## SYNDICATE TO HANDLE ONTARIO FARM LANDS

(Canadian Press.)  
Toronto, Ont., Jan. 16.—Between two and a half and three million dollars for the purchase of farm lands close to Toronto and the converting of these farm lands into market gardens, small holdings for the raising of poultry and pigs and the settling of old country immigrants on the gardens and farms, is a scheme decided upon and being carried to an apparently successful issue by Toronto, English and Scotch capitalists. It found desirable it will be extended to other places, the lower provinces probably coming in for a portion.

## FIVE SKATERS DROWNED IN RIVER RHINE

Cologne, Germany, Jan. 16.—A group of children broke through the ice while skating on the Rhine last night. Five of the number were drowned and four others were resuscitated only with difficulty.

The only secret that seems to be well kept in this world is that of success.

Debts are like automobiles—we rush into them and crawl out the best way we can.

## Palpitation of The Heart

When the heart begins to beat irregularly or intermittently, palpitate and throb, skip beats, beats fast for a time then so slow as to seem almost to stop, it causes great anxiety and alarm.

The least excitement or exertion seems to effect it.  
Many people are kept in a state of morbid fear of death, become weak, worn and miserable, through this unnatural action of the heart.

To all such sufferers Milburn's Heart and Nerve Pills can give prompt and permanent relief.

Mrs. John Thompson, Mill Cove, N. B., writes: "Just a few lines to let you know what Milburn's Heart and Nerve Pills have done for me. I have been troubled with weakness palpitation of the heart; would have severe choking spells, and could scarcely lie down at all. I tried many remedies but got none to answer my case like your pills did. I can recommend them highly to all suffering with heart and nerve trouble."

Milburn's Heart and Nerve Pills are 50c. per box or 3 boxes for \$1.25 at all dealers or will be mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

## FAIR PROGRESS WITH THE NEGOTIATIONS

Ottawa, Jan. 16.—So far the government here has received no definite advice from the Canadian trade negotiators at Washington relative to the progress of the negotiations.

One message was received from the Minister of Finance last week, but it is understood it did not refer to any important new developments in the situation with regard to the trade agreement as contemplated when Hon. Messrs. Fielding and Patterson left Ottawa.

The whole question is being left entirely in the hands of the two ministers, in whose judgment on tariff matters their colleagues have every confidence.

Washington, Jan. 16.—The reciprocity negotiations between the United States and Canada will be continued next week.

It is understood that fair progress is being made, though all the commissioners concerned are reticent as to details. One of the Canadian representatives here said that the reason for the secrecy of the negotiations was the fact that not a single item could be finally agreed upon until the proceedings were ended, because of the interdependence of the duties on the articles being considered. Though one item may be tentatively settled upon, he declared, it might be taken up again before the conference was over.

## NOTHING DID HIM GOOD EXCEPT "FRUIT-A-TIVES"

Completely Cured Of Constipation By These Fruit Juice Tablets.

HARDWICKE, N.B. JAN. 17th. 1910.  
"Chronic Constipation was the complaint I suffered with for years, and my general health was miserable as a result of this disease. I was treated by physicians without the slightest benefit, and I tried all kinds of pills but nothing did me any good."

I saw the letter written by our Senator, Hon. John Costigan, in favor of "Fruit-a-tives" so I tried it. The effect was marvelous, and now I am entirely well from the Chronic Constipation from which I suffered for many years. My general health is once more excellent, thanks to "Fruit-a-tives."

A. G. WILLISTON.  
"Fruit-a-tives" is the only medicine in the world that will, can and does cure Constipation—because "Fruit-a-tives" is the only medicine that acts directly on the liver. "Fruit-a-tives" is made of fruit juices and tonics and will always cure Constipation, Biliousness, Torpid Liver and all diseases of digestion. 50c. a box, 6 for \$2.50, trial size, 25c. At dealers or sent on receipt of price by Fruit-a-tives Limited, Ottawa.

## THE FRIGHTENED NEW YEAR.

The New Year mused with thoughtful face  
And small chin sunken in his hand,  
And as the morners fled apace  
He watched the swiftly-running sand  
In Time's old hour-glass. At his side  
The door to Earth stood open wide.

"The Old Year takes so long to die!"  
He murmured, with a sigh, at last;  
"Oh, when will come my time to fly  
Down on the midnight's rushing blast  
And hear the laughter and the mirth  
That always greet the Year on Earth."

At last! at last! the sand is run,  
The New Year's reign has now begun,  
But ah! upon his startled ears  
What clamor breaks! What sounds he hears

From every factory and mill,  
From tugs and steamboats whistling shrill,  
From pealing bells and cannon's blare,  
From rockets whizzing through the air!

The Baby Year half turned to folly  
And almost felt inclined to cry.

"Oh, oh," he wailed, amid the din,  
"I wish—I wish—I'd not come in!"  
—Annie Johnson Flint, in St. Nicholas.

Misfortunes are sent to annoy us and amuse our friends.

## SICK HEADACHE

Sour Stomach, Heartburn, Canker Sore Mouth  
Cured by Mi-on-a

Sick headaches are caused by indigestion and a general disturbed condition of the stomach.

Cure the indigestion and the headache, nausea, heartburn, sour stomach and that "all in" feeling will vanish.

Mi-on-a tablets will cure indigestion or any other stomach trouble. They will relieve almost instantly. A. J. Ryan has so much faith in them that he will give you your money back if they don't.

Mi-on-a cures by making the stomach strong enough to produce enough gastric juices to digest all the food you want to eat. It promptly puts new life and energy into the overworked and played-out walls of the stomach.

Use Mi-on-a for a week, and you can eat what you want any time you want it and take pleasure in doing it.

Your blood will be richer redder, purer after taking Mi-on-a, and it only costs 50 cents a large box.

**HYOMEI**  
(Pronounced High-O-Me)  
CURES CATARRH, ASTHMA, Bronchitis, Croup, Coughs and Colds, or any other throat trouble.  
A. J. RYAN.

## STRANGE DISAPPEARANCE OF AN ONTARIO MAN

Detroit, Mich., Jan. 16.—On his way to his home in Berlin, Ont., after a trip to Southern Louisiana, Joseph Largash, 50 years of age, has mysteriously dropped out of sight, and his son, Wm. Largash, who had accompanied him on the trip, is here trying to unravel the disappearance.

Last Thursday the two men arrived in Detroit and, finding they would have to wait some hours for a train to Berlin, young Largash left his father in the depot while he went up town. When he returned the man was missing and has not since been seen.

## CANTERBURY

Jan. 9.—The weather for the past few weeks has been very disagreeable. The roads have been very poor, on account of so much rain, which made them very icy in some places and bare in others.

Some of our lumbermen have not returned to the woods yet, waiting for snow.

Mr. W. T. Graham at Dead Creek has been suffering from the effect of a broken rib. We hope for his speedy recovery.

A very enjoyable afternoon and evening was spent at Mr. A. H. Dunn's, Friday, Jan. 6th. About eighteen ladies were present in the afternoon to a quilting and nearly fifty young people in the evening. All reported a good time.

## "Pneumonia"

Pneumonia is nothing more or less than "Lung Fever," or as it used to be called, "Inflammation of the Lungs" and the results come entirely from a local source, such as taking a violent cold.

There is more or less difficulty in breathing; a cough, at first dry, but soon accompanied by raising a thick, sticky, rusty-colored matter, composed of a mixture of phlegm and blood.

There is only one way to prevent Pneumonia, and that is to cure the cold just as soon as it appears. Dr. Wood's Norway Pine Syrup will do this quickly and effectively.

Mrs. G. W. Bowman, Pattullo, Ont., writes: "Three years ago I caught a cold which ended in a severe attack of Pneumonia. Since that time, at the beginning of each winter, I seem to catch cold very easily. I have been so hoarse that I was unable to speak loud enough to be heard across the room. Last winter, however, a friend advised me to try Dr. Wood's Norway Pine Syrup, saying it had helped her. I bought a bottle and before it was half used I was completely cured. I also find it a good medicine for the children when they have colds."

Dr. Wood's Norway Pine Syrup is pine trees the trade mark; the price 25 cents.  
Manufactured only by The T. Milburn Co., Limited, Toronto, Ont.

**GIBSON NEWS**  
Jan. 14.—Mr. David Harvey is laid up with a lame ankle. He was injured while working in the woods for Mr. A. Sewell.

Twins have again made their appearance in this town. This time at the home of Mr. and Mrs. Tyler. A boy and a girl. Congratulations.

Mrs. F. Rideout came very near losing her life lately through an attack of blood poisoning but is recovering.

Mrs. T. Ford has been laid up with heart trouble but is better now. Mr. and Mrs. H. Harding are receiving congratulations on the arrival of a baby girl at their home on the 12th.

Mrs. C. Baker who has been very sick with the grip is better.

**EVENING WRAPS**  
The lines are straight, loose and long.

Sleeves are ample and are of the kimono type. There is no seam at the armhole, although a few have the material joined at the top line of the shoulder, extending down into the sleeve portion. This is for narrow velvets, satins, etc.

Huge revers are quite evident. One usually crosses over to the side and fastens under jeweled buttons or corded ornaments.

Sailor collars, straight or with modified lines, are chic on evening wraps. The collars may be of lace, fur or embroidered net.

Tassels of silk, gilt or silver are used to weight revers and collars. With them cords to match are excellent for outlining edges.

Velour, broadened velvets and satins and silk tapestry effects are the fabrics most used.

Every wrap has a lovely lining. Useful, too, must this be. Large pockets for coin purses and handkerchiefs and buttoned securely over the openings are the main features. These are shirred or pleated to relieve strain.

**Cook's Cotton Root Compound.**  
The great Uterine Tonic, and only safe effective Monthly Regulator on which women can depend. Sold in three degrees of strength—No. 1, \$1. No. 2, 10 degrees stronger, \$3. No. 3, for special cases, \$5 per box. Sold by all druggists, or sent prepaid on receipt of price. Free pamphlet. Address: THE COOK MEDICINE CO., TORONTO, ONT. (Formerly W. Windsor)

As far as love is concerned, the beginning of wisdom is the end of happiness.

"Go to the ant, thou sluggard," but he generally prefers to go to the uncle.

The man who hesitates is soon married, while the woman who does so isn't.

## STILL ANOTHER POSTMASTER TELLS

Why He Pins His Faith To Dodd's Kidney Pills

Doctors Failed to Cure His Bright's Disease, but He Found Relief in the Great Canadian Kidney Remedy

Clam Point, Shelburne Co., N. S., Jan. 16.—(Special)—Joshua Nickerson postmaster here, is among the many in this neighborhood who tell of pains relieved and disease banished by Dodd's Kidney Pills.

"I am sixty-two years old," says the postmaster, "and I'll tell you why I think so highly of Dodd's Kidney Pills. Owing to a bad cold my kidneys commenced to bother me, and the trouble developed into Backache, stiffness of the joints, and finally Bright's Disease."

"I was treated by a doctor, but that did not help me, and it was six boxes of Dodd's Kidney Pills that brought me relief."

Everywhere you go in Canada people tell you of the great work Dodd's Kidney Pills are doing, and everyone who tells you can give the reason why. That reason simply is that there is no case of Kidney Disease Dodd's Kidney Pills cannot cure. These people have tried them and proved this true. Backache, Rheumatism, Dropsy, Diabetes, Lumbago, Heart Disease and Bright's Disease are some of the more serious troubles that Dodd's Kidney Pills always cure, simply because these are either Kidney diseases or are caused by diseased kidneys.

## WORLD WIDE STRIKE OF SEAMEN NOT LIKELY

Montreal, Que., Jan. 16.—That there is no danger of a general world wide strike of seamen and that in the event of a strike of British seamen the port of Montreal would not be affected, was the statement of Mr. Thomas Robb, president of the shipping federation this morning.

"Local shippers men do not take the report that a general strike of seamen is to be called next summer very seriously," said Mr. Robb.

## THE BARONY

Jan. 11.—Christmas passed very quietly in this place, with its usual family reunions in some cases, and disappointments in others on account of bad roads and weather.

La grippe has been prevalent here. Those who succumbed were Mrs. J. H. Gerow, who was here spending her vacation with her parents and W. B. Ebbett. Both are convalescing at present.

Miss Nora Gunter has assumed charge of our school. Our former teacher, Miss Folster, anticipates a course in Sloyd at the Provincial Normal School.

Miss Susie D. Ebbett, nurse, has gone to Campbellton to take charge of a private case.

Mr. and Mrs. Geo. Davis, Millinocket, spent Christmas with the latter's parents, Mr. and Mrs. Palmer. Miss Annie Palmer is spending the winter at home.

The children of Mr. and Mrs. Clarence Haugh have been ill with measles.

The funeral of the late Mrs. H. C. Fraser of Grand Falls was held here on Dec. 27.

The services were ably conducted by the pastor, Rev. Wm. Girdwood, assisted by Rev. M. Manuel of Florenceville.

## 108 NOX A COLD IN ONE DAY

The greatest Cough Medicine ever offered to the public. Every bottle is guaranteed. Absolutely harmless. 25 cents a bottle at Arthur Ryan's.

## WOMAN'S SCALP PIERCED BY COMB

London, Ont., Jan. 14.—When crossing the icy pavement at the corner of Talbot and Dundas streets today, Mrs. John Westman of Dundas street east, fell, striking her head on the ground. The comb in her hair penetrated the scalp and caused a laceration, and her right hand was severely bruised. The physician in charge said it would be some time before Mrs. Westman would be around again.

As far as love is concerned, the beginning of wisdom is the end of happiness.

"Go to the ant, thou sluggard," but he generally prefers to go to the uncle.

The man who hesitates is soon married, while the woman who does so isn't.

## THE EDUCATION OF THE WHOLE MAN

There is a side of German national life to which it is a pleasure to turn from the intense and costly militarism by which one of the finest peoples of the world has unwisely and unnecessarily allowed itself to be dominated. This is the education provided in a variety of ways for German youth. An interesting glimpse of what has been attempted and accomplished in Munich through the establishment of continuation schools under the regime of the Superintendent of Education for that city, Dr. Kerchensteiner, is afforded by a brief sketch in The New York Outlook.

There were industrial schools in Munich before his time, but at his instance a valuable addition has been made to the vocational training of apprentices in what the author of the system calls "the lore" and "citizen lore."

At the continuation schools apprentices are required to spend one whole day or two half days until they reach the age of eighteen. The education they receive is free, and they are paid for the time they spend in school just as they are for the hours of work in the shops. This part of their education is carried on with the advice of the employers of the various trades in Munich. The pupil spends more of his school time in learning about his own trade under conditions which tend to promote efficiency in both practice and theory. His instruction in "life lore" and in "citizen lore" is in addition to this.

The former he has for an hour a week during his first and second years in school; the latter he has for the same length of time in the third and fourth years. It is interesting to note the subjects covered systematically in this way. Here is the curriculum of a coppersmith's apprentice:

"First year—A short survey of apprenticeship and the apprentice's contract; the structure of the human body; nourishment; breathing and circulation; care of the hair and teeth; houses and clothes; work and recreation; sports; the dangers to health in the coppersmith's trade, especially the precautions to be taken against dust, acids, soot, gases and smoke; first aid to injured."

"Second year—Brief history of the coppersmith's trade in general; standing of the craft in the middle ages, the flowering of German trades and crafts, their downfall, the development of the present trade organizations (guilds, partnerships, labor unions, corporations, Boards of Trade, etc.); the trade today, factory work, and work, cottage work; the history of Munich's coppersmith guilds; the strongest possible emphasis upon the relations of master, journeyman and apprentice, and their several responsibilities and privileges."

"Third year—The organization of the community, the mission of the community, social and economic institutions, the workingman as a townsman; Bavaria; the founding of the German Empire; the more important Imperial laws; local ordinances; workmen's protection and insurance, patents, etc."

"Fourth year—Trade and commerce and what they mean for German labor and the well-being of Germans, Germany's place in the world of trade and in the world of culture, the significance of the German colonies, Germany's representation abroad (Consuls, etc.); discussion of important practical problems in the light of fundamental social laws; history of coppersmithing and the metal trades from the days of ancient civilizations to our own times."

It may not be found practicable to work out a scheme like this in all its details in Toronto, but it seems clear that something worth while might be attempted in this direction with good hope of success. Here is something for the new Board of Education to ponder over.

## NATIONALIST MEMBER HAD NARROW ESCAPE

Ottawa, Jan. 16.—The parliamentary career of Mr. Gilbert, the Nationalist member for Drummond-Arthurs, came near being wound up yesterday in an even more sensational way than it was begun. With his wife and two children he is residing during this session in rooms at 113 Sussex street, a building owned by the government.

Early Saturday morning some work men were making repairs to the furnace in the basement. On leaving, they checked the drafts before the coal gas was properly burned off. As a result Mr. Gilbert's rooms became filled with gas and as the family was asleep the fumes were not noticed.

It was not until six o'clock in the evening when the air became a little less noxious that Mr. Gilbert roused himself sufficiently to notice that something was wrong. He staggered down stairs and out on the street, reeling like a drunken man. Assistance was secured and a doctor was summoned. Mr. Gilbert and his family were all quite seriously ill for several hours afterwards, but are now recovering.

# ELECTRICAL WORK

## ALL BRANCHES

Prices Moderate, consistent with thorough, safe work and approved materials.

**W. ALLAN STAPLES** ELECTRICAL ENGINEER AND CONTRACTOR, QUEEN STREET
