## WINNIPEG ELEC.

Winnipeg, Man., Oct. 24.—The purchase of the Winnipeg Electric Railway and Company's plant, which may be consummated today, is more far-reaching than appears on the surface. It is understood that the F. W. Heubach syndicate which owns Tuxedo Park, has gone in with the New York syndicate who are buying the Street Railway, and has agreed on two million dollars as his price.

It is the intention to establish a big industrial centre south of the residence portion of Tuxedo Park, near the big cement plant owned by the Canada Cement Company's building. This, with the removal of the C. N. R. shops from Winnipeg to St. Boniface, G. T. P. shops and other big industries building in Trancoona, new stock yards will give the syndicate a large market for power, and it is believed that the syndicate would not be adverse to letting the Winnipeg Municipal plant have the monopoly of light and power in Winnipeg. The city on its part would be willing to pay the syndicate a generous sum for the privilege of Street Railway eliminated. Indications are that this deal will work out highly satisfactory to both Winnipeg and the new syndicate and give profitable results.

## QUEBEC RAILWAY

If it were not for that four per cent. dividend on Quebec Railway stock, Mr. Forget might be congratulated on the favorable record of gross and net earnings for the year. As it is, there will be considerable doubt as to the permanency of what the company call "a quarterly dividend of one per cent." It will be remembered that the officials never "officially" stated that the stock was on a four per cent. basis, though it has been put on record in a semi-official manner. The "Street" and Stock Exchange members also have been allowed to accept the stock as being on a four per cent. dividend basis. Perhaps it was a one per cent. quarterly dividend, "subject to earnings," the latter to be "understood" by prospective buyers of the stock.

## J. HAWTHORNE STOCKS

Wall Street, Oct. 24.—Complaints made by friends of United States Senator Root to the Post Office Department led the Federal Grand Jury to begin a secret enquiry into the affairs and business methods of enterprises promoted by Julian Hawthorne, the writer and son of Nathaniel Hawthorne.

Among the witnesses to be examined are officers and employees in the Hawthorne companies. These include the Hawthorne Silver and Iron Mines Co., capitalized at \$15,000,000, which is alleged to have disposed of \$10,000,000 in stock to investors scattered all over the country.

In the promotion of these enterprises Hawthorne is said to have been assisted by Albert Freeman and John McKinnon, Josiah Quincy, former Assistant Secretary of State and former mayor of Boston, and J. B. Hanna, of Philadelphia, a nephew of the late Mark Hanna, are said to have been interested in the Hawthorne properties.

The Hawthorne silver and iron mines are in the Temagami district, north of Kingston, Ont.

## BUTTER PRICES STRONG

Receipts of butter to-day were 168 packages, as against 99 for the corresponding date of last year. The local market is strong, with choicest Townships quoted at 27½ to 27¾c. and seconds at 26c. to 26½c.

## CHEESE MARKET STEADY

Receipts of cheese to-day were 12,694 boxes, against 12,971 for the corresponding date of last year. The local market is quiet, but steady, with finest westerns quoted at 13½ to 14½c. and easterns at 13½c. to 13¾c.

## U.S. STEEL COMMON SHOWS WEAKNESS

(By direct private wire to J. C. Mackintosh & Co., 604 Queen St. Fredericton)

New York, N. Y., Oct. 26.—Although intensely dull by reason of the suspense in connection with the question of approval of the tobacco plan, yesterday's stock market showed considerable degree of inherent strength. There was noted the same disposition of particular stocks to break away from the trend and other evidences that a condition of equilibrium had been restored.

Professional interests as a rule, expressed the opinion that a prominent upward reaction would follow an approval of the Tobacco plan along lines proposed by the court. This it is urged, would have wide and favorable bearing upon the so-called trust question and would stimulate a normal recovery of business. The estimate of the amount of cotton ginned to Oct. 17, indicating by far the largest crop on record, again drew favorable attention to the Southern aspect. As cotton is by far the largest international exchange maker, there is every prospect that the country's foreign trade balance during the next

few months will break all previous records.

Despite weakness in Steel stocks general market succeeded in maintaining good tone in the early part of the second hour and the action of the general list tending to strength.

en belief that final clean up of demoralized conditions in steel trade was close at hand. Republic Steel pfd sold down 2½ to 78 and common fell a point to 19½; C.F.I. declined 1½ to 2½; N. & W. did not stay down. Rumor of a lease by Panhandle was revived. Erie convertible bonds were relatively stronger than the stock a factor which was regarded as significant and important.

Detroit has declared the regular the regular quarterly dividend.

Head Office: St. John, N. B.

In offering the above stock to Canadian investors we draw attention to the following points.

The Bank of New Brunswick, established in 1820, has always been noted for the conservation of its management, and stands to-day one of the strongest of Canadian chartered banks.

It is the only large bank that is, in the full sense of the word, a Maritime Province Institution—its head office is situated at St. John and its branches, with the exception of the one in Montreal, are all located in the Maritime Provinces.

The strength of its position is attested by its statements. They show that the Bank's reserve is 80% greater than its capital—the savings deposits are nearly seven times larger than the capital—the average earnings for the last nine years have amounted to 18.58% on the capital.

It is one of the few Banks in Canada which has established a rule of having an independent audit.

From 1886 to 1908 it paid dividends at the rate of 12% per annum; since 1908 it has paid 13%.

As the Bank of New Brunswick is now the only bank with headquarters in the Maritime Provinces, every investor in Eastern Canada should take pride in having an interest in it.

Price: \$260 per share to net 5 per cent on the investment.

Stock is tax exempt in city of Fredericton.
