

You'll Enjoy the Flavor of Pan-Dried Oats

There is a flavor to Tillson's Oats most delicious, most satisfying. A package will prove it beyond question. No black specks or hulls in Tillson's Oats. They are the cleanest rolled oats you can buy. And, because of our new flake, Tillson's makes even better porridge than ever.

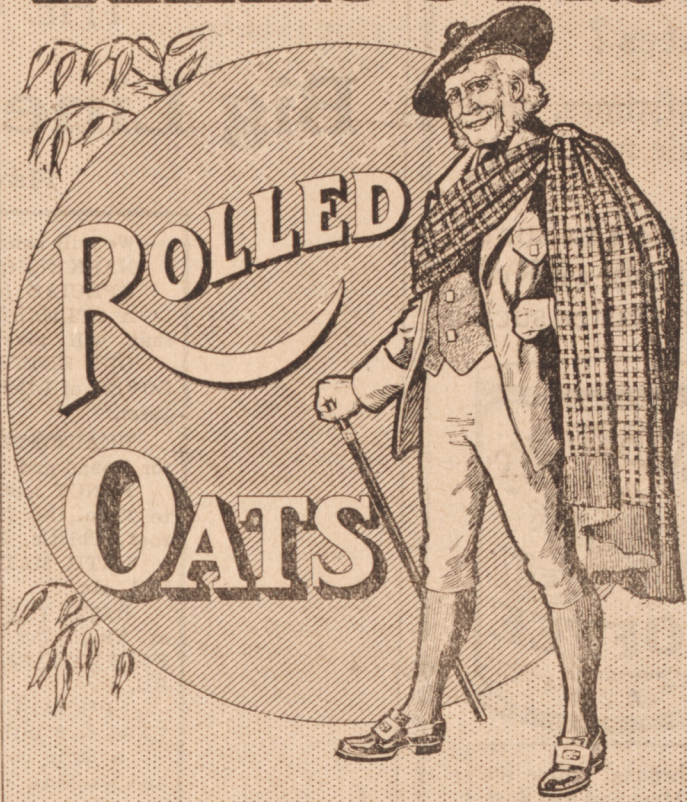

Oats, according to food authorities, are the most nutritious of all cereals—richer in proteid, fat and mineral matter. And you get the choicest, selected oats in Tillson's—the best of all breakfast foods.

Pan-Dried: A Food—Not a Fad Cocks in 15 Minutes

Two sizes, 10c. and 25c. Each 25c. package contains a handsome piece of English Semi-Porcelain Tableware.

TILLSON'S

While There is Life There is Hope

LET NO ONE DESPAIR EVEN THOUGH THE DOCTOR HAS SENTENCED HIM TO DIE

MILLIONS ARE LIVING AND ENJOYING LIFE TODAY WHO AT SOME PERIOD IN THEIR LIVES HAVE BEEN GIVEN UP BY THEIR DOCTORS.

Many millions die premature deaths because of their stupid reliance upon doctors and drugs when another and more reliable method of treatment is at hand, a treatment which does not depend upon frail human nature, which does not require a diagnosis (which is wrong oftener than it is right), a treatment which is at once pleasant, safe and sure, and which will with absolute certainty, cure any curable diseases, be it acute or

chronic, with no other effort on the part of the patient than to attach the instrument to the person at stated times, as per the printed instructions accompanying it. The instrument will do the rest.

Eighty-five per cent. of all persons declared incurable or given up to die by physicians, can be cured the prolonged by the beneficial action of, or their lives greatly

Perfected Oxygenor King

This startling assertion is susceptible of proof. We have hundreds of letters, unsolicited, showing that the "P. O. K." has the most marvelous curative powers of anything known to the world today.

The instrument is not electric; it simply uses OZONE or the oxygen in the air and forces the disease out by replenishing the diseased tissues. It's a wonder. It is the only known cure for paralysis and chronic rheumatism. There is nothing else on earth but the "P.O.K." to break typhoid fever and bring the patient back to life without any set back. It is the greatest nerve tonic and every woman in the country should use the "P. O. K."

Hundreds of cured patients gratefully acknowledge its astonishing potency in curing all classes of disease. Doctors no longer needed. Nasty medicines and poisonous drugs done away with. The "P. O. K." treatment is pleasant, safe and sure. Nothing ever placed before the public has given such universal satisfaction as the "P. O. K." nothing has ever achieved such phenomenal success.

It cures in many instances in less time than it takes to get a doctor. It will last a lifetime and is capable of keeping a whole family in health if all do not fall sick at the same time. It is the cheapest

and best doctor on earth, and is always ready for any emergency.

We will gladly send you our descriptive book, which tells you how to get cured without drugs and doctors, by simply using oxygen which is free. This book is illustrated with several drawings, some in colors, and will be sent free for the asking. We don't ask you to buy nor do you place yourself under any obligation by sending for the book. It's worth having, anyway.

All you have to do is to send us your name and address on a postal card and the book will be sent you postpaid.

Do not put it off, but send for our free illustrated book. Send to

THE OXYGENOR CO., F'ton, N. B. Can.

W. A. TAYLOR, Manager for N. B. - P. O. Box 613

FROM THE RURAL DISTRICTS

UPPER QUEENSBURY

Jan. 30.—The weather has been mild and pleasant with only an occasional cold snap, but our lumbermen have been complaining about the scarcity of snow. Last Saturday we had a fall of about eight inches, which will help the hauling considerably.

Mrs. D. C. Parent, who has been in failing health for the past week, we are pleased to say is improving again.

Mr. Wm. Ross is also much improved in health.

Mr. D. D. Ketch is not enjoying as good health as his many friends would wish.

Mrs. Bartlett, who was in very poor health for a couple of weeks, we are pleased to say has recovered. Frank Dunham is also in poor health.

Mrs. Ernest Hazelton, who had the misfortune to cut her hand quite badly several days ago and found it necessary to consult Dr. Coffin, is, we are pleased to say, improving.

Mr. and Mrs. Allan Fox and Mrs. Ed. Miller of Southamptown, and Mr. and Mrs. Cnas. Jewett of Keswick, spent a day or two recently the guests of Mr. and Mrs. Ira Hagerman.

Hanford and Ernest Hagerman and their sister, Mrs. Bartlett and Miss Parent and Miss Smith attended the dedication of the United Baptist Church at Keswick last Saturday and Sunday.

Miss Bessie Whitehead, who has been visiting her friend, Mrs. John Allan, of Hawkesbury, for a couple of weeks, is at present visiting Mrs. G. W. Grant at the Southampton Exchange.

The donation held at Mr. Ira Hagerman's on the evening of the 20th inst., was a complete success, both socially and financially. The proceeds

Mrs. David Thornton and children of Nackawick spent a Sunday recently with her mother, Mrs. Geo. Ketch. Miss Annie Gknter, who spent the past two years with her grand parents, Mr. and Mrs. A. C. Whitehead, has recently returned to her home in Grafton, Car. Co.

James McLeod, of Vancouver, B. S. who is spending the winter with relatives in N. B., was the guest of his sister, Mrs. Victoria Dunham on Saturday last.

which were to go towards the salary of our pastor, Rev. A. A. Rutledge, was presented to him by Mr. Ernest Hazelton. The sum of \$14.45 in cash, besides other things, was realized, which was thought an unusually large sum for the number present. Mr. Rutledge was both surprised and pleased and spoke very highly of not only those who attended the donation, but everyone throughout his field. The young people present seemed to enjoy themselves very much, thanks to the entertaining ability of the younger members of the Hagerman family. Music, both vocal and instrumental, was rendered, and the male quartette was unusually fine. If all present did not enjoy themselves it was their own fault.

Those who recently visited the city from this place were Mr. and Mrs. Ward Hagerman, Mr. and Mrs. W. B. Parent, Mr. and Mrs. W. F. Ingraham and James Huestis.

G. W. Bradbury is anticipating a business trip to Woodstock.

Rumor says that our organist, who recently resigned that position in the United Baptist Church, expects to fill that position in the future by the vote of the choir.

Owing to the severe storm and heavy wind our rector did not hold service in the Episcopal church on Sunday last.

W. B. Parent and George Major, who each have a horse laid up, we

MR. FLEMMING'S NOTE WAS PROVIDED FOR

(Carleton Sentinel)

In the Standard of the 16th the following passage appears in an article discussing what the present Government of New Brunswick is doing for the farmers, viz:—"Today through the activity of the department, potatoes are selling at a higher price in Carleton County than across the line in Aroostook. This is a reversal of the order of things which prevailed some years ago." Possibly for sheer nerve and impudence this exceeds anything that has been written on the subject by any of the Tory papers or politicians. Surely the Standard cannot be so ignorant as not to know that since potatoes have reached \$1.00 a barrel not 5000 barrels of New Brunswick potatoes have gone to Cuba. In December there was not even a sailing because no freight could be obtained, and in the November sailing only 12,000 lbs. were of New Brunswick origin. As a matter of fact, nearly all of our potatoes since Nov. 1st are or have been going to the Canadian west, due to better prices being available there than in Cuba, and yet the Tories are driven to such a plight for capital that they will print such nonsense as the above.

are sorry to say are still unimproved. George Wanted to buy a large horse at once.

The Ladies' Aid Society met at Mrs. W. F. Ingraham's last Saturday afternoon. The next meeting will be held at Mrs. Hazelton's.

Our ladies still seem to be in favor of the mail order houses, as they average a forty dollar order every three weeks. In adjoining neighborhoods they average much larger orders and much more frequently.

Possibly they have another motive just now for whistling. It is well known that Mr. Fleming and his friends in their blind partisanship, have done everything in their power to prevent shipments by the subsidized Government line, and nearly a year ago DeWitt Bros., who up to that time had done an honorable and profitable business were induced to ship by other means of transportation, which resulted in an enormous loss. Then again they were induced to do the same thing in September last with like results. But before this they became actively under the control of Mr. Fleming and his friends, and a new company was started in which Mr. Mayes (of affidavit fame) and Mr. Lockhart figured very prominently. They advanced some money and got control of the St. John end of the business, and it looks as if their principal business ever since has been to get enough out of it to repay themselves. The farmers of Carleton Co. have been furnishing the hay, oats, potatoes, &c., and now they are anxious to know where the proceeds of their sales have gone. It did not come to Hartland nor to the farmers.

We do know that \$5000.00 went to pay a note on which Mr. Fleming was an endorser less than twenty days ago. It would seem to be an unfortunate thing for Carleton County that Mr. Fleming and his friends have such an advantage over them, but then of course, they are on the inside.

If Mr. Fleming had attended to his lumbering operations in the Blue Bell Tract and elsewhere, instead of attempting to make political capital out of the Cuban potato business, in all probability it would have been much better for DeWitt Bros., and certainly for about one hundred honest farmers of Carleton County.

Eight-five per cent. of lame people are affected on the left side.

Tar may be removed from any kind of cloth if you saturate the spot with turpentine and rub it well.

CORRESPONDENCE

PERTINENT QUESTIONS FOR INSPECTOR McFARLANE

Should Explain Why the Tague Booze was Returned—Did a Law Officer of the Crown Have a Finger in the Pie?

To the Editor of the Daily Mail
Dear Sir,

The somewhat indefinite reports given by the press of the proceedings of the Municipal Council, in conditions were. To many, it looks of the Tague prosecution and seizure under the Scott Act at St. Croix, have aroused considerable curiosity here, as to what the real terms and conditions were. To many, it looks as if they involved a highly improper, not to say, illegal surrender, and was such a settlement as should not have been recognized or approved by either the Scott Act Committee of the County Council.

At the time the seizure was made, it was announced, with a great flourish of trumpets, that Mr. McFarlane had been successful in seizing a large quantity of liquor—say valued at \$1,000 from Tague's premises. This was taken to Fredericton and stored in the vaults of the jail, under the charge of Jailer Winter. There it remained until recently, when it appears the Inspector, influenced by the threat of a law suit, and for the purpose of securing voluntary payment by Tague of a fine of \$100, to enable him (the inspector) to effect his account and make a better financial showing to the council, agreed for that sum to improperly obtain an order from Mr. Lawson, the magistrate at McAdam, that the contraband goods should be returned to the liquor dealer in St. John, from whom they had been purchased by Tague—with the opportunity thus given him to again ship them to St. Croix, there to be sold in violation of law and order.

How can the Inspector excuse such conduct. It is true that he weakly succumbed to the threat of the law officer of the crown, acting as the adviser of Tague and the St. John wholesaler, that if the matter was not settled in the way suggested, an action would be brought against him?

It seems that further investigation might properly be made into this strange proceeding. Who has blundered?

C. T. A.

Stanley, Jan. 21st.

A WOMAN RATEPAYER WRITES OF TRAMP NUISANCE

To the Editor of The Mail:

Dear Sir—Will you grant me space in your paper to express my views on the Tramp question.

I was indeed glad to see that the question was taken up at the last session of our Municipal Council, and pleased to see Councillor Everett express himself as opposed to the practice of the Police Magistrate of Fredericton, ordering every tramp and drunken libertine, to leave the city, turning them adrift on the country people, where there are many unprotected women and children. The respected Police Magistrate claims to be "a gentleman of the Old School," Alas, where is the vaunted chivalry of "ye olden days?" There are many homes in the country, especially at the present time when so many of the men are away in the lumber woods, where there is not a man in the house, yet a woman dislikes to turn any human being from the door who asks for shelter these nights, who the mercury drops below zero, and yet is it safe to harbor such creatures?

I believe a place should be provided for such people and all persons found begging sent there, where those who are able to work should do so, and those who are unable take care of at the expense of the public. I gave meals to three persons in one day last summer they all ate a hearty meal and with a "thank you ma'am" departed, to all appearance they were far more able to work than I am. One night I refused to keep one of these "gentlemen" and he swore "long and loud," and my experience is only one of many. Hoping some one will take this matter in hand and see that there not so many tramps on the road next year I am yours truly.

MOOSE HEAD BRAND

"Skowhegan" Leather Is Used For Our Sporting Boots And Shoe Packs.

This leather is made from South American and Chicago Facker Steer Hides, and anyone in the leather business knows what superior leather can be made from these hides.

Then, these hides are oil-tanned, by a method all our own, under the personal direction of the head of our firm, who is conceded to be one of the foremost experts in the tanning world.

The leather made by this method is known as "Skowhegan" brand, of which we are the sole makers.

"Skowhegan" leather possesses a pliability, toughness and waterproofness that greatly outshines those who have never before worn Palmer's "Moose Head Brand" Sporting Boots and Shoe Packs. It pays big to look for the "Moose Head Brand" and get boots made from this superior leather.

The boot illustrated No. 402 is one of the many popular lines we manufacture.

Ask your dealer for Palmer's "Moose Head Brand" if he cannot supply you, write us, giving dealer's name.

"Skowhegan" Waterproof Paste should be used by all who want dry feet. The greatest waterproof paste made. JOHN PALMER CO., Limited. FREDERICTON, N. B.
