in China, under the various Canadian Mission Boards, are all far removed from the centre of the rebellion. The nearest laborers to Hankow belong to the Anglican and Presbyterian churches, and are stationed at Chen Chow, Chu Ting and Kai Feng, some six hundred to eight hundred miles due south from Hankow. They are outside the immediate danger zone.

The Canadian Methodists are laboring fully 1,000 miles to the west of Hankow. Rev. T. E. Shore, who understands the situation well, enters little fear for the safety of the Methodist missionaries. He says that the Yang Tse River is patrolled by European gunboats far up the river, and that they are respected by both parties in the struggle.

There are some twenty Wesleyan Methodist missionaries and a number of American Episcopal and Baptist missionaries in Hankow. There is a large foreign population in that city as well.

## U. S. FLEET REVIEWED BY TAFT

(Canadian Press.)  
New York, N. Y., Nov. 2.—President Taft, today, had his first real view of the United States Navy. It had so happened since he entered the White House, that fleet which was so greatly admired by his predecessor, Col. Roosevelt, had been on widely scattered duty for the greater part of the time.

Today, from the bridge of the Presidential yacht, Mayflower, Mr. Taft reviewed the gray armada of one hundred fighting vessels that for nearly a week, had swung at anchor in the Hudson River, awaiting his inspection. As the little white Mayflower picked her way in and out among the giant craft of the battleships, line, the guns of the fleet roared in a reverberating chorus of salutes.

## GEORGIA NEGROES HAD CHEAP DRUNK

(Canadian Press.)  
Macon, Ga., Nov. 2.—An inhaled drunk is the latest thing in prohibition Georgia, when nearly a thousand gallons of blind tiger whiskey, which had been seized in raids, were burned at the Garbage Incinerating Plant by the police here yesterday. A large crowd of negroes gathered to leeward of the flames, and sniffed the vapor with evident relish. Many went their way with swimming heads, cheaply bought.

## CHINESE REVOLUTIONISTS DYNAMITE AN ARSENAL

### Blew it up to Prevent it Falling into the Hands of Imperialists--Imperial Edict Granting a Constitutional Government has not Reached the Mass of Rebels--Danger of a Further Uprising in Manchuria--The Premier's Big Task

(Canadian Press)

Tokio, Nov. 2.—Revolutionary activity at Mukden is rumored, following reports intimating the danger of an uprising in other parts of Manchuria. Some fear is expressed over the situation. Should the Chinese rebels ally themselves with the Mohammedan element, the movement might spread rapidly through three eastern provinces.

Double is expressed that Yuan Shi Kai will be able to perform the task undertaken. He has many friends among the influential members who could hardly become reconciled to a policy that assured Yuan a long term of office. It is also feared that the revolutionists will not be disposed to compromise in view of the weakness of the Manchu court, now so clearly exposed.

Shanghai, Nov. 2.—A wireless message from Hankow today says that the revolutionists dynamited the arsenal at Han Yang to prevent its seizure by the imperialists. There is some evidence of renewed activity on the part of the insurgents, on the lower Yang Tse Kiang. Well informed persons assert that the imperial edict granting a constitutional government and other concessions have not reached the mass of rebels, being purposely withheld until their leaders are absolutely assured of the sincerity of the Manchu promises. The vice-roy of Kiang Su at Nanjing, shows determination to support the government. The new troops have been disbanded and stationed outside the walls, where their encampment is covered with the guns of the old Manchu troops. Five hundred old troops have been sent to reinforce the soldiers occupying the forts at Ching Kiang. The officials at Wu Hu and Nanjing have also asked that reinforcements of soldiers be sent to those cities. The cotton yarn guild adopted a resolution today authorizing the reputation of forward contracts on the grounds that trade has been disordered by the revolution.

Pekin, Nov. 1.—The appointment of Yuan Shi Kai today as premier of China will be followed by a cessation of hostilities on the part of the Imperialists and the opening of negotiations with General Li Yuan Heng, the leader of the revolutionists at Hankow.

An imperial edict providing for important administrative chambers, also accepts the resignation of the ministers, but until Yuan Shi Kai returns to Peking, Prince Chang will continue to perform the duties of the premier and the present cabinet will remain in office.

All the ministers attended a secret session of the national assembly today, who, it is understood, practically agreed to the demands of the disaffected Hanchow troops. A member of the war board was appointed to confer with the troops and express the assembly's views.

The assembly also discussed the recent loan for which arrangements had been made with a Belgian and French syndicate. The ministers explained that the loan was needed for the purpose of carrying on field operations. The assembly thought that there was a good prospect of the termination of hostilities, in which case the loan would not be necessary. It was finally decided to refer the matter by telegraph to Yuan Shi Kai.

The panic among the people of Peking which ensued after the issuance of the first imperial edict has been largely dispelled, and the newspapers are beginning to sum up the results of the seventeen days rebellion.

The Daily News considers that the appointment of Yuan Shi Kai will change the entire political complexion, restore peace, inspire the people with confidence, command the respect of foreign countries and place the empire on a sound basis.

London, Nov. 1.—A news despatch from Shanghai today says that the rebels have seized Nan-Chang, the capital and chief city of Kiang-Si Province, and are reported marching on Nanjing.

Washington, D.C., Nov. 1.—The Independent republic which was set up at Canton, China, a few days ago, has had a short life. Mr. Williams, the American charge at Peking, informed the state department today that the viceroy and other imperial officers, had absolutely refused to recognize the newly proclaimed republic and as the troops in Canton decided to remain loyal to the throne the new republic perished.

## NEW RECORDS MADE AT LEXINGTON

Lexington, Ky., Nov. 2.—County Jay set a new world's record for fifteen-year-old trotters by making the mile in 2'09 1/2 at the Breeders' Meeting yesterday.

Present Queen by Searchlight, also established a new record for yearling pacing fillies, going the mile in 2:20 1/2. The season's records were made by Belwin MacKinney, for yearling trotters, at 2:21; Pearl Ongale for two year-old fillies, at 2:15 1/2, and Junior Watts for two-year-old trotting stallions at 2:16 1/2.

## SAYS SMALLPOX IS NOT CONTAGIOUS

Ottawa, Ont., Nov. 2.—That smallpox is not contagious, was the rather startling statement made by Mayor Charter, of Aylmer, yesterday, when interviewed as to why the proper precautions are not being taken in that town against the spread of the disease.

"In my opinion," stated the mayor, "there is no necessity for closing the schools, for the reason that I do not think that the disease is infectious. I think that if a person is to catch it, they will catch it, no matter what precautions are taken."

Over 6,000,000 acres of land are under tobacco cultivation throughout the world.

## VOTE COUPON

Good for ONE VOTE for Mrs. or Miss \_\_\_\_\_ District No. \_\_\_\_\_

In The Evening Mail's Tour Contest for the ladies, if voted on or before

SATURDAY, NOVEMBER 11th.

Trim neatly on border lines.
