VOL. XVI NO. 154

FREDERICTON, N. B. SATURDAY JUNE 29 1912

TWO CENTS PER COPY

REVENUE IS BUOYANT

Surplus for Last Fiscal Year Close to Thirty-eight Millions

Large Sum Paid out of Revenue Towards Cost of Transcontinental Railway

Ottawa, June 28.—Final figures of the revenue and expenditure of the Dominion for the last fiscal year, issued by the finance department, shows a surplus of \$37,931,548, or nearly \$38,000,000 in total revenue over all expenditure on consolidated fund accounts.

The surplus comes within \$1,000,000 of paying every item of expenditure on capital account, including nearly \$25,000,000 spent during the year on the construction of the National Transcontinental Railway.

The balance sheet of assets and liabilities shows an actual decrease of \$159,255 in the net debt of the Dominion, as compared with the close of the preceding fiscal year.

The whole showing is the most satisfactory annual statement of financial administration in the history of Canada and is a fitting epitome to the long record of surpluses for which the late minister of finance, Hon. W. S. Fielding, was primarily responsible.

The total revenue for the year was \$136,130,857, an increase of over \$18,500,000, as compared with the preceding twelve months.

The total expenditure on consolidated fund account was \$98,196,309, and on capital account \$38,931,548.

The principal items of revenue were customs, \$86,586,112, and excise, \$19,261,661.

The surplus is nearly \$2,000,000 more than the finance minister, Hon. W. T. White, estimated in his budget statement of last February.

The total net debt of the Dominion on March 31 last was \$339,882,796. Liabilities of the Dominion payable in England total \$282,021,279.

Returns of revenue for the first two months of the current fiscal year show an increase of a little over \$5,000,000, as compared with April and May of last year. The revenue for the two months was \$21,656,163.

With customs and excise again contributing the most of the total increase, a nominal decrease of \$17,810,028 in the public debt since March 31 is shown, but many large items of expenditure are not included in the returns furnished to the finance department up to May 31.

FLOOD REFUGEES BEING CARED FOR

(Canadian Press.)

New Orleans, June 29.—Two thousand flood refugees made homeless by the Hymelia crevasse waters, are being housed at the United States naval station here and several hundred others are being cared for at other nearby points. The flood waters about the suburbs were gradually receding. Mike Walsh, a half breed Cherokee, and his squaw were rescued yesterday from a raft on which they had floated from Southern Oklahoma. Walsh could speak little English but indicated to his rescuers that when the floods visited his state several weeks ago he and his squaw were forced to take refuge on the raft and without food had remained on it since. The man's leg had been fractured and both he and the squaw were in a half starved condition.

ATTORNEY GENERAL WAS VINDICATED

St. John's, Nfld., June 29.—Attorney General Morrison, against whom charges were preferred in connection with land transactions last spring, was accorded complete vindication yesterday by Governor Sir Ralph Champneys Williams. In a public statement, Governor Williams says that after an exhaustive inquiry into the charges he acquits the attorney general of all dishonor in that connection and extends to him a continuance of entire confidence as a member of the Governor's cabinet.

RESCUED BY HUMAN CHAIN

Lineman Fell into Niagara Rapids and was Heroically Rescued

Now in a Critical Condition but may Recover—Piano Manufacturer is Dead

Niagara Falls, Ont., June 29.—Geo. Farley, a lineran fell from the top of a forty foot pole at the Canadian Approach to the Lower Bridge last night, and was saved from death in the raging whirlpool rapids 150 feet below by Dr. W. H. Nixon, an American physician and several others the rescue being among the most sensational in Niagara's annals.

Hundreds seen the rescuers and cheered as a human chain with Nixon on the end dropped down the bank brought the injured man up. Farley was so badly injured, that he was taken to the General Hospital where it was said his condition is very serious.

Farley was so near the edge that when Nixon went down with the human chain it was with difficulty that the man was recovered without hurling him into the torrent below.

Toronto, June 29.—After a lingering illness Mr. Samuel Nordenheimer President of the Nordenheimer Piano and Music Co. Ltd., and German Consul died shortly before two o'clock this morning. Mr. Nordenheimer was born in Memsdorf, Bavaria Germany in 1824 and educated there and in New York.

The firm of A. & S. Nordenheimer was founded at Kingston and later removed to Toronto.

HIGHERUPS MAY SOON BE CALLED UPON

(Canadian Press.)

Los Angeles, June 29.—Some of the alleged "higherups" in the so-called dynamite conspiracy case may be named when William J. Burns takes the stand for the prosecution in the prosecution of C. S. Darrow for alleged jury bribing, according to the detective.

Burns is expected to be the next witness called by the state and the first intimation of the nature of his testimony was given by the detective in a speech at a local hotel yesterday. Then he stated he would give startling evidence.

There will be no session of the trial today owing to the illness of Jurymen Leavitt.

MONTREAL LAWYER AWARDED DAMAGES

Montreal, June 29.—Because his name, address and place of business, were not printed in big type in the Montreal City Directory, Charles Auguste Archambault, a local lawyer, was yesterday awarded nominal damages to the extent of \$25 in a judgment handed down by the court of reviews. The difficulty arose from the fact that the plaintiff was a subscriber to the directory and that the defendants, John Lowell and Sons, was usual that the names of all subscribers should be printed in large type in the directory, the name of the plaintiff was on the contrary printed in small type.

PUGILIST FOUGHT WITH ONE ARM

San Francisco, June 29.—"Red" Watson of Los Angeles fought four rounds with one arm here last night before the referee stopped the fight, in the eighth and gave the decision to Frankie Burns of Oklahoma. Watson's left arm was disabled in the third round of what was to have been twenty round contest.

Democrats Will Conclude Their Labors at Baltimore Tonight

Already the Exodus from the City has Begun---12 Ballots have been Taken without a Candidate Being Chosen---Champ Clark has a good lead over Woodrow Wilson although the Latter is Steadily Gaining Ground---Democrats Declare for a Lower Tariff

Baltimore, June 29.—Twelve ballots had been taken when the convention adjourned in an effort to make a presidential nomination and unless the conferences which preceded this afternoon session should prove to have been more productive of results than those which had gone before it, the existing deadlock may be indefinitely prolonged, causing the convention to remain in session another week. But the delegates are nearly worn out and they are anxious to go home. In this fact lies the hope that the predicted break may occur early enough today to permit a nomination for president to be made with sufficient time left to name a vice-president and adopt the platform before midnight.

Never in the history of the Democratic party has a candidate for president under the two-thirds rule who has received a majority of votes in a convention been denied the nomination. Champ Clark received a majority on the tenth ballot last night, when New Yorks solid ninety was thrown his way. Should he fail now to get the nomination, precedent will have been upset. It was expected however, before the reconvening of the body that a crisis in the situation would be reached on the next two or three ballots. Leaders who profess to know, have asserted that the speaker could not hold the New York vote much longer unless he should make substantial gains. Instead of going ahead, Mr. Clark has been slipping back inch by inch since the tenth ballot.

Underwood was the next candidate, it was reported, who would be given a chance at the New York vote, once Clark was abandoned. Wilson's friends maintained that eventually the tide of votes would turn in his favor and that the party would rally around the New Jersey Governor as its standard bearer.

The Wilson forces have held together well during the balloting. There still exists the chance that a "dark horse" might break the deadlock. It appeared certain that any agreement between the Clark and Wilson managers was out of the question, but it was doubtful whether these men could hold all their delegates once a break occurred. Little thought had been given to the vice-presidency and the leaders believed they could dispose that question in a very short time. The platform was expected to consume very little time.

Baltimore, June 29.—A general understanding that spread throughout the city today to the effect that a nomination would be made before the adjournment of tonight's session of the Democratic convention filled the galleries long before the regular hour for the calling of the convention.

The heat was open worse than during last night's session and the delegates in addition to disregarding their coats stripped off their wilted collars. Some of the managers of the rival forces were on the floor early strengthening their lines among the delegates and seeking to find weak spots in the line-up of their opponents.

The Wilson forces asserted confidently that the consistent gains shown by Wilson on the first six ballots indicated a strength that would gradually increase as the balloting continued.

The Clark forces, on the other hand, claimed to have enough delegates pledged to prolong the deadlock indefinitely, if Wilson's gains continued.

FIRST BALLOT
Clark, 441; Wilson, 224; Harmon, 148; Underwood, 117; Marshall 31; Baldwin 22; Seuzler of New York, 2; Bryan 1; necessary to a choice 728.

SECOND BALLOT
Clark, 446; Wilson, 339; Underwood, 111; Harmon, 141; Marshall 31; Baldwin, 14; Seuzler, 2; Bryan 2; not voting 1.

THIRD BALLOT
Clark, 441; Wilson, 345; Underwood, 114; Harmon 140; Marshall, 31; Baldwin, 14; Bryan, 1; Kern, 1.

THE TWELFTH BALLOT.
Baltimore, June 29.—The vote of the twelfth ballot was:
Clark, 549; Wilson, 354; Underwood, 123; Harmon, 39; Marshall, 30; Kern, 1; Bryan, 1.

the one thing which might eat away the commanding lead he had already established. The problem before the Clark forces was two fold, first to hold the represent strength intact against defections and second to add 176 votes to his 549 shown on the twelfth ballot to give him the necessary two-thirds majority. The first problem was not a menacing one but it had its difficulties. In the ninety New York votes with Clark from the ninth to the twelfth ballot were not regarded as a dependable quantity if the struggle was prolonged as the New Yorkers were still feeling their way ready to stand by Clark if his forces could show inability to concentrate the field, but not to remain with him indefinitely in a prolonged contest. Outside the New York acquisition the main body of Clark men were holding together well, although it was said some of them who had formerly strong affiliations might develop a tendency to try Wilson if the contest were prolonged.

FOURTH BALLOT
Clark, 443; Wilson 349; Underwood, 112; Harmon, 136; Marshall 31; Baldwin 14; Kern, 2. Bryan was eliminated his one vote going to Kern.

FIFTH BALLOT
Clark, 443; Wilson, 351; Underwood, 119; Harmon, 141; Marshall, 31; Kern, 2.

SIXTH BALLOT
Clark, 445; Wilson, 354; Underwood, 121; Harmon, 135; Marshall, 31; Kern 1; Bryan, 1.

Baltimore, June 29.—Wearied with their second struggle lasting nearly all night the leaders and main body of delegates were late in making their reappearance at the Main Centres of activity this morning and it was well towards noon before the work of constitution conference and caucus was in full swing. The early birds which included Chairman James were again sanguine that a decision ballot would be reached today and that the convention would conclude its labors tonight. Already the exodus from Baltimore had begun and placards at every hand announced special trains carrying away large parties which had come to see a candidate chosen. It was general feeling that if Clark wins he must win quickly. A continued deadlock was

(Continued on page four.)

BOURASSA SPEAKS OUT PLAINLY AT THE CONGRESS FRANCAIS

Quebec, June 29.—Abbe Gauthier opened the proceedings at the Congress du Parler Francais, last night by delivering he said a message from ancient Acadia. He was received with much enthusiasm when he said the descendants of the former Acadians now living in New Brunswick and Nova Scotia claimed their full rights today as Canadians. The Acadians he said had suffered more by their cruel exile than their brethren in Quebec, but they were brethren not rivals.

Henri Bourassa of the Nationalist party in Canada, made a notable address declaring that the preservation of the French language in Canada meant the preservation of British ascendancy among the French speaking dwellers of the Dominion.

"At present" he asserted "the French Canadians love British institutions, but the moment you destroy their identity by destroying their language, the majority would rather throw in their lot with the million and a half French Canadians in the United States than remain under British Government. This would not be the case with myself for I much prefer the British institutions and British rule, but it would not be so with the majority."

It was time he asserted, that English speaking Canadians opened their eyes to the danger from the invasion of American ideas, habits and mentality. Quebec, he said was more Canadian and more British than Montreal and Toronto, Toronto than Winnipeg. The reason the cities of the east were protected was because of the conservation of their language and habits, which as a wall kept out the influence of the American.

"I will tell you one thing" asserted Mr. Bourassa emphatically, "if you anglicize the French Canadians

they will not become British they will become American."

Mr. Bourassa urged strongly for bi-lingual schools.

Those who opposed the teaching of French in the schools of Ontario, said Bourassa, were traitors to the Constitution, to their ancestors and to Canada.

"The propagation of the French language in every province in Canada is the sole means by which the Confederation can be preserved, or the people protected from the evil influence moral and political of Americanism."

The confederation will not remain except in the measure that the equality of language and race is recognized."

ONE ROUND DAVIS AN EASY WINNER

(Canadian Press.)

Buffalo, N. Y., June 29.—George (One Round) Davis of Buffalo, last night knocked out Joe Uvanni of Glens Falls, in the fourth round of a fast fight. Davis had twenty pounds the better of Uvanni in weight, the men weighing at 171 and 51 respectively.

NO MAIL MONDAY
Monday being Dominion Day and a public holiday The Mail will not be published.

Sheep Herders' Union of Butte, Montana, is sending out an appeal for moral and financial assistance in the work of organizing the sheep herders of the country.

EDUCATIONAL INSTITUTE CONCLUDES ITS LABORS

An Interesting Paper on "Civics" Read by Mr. R. B. Wallace of this City--Premier Flemming and Hon. H. F. McLeod among the Speakers at the Closing Session--Committee on Text Books was Retained--Important Resolutions Adopted

The Educational Institute, which has been in session since Wednesday last, came to a close yesterday afternoon. The speaker of the day was Mr. R. B. Wallace, while many pertinent remarks on the teaching profession were made by Premier Flemming and Provincial Secretary McLeod. The premier considered that the progress of the future depended to a great extent upon the teachers of today. He was also of opinion that appreciation of their high-souled efforts on behalf of mankind was increasing, and that the general public was awakening to a true sense of their arduous duties and undertakings.

Hon. H. F. McLeod informed the meeting that the government had added fifty thousand dollars to the grant for education in the last five years. He expected, he said, a great industrial awakening during the next decade and considered the country schools as of paramount importance as the basis of the educational system. He spoke of the great work of New Brunswick teachers abroad and drew, from this fact, the conclusion that our school system is of excellent merit.

He promised increased aid to the teachers but thought the school trustees should keep in line with the government and also increase their grants.

The next on the order of business was the election of the text-book committee. On motion of Mr. Hetherington, seconded by Mr. Cowperthwaite, it was decided to retain the old text-book committee as follows: Dr. H. S. Bridges, H. H. Hagerman, Geo. J. Oulton, Miss Etta Barlow and Miss Annie M. Hea.

The principal address of the session was delivered by Mr. R. B. Wallace, who read an able paper on the question of "Civics." Mr. Wallace said in part that the girls needed training along the lines of the subject as well as the men. It was a fundamental subject and Mr. Wallace strongly commended the prescribed text-book on "Civics." Lessons could be given on topics suggested by things seen in the daily walk of life, such as road-making, etc. It was not necessary or expedient to confine oneself to any one particular line of thought, but to trace things to their basic principles. In this connection it might be well to enquire into how the money was raised and how expended. The ballot was also discussed. "It was," said Mr. Wallace, a sacred trust. "It is the one thing in the rifle and tumbler of life which marks man as near or on an equal basis. It breathes the spirit of democracy. This should be taught the young people who are one day to become the upholders and builders of the nation. They should also be instructed as to how to mark the ballot."

The paper as read by Mr. Wallace evoked healthy discussion from Dr. H. V. B. Bridges, Dr. B. C. Foster and Messrs Warrell, Keefe, Owens and Oulton.

RESOLUTIONS ADOPTED

Several resolutions were then carried before the meeting and received the hearty endorsement of the teachers. The resolutions are as follows: 1. Whereas there are two Ex-Superintendents of Education to whose energy and ability the present efficient state of our educational system is largely due, And Whereas both these gentlemen have been unable to attend the present Institute, Therefore Resolved that we the assembled Teachers of New Brunswick, send them our hearty greetings and express the hope that they may be spared for many years of health and happiness.

2. Resolved that J. R. Inch, Esq., L. L. D., former Superintendent of Education in this province be made a life member of this Institute.

3. Resolved that the thanks of this Institute are due Mrs W. S. Carter, Miss McAdam and Dr. H. V. B. Bridges for their kindness in entertaining this assembly on the occasion

of the public meeting held on the evening of the 26th inst.

4. Whereas the "Teacher's Pension Act" as it now stands affords a pension to those only who have taught thirty five years and

Whereas there are several teachers in the Province, who after many years of faithful work, have become unable to complete the required term of years and are receiving no allowance,

Therefore, resolved that we, the members of this Institute record our opinion that a "Disabilities Clause" should be added to the above mentioned act, and,

Further Resolved that a copy of this resolution be forwarded to the Board of Education.

Amended by the following resolution.

Resolved that all teachers who have taught twenty years and upwards and who are unable to continue in their work receive as many seventieths of their annual average annual salary for the last five years as their years of service.

(Signed)
R. D. HANSON,
M. SHERMAN
E. Murphy.

At the close of the session a vote of thanks was extended to the various speakers, as well as the press for reporting the proceedings. The meeting broke up with the singing of the National Anthem.

VALUABLE PRIZES FOR THE BEST FLOATS

Polymorphian Parade Promises to be a Big Feature of Old Home Week

The committee on the Polymorphian Parade in connection with the Fredericton Old Home Week Celebration August 5th, to 10th., completed organization at a meeting last evening. Mr. Thomas L. Kane was elected chairman of the committee and Mr. Wilmot Miller was elected secretary. It was decided that entries would close with Mr. Miller on July 15th. Substantial prizes, aggregating \$125 in all, will be offered in competition. These will include three grand combination prizes and prizes for the most original, best fancy and the best comic. This event, the Committee hope to make the most magnificent ever held in these parts. Entries will be welcomed from any part of the city county or province. The Polymorphian committee will meet again on Thursday evening next and all those interested are urged to attend.

DIGBY MILL OWNER HAS SEVERE LOSS

Digby, N.S., June 29.—Seven hundred thousand feet of lumber owned by Harry H. Marshall, M.P.P., was destroyed by fire last night. There was a heavy gale from the southwest at the time. Sparks from the mill are supposed to have caused the fire. Insurance is only \$3,000. The mill is situated seven miles from Digby.

PERSONAL

Mrs. A. H. Anderson and son of St. John are visiting Mr. Malcolm Ross.
Mrs. L. W. Sherman and Miss Stella Sherman have gone to the Bay Shore to spend a few weeks.
