## LIBERALS ARE SATISFIED WITH CAMPAIGN PROSPECTS

Ottawa, Aug. 9.—Sir Wilfrid Laurier and his lieutenants have practically completed all arrangements for the Liberal campaign in favor of reciprocity which when commenced on Tuesday next, will be continued un-  
ceasingly until election day. From all over the country satisfactory reports have been received and, apart from local friction in a few constituencies over nominations, which will be straightened out in due course, the party leaders have but little to worry about.

Because of the fact that Premier McBride of British Columbia, has a firm grip on the provincial political situation, it has been assumed in many quarters that the Liberals will have little show in that province. Premier McBride has coupled with the discreet announcement that he will not be a candidate, the assertion that the Conservatives will make a clean sweep in British Columbia. A Conservative newspaperman, who has just arrived in Ottawa from the coast, says that the Liberals have an excellent chance of taking four out of the seven British Columbia seats. He says reciprocity has many advocates on the coast, where the cost of living is high, and the manufacturers are not opposed to it. Then the Oriental question, which came so near to wiping the Liberals off the map at the last election, has lost its force. At the Liberal headquarters here it is averred that the Liberals have good fighting ground in six out of the seven British Columbia constituencies.

### ALBERTA

In Alberta, if a three-cornered fight is avoided in Edmonton, the headquarters of the Cross faction, the friends of reciprocity are certain of five out of seven seats. Mr. C. A. Macraeth, the Conservative candidate in Medicine Hat, is a strong personality, and may win, although it is by no means certain. In Calgary, Conservative prospect of victory have been diminished by the retirement of the Mr. S. McCarthy. Mr. R. B. Bennett, who takes his place, is not nearly so popular, and the Liberals say he can be beaten.

### SASKATCHEWAN

Advices from Saskatchewan are to the effect that no one would be surprised if all ten constituencies sent to Ottawa members pledged to support reciprocity.

### MANITOBA

In Manitoba the Liberals say that they will at least divide the province, despite the far-famed Roblin-Rogers organization and the making of federal lists in Winnipeg and Brandon will further improve the chances of the ministerialists.

### ONTARIO

Ontario and Quebec will doubtless be the storm centres of the campaign. The Liberals expect to divide Ontario and at the worst to come back with as many supporters as sat in the last parliament, which was thirty five. Gains are expected in border constituencies, more particularly in western Ontario. In eastern Ontario, North Lanark, Nipissing and Lennox-Addington are expected to turn over to the Liberal columns. Conservative claim Glengarry and Stormont, but the Liberal organization declines to concede either of these seats to the forces arrayed against free trade relations with our neighbors to the south.

### QUEBEC

The situation in Quebec is naturally the subject of much speculation in Ottawa, but in Liberal circles it is not believed that the anti-Laurier forces will get more than fifteen seats at the outside. The Conservative-Nationalist combination, it is understood, here, claim that they will make a gain of several seats in the Eastern Townships and it is remarked that Mr. R. L. Borden's Quebec tour is confined practically to points south of the St. Lawrence river. That he will be unable to make much headway against the reciprocity sentiment in the Eastern Townships is the view generally expressed here.

### MARITIME PROVINCES

The Ministerialists are particularly optimistic as to their chances in the Maritime Provinces. New Brunswick looks good for an almost solid reciprocity delegation. In Halifax, Mr. R. L. Borden and Mr. Crosby, his running mate) are in great danger, while Mr. Clarence J. J. Digby, is marked out for defeat. If the results of the recent provincial elections are to be taken as a guide the Conservatives in Nova Scotia look like sure winners in only two constituencies—Colchester and Cape Breton south.

No part of the Dominion will benefit more directly from reciprocity than the Province of Prince Edward Island, and there the Liberals expect to at least hold their present ratio of three seats to one.

This forecast of ministerial hopes,

gleaned from the best possible sources of information, indicates the absolute confidence of victory which prevails in the ministerial ranks. Still, it is realized that the forces which are opposed to reciprocity have ample resources, and are fighting hard, and if the result is to be approximately as indicated above it behooves all friends of wider markets to throw their coats off and work.

With hard conscientious effort, it is claimed that there can be no doubt as to the result. According to the advices received from a good start has already been made with the preparation of the voters' lists in the unorganized districts of Ontario. It is expected that they will all be ready at least one week before election day. It is possible that now lists will be prepared for the city of Guelph. The last provincial revision took place in October, 1910, just before a provincial by-election, which it was known would go to the Ontario Government by acclamation. As a result little interest was taken in the revision and if new lists are not prepared from twelve to fifteen hundred citizens of Guelph will be disfranchised.

### PUGSLEY AND LOWELL

#### THE MEN FOR ST. JOHN

(Continued from page one)

with the United States—an agreement which both political parties in Canada have been endeavoring to secure for many years, an agreement province of New Brunswick, and which will be of great benefit to this agreement which will mark another step onward to the march of progress of our fair Dominion.

The resolution was adopted with enthusiasm.

The following resolution was moved by W. H. Barnaby:

Resolved, that we the Liberal party of the city and county of St. John, in convention assembled, do hereby give hearty expression to our faith and confidence in our esteemed leader, Sir Wilfrid Laurier, whose many gifts of statesmanship, integrity and diplomacy have endeared him to us all.

We note with gratification the respect which is paid to his ideas of statecraft not only within our dominion of Canada, but also in the wider field where all the British possessions are holding council.

We feel assured that the citizens of Canada recognizing his great ability will again entrust to his hands the destiny of Canada for another term.

Mr. Barnaby said he was glad to be present and to do all that he could to further the election of Hon. Dr. Pugsley and James Lowell. (Cheers.)

Referring to the fact that reciprocity had precipitated the election he said that it found the Liberals ready as they were prepared at all times.

"I will ask this meeting," he continued, "is there anything the matter with Pugsley?" and his question was answered by a shout: "He's all right."

"Is there anything to be gained by a change?" and the answer was with one voice: "No."

Hon. Mr. Pugsley, said Mr. Barnaby, had done much and he was in the position to do more. They had seen much done for the port of St. John and they were on the eve of greater development. The country was growing and through to Maritime Provinces had not gone ahead the way he would like to see, still he had every hope of what was in store.

The resolution was seconded by James Collins and carried with cheers.

### PUGSLEY HEARTILY ENDORSED.

Walter E. Foster offered what he said might be the last resolution but not the least, as follows:

Resolved, that we the Liberals of the city and county of St. John, in convention assembled, desire to give expression to our confidence in loyalty to the Hon. Wm. Pugsley, Minister of Public Works, our representative from the city of St. John.

We feel that in him we have the ablest representative available and we are pleased to know that his ability has made a valued member in the councils of our dominion.

We know that in his office of minister of Public Works he has displayed great knowledge and foresight and while doing much for his own constituency has always been fair to the rest of Canada taking a broad Canadian view of everything coming under his department.

He spoke of the loyalty of the party here to Hon. Dr. Pugsley, the representative of St. John City in the next parliament of Canada. They had a strong man able to look after the interests of St. John. This had been the opinion of the voters when casting about for the right man for St. John in 1908. They were gratified that he was again willing to serve.

Amid great cheering Mr. Foster predicted a great victory for Hon. Dr. Pugsley and his colleague James Lowell, on Sept. 21. "We will stand

### LUCKY MISTAKE

#### Grocer Sent Pkg. of Postum and Opened the Eyes of the Family

A lady writes from Brookline, Mass.:

"A package of Postum was sent me one day by mistake.

"I notified the grocer, but finding that there was no tea or coffee for breakfast next morning, I prepared some of the Postum, following the directions very carefully.

"It was an immediate success in my family, and from that day we have used it constantly, parents and children, too—for my three rosy youngsters are allowed to drink it freely at breakfast and luncheon. They think it delicious, and I would have a mutiny on my hands should I omit the beloved beverage.

"My husband used to have a very delicate stomach while we were using tea and coffee but to our surprise his stomach has grown strong and entirely well since we quit tea and coffee and have been on Postum.

"Noting the good effects in my family I wrote to my sister, who was a coffee toper, and after much persuasion got her to try Postum.

"She was prejudiced against it at first, but when she presently found that all the ailments that coffee gave her left and she got well quickly she became and remains a thorough and enthusiastic Postum convert.

"Her nerves, which has become shattered by the use of coffee, have grown healthy again, and today she is a new woman, thanks to Postum." Name given by Canadian Postum Co., Windsor, Ontario, and the "cause why" will be found in the great little book, "The Road to Wellville," which comes in pkgs.

Ever read the above letter? A new one appears from time to time. They are genuine, true, and full of human interest.

### VICTIM OF ACCIDENT

#### MAY BE ST. JOHN MAN

### MR. BORDEN'S QUEBEC ALLIES

Speaking at Fraserville, Quebec, last week, in the presence of Mr. Bourassa, Mr. Armand Levergne, first lieutenant of the Nationalist leader, whose aid the Ontario Conservatives joyfully accept, said:

"I shall address myself to the Rouges. I hope to be able to convert someone. As for those who are not willing to understand, the party of honest men has no use for them.

Here someone in the crowd cried, "Hurrah for Laurier!"

"Yes, hurrah for Laurier, my friend! I also cried, as you do, 'Hurrah for Laurier!' when in 1896 I heard him proclaim at St. Roch in Quebec that the great principle of minorities and that when he obtained power he would do justice to our brothers in Manitoba. Some months later he sacrificed the Catholics of Manitoba to the 'Orange' fanaticism Hurrah for Laurier!"

"Hurrah for Laurier, my friend! While in 1896 Mr. Brodeur wrote in Le Soir denouncing the purchase of rifles by the Upper Government three years afterwards, in 1899, Laurier despatched 5,000 Canadians to Africa to fight a little people who never done anything to us, and who battled for their faith, their language, and their liberty."

MR. FARMER DO YOU WISH TO STAY IN THE SAME POSITION AS YOU HAVE BEEN DOING THE LAST TWENTY-FIVE YEARS? THEN VOTE AGAINST RECIPROCITY. DO YOU WISH TO EXTEND YOUR MARKET, BE MORE PROSPEROUS, AND INCREASE THE VALUE OF YOUR FARM? THEN VOTE FOR RECIPROCITY.

by them to bring this about."

A voice—"We will." (Cheers)

The resolution was seconded by Edward Lantulum and carried by a standing vote amid great enthusiasm. There was a call for cheers for Hon. Mr. Pugsley which brought the big assemblage to its feet with cheer after cheer. Dr. Pugsley called for cheers for Mr. Lowell and the candidate was given an ovation with waving of hats and shouts of "He's a winner."

Hon. Dr. Pugsley was then called upon and accepted the nomination and discussed the issues of the campaign in a rousing speech.

Mr. Lowell also spoke briefly promising to do his utmost to carry the standard to victory.
