THE MISSES YOUNG**Had a Distressing, Tickling
Sensation in The
Throat****COULD NOT SLEEP AT NIGHT**

Dr. Wood's Norway Pine Syrup is rich in the lung-healing virtues of the Norway pine tree. It is a pleasant, safe and effectual medicine that may be confidentially relied upon as a specific for Coughs, Colds, Bronchitis, Hoarseness, Sore Throat, Quinsy, and all Throat and Lung Troubles.

It will stop that tickling in the throat which causes the dry cough that keeps you awake at night.

Mrs. J. A. Smith, Marshville, Ont., writes:—"I had a very bad cough and that distressing tickling sensation in my throat. It was so bad I could not sleep at night and my lungs were so sore I had to give up work."

"Our doctor gave me medicine but it did me no good, so I got a bottle of Dr. Wood's Pine Syrup, and by the time I had used two bottles I was entirely cured. I am always recommending it to my friends."

Do not be humbugged into buying the so-called Norway Pine Syrup but be sure and insist on "Dr. Wood's." It is put up in a yellow wrapper; three pine trees the trade mark; the price 25c.

Manufactured only by The T. Milburn Co., Toronto, Ont.

**A NEW ERA FOR
MARITIME PROVINCES**

Amongst the Montaguers who expressed their view on the reciprocity proposals Dr. Andrew Masphall said that those proposals were so important that no man could fortell the results. One fact stood out clearly—that the proposals were not of the nature of a treaty of reciprocity and so were free from the objections inherent in that form of agreement. He had always contended that reciprocity was the most vicious form of protection, because it was a surrender of fiscal independence and prevented people from dealing freely with their own affairs. These lowered duties were proposed in what was conceived to be the interests of Canada. The duties in the United States were proposed to be lowered in what was conceived to be the interests of the United States. If they worked to mutual advantage so much the better, but each community was left free to lower them still further or go back to the original agreement.

The people of the United States appeared to want certain Canadian products, and they were free to decide what duties they shall pay to themselves. The people of Canada appeared to want certain products from the United States, and they were about to decide what duties they will pay to themselves. No identification of interests had been made with an alien country.

The only fear he had was that interested persons would raise the cry that freer commercial intercourse with the United States would lead to a lessened loyalty to British ideals and institutions. That allegation could be left to disprove itself. He felt that the people at large would accept these proposals with enthusiasm, especially in the Maritime Provinces, where for 30 years they had borne the full force of the protective system and profited thereby. If these proposals were put in force he believed a new era would be opened for these Provinces, especially for Prince Edward Island, which he expected would double its population in this generation.

The only objection he had seen was that this was a farmers' tariff. This he thought its chief merit, especially in a community of which farmers form 65 per cent of the people. He thought it quite possible that hardship might result to certain people, but these should comfort themselves by reflecting upon the benefits which they have enjoyed for the past thirty years.

RADIANT HAIR

New York Society Women's Hair Matched
Only by Parisians

While much attention is given to choicest gowns by New York society women, the turbulent fad just now is the care of the hair.

For many years the clever women of Paris have been famed for the magnificent beauty of their hair.

"Glorious hair," a Virginian calls it; "so radiant and luxuriant that it not only attracts but fascinates and compels unstinted admiration."

But now that the elite of New York, ever anxious to improve their beauty, have learned that Parisian Sage, a remarkable and almost marvelous hair nourisher and beautifier, is almost entirely responsible for the charming hair of the ladies of France, the demand for it has become enormous.

Parisian Sage is now sold all over Canada and in Fredericton by A. J. Ryan, who is glad to guarantee it to eradicate dandruff, stop falling hair and itching scalp in two weeks or money back. Large bottle 50 cents.

**OUTLOOK IN STEEL
BUSINESS GOOD**

New York, Jan. 31.—The quarterly report of the United States Steel Corporation for the three months ending Dec. 31 last, as made public at a directors' meeting today, shows earnings of \$23,990,978, with net earnings of \$20,062,460. These figures are somewhat below recent estimates and the falling off is largely due to December earnings which were only \$7,249,991.

The total surplus for 1910 amounted to \$16,928,719, and the balance of the surplus carried into this year is close to \$11,000,000 despite the charging off of \$6,000,000 for expenditures to be made in the way of new plants and construction.

The total earnings of the corporation for 1910 aggregate \$141,144,001, which compares with \$131,491,414, in 1909, and \$91,847,710 in 1908.

Only twice before have the earnings exceeded those of last year. In 1907 the record year in the history of the American steel trade the corporation earned \$160,964,674 and in 1906 the second best year, earnings amounted to \$156,624,273. The regular quarterly dividend of one and three-quarters per cent. on the preferred shares, and one and one-quarter per cent on the common were declared today.

The only change announced in the directors was the resignation of Thomas Morrison, of Pittsburgh, whose place was taken by James A. Farrell, who succeeded William E. Corey as president. Mr. Farrell was elected after Mr. Corey's resignation was announced today, and both were present at the meeting. It was Mr. Farrell's first directors' meeting and he was congratulated.

After the meeting Chairman Gary spoke optimistically of trade conditions, but declined to express an opinion on the significance of the projected improvements announced to day by the Harriman lines. He conveyed the impression, however, that in its judgment the plans of the Union Pacific and Southern Pacific companies must necessarily make for a better feeling in all lines of business.

**Could Not Walk Ten
Yard Without Resting**

WEAK HEART WAS THE CAUSE

Mrs. Robison Collette, Rogersville, N. B., writes: "I am now enjoying the best of health after having used your Milburn's Heart and Nerve Pills. I was troubled with a weak heart and was afraid to draw a long breath for the pain it would cause me. I could not sleep at night, and it was impossible for me to walk ten yards without resting myself. I cannot speak too highly of your Heart and Nerve Pills, for they are the greatest pill I have ever used and I can recommend them to all sufferers."

Thousands of people go about their daily work on the verge of death and yet do not know it.

Little attention is paid to the slight weakness of the heart for the simple reason that one thinks it will right itself, but there is where the mistake is made. It is only when a violent shock comes that the weakness of the heart becomes apparent. On the first sign of any weakness of the heart or nerves, flagging energy or physical breakdown, the use of Milburn's Heart and Nerve Pills will soon produce a quick and permanent cure.

Price 50 cents per box or 3 for \$1.25, at all dealers or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

**QUEBEC TO HONOR
MEMORY OF LATE KING**

Plains of Abraham, a statue is to be erected to the memory of King Edward, the peacemaker. Hon. Mr. Taschereau, minister of public works has given notice of a motion of the intention of the government in that respect. It declares that on Wednesday next a bill will be presented relative to erection of a monument to the late king.

After the adjournment of the house this afternoon Mr. Taschereau said the government will erect at its own expense a monument which will be worthy of King Edward. It will be placed on the battlefields commission, and the site will be on the Plains of Abraham.

As soon as the required legislation has been adopted, designs will be called for from prominent sculptors, and it is expected that something really worthy of the memory of a great king will be erected by the province.

It is generally admitted here that no finer nor more appropriate site in the world could be found than on the Plains of Abraham, for a statue of one who stood eminently for peace to all the subjects of the empire.

"Yes, I'll admit that women have far better complexions than men," "Naturally." "No—excuse me—artificially!"

**WELL INFORMED WRITER
DISCUSSES POOR FARM**

To the Editor of The Mail:

Sir—I noticed by the debates when the York County council was in session, that many of the councillors seemed to be unable to understand why the taxpayers were unfavorable to the poor farm project. We have been deceived before, and since then we have been slow to bite at a shadow that conceals the naked hook. We were informed that the municipal corporations were to have full control of the road taxes, but when the new road law appeared, the government officials had hold of the purse-strings and now if we were to ask the local government to enact a new poor law, it would make it feasible for the government to appoint the officials who would handle the cash and we would learn when it would be too late that our taxes had gone beyond our control. The poor house in Chatham was built to accommodate all the poor of the County of Northumberland. But when the law appeared the then government had reserved the right to appoint the poor house commissioner. In after years the councillors undertook to dislodge him and learned for the first time that they were up against something that they could not tear down.

The present law seems to be more humane inasmuch as it allows our unfortunate to end their days in peace, which seems much nicer to a Christian than handing them over to the keeper of a poor farm, who would not be able to make them earn enough to counterbalance the amount of money that would be squandered in the operation of the farm. The councillors who imagine that men can farm after they have become too feeble to do other work make a sad mistake.

Yours truly,

J. C. C.

York County, Jan. 31, 1911.

**THE MODERN WAY
OF
HOME
DYEING**

Is to use ONE Dye that will color either Wool, Cotton, Silk or Mixed Goods Perfectly. You will find this in

**SYNOPSIS OF CANADIAN NORTH-
WEST LAND REGULATIONS.**

ANY PERSON who is the sole head of a family, or any male over 18 years old, may homestead a quarter section of available Dominion land in Manitoba, Saskatchewan or Alberta. The applicant must appear in person at the Dominion Lands Agency or Sub-Agency for the district. Entry by proxy may be made at any agency, on certain conditions, by father, mother, son, daughter, brother or sister of intending homesteader.

Duties—Six months' residence upon and cultivation of the land in each of three years. A homesteader may live within nine miles of his homestead on a farm of at least 80 acres solely owned and occupied by him or by his father, mother, son, daughter, brother or sister.

In certain districts a homesteader in good standing may pre-empt a quarter-section alongside his homestead. Price \$3.00 per acre. Duties—Must reside six months in each of six years from date of homestead entry (including the time required to earn homestead patent) and cultivate fifty acres extra.

A homesteader who has exhausted his homestead right and cannot obtain a pre-emption, may enter for a purchased homestead in certain districts. Price \$3.00 per acre. Duties—Must reside six months in each of three years, cultivate fifty acres and erect a house worth \$300.00.

W. W. CORY.
