

"I COULD NOT LIVE"

WITHOUT "FRUIT-A-TIVES"

Writes The Treasurer Of

Caledonia Township

FENAGHVALE, ONT., Jan. 29th, 1910
For thirty-five years (and I am now a man over seventy) I have been a terrible sufferer from Constipation.

No matter what remedy or physician I employed, the result was always the same—impossible to get a cure.

About two years ago, I read the testimonial of Hon. John Costigan regarding "Fruit-a-tives" and I decided to give this fruit medicine a trial. I have used "Fruit-a-tives" ever since. They are the first and only medicine that suited my case. If it were not for "Fruit-a-tives," I am satisfied that I could not live.

JAMES PROUDFOOT.
The liver controls the bowels by giving up enough bile to make the bowels move. The only possible way to cure constipation is to make the liver active and healthy and thus store up sufficient bile to move the bowels. "Fruit-a-tives" acts directly on the liver—insures an abundance of bile—and causes the bowels to move regularly and naturally. 50c. a box, 6 for \$2.50, trial size, 25c. At dealers, or from Fruit-a-tives Limited, Ottawa.

NATIONALIST ALLIANCE A CRIME AGAINST CANADA

(Toronto Globe)

It will not do for Mr. Borden and his newspaper allies to try to evade responsibility for Mr. Bourassa and his campaign in Quebec. Calling Bourassa a Liberal does not justify the Bourassa-Borden alliance. Mr. Borden cannot afford to talk loftily about loyalty to Britain on platforms in Ontario while his allies in Quebec, with his knowledge and consent are doing their treasonable utmost to inflame the minds of the French Canadians against that very Imperial ideal which Mr. Borden extols. It is rank hypocrisy to shout for a greater navy in English-speaking constituencies and at the same time among French Canadians to denounce all naval defence. Does Mr. Borden think he will make real political progress by running with The Toronto News and the Tory Orangemen in Toronto and hunting with the Ultramontanes and the French Nationalist in Quebec. He may do one. He cannot do both. Which will he choose? He cannot maintain what Mr. Campbell of North Bruce calls "a cowardly silence."

This is indeed the most serious question for the leader of the Conservatives to face. Reciprocity will pass without his aid and despite his opposition but the uniting of the races and creeds of Canada into a harmonious and organized nationhood can never be accomplished so long as significant political encouragement is given to separatists and schismatics like Bourassa, Monk and Lavergne. Will Mr. Borden be obedient to his own better intelligence, or will he surrender to the political exploiters who already have betrayed him, almost to his own undoing? It is inconceivable and silly to pretend that Bourassa is a Liberal. Had he been true to his Liberal inheritance he would not have turned his back on Liberal principles or joined forces with the heinous. He is in no sense a Liberal. He is in the fullest and deepest sense an Ultramontane. His desire and purpose is to develop and organize French-Canadian nationalism as a distinct political power holding the balance between the two great political parties in Canada and true to the Ultramontane dogma of ecclesiastical supremacy.

This is the enterprise to which Mr. Borden's political associates are giving encouragement and help. He stands by in silence, refusing to rebuke this crime against Canada. It is mere mockery to send paid agitators about Ontario appealing to the British-born when through Quebec the way is made easy by Mr. Borden himself for anti-British and anti-Canadian demagogues whose success would mean disunion for Canadian nationalism and the disruption of the Empire. All these preparations and panegyrics about the flag and the Empire are but so much sound and fury so long as this guilty alliance is maintained with disloyalty and reaction.

Contemplate!

Do not weigh anything in a second, but take a second thought when a druggist or dealer asks you to accept a substitute for DR. FOWLER'S Extract of Wild Strawberry.

This preparation has been on the market for over 65 years, and so far as we know has never yet failed to either relieve or cure the worst case of DIARRHOEA, DYSENTERY, COLIC, CRAMPS OR PAINS IN THE STOMACH, CHOLERA MORBUS, CHOLERA INFANTUM, SUMMER COMPLAINT, OR ANY LOOSENESS OF THE BOWELS.

Mrs. A. J. McLellan, London, Ont., writes:—"It is with much pleasure I write to say that I have used Dr. Fowler's Extract of Wild Strawberry with great success. Last summer my little boy, 18 months old, was attacked two or three times with Diarrhoea, but each time, after one day's doses, he was all right again. My husband was also taken bad one night. The next day three doses cured him. I always insist on Dr. Fowler's being given me."

If you want to be on the safe side, ask for Dr. Fowler's Extract of Wild Strawberry, and insist on getting what you ask for.

The original is manufactured only by The T. Milburn Co., Limited, Toronto, Ont. See that our name is on the wrapper. Price 35 cents.

DEMOCRATS FAIL TO PASS FREE LIST BILL

(Toronto Globe)

President Taft has vetoed the farmers' free list bill sent up to him by Congress have failed to pass the bill over his veto. These two moves on the chess board of United States politics and all possibility of radical tariff reform for two years at least. They utterly destroyed the Conservative argument that had Canada "sat tight" the Democrats would have been able to force a measure through Congress that would have materially reduced the almost prohibitive duties on Canadian farm products entering the United States.

The Democrats and insurgent Republicans combined to pass the farmers' free list bill. It was argued by the insurgent Republicans that if the farmer was to be subjected to the free competition of Canadian natural products he should have the right to buy, duty free, the things used largely on the farm. The bill proposed the removal of all duties on flour and fresh and prepared meats; on agricultural implements, lumber, laths, and other forest products; leather and leather goods, wire fencing; cotton ties required largely in the cotton-growing regions of the South, and other articles used largely by farmers all over the Union. The phrase "agricultural implements" was criticized so vague that under it every tool or machine used on the farm, from a hoe to a thrashing machine, might enter duty free from every county in the world. The protectionists took alarm at the possibilities of competition from abroad thus disclosed, and President Taft, who is still a protectionist, by his veto stands in the way of the adoption of the bill. He cannot be set aside till March 1913, at the earliest, perhaps not then.

The electors of Canada who want the duties on their natural products entering the United States removed can secure free entry at once by voting for the candidates of the Liberal party. They can secure in no other way. The hope that the Democrats would be able to pass a bill opening the United States markets for natural products to all the world has proved vain. Under the reciprocity agreement the United States markets are opened for Canadian natural products only. Why wait till 1913 for a possible Democratic tariff reduction measure when relief can be had at once? Vote for Laurier and an immediate market.
