

SUREST TONIC IN THE WORLD

IS "FRUIT-A-TIVES" THE
GREAT FRUIT MEDICINE

Like fruit juice, "Fruit-a-tives" acts on the great blood purifying organs of the body—namely the liver, bowels, kidneys and skin, and stimulates all these parts to increased activity. The splendid nerve tonics and intestinal antiseptics, combined with the intensified fruit juices, make "Fruit-a-tives" the finest of nerve tonics.

On the stomach, "Fruit-a-tives" acts as a soothing tonic and allays all irritation.

By purifying the blood—strengthening the nervous system and regulating kidneys, bowels and skin—"Fruit-a-tives" builds up the whole system as nothing else will.

"Fruit-a-tives" is a really wonderful medicine—being made directly from fresh fruit—and is the intensified juices of apples, oranges, figs and prunes. "Fruit-a-tives" is the only medicine in the world made of fruit. It is mild in action—pleasant to take—and is a tonic of inestimable value.

50c. a box. 5 for \$2.50, or trial size, 25c. At all dealers, or from Fruit-a-tives Limited, Ottawa.

SIR ROBT. PERKS TALKS

New York, Oct. 25.—Sir Robert W. Perks, a prominent English Methodist dropper, in on two hundred Methodist droppers at their weekly meeting to-day and pitched into American Methodists, especially ministers, who admit to their churches attractions in the shape of music and concerts, and who preach short sermons to humor a busy public.

"Gentlemen," said Sir Robert, "you cannot fill your churches by preaching mediaeval sermons. A preacher must be up-to-date. In Britain, I am glad to say, it is not necessary to advertise special music and a picked quartette in order to induce Methodists to come to church. A preacher there does not subordinate himself to counter-attractions. I have seen more of such sacrifices in America and in Canada than I like to see. I think such sacrifices should cease. When the pulpit declines the whole fabric declines. And the pulpit does decline when it is overshadowed, as it too often is."

"Why give up a time-tried weapon, the Gospel in its purity, delivered by a strong preacher, that has fought the battles of Methodism for a hundred and fifty years, for new and improved methods? The preacher who preaches the old Gospel, but in up-to-date ways, that are understood by the people of our day, is the preacher who will succeed in America and in Britain, and deserve to do so."

THE MANUFACTURERS' ONLY POLITICS IS PROTECTION

In his valedictory address at Toronto as President of the Canadian Manufacturers' Association, Mr. W. H. Rowley gave expression to certain remarks which the farmers and consuming classes of all Canada, and of the West in particular, will do well to take them with even more than the proverbial grain of salt. According to the telegraphic reports of Mr. Rowley's speech that gentleman said:

"The vote of the people cannot be distorted into a building permit to heighten the tariff wall but it endorses the policy of reasonable, moderate, fair and practical protection. Beyond that it does not go. Some items in our tariff may not be fair. Then let us put them right after ascertaining all the facts and consulting the interests of all concerned, but once we have the tariff right, let it be maintained on a reasonable stable basis so that our people may be satisfied."

All of which sounds very fine but what Mr. Rowley and his manufacturing friends regard as mere "reasonable, moderate, fair and PRACTICAL protection" will be found to be in reality stiff high protection. The word "practical" in the eyes of the Big Interests mean nothing more nor less than shutting out all foreign competition and in cinching of the Canadian market for Canadian manufacturers and for them alone. And they class British goods as "foreign" to exactly the same degree and extent as they do German or United States goods. The tariff will not be "right" in their eyes until it is high enough to give them the absolute power of dictating prices to the Canadian people.

Further in his speech Mr. Rowlings said:

"Let me make it clear and emphatic. All reports to the contrary the Canadian Manufacturers' Association took no part in the recent contest." The Leader does not believe a word of this declaration nor will the people of Canada believe it. Mr. Rowley is the man who sent a letter of intimidation to the employees of his Company on the eve of the election asking of them a pledge that they would vote and work against reciprocity, lower tariffs and the Laurier Government. Not only so, but this same Mr. Rowley on the occasion of his election to the office of President of the Manufacturers' Association at Vancouver in September of last year, announced that his politics was not Liberal, nor Conservative, but "protection" and he urged every member to sink party policies for the good of the Association and

protection. Mr. Rowley's own words, in uttering this celebrated confession of his political faith were:

"In season and out of season, in favor and out of favor, liked or disliked, I have believed in Protection, have always advocated it, and will always continue to do so. I have no policies other than protection, and I hope none of you have. If you have them I think you should sink them for the good of the Association, for Protection is the only politics the Association should recognize."

This the real situation of Mr. Rowley and the Manufacturers' Association. It is an openly selfish attitude. Mr. Rowley and the Manufacturers' Association did take an open and active part in the recent election, and the whole country knows they did. And the people of Western Canada will not be deceived for a moment by his recent Toronto utterances. In that Toronto speech he said they could not overlook "the significance of the almost solid vote in Alberta and Saskatchewan." He is quite right in so saying, they cannot overlook the significance of that vote nor can they delude the people here by now uttering deliberate falsehoods as to their attitude in opposing the wishes of the people of this Western country. Mr. Rowley may consider our people fools, but they are too wise to be fooled by him, and they have not forgotten nor are they likely to forget, his Vancouver definition of the only kind of politics entertained by the Canadian Manufacturers' Association. —Regina Leader.

ONTARIO MURDERER CONFESSES CRIME

Sudbury, Ont., Oct. 25.—Peter Horachuk, a Pole about eighteen years old lies dead at Victoria Mines, with his left side blown in and Nick Smith in Sudbury jail, charged with the murder, has confessed. Bircher and Seymour discovered the body in scrub brush and saw Nick Smith concealed in a cavity under two logs. Smith came out when bidden.

The young Pole admitted being the slayer, but would not say why he did it. Bad blood had for some time existed between the two men.

The St. Louis Browns certainly "came back" when they defeated the Cardinals in the post-season series. In the spring series the Cardinals won seven straight games from the Browns.

MUCH MYSTERY IN STRANGE HOLD-UP

Fort William, Ont., Oct. 25.—A. R. Running, the discharged teller of the Royal Bank, who at one o'clock Monday held up the teller of the bank and relieved him of \$4,835, came before Magistrate O'Brien in the magistrate's chambers, and was remanded for preliminary trial until Thursday.

After the first flush of excitement caused by the excitement of the affair, Running collapsed in his cell, and sobbed bitterly when he was being taken to police headquarters. He was bold and unabashed and nodded freely to those whom he knew as he passed along the streets to the hearing. The money taken was recovered within an hour. Only a few minutes after the arrest was made he was visited by Miss Ross, the girl to whom he was to have been married on Thursday, the day set for his trial. To her he would give no explanation of his rash deed. The interview lasted several minutes, and after it was concluded, Miss Ross told a reporter that in her opinion her lover must have been mentally unbalanced at the time of the deed, for they could have got along very nicely on what money they had. That he could have let himself commit such a crime is to her a source of wonder.

In tears she denied the stories that are about, to the effect that Running was a drug fiend.

Running has been employed by the Molsons Bank and by the Bank of British North America. He worked for the Molsons Bank in Brockville, and he has also worked in a Vancouver bank. He has been in Fort William for about six months, having come here from Winnipeg. He has been with the Royal Bank for a year and a half.

THE LATE BEDFORD STAIRS

Hartford, Oct. 21.—The many friends of Bedford Stairs will learn with regret the news of his death, which took place at his home at Hartford, on Monday, the 16th inst. He had reached the age of 65 years. Deceased had been in failing health and had many severe sick spells during the past three years, but was only confined to the house for three weeks previous to his death. He leaves to mourn his demise a wife, and four daughters, Mrs. S. B. Doucette of Fredericton, Mrs. H. R. Estabrooks of St. Stephen, Mrs. J. Alex. VanWart of Woodstock and Elva at home, who were all with him at the time of his death. He also leaves one brother, Shadrach, of Campbell Settlement, besides a large circle of more distant relatives and friends.

The funeral service was held at the United Baptist Church by Rev. A. A. Rutledge, who preached an appropriate sermon from Rev. VIII, 13, 14, 15. Interment was made at Patterson cemetery.

IN MEMORIAM.

As we sit around the fireside,
On a chilly autumn night,
While the wind outside is sighing,
All within is warm and bright.

But there comes to us a heartache,
Such a bitter, longing pain;
For a loved one now has left us
Nevermore to come again.

We have lost a loving father
How we'll miss his gentle face;
As his chair sits sadly vacant
In its old accustomed place.

He was always kind and gentle,
Through his sickness patient still,
And when nearing life's last gateway
Fowing to the Savior's will.

As we watched him fade before us,
With our gentle mother there,
Our hearts were brave for her sake,
For we knew she'd miss his care.

Though it's hard to do without him,
Yet we know for him 'tis best,
For his suffering now is ended
And he's entered into rest.

Many years he kindly guarded,
With a loving tender care;
Now he has a home in glory
And we hope to meet him there.

Years may come and go, still sadly
We will ever think of him,
But we'll wait and hope to greet him
When our eyes with death are dim.

The Rayo Lamp

It Never Flickers

The long winter evenings give a woman a splendid chance for sewing or embroidery; but her eyes suffer from the strain unless she has a good light.

The Rayo is the best lamp made.

It gives a strong, diffused light that is remarkably easy to the eyes. There is no glare to it; no flicker. It lights up a whole room.

The Rayo is an economical lamp, too.

You get the most possible light-value for the oil burned; and the Rayo itself is a low-priced lamp. Yet it is a handsome lamp—an ornament to any room in the house.

The Rayo Lamp is easily lighted without removing shade or chimney; easy to clean and rewick. Made of solid brass, nickel-plated; also in numerous other styles and finishes.

Ask your dealer to show you his line of Rayo lamps; or write for descriptive circular to any agency of

TO DISCUSS SOCIAL CENTRE IDEA

Madison, Wis., Oct. 25.—With an opening address by Governor Woodrow Wilson of New Jersey on "The Need of Citizenship Organization," the most notable conference ever held in America to consider the problems of the social center movement gets under way here tonight for a three days' session. Hundreds of delegates arrived today to take part in the conference, which meets under the joint auspices of the extension department of the University of Wisconsin and the Social Center Association of America.

The proceedings are certain to attract widespread attention, if for no other reason than that the conference is the first national gathering ever held for the purpose of furthering the social center movement. If the hopes of those interested in the movement are fulfilled the near future will see every school house in the country made a public meeting place for non-partisan gatherings of citizens for the presentation and discussion of public questions and for other social, civic or recreational activities.

In addition to Governor Wilson the prominent speakers to be heard at the several sessions include Senator Moses Clapp of Minnesota, Dean H. L. Russell of the College of Agricultural of the University of Wisconsin, Clarence A. Perry of the Russell Sage Foundation, Dr. John R. Commons of the Wisconsin Industrial Commission, Livy S. Richard of Boston, and Dr. G. E. Young, health commissioner of Chicago.

The conference will conclude Saturday evening with a banquet at which toasts will be responded to by William Allen White, Colonel S. S. McClure, Dr. Josiah Strong, Miss Zona Gale, Frank P. Walsh and Mrs. David Kirk, the first woman school superintendent in America.

Electric Restorer for Men
