MAY INQUIRE INTO RYDER'S DEATH

Sussex, Oct. 18.—Speculation as to the manner in which William Ryder, of Jordan Mountain, came to his death is rife throughout Kings Co. and the general topic of conversation. William McLeod, chief of police at Sussex, returned today from the scene of the tragedy and appears to be deeply impressed with the need for investigation.

He told your correspondent that an inquest had been decided upon was rather premature. He had made, he said, only a partial inquiry at Jordan Mountain, and would return tomorrow to get further particulars. After this it would be decided whether or not the authorities would hold an inquest.

Mr. McLeod says he found opinion very strongly divided on the question whether Mr. Ryder came to his death by suicide or by murder. Two intelligent men who had every opportunity to learn the truth held directly opposite views on the matter.

For himself, he said, it was a most singular thing that a man would fall as Ryder had done from five to eight feet from whence the body was found in a sitting position, and that all the blood was on the spot where he first fell to the ground.

Chief McLeod says the inside shirt was on the body when it was found and was not torn as was the outside shirt, found badly torn several feet away from the body. The clothing is now in the possession of Chief McLeod.

In case an inquest is ordered on the return of Chief McLeod tomorrow night, it will be necessary to have the body exhumed and a post-mortem examination made.

An almost incredible theory to the effect that Mr. Ryder was shot by some other person at his request or with his consent is being propounded as one of the many stories told in connection with the tragedy.

Miss Ella Kelly is spending a few weeks in Fredericton where she is dressmaking.

FOLKS PAST FIFTY MUST USE CASCARETS

What glasses are to weak eyes, Cascarets are to weak bowels—a 10-cent box will truly amaze you

Most old people must give to the bowels some regular help, else they suffer from constipation. The condition is perfectly natural. It is just as natural as it is for old people to walk slowly. For age is never so active as youth. The muscles are less elastic. And the bowels are muscles.

So all old people need Cascarets. One might as well refuse to aid weak eyes with glasses as to neglect this gentle aid to weak bowels. This is important at all ages, but never so much as at fifty.

Age is not a time for harsh physics. Youth may occasionally whip the bowels into activity. But a lash can't be used every day. What the bowels of the old need is a gentle and natural tonic. One that can be constantly used without harm. The only such tonic is Cascarets and they cost only 10 cents per box at any drug store. They work while you sleep.

CAMPBELL'S AMERICAN TOUR

London, Oct. 19.—The Rev. R. J. Campbell, the noted pioneer of theology movement, sailed today for New York to begin an extensive American tour. After appearing in many of the leading cities of the eastern States and Canada he will visit the middle West and the Pacific coast.

The noblest work of God is man, but you can't make some married women believe it.

Many a bride sweeps up the aisle of a church who would faint at the very sight of a broom.

A man can accomplish a lot while waiting for his wife, who is going to be ready in just a minute.

HAS GIVEN CANADA A CLIQUE CABINET

(Montreal Herald)
Even Liberals sore in defeat were glad, last month, that, since they had to be beaten, Mr. Borden had won such a victory as to place him above the influence of the anti-Imperial elements in this province. He had a strong majority over every possible combination of parties or cliques. No Premier had ever had a freer hand.

Yet he has given Canada a clique Cabinet. There is no other excuse for such a selection. His friends admit it in their embarrassed defence of his choice.

And the strongest clique in that Cabinet represents that very element in Canadian politics which the people stamped with their strongest disapproval—the element which Mr. Borden could best have afforded to ignore; which, in fact, it was his mandate to ignore.

The election was won for the Conservatives on the loyalty cry. Ontario gave its huge majority not against Laurier nor reciprocity, but against anti-Imperialism. The verdict meant just one thing that Canada has chosen the Imperial path and will endure no policy, however profitable commercially, which threatens in any way to block that path.

Yet Mr. Borden, so elected, has chosen as his French representation three adherents of that party whose open policy is anti-Imperialism. He could not so choose without subscribing in some sort to their policy; for these are men of honor and conviction who would not accept such office without concession toward their views.

How far Mr. Borden has gone in his surrender of principle here we do not profess to know. But that he has surrendered, the presence in his Cabinet of Mr. Monk alone is sufficient evidence.

The old flag, having won for him the fight is being hauled down. The battle cry, "Save Canada for the Empire!" is being replaced by "A bas la Marine!"

AN INSULT TO SASKATCHEWAN

(Regina Leader.)
An Ottawa despatch carries the intelligence that Hon. Robert Rogers will be Saskatchewan's representative in the Borden government. Hats off, ye good people of Saskatchewan, and cheer!

Think of it! The man with the worst political reputation of any man who ever disgraced a public office in this wide Dominion is to be foisted upon us as "our" representative.

Thus does Mr. Borden propose to punish this fair province, because it stood true and steadfast to a policy which Mr. Haultain has declared would be good for the province, and a policy which the province requires. Thus would Mr. Borden make Saskatchewan a byword among the provinces by fastening upon us a man the mention of whose name causes every decent-minded Conservative to hang his head and blush for shame.

In Mr. Borden's estimation apparently there is not a Conservative in this province qualified to represent us in his government, and, if Rogers is the type of man Mr. Borden considers as a fit and proper representative, then Saskatchewan Liberals and Conservatives alike may well render devout thanks that there is not such a man within the borders of the province.

What the people of Prince Albert constituency will think of the cool proposition to saddle them with a man of the reputation of Rogers our imagination will not even permit us to guess. Think of Prince Albert being held responsible for a representative of the type of Rogers! The idea of the retiring James McKay, K.C., and replacing him with Rogers is enough to sicken even the most ardent Conservative in that riding.

The Standard has suggested Mr. Haultain as the representative of Saskatchewan in the new government. The province has regretted the defeat of R. S. Lake on the assumption that had he been elected, he would have represented the province in Mr. Borden's cabinet. If Mr. McKay himself is not acceptable to Mr. Borden, why not run Mr. Haultain or Mr. Lake for his seat? Why not select some Saskatchewan man? And, if there is not a suitable Conservative in the whole of this province, why not choose as our representative a man with a clean record, one whom the Conservatives of Saskatchewan would delight to honor and whom the Liberals could at least respect?

But Rogers! The notorious Rogers! We suppose Saskatchewan Conservatives will have to grin and bear it. But the shame placed upon, and the insults to the province, is great.

SCHOOL TEACHERS OF QUEBEC

Montreal, Oct. 19.—The annual convention of Protestant teachers of the Province of Quebec began in this city today and will continue until the end of the week. After the opening exercises this morning the convention divided into sections for the discussion of separate branches of educational work.

BAPTISTS CANNOT JOIN IN UNION MOVEMENT

(Montreal Star)
That it was impossible for Baptists to join in the movement for Church Union was insisted on by President Holman, K.C., L.L.D. in his presidential address at the opening of the twenty-third Convention of the Baptists of Ontario and Quebec, at Olivet Church last night.

This was a day of compromises he remarked. Peace at any price was in the air. It would seem that Shadrach, Meshach and Abednego made a mistake in not bowing down to the golden image. Church union was advocated on economic grounds. One is now asked to subscribe to a man's religion as one would subscribe for stock.

BAPTISTS UNABLE TO UNITE

But Baptists did not divide Christendom by caprice, but owing to their strong convictions, which had survived the persecution of centuries. They rejected baptismal regeneration but believed in believers' baptism; to baptize an infant a few days old was to baptize one who must necessarily be an unbeliever at the time, and who might never be a believer.

It was not from a sectarian spirit but from adherence to the truth that Baptists were unable to unite with other sects.

The Baptist position in regard to Baptism was the Apostolic one, this, he said being hardly open to debate in the twentieth century.

Mr. Holman claimed that the Baptists of North America now number with the Disciples of Christ, who should be included with them, 7,140,000. In the southern States while the population increased by 18 per cent the Baptists had increased by 38 per cent. They had \$77,000,000 invested in educational work and there would be more money given, if there was more conviction.

There was a growing distrust of Scripture on the part of the masses, and even many so-called believers gave one the impression that part of the Bible was rock and part was sand and that they were unable to tell which was rock and which was sand. Such doubt was today, the cheapest commodity in the ecclesiastical market.

BUILD CATHEDRALS BUT PAY LOW SALARIES

The tendency of Baptists to forsake barns and baptism in running streams for ornate, cathedral-like buildings and at the same time pay many of their ministers starvation salaries, was one of the topics discussed at the Baptist Convention this morning.

The Publication Board reported that so great was the increase in the business done by the "Canadian"

Baptist and the Toronto Book-room which the Board controls that plans were under consideration for an eight story building at Toronto for their accommodation. Rev. S. E. Griggs Messrs J. C. Scott and G. A. Matthews were elected to the Board.

The Church Edifice Board reported their largely increased capital now amounted to \$15,789. Rev. C. G. Smith of Belleville, denied that the tendency of Baptists was towards the Episcopal churches and away from their own principles, just because they now liked ornate churches. Revs. Dr. Norton, Dr. Grant and C. J. Smith were elected to this Board.

The Superannuation Board complained of decrease of funds and ungenerous support from the connection. In these days of high cost of living, the most they could allow an old minister was \$180 a year and a widow \$150. All they had was \$3,736 and they needed four times as much.

It was stated an attempt to place this fund on an assurance instead of a charitable basis, had failed, as only three subscriptions had been received. Many Baptist ministers were too poor to pay insurance rates. It was resolved to make a more urgent appeal to the churches. Rev. Dr. Thomas, Messrs W. Craig and G. R. Roberts were elected to this Board.

PETITION AGAINST

MR. DAVID MARSHALL

St. Thomas, Oct. 20.—East Elgin Liberals have decided to protest the election of Mr. David Marshall, M.P. Liberal executive members from almost every section of the riding, make allegations of bribery and corruption which had been brought to their notice.

In some instances it is alleged that as high as \$25 was paid to a doubtful voter to induce him to vote for the Conservative candidate. In another instance a father and two sons are said to have received \$50 for the same service. It is also alleged that voters residing out of the riding were provided with transportation expenses and gifts, and loans were made with a lavish hand.

The Liberal executive is determined that the whole affair shall be cleaned up.

An Innovation in Oil Heaters

The Perfection Smokeless Oil Heater, with its drums enameled in turquoise, is an ornament to any room, whether in the country or city home.

No home is quite complete without a Perfection Oil Heater. It is a necessity in the fall and spring, when it is too warm to start the regular heating apparatus, and too cool to be without heat. In the midst of winter it is often convenient as an auxiliary heater, as there are always some cold corners in a house.

The enameled heater always presents a nice appearance, as the enamel will not tarnish or burn off. It is not an "enamel paint," but it is the same as the enamel of your cooking utensils.

The Perfection is the most reliable and convenient portable heating device you can find. An automatically-locking flame spreader prevents turning the wick high enough to smoke.
