BANK ABSORPTION.

The Nova Scotia is one of the strongest banks in America, while the Metropolitan has been rapidly coming to the front. The Metropolitan has a capital of \$1,000,000 and a reserve of \$1,250,000.

LATE FREDERICK CLYNICK

The death of Frederick Clynick one of this city's best known and most highly respected citizens occurred last night at his home, Regent Street, after a lingering illness of some length. The deceased was sixty-six years of age and is survived by a widow, one son and two daughters. Mr. George Clynick of this city is a son and Mrs. Atkinson and Mrs. Peters of Boston are daughters. The deceased was a native of England and has resided in Fredericton from an early age. The funeral will take place from his late home at 2.30 Monday afternoon. Interment will be made at Forest Hill Cemetery.

Mrs. Bevin, who has been here from England visiting her sister Mrs. Robt F. Randolph, left last evening for Ottawa to visit her mother Mrs. Andrew G. Blair.

It is to be presumed that Mr. Shipp has noted the fact that the County of Queens gave an emphatic Liberal majority in the late election.

ATTENDANCE TO DATE
SURPASSES THAT OF 1909

Fredericton Exhibition will Close Tonight at 10.30
Large Attendance Expected for Last Day—Everybody Well Pleased at the Success of the Show

The exhibition attendance according to the figures issued by the management is now upwards of 6,000 in excess of the attendance at the exhibition of 1909. This satisfactory showing is partially due to the large attendance on the opening night but during the week the number of people who have passed through the turnstiles has been larger than that recorded during the same period of 1909. This showing has been a source of great gratification to Secretary Hooper and the management as the fair has been held during the last week of a bitterly contested election campaign and has been handicapped by wet weather during the greater part of the time it has been running. If the attendance today is up to expectation the total attendance will be well up to the average.

The judging of the exhibits has been completed and the awards are ready for publication. Yesterday was rather quiet at the fair grounds. The usual attractions were to be seen and the Houlton Boys' Band played during the afternoon. In the evening the attendance was large and concerts were given by both the Houlton and 71st Regt Bands. The Amusement Hall performance was well patronized.

OFFICIALS TOSSED

Last night the men at the grounds with cattle and poultry exhibits showed their appreciation of the manner in which the officials of the exhibition had treated them. Secretary Hooper, vice-president and other officials and members of the staff were tossed and heartily cheered.

LOST ARTICLES FOUND

During the week a number of lost articles have been found in the buildings by members of the staff. Owners can find these articles at the office of the Secretary.

WILL CLOSE TONIGHT

The fair will close at 10.30 tonight. Until the bands play "God Save the King" at that hour the exhibits and other sections of the exhibition will remain as they are at the present time.

LUMBER CUT
WILL BE CURTAILED
NEXT WINTER

Murray & Gregory will Cut Operations
in Half--Defeat of Reciprocity
One Cause of Curtailment

The present prospects are that the cut of New Brunswick lumbermen will be very much curtailed during the coming year. A dull year in the lumbering trade will be the consequence and as that industry effects practically every person in the province a period of general depression may be expected.

Mr. J. Fraser Gregory of St. John, president of the St. John River Log Driving Company and a prominent lumberman is in the city. He stated that the lumber-cut of his firm during the coming winter would be just about half what it ordinarily is. The unsatisfactory condition of the lumber-market is one reason why the cut is curtailed and the postponement of the enlargement of a market in the United States by the defeat of Reciprocity is another.

OTHERS CURTAIL OPERATIONS

Mr. Gregory's statement was borne out by that of another prominent lumberman who was in the city last night. He stated that his cut would be less this coming season than it was last and that practically all lumber operators in the province would curtail their cut.

AFFECT OF ELECTION

Many lumbermen were waiting to see what action the Canadian electorate would take with regard to American Reciprocity before deciding upon their limit that they would place upon their operation. The result of Thursday's election has shown that there is no immediate possibility of obtaining a better market for the lumberman in the United States in which they could dispose of a fairly large cut.
