

A Fruit, Cream and Chocolate Sandwich

Neilson's "Original Fruit Sandwiches" are a delight to candy-lovers. They are real fruit sandwiches with layers as clearly divided as a layer cake. A deliciously rich centre of pure cream and cane sugar—a layer of real fruit (Peaches, Pine-apples, Strawberries, etc.)—another layer of the cream and then the "Sandwich", enclosed in a thick coat of Neilson's incomparable chocolate. Just imagine the deliciousness of chocolate, cream, fruit and then more cream and chocolate. It sounds mighty good—and it tastes lots better than it sounds.

This is only one of the 33 different kinds that Neilson's make. If you can't get Neilson's "Original Fruit Sandwiches" in your neighborhood, send 55c for a pound box.

THE MISSES YOUNG

NO ANNEXATION SENTIMENT IN CANADA

(Continued from page five)

selfish and narrow. They were now prepared to retrace their steps.

"There was at one time an annexation movement in this country and it received its first check when Lord Elgin brought back from Washington the reciprocity treaty of 1854. From that day to this the desire for annexation had dwindled until there was not a vestige of it left.

NO ANNEXATION SENTIMENT.

Sir Wilfrid's peroration was as follows:

"Once the conviction of every American citizen was that the Canadian confederation should become a part of the American union. Recent events have shown that there are still men in the United States who harbor that hope. But there are also men who are beginning to perceive that the Republic, though its career has been glorious, has yet many questions to solve and many dangers to face, and many of them are beginning to recognize that the solution of their difficult problems would be seriously complicated, perhaps fatally impaired if, in the territory of the republic was to be included another territory as large as their own with a people not yet as numerous but destined to be as numerous as their own, with problems of their own also to solve, and whose union with the United States would only add to the complications of their own that the American people have to solve.

GOVERNMENT FOR ALL CLASSES

"This government does not exist for the farmers alone, or the manufacturers alone, or for any one class, but for the manufacturers and farmers and all the classes which compose our nation." (Hear, hear.)

"I now come," said Sir Wilfrid, to the last objections raised against us. Hon. gentlemen opposite find within the four corners of this agreement the latent, the incipient destruction of our industries, but it is still more difficult to find therein the fatal germ which is to dissolve our autonomy and finally land us in the American republic.

"Autonomy, they speak of autonomy. Why, it was only last year we heard the same men rebuke us because we paid too much attention to autonomy. But, whether they combat it, they show clearly in one instance, as in the other, that they never understood or appreciated the true meaning of the word.

"This new born zeal for autonomy when reduced to actual exposition is generally expressed in this way: There may be perhaps no danger to our autonomy in this agreement itself; but this is only a first step that will be followed by others. This they tell us, the trade agreement is confined to natural products; another year the agreement will be extended to manufactured products; this will be followed by commercial union, to manufactured products, this will and lastly by political union.

"Such logic could carry you any distance in any direction, to any conclusion which hope, fear or any other passion may suggest. With such logic the world has long been familiar. Was there ever, in any land at any time a reform proposed which was not immediately denounced as revolutionary by the force of reaction?

"I would say to our American neighbors that, flattering as it may

ALL DYSPEPSIA OR INDIGESTION GOES IN FIVE MINUTES

Take your sour out-of-order stomach—maybe you call it Indigestion, Dyspepsia, Gastritis or Catarrh of the Stomach; it doesn't matter—take your stomach trouble right along with you to your Pharmacist and ask him to open a 50-cent case of Pape's Diapiesia and let you eat one 22-grain Triangle and see if within five minutes there is any trace of your former misery.

The correct name for your trouble is Food Fermentation—food souring; the Digestive organs become weak, there is lack of gastric juice; your food is only half digested, and you become affected with loss of appetite, pressure and fullness after eating, vomiting, nausea, heartburn, griping in bowels, tenderness in the pit of stomach, bad taste in mouth, constipation, pain in limbs, sleeplessness, belching of gas, billiousness sick headache, nervousness, dizziness or many other similar symptoms.

If your appetite is fickle and nothing tempts you, or you belch gas, or if you feel bloated after eating, or your food lies like a lump of lead on your stomach you can make up your mind that at the bottom of all this there is but one cause—fermentation of undigested food.

Prove to yourself in five minutes that your stomach is really as good as any; that there is nothing really ailing wrong. Stop this fermentation and begin to eat what you want without fear of discomfort or misery.

Almost instant relief is waiting for you. It is merely a matter of how soon you take a little Diapiesia

A SEVERE CASE OF NEURALGIA

Cured After Long Years of Suffering by Dr. Williams' Pink Pills.

There is an excellent reason why Dr. Williams' Pink Pills have cured the most severe cases of neuralgia, sciatica, and other complaints in the group that are known as disorders of the nerves. This group also includes St. Vitus dance and paralysis, and the common state of extreme nervousness and excitability. Each of these complaints exist because there is something the matter with the nervous system. If the nerves have been strong and healthy, you will not have any of these complaints. The reason Dr. Williams' Pink Pills cure nervous disorders is that they restore weak, run-down nerves to their proper state of tone. They act both directly upon the nerves and upon the blood supply. The highest medical authorities have noted that nervous troubles generally attack people who are bloodless and that the nerves are toned when the blood supply is renewed. It is thus seen that Dr. Williams' Pink Pills cure nervous disorders by curing the cause of the trouble.

Mrs J. C. Adams, Norris Lake Man says: "I am writing you at my husband's request to let you know the great benefit Dr. Williams' Pink Pills have been to him. He is a river driver and therefore much exposed to all kinds of weather and wetting. As a result he had an attack of rheumatism, and then to add to his misery a severe type of neuralgia set in, locating on the left side of the face, and causing him such terrible pain that it would drive him almost wild. He was treated by several doctors, and finally went to Winnipeg where they blistered his head and applied hot plasters which really only added more to his misery and he returned home still uncured. In this way he suffered for nearly six years, trying all sorts of medicine, but never finding a cure. One day while he was suffering I went to a store to get a liniment, but they did not have the kind I wanted, and the storekeeper asked me what I wanted it for. I told him about my husband and how he suffered, and he placed a box of Dr. Williams' Pink Pills on the counter saying, 'Take my advice this is what your husband should take.' I took the pills home with me and my husband started taking them. I am not sure how many boxes he took, but one thing is certain, they completely cured him, and he has never since had a touch of those torturing pains. You can tell how much he suffered when I say that the hair on the side of his head in which the pain was located turned quite gray. It looks odd, but he says it does not matter since the pain is gone. I believe he would not have been living now had Dr. Williams' Pink Pills not cured those terrible pains, and you may be sure we gratefully recommend them to all our friends and all suffering ones."

Sold by all dealers or by mail at 50 cents a box or six boxes for \$2.50 from The Dr. Williams' Medicine Co., Brockville, Ont.

be to their pride, the idea that the territory of the public should extend over the whole continent from the waters of the Gulf of Mexico to the waters of the Arctic Ocean, to remember that we Canadians were born under the same flag as were your ancestors, and under which perhaps they may have suffered some oppression, but which to us as has been and is more than ever the emblem of freedom.

"Remember that if you have founded a nation upon a separation from the motherland, we Canadians have set our hearts upon building up a nation without separation; that in this task we are already far advanced with our institutions, with our national identity as a people and with everything that constitutes a nation to which we are just as devoted as you are to yours.

"Remember that the blood which flows in our veins is as good, just as good, as your own, and that if you are a proud people, though we have not your numbers, we are just as proud as you are, and that rather than part with our national existence we would part with our lives.

"If my voice could be heard that far I would presume to say that our American friends. There may be a spectacle perhaps nobler yet than the spectacle of a united continent, a spectacle which would astonish the world by its novelty and grandeur, the spectacle of two people living side by side for a distance of 4,000 miles, a line which is hardly visible in many quarters, with not a cannon with not a gun frowning across it, with not an armament one against another, but living in harmony, in mutual confidence, and with no other rivalry than generous emulation in commerce and the arts of peace.

"To the Canadian people I would say that if it is possible for us to obtain such relations between these two young and growing nations, Canada will have rendered to old England, the mother of nations, nay, to the whole British Empire, a service unequalled in its present effects, and still more in its far-reaching consequences."
