SOME HOCKEY

DOPE FROM THE BOSTON GLOBE

Bill Quinn, the instructor of athletics at Harvard, has prepared a series of articles on hockey which are being published in the Boston Globe. Some of Quinn's statements follow: "On account of his familiarity with skates, the Canadian hockey player is a star. It is an absolute fallacy, however, to say that the Canadian hockey team is more scientific than the American. The fact of the matter is that they are far behind the American in real science of the game and team work."

Will someone please pass the smelling salts! "They are far behind the American in real science of the game and team work!" It's decidedly up to one Bill Quinn to confine such statements to the classic halls of Harvard.

Experts who have attended games in Boston and out of it, this season, bring back a sorry tale, they say that the American teams know absolutely nothing of defence work whatever. Their forward lines are nice snappy little boys for the greater part, but there it ends.

Canadians have filed a protest with President Emmett Quinn, of the National Hockey Association, against the Ottawa Club on Jan. 21. Canadians base their protest on the ground that Ottawa refused to drop a man when Dallaire was injured.

Says the Halifax Herald of yesterday: "The Truro Colts have withdrawn from the amateur league. The Hub players, although only school boys, put up stubborn fights while in the league, but were very much outclassed by the other teams. Their day is coming later, however, and no doubt these same Colts will figure prominently in the run for the championship in the near future."

ROBSON BREAKS RECORD

SKATING

Two world's records are broken in the first ice skating meet held in Boston for the New England championships Tuesday night. In the 220 yards race Fred J. Robson of Toronto, bettered his own mark of 19 1-5 seconds, by doing the distance in 18 seconds flat. His previous mark was made at Montreal in 1905 and was the world's record. The second record to go was for the high jump, the best previous mark being four feet one inch. William H. Quinn after three trials making 4 feet 3 inches. Morris Wood defeated Billy Merritt of St. John in an exhibition half-mile in 1.40 2-5.

CANADIANS AT

OXFORD WIN FAME AND HONOR

A recent despatch from London says: "The Oxford Canadian hockey team arrived back in London from Switzerland on Jan. 19th after a most enjoyable and successful trip. The team had been away just about three weeks, and in that time had played 18 games, winning all of them with a total of 204 goals to 16. The team carries back to Oxford three handsome challenge cups, namely the Brussels Challenge Cup, presented by the Belgium Association; Les Avants Challenge Cup, representing the Championship of Europe and the Chamoniae Cup, representing the championship of France. In addition to these trophies the Oxford team is the holder of the English cup presented by Prince's Club of London and won by the Canadians last January. This last trophy represents the championship of England and Canadians will be called upon to defend their title to it at the Prince's Rink in a couple of weeks."

At 'Les Avants' The Canadian team had an easy win. Their first match was against the Germans, whom they beat 11 to 1. It was thought that the English team, which was reinforced by several Canadians and Americans would give them a close run for the cup, but when the Germans, after being defeated by the Canadians beat England 5 to 4, it was generally acknowledged that Canada had nothing to fear. The following day they beat England 12 to 0, and on the last day of the tournament both Belgian and Switzerland fell easy prey to the Canucks by the score of 25 to 0 and 13 to 0 respectively. Large and enthusiastic crowds witnessed all the games and judging from the applause which they received, the Canadians were decidedly popular."

MOOSE JAW'S GREAT RINK

CURLING

The Moose Jaw curling rink is not only the largest in Canada but it is the largest building of its kind in the world. The new building which is situated on Cariboo street west is 140x175 feet. The club room is a spacious hall 25 by 80 feet with lavatory and other rooms at the south end of and committee room and caretaker's apartments at the northern extremity. There is also installed here a steam-heating plant which provides hot water for dressing the ice sheets. To the west of the club room are the ice sheets length-wise ten in number 150 feet long and four-

MARYSVILLE VS ST. JOHN AT THE ARCTIC TONIGHT

League Leaders Play Their First Game on Fredericton Ice—A Defeat For St. John Puts Sussex in First Place.

Considerable interest centres in the results of this evening's hockey match at the Arctic rink between St. John and Marysville. If Marysville can defeat the league leaders they not only administer a severe check to that aggregation's hopes for the championship, but also give themselves a good boost along in the league race. At present St. John is ahead by a narrow margin of .50 per cent. with Sussex in second place. A defeat for St. John means these two teams will change places with the honors to the creamery town.

A victory for Marysville increases the per centage of that team from .333 per cent. to .500 per cent, a very substantial increase. Although in fourth place, the Marysville team's chance for victory are by no means dim. Ever foes to be feared they can be counted on to play their game until the last whistle blows.

Since the beginning of the season the boys from across the river have been steadily improving. And with fast ice they can be counted on to do their best to gather in the scalps of the winter porters. The St. John team arrived by this morning's train.

Sandy Staples has been agreed on and will act as referee. With such a capable official as Staples the St. John team can rest assured as to its share of "fair treatment." The game will be called at 8.15 sharp. The teams will line up as follows:

PUCKERINGS

Horace Gaul of Ottawa has gone to Berlin.

Ottawas and Wanderers will play exhibition games in New York in March, but not for a purse of \$1,000 as the Ottawa story has it.

Gren. Caldwell of Barrie will referee the senior O. H. A. game between Etobicoke and T. A. C. at the Mutual Street Rink tomorrow night.

The intermediate O. H. A. game, Collingwood at Midland, tonight will settle the district championship. Each team has won two games and lost one.

Markham will play at Whitby tonight in the second round of the O. H. A. intermediate series. The return game at Markham will be played on Monday, Feb. 6 instead of Thursday Feb. 2, as originally ordered.

teen feet wide. Above the club room is the ladies' room, large enough for dancing and opening onto the balconies. These are five feet six inches wide extended the whole length of the ice beds and are connected at the western extremities by a third balcony of equal width, the whole standing ten feet from the ice at the base.

The whole erection is covered with a truss roof forming a cupola on each side extending the length of the building and containing eighty windows. In the lighting of the premises 10,000 square feet of glass are used.

UHLAN, HARVESTER AND JOAN WILL RACE AT CLEVELAND

Top-Liner Event Expected—Horses Far From Being Closely Matched—Probable Odds.

From Cleveland comes the announcement that the Forest City folks are endeavoring to arrange an all-star "grand special" for their Grand Circuit trotting meeting next August in the shape of a three cornered race between Uhlman, (1:58 1/2), The Harvester (2:01), and Joan (2:04 1/2). It is said that "Doc" Tanner the man who trains and drives Uhlman has accepted the proposition for such a race, provided it be for a trophy only, as Mr. Billings will not of course alter his fixed rule of never allowing a horse owned by him to contend for money. Captain Shaw of Cleveland the owner of Joan, is reported also to have voluntarily cast himself for the role of Barkis in this to-be-thrilling drama. The Harvester party is yet to be heard from—but if Joan is not afraid to tackle Uhlman, surely Mr. Uhlman, who owns, and Mr. Geers who drives and trains the Harvester should have no reluctance.

TOP-LINER

On public form, however says J. L. Hervey in The Chicago Record-Herald the affair while calculated to make a splendid "top-liner" from the standpoint of sensationalism, will have a lug-handled aspect to the regulars. This is because if Uhlman and the Harvester were to meet in a match single-headed the betting would probably be Uhlman \$100. The Harvester \$35; while if The Harvester and Joan were to meet under similar conditions the odds would probably be The Harvester \$100, Joan \$35—and with few takers of the short end in either case. In other words while the three at the present writing, look to be the three best apt to be seen in public this year they are far from being closely matched. The only way in which a race between them could be rendered truly a contest would be for one or more to make wonderful improvement while the other or others went back.

COLLEGIANS PLAY CHATHAM AT THE GYM THIS AFTERNOON

U. N. B. Boys Prepare For Their Canadian Trip—Dolan Will Play With Them Balance of the Season.

This afternoon at the college gymnasium the U. N. B. Basketball team meets a team from Chatham. Much interest is centred in the result of this game, especially by the students, now that it has been decided to send the basketball team on a trip to Upper Canada.

Johnny Dolan, so often a tower of strength in former years, will be at his regular place on the defence.

The team had its final work out yesterday afternoon and last evening the line up was given out.

"Dab" Coy will referee. The teams will line up as follows:

| | | |
|----------|----------|-----------|
| U. N. B. | Forwards | W. L. |
| McKnight | | Mersereau |
| McGibbon | | McCallum |

CAPITALS LEFT FOR CHATHAM LAST EVENING

Fredericton Will Place Their Strongest Team on the Ice This Evening—McLean Goes With Them.

Local hockey fans are much interested in the result of the Fredericton Chatham game at Chatham. Should Fredericton lose, their standing will be reduced from .500 per cent to .400 per cent. A victory will not effect the teams standing in the league materially except to give it a much safer margin to work on.

If Marysville should win from St. John and Fredericton lose to Chatham it would mean that Fredericton would take fourth place in the league while Marysville is advanced to third.

The Capitals left for Chatham by the I. C. R. last evening. Those making the trip were, Titus, Walker, Babbitt, Rowan, Galloway, McLean, Duncan and Sterling.

C. W. Clark, of the Mail, accompanied the team as manager. If the Fredericton defence can put up the game they played against Marysville there should be little doubt as to the issue of the game.

BASEBALL NOTES

Word has been received by President McDuffrey that Grimshaw has refused to sign a Louisville contract until the Toronto Club pays the back salary he alleges is coming to him. If he waits until that time the "Sick Man of Baseball" will have a fine excuse for not playing again. The National Commission threw out his claim and he has no chance in the world of getting anything further from the Leafs.

A Columbus, O., despatch says:—Mark Purtell, former Decatur player, signed to play short for Montreal today. His brother Joe signed also to play with Mansfield in the O. and P. League. These boys are brothers of Billy Purtell, third baseman of the Boston Americans. Their father, Wm. Purtell played with Mansfield and Binghamton fourteen years in his youth.

INTERCOLLEGIATE HOCKEY IN UPPER CANADA

The outcome of the Intercollegiate hockey league in Upper Canada is still a matter of great doubt. For purposes of easier accommodation, the league is divided into two sections. Section A is composed of Queens, 'Varsity and McGill. Section B is composed of Laval and Ottawa College.

In section A there is a three-cornered tie, each one of the three teams having won and lost a game. Laval and Ottawa meet for the first time this season at Ottawa tomorrow night. The same evening McGill plays at Kingston.

Apparently chances are good for any one of the five. But from this distance it looks good for either Queens or 'Varsity, with perhaps Laval stepping in between and snatching the laurel away from them. Below is the present standing of the league.

MADE NEW RECORD FOR INDOOR WALKING

Hamilton, Feb. 1.—Britannia Rink was crowded last night when the sports of the International Harvester Co. A. A. were run off. Interest centred chiefly in the walking race between George Goulding and Ernest Webb, the English walker. Goulding proved too much for the Englishman. He went 3 miles in 21 minutes, and 40 seconds, which if the track measurement is correct, is a world's record for indoor walking.

Toronto, Feb. 1.—About twenty representatives of the City's Manufacturers' Association yesterday held another clinic, over the proposed changes in the tariff, several opinions were conveyed to the meeting by correspondence from industries outside of Toronto. It was decided to obtain more information from different sections of the country and to report the whole subject fully before the executive council of the association.

WOLGAST AND MCFARLAND TO BOX SIX ROUNDS

Chicago, Feb. 1.—Packey McFarland of Chicago, and Ad Wolgast, light-weight champion, after a year of wrangling, are to get together. They will box six rounds before Jack O'Brien's Philadelphia Club on February 22nd, the anniversary of Wolgast's victory over Nelson.

A telegram saying that the match was on, awaited McFarland when he reached home from Memphis last night.

Montreal, Feb. 1.—Five persons were injured three of them probably fatally when the New York bound Rutland express which left Montreal this morning tore through a defective switch at L'Acadie Que, cut its baggage car in two and overturned the locomotive. Fireman Wm. Marcl and Engineer Laperle and Mrs. Laura Lombard of Isle La Motte were most seriously hurt.

This cold world would soon freeze even the warmest hearts were the fire of charity allowed to die out.
