The above cut shows only partly this fine store as it is today.

Mr. Golden, a young man commenced business in the fruit and confectionery line a few years ago with almost nothing; for his capital he had decision of character and will power. He is well named the Man of the Hour, he has the finest store in the Maritime Provinces barring none.

Just think of what the large manufacturers of confectionery say about this up-to-date store.

The Lovell and Covel Co. of Boston writes saying:

Mr. Golden your store is beautiful,

so clean and well kept it is a pleasure to go in and made a purchase.

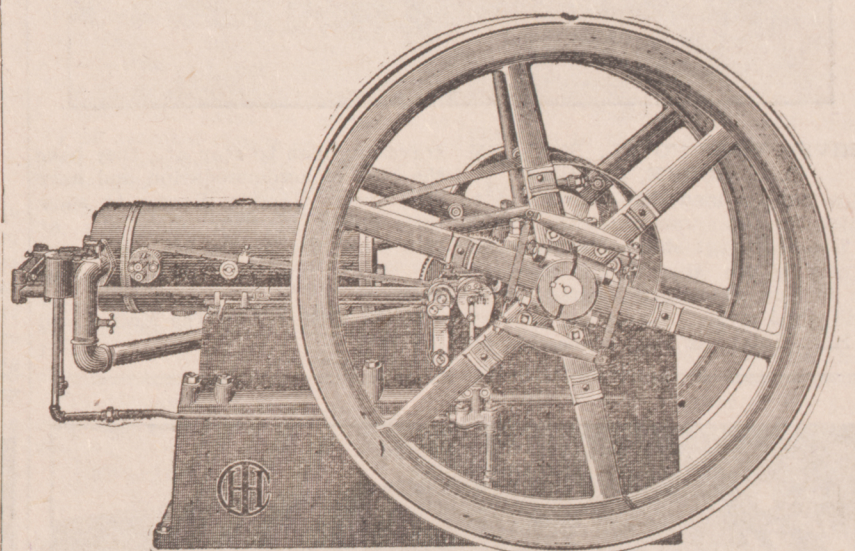

Also Wm. Neilson & Co., Limited writes in a letter to the Toronto press, We certainly congratulate you on the painstaking care which you have exercised in making your store so attractive to the public, they cannot help but appreciate.

Wm. Paterson & Son of Brantford, the well known makers of fine biscuits and confection, says the fixture of this palace confectionery and fruit store is a credit to the capital city of N. B., there is nothing like it in Brantford, Ontario.
