ST. JOHN MOTORISTS HERE.

Mr. and Mrs. Percy W. Thomson, Mr. W. Gordon Kerr and chauffeur motored here from St. John yesterday, returning last night.

RETURNED FROM ENGLAND.

Senator Wood of Sackville, has arrived home from England. His health has greatly improved. Mrs. Wood will not return for some time yet.

KILLED A DEER

Mike Murphy, the well known and popular hockey player returned yesterday from a hunting trip on the Portobello. He succeeded in killing a fine deer.

MOTORED FROM ST. JOHN

Messrs. H. Colby Smith, N. P. MacLeod, Harry G. Smith, Luther B. Smith and George H. Waring of St. John motored here last evening and registered at the Barker House. They returned this morning.

INADVERTENTLY EXCHANGED

At the Unique Theatre last night Mr. E. G. Wade of Gibson inadvertently exchanged hats with another gentleman. The latter can arrange to have his hat returned by calling up 423-11.

SERIOUSLY ILL.

Mr. W. H. McGinn is seriously ill at his home and his recovery is despaired of. Mr. McGinn, who was operated on early in the spring, recovered sufficiently to be out, but suffered a relapse recently.

REMOVED TO HER HOME.

Mrs. Robin Cropley, who has been in the Victoria Hospital for seven weeks, following an attack of appendicitis, was removed to her home yesterday afternoon. She is still very weak, but her recovery is now expected.

BIJOU TODAY.

Judging from the merriment that ensued at certain points in the list of pictures yesterday, the predominating element must have been "The Return of Willow Payson's Husband," such as the Vitagraph Company can produce. Today is the last chance to see Captain Kate.

MORE MOOSEHEADS.

A handsome head of a moose killed on the Oromocto by Wm. Wood, was brought to the city this morning. The horns had a spread of fifty four inches. The head of the moose killed recently near Burt's Corner by Mr. Elwood Burt, has been sent to Enock's and attracted much attention there today.

BACK FROM THE WEST.

Mr. William R. Shanklin, principal of the Saskatoon High School for the last two years, arrived in St. John on the Boston train last evening on his way to his home at Shanklin Settlement. Mr. Shanklin has been seriously ill with pneumonia during the summer and has come back to New Brunswick to recuperate. He will be warmly greeted by his many friends, who will wish him a speedy return to perfect health. Mr. Shanklin is well-known in Fredericton, having attended the Provincial Normal School two years.

DIED EARLY THIS MORNING

The death of Miss Amelia Smith occurred at an early hour this morning at her home Brunswick Street after a lingering illness. The deceased was aged seventy-eight and is survived by one brother Mr. George Smith and two sisters Mrs. Carman and Miss Ann Smith, all of this city. The death is the second that has occurred in the family within four days a sister of the deceased having died on Monday and been buried yesterday. The funeral of the late Miss Smith will take place on Saturday at two o'clock. Rev. Canon Cowie will conduct the funeral service at Christ Church Parish Church. Interment will be made at Lower St. Marys.

DEATH AT BLOOMFIELD

Bloomfield, Oct. 7.—Alex Cameron of Bloomfield passed away early on the morning of Oct. 6th after a lingering illness. Mr. Cameron was in his 68th year, a carpenter by trade and a respected member of the Presbyterian Church. He is survived by one son, Chas. Cameron of Stanley, and two daughters Mrs. Justice Carrol of Carroll's crossing and Mrs. Fred MacBean of Taymouth; and one sister Mrs. Wm. MacBean of Taymouth and one brother Mr. Kenneth Cameron of Holtville also survive. The funeral service was conducted on Oct. 6th by C. A. M. Earle, B. A. Presbyterian Catechist.

BRICKLAYERS
BEING BROUGHT IN
FOR STATION WORK

Local Labor Market Cannot Furnish Required Labor—Work on New I.C. R. Station Well Advanced

M. Ryan & Sons are making rapid progress with their contract on the new Intercolonial station. If sufficient labor can be obtained the brickwork of the building will be completed within three weeks. Already the work is sufficiently advanced to give a good idea of the general appearance of the building. The station, with its walls of pressed brick and black mortar with trimmings of grey Miramichi stand-stone, will add much to the beauty of the eastern part of the city.

Scarcity of labor of the class needed in the construction of the station has been encountered and may retard the work. Enough skilled bricklayers such as are needed on this work cannot be found in Fredericton and the contractors have been compelled to send to outside places for suitable men. There has been a large amount of building done for the I.C.R. at Campbellton and it is likely that bricklayers will be brought from that place to work on the local contract, arriving today or tomorrow.

The station will probably be completed and ready for use early in the winter. The brick-work of that part to be used as waiting rooms and ticket office is being done first to enable the interior carpentering work to be undertaken as soon as possible.

REV. DR. PRINGLE
GAVE MOST INTERESTING
LECTURE AT ST. PAUL'S

A good-sized audience was in attendance at St. Paul's Presbyterian Church last evening to hear Rev. Dr. Pringle of Sydney, N.S., deliver his lecture on "Bits from the Old Yukon Trail." Counter attractions were numerous but the attendance was nevertheless large. Rev. Dr. W. H. Smith, Minister of St. Paul's Church was in the chair and briefly introduced the speaker.

Dr. Pringle ably sustains the reputation which he bears as an able speaker and his description of life in the Yukon in the pioneer days of which he had personal experience was vivid. Dr. Pringle's remarks embraced a wide field. He described minutely the various types of men who inhabited the Yukon some years ago and gave most interesting descriptions of their lives, the hardships they endured and the successes they secured.

Rev. Dr. Pringle left this morning for St. John where he will lecture this evening.

PRESENTATION TO REV. DR.
AND MRS. MacDONALD

Rev. Dr. J. H. MacDonald pastor of the Brunswick Street United Baptist Church and Mrs. MacDonald were the recipients last evening of a beautiful and valuable gift from the members of the Ladies' Auxiliary of the church.

The occasion of the presentation was the annual congregational social and the event marked was the twentieth anniversary of the pastor and his wife which was on Sept. 23rd last. The gift of the members of the Ladies' Auxiliary was a china cabinet and a tea set of Wedgwood china in white and gold. The presentation was made by Mr. J. W. Spurden who made an appropriate address. Rev. Dr. MacDonald responded feelingly.

PROVINCIAL GOVERNMENT
MEETING AT ST. JOHN

St. John, Oct. 12.—Hon. J. D. Hazen, the new Minister of Marine and Fisheries, arrived here at noon today. He declined to make any statement in regard to his policy or in regard to local political matters. A meeting of the government is being held this afternoon. It seems to be the general impression that Hon. J. K. Flemming can have the premiership if he wants it.

If he declines it will go to Surveyor General Grimmer. At least one member of the government is in favor of an immediate appeal to the people.

Hon. John Morrissey expressed the opinion that there will be a Federal election within two years and that the Conservatives will appeal to the people on the Reciprocity issue.

RECEIPTS FROM
GAME LICENSES TO
BE UP TO AVERAGE

Results so Far Much Better than Expected—Tag System of Returns Found Unsatisfactory

In spite of the fact that a marked falling off in the receipts in game licenses was expected this year at the Crown Land office, indications at present point to a total of receipts well up to average. The number of non-resident hunters of big-game is less than in previous years but nevertheless is large. Hunters of this class contribute largely to the revenue of the Crown Land Department.

So far this season Mr. Wesley Hoyt vendor of game licenses at McAdam, has sold licenses, the fees of which total upwards of \$5,000. The number of vendors in the province is 107 and returns from many of them have not yet been received. The large receipts from McAdam are accounted for by the fact that McAdam is the first station in New Brunswick on the railway line usually taken by American sportsmen entering the province.

TAG-SYSTEM UNSATISFACTORY

As in previous years the tag-system of giving returns of the amount of game killed is not proving satisfactory. Many mooseheads are sent out of the province without being properly tagged and heads received by local taxidermists in the same condition. The difficulty is to find a better system. At the present time it is calculated that the Crown Land Office receives returns of not more than half the game killed.

REMOVING TO CAMPBELLTON.

Mr. Ernest Hazelton and family and his father, Mr. John Hazelton, are removing from Bear Island to Campbellton.

ILL WITH TYPHOID

Mr. George Moore is confined to his home Brunswick Street, by an attack of typhoid fever. The disease is not of severe type and his friends hope for a speedy recovery.

LAYING SEWERAGE SERVICE

A crew of men is engaged putting in sewerage services for the City Hall Heretofore in violation of sewerage regulations the sewerage from this building has drained directly into the river.

Mr. J. LaMottie of Montreal, is in the city.

TO HOLD SERVICE
IN CATHEDRAL
EARLY NEXT MONTH

Eastern Portion of Edifice will be Partitioned off for Use—Satisfactory Progress Made

Christchurch Cathedral will be made temporarily ready for occupancy on the first Sunday of November when the first regular service since the partial destruction of the church by fire, will be held. Dean Schofield stated this morning that such had been the intention from the beginning of the restoration of the Church and that in spite of contrary reports it would be carried out. The sanctuary and transepts are now roofed over and the tower will be placed in condition shortly. The intention is to build a partition from floor to roof at the sides of the church so as to separate the transepts from the main body of the church. The central portion of the church will be included in this temporary arrangement a partition being placed about half way between the transepts and the western entrance. It is thought that by so doing sufficient room for the accommodation of the congregation can be obtained.

The work of restoration is being carried on steadily. The workmen at present are engaged in placing the roof beams of the main building in position. The work of putting on the roof will begin shortly. The use of concrete in repairing the tower windows has been attended with marked success and will be continued in other parts of the building.

It has not yet been decided in what building the synod meetings will be held. The synod will open its sessions here on Monday, November 6th and some arrangement will be made before that date.

A PECULIAR CASE

When the reciprocity agreement was before the electors, and there was every prospect of it being ratified, a York County man placed with an agricultural implement concern an order for a steam hay press. When the election was over and reciprocity defeated he lost no time in calling upon the concern and cancelling the order for the hay press. He seems to have been a little late, however and may soon have the outfit on his hands. As the man is credited with having voted against reciprocity, it is scarcely likely that there will be a great deal of sympathy extended to him.

All Our Gold-Filled Jewellery
Reduced 25 per cent

Including our stock of Brooches, Fobs, Chains, Bracelets, Hat-pins, Stick-pins, Cuff-links, Collar-buttons, Beauty-pins, and Belt-buckles.

Fred. B. Edgcombe Co., Ltd

HILL'S "HUSTLER"
ASH SIFTER

is the very sifter you've always wished for—an enclosed cylinder sieve that sifts with the turn of the handle, so that ash-dust drops into barrel while the unburned coal rolls out into scuttle.

Saves Time, Work and Valuable Fuel

Fits snugly over top of ordinary barrel or galvanized iron ash-can, so that all ashes and dust are confined to barrel underneath.

No Dust Can Escape

Sifts a week's ashes in a few minutes—so easy a child can run it. Carefully and substantially made of galvanized iron—all joints riveted. Number 1 size is for ordinary household use. Shall we deliver one for you?
