That others may take a hand in the fun also, a prize of \$20 in gold will be presented to the person who first places in nomination the name of the candidate receiving the highest vote of all. For nomination blank see page 1 of this issue.

All Aboard for Boston, New York, Washington and Bermuda

Three Weeks of Condensed Delight for the Ladies, Bless them, of Fredericton City and York and Sunbury Counties.

Sailing for the Sunny South, in the most delightful month in the year, our party will visit Boston, spend two days in New York, where sight-seeing trips and theater parties have been arranged, then on to Washington, the Capital of the United States. After Washington comes the return trip to New York and a delightful ocean voyage to the lovely Islands of the Bermudas. One whole week will be spent in this, Britain's most charming tropical group. Returning by way of New York and Boston again.
