

LOCAL NEWS

TO ADVERTISERS

To insure prompt change of ads, copy must be in this office not later than 8 a. m. on the day they are to appear.

BROOMS ARE HIGHER.

The price of brooms advanced 25 cents a dozen on Wednesday. The advance on this commodity during the past month has been about \$1.00, the increase being due to a shortage in the crop of broom corn.

MOTORED THROUGH SNOW.

The heavy snow which fell on Wednesday has not compelled all the motorists to put their cars in winter quarters. Mr. R. B. Smith of Oromocto, with Harry Ryan as chauffeur, made the run to the city yesterday, making fairly good time.

MARRIAGE ANNOUNCED.

The marriage of Mr. Perley Bailey of Ripples, Sunbury County, and Miss Iva McDonald of Minto, is announced. The wedding took place at St. Paul's Manse, this city, on November 1st. Rev. Dr. W. H. Smith performed the ceremony.

ORDER OF OWLS

An important meeting of Fredericton Nest, Order of Owls, will be held this evening (Friday, Nov. 17th) at 8 o'clock, at Pythias Hall, York Street, at 8 o'clock. All are urgently requested to attend as business of the utmost importance will be transacted, including final decision regarding the opening of a Club House.

ROBBERY REPORTED

Mr. Nathaniel Cameron who owns a farm on Brick Kiln Road, upon visiting it this week, was surprised to find that it had been broken into and a large quantity of provisions, bedding and other articles including a valuable rifle had been stolen or destroyed. City Marshall Roberts is working on the case.

MACADAMITE COMPANY.

A meeting of the directors of the Macadamite Company is being held here today at the office of Mr. A. J. Gregory. Mr. James Robinson of Miramichi, and Mr. R. L. Johnston of St. John, are here in attendance at the meeting. It was announced that there was nothing for publication in the business done at the meeting.

NEW PROGRAM AT THE BIJOU.

The Bijou tonight should have a lot of well-satisfied customers as the program is one of special merit. "The Stolen Horse," Western comedy; "The Baby Breadwinners," dramatic; "The Masqueraders," comedy; "The Gaudant Graphic," a moving picture newspaper issued weekly, and showing events of world-wide interest. Miss Harrington will be heard in new songs.

NEW ST. JOHN BRIDGE.

A committee of the provincial government will meet a committee of the directors of the St. John Street Railway Company in a short time to discuss arrangements for the construction and maintenance of the proposed new bridge at the Reversing Falls. The government engineer, Mr. A. R. Wetmore, has had plans for the bridge prepared and they have been submitted to Mr. Snider, engineer in charge of the Quebec bridge, and one of the greatest authorities on bridge construction on the continent.

WE HAVE SUCH MEN HERE

Running a newspaper is just like running a hotel, only different. When a man goes into a hotel and finds something on the table which does not suit him, he does not raise his voice with the landlord and tell him to stop his old hotel. Well, hardly. He sets that dish to one side and wades into the many dishes that suit him. It is different with some newspaper readers. They find an article occasionally that does not suit them exactly and without stopping to think it may please hundreds of other readers, make a grand stand play and tell the editor how the paper should be run and what should be put into it. But such people are becoming fewer every year.

WANTS BRANCH FORMED.

Mr. S. M. Wetmore, secretary of the New Brunswick Society for the Prevention of Cruelty, has written Mr. James Roberts of this city, with a view toward having a branch of the society formed in this city. It is probable that His Worship the Mayor will be asked to call a public meeting to consider the matter. The powers of the society mentioned have been considerably extended by legislation and concern acts of cruelty to human beings as well as to animals. For some years past Mr. C. A. Sampson and Mr. Roberts have attended to the business of the society in this vicinity but there has been no organization.

ICE JAMMED
AT SEVERAL PLACES
ABOVE OROMOCTO

Steamers Trying to get Through from St. John--Navigation Closed at a Later Date Last Year

Ice formed in the river last night and early this morning jammed between the two bridges, staying there in spite of a stiff westerly breeze which has been blowing all day. Below the I.C.R. bridge there is a strip of open water and above the City Pumping Station there is also open water. Reports from down river to the local agent of the steamship lines are to the effect that the river is clear of ice from the mouth as far as Oromocto but that above that place there is a considerable amount of ice that seems pretty solid. This morning both the Elaine and Majestic left St. John with orders to get through to St. John if possible. There is a jam of ice at Sewell's and another near Morrison's Mill just below the city.

LATER LAST YEAR

Last year the last sailing of the steamer Majestic from Fredericton was on November 28th she arrived from St. John on the previous evening. The steamer, Elaine last year arrived on her last trip on November 25th leaving the next morning. In 1909 she left on her last trip on November 18th.

ICE EXPECTED TO BREAK

The date for the close of navigation falls usually between the 15th and 30th of the present month and if the river should close as a result of the present cold weather it will bring the close of navigation rather early. It is expected that the ice now in the river will be broken up as a result of mild weather and the river not close for the winter for some days.

SNOWPLOUGHING CONTRACT

The tenders for the city snowploughing are to be in by noon tomorrow. The date was set a little too late this year the first storm catching the Road Department napping.

MRS. FERGUSON'S DEATH

Anna Ferguson beloved wife of Mr. Albert Ferguson of Lakeville, Sunbury Co., passed away to her reward on Friday, Nov. 10, after a long and painful illness. Her loss will be sorely felt in the happy family circle and also in the community where she was highly esteemed. The funeral on Sunday was very largely attended, the services at the house, grave and church were conducted by Rev. W. Wase. A sorrowing husband, two sons and four daughters, also, two brothers and a sister are left to mourn her loss.

METHODIST REVIVAL SERVICES
PROVING OF GREAT INTEREST

One of the best of the series was the special meeting in the Methodist Church last night. The first address was a vigorous one, delivered by Rev. J. J. Colter and it kept the large audience waiting for further developments. In the course of his address he spoke of some criticism heard on the street respecting some statements made by the pastor in one of his sermons last Sunday. It is better to 'strive to enter in' than to question anybody's views, and in order to be eventually saved a lot of people must assume the roll of the athlete in a football or baseball game in their anxiety for salvation.

Pastor McLaughlin brought the case of Paul in the stocks and the jailer to the attention of the people last night. Do thyself no harm, we are all here, saved the jailer's life so that he could ask, What must I do to be saved? He thought a great many were nursing false hopes by the answer, Believe in the Lord Jesus Christ and thou shalt be saved. This reply came to a great infidel, but to a nominal Christian a great deal more is required. This thought was most interestingly illustrated by the pastor as he brought the jailer to the platform and questioned him before the audience; he then introduced Lydia, the seller of purple, and other Bible characters, and the answer of each was different in response to the jailer's question. At the close two or three signified their desire to lead a new life.

Prof. Lemont presented an excellent musical program, which included a quartette by Misses Daisy Weddall and Yerna, and Messrs. Young and Blackley. Tonight will be the last of the special services and a thank-offering will be received and applied to the liquidation of expenses.

Mr. R. L. Johnston of St. John is registered at the Queen.
Mr. T. Hartwick of Toronto is in the city.

FREDERICTON WILL
PLEDGE \$2,000 FOR
KING'S COLLEGE

That Amount at Least Expected as a Result of King's College Extension Movement

The King's College Extension campaign, by which the Diocese of Fredericton is to raise \$30,000 of the amount required for the extension and endowment of King's College, Windsor, N.S., was inaugurated here this week, and it is expected that in the City of Fredericton the sum of two thousand dollars at least, will be pledged for the purpose named. Christchurch Cathedral and Christchurch Parish Church are working independently in this matter, but the amount named is a conservative estimate of what will be pledged by both congregations.

According to the terms on which the funds are to be secured contributions are to be spread over a period of five years and may be given to the support of any particular department of King's College that the donor may deem right. The plan was that all through the Diocese of Fredericton during the present week a special effort be made to obtain pledges for the King's College Fund, the campaign to that end to begin on Sunday last and end tomorrow. Payment is to be made after the New Year.

PLEDGES SECURED.

During the week Very Rev. Dean Schofield and Rev. Canon Smithers have been soliciting pledges from the members of the congregation of Christchurch Cathedral. It is thought that the amount which will be secured will be at least fifteen hundred dollars. That amount is in sight already and may be augmented before the campaign closes tomorrow.

DIFFERENT SYSTEM.

Christchurch Parish Church has adopted a different system for securing money for King's College. The extension movement will be made a department of the contribution system of the church, quarterly collections being made. No direct appeal to the members of the congregation has been made this week. It is expected that at least five hundred dollars will be secured by the Parish Church.

Mr. F. C. Colwell of St. John, arrived in the city this morning.
Dr. Ed. Couillard of Quebec arrived in the city last night.

CATHEDRAL
WILL BE USED
ON SUNDAY

Arrangements made Whereby Sanctuary, Transepts and Portion of Main Building can be Occupied

The congregation of Christ Church Cathedral, which has been using the Auld Kirk for some months past for services will be able to attend service in the Cathedral on Sunday for the first time since the disastrous fire of July 4th last, which practically destroyed the edifice. By the use of temporary partitions the sanctuary, transepts and a considerable portion of the centre of the body of the Cathedral will be fit for the accommodation of worshippers. It is expected that a congregation of two hundred and fifty or three hundred will be able to be seated. The heating apparatus has been installed and that portion of the Cathedral which will be in use will be thoroughly comfortable. It had been hoped by means of the temporary partitions referred to, to have the edifice ready for the holding of services last week, while the Diocesan Synod was in session, but the work of repairing the building had not sufficiently far advanced to permit of it.

WORK BEING HURRIED.

The repairs to Christchurch Cathedral are being done as rapidly as possible and it is probable that the main part of the building will be completed about the middle of the winter. The greater part of the copper roofing is now in place and workmen are busy repairing the damage done to the stone arches which support the roof, by last summer's fire. The repairing of the stained glass windows will take considerable time, however.

DULL TIME FOR LAWYERS.

Business in the Supreme Court has been rather light for some time past and one of the judges this week was heard to complain of lack of work. The court met on Tuesday and after hearing argument in several cases, mostly Scott Act appeals, adjourned on Thursday evening. There were several interesting points of law but only a small sum of money was involved in the cases before the court, and a single judge could easily have disposed of the business. It is said that the whole amount at stake would not have been sufficient to pay the travelling expenses of judges to and from Fredericton.
