DO YOU KNOW why the STOCK of the Dominion Trust Co., Limited.

Is so SAFE?

BECAUSE—

It is non-speculative, well and carefully managed.

It is doubtful if any other Trust Company in Canada has been so successful in handling business so economically although efficiently. The gradual reduction in percentage of expense to earnings speaks well for the future. It has been reduced from

53.9 per cent. in 1906 to 40.3 per cent. in 1910

At the present price the Stock pays a good dividend on the investment in addition to a BONUS.

We recommend these Shares as in our opinion a Safe Investment in which there is an unusual opportunity for increase of PRINCIPAL and INCOME.

MANY THOUSANDS WILL FOLLOW HIS EXAMPLE

To the Editor of the Toronto Globe
In a letter to your paper, under date the 5th of March last, appearing on the same page, and framed in at it were, with "Sir Wilfrid Laurier's Vindication." I stated my reasons for opposing a resolution at a Conservative meeting endorsing the action of the leader of the Conservatives and his following at Ottawa on the reciprocity question. I stated that self-respect would not permit me to vote with my party friends, and that I was very decidedly opposed to the annexation and disloyalty cry. This attitude was strongly emphasized in my letter above referred to, where I said that it was "a dishonest cry," and that, as a Canadian, I was ashamed of it. This letter was written early in the controversy, and before the Premier had spoken on the question. Several months have passed, and in the interval, as far as time would permit, I have read the different opinions expressed both in and out of Parliament, and compared the Opposition criticisms with the Government's proposals, and am more than ever convinced that for once in thirty odd years, I must on this question, to use a familiar expression, "cut loose" from my party. I regret very much the position of the great Liberal-Conservative party on this question, and their determination to prevent the passing of the

agreement, as I believe it is the duty of the party now in power at Ottawa and who are responsible to the country for introducing this reciprocity measure, to keep faith with the Canadian people, and our American friends, by passing the agreement without an appeal to the country; and the Conservative party opposing it are disloyal to our constitution and their proper and dignified position as his Majesty's loyal opposition, when they seek to force the will of the minority by obstruction such as we see reported from day to day. Those who remember Canadian political life of twenty-five years ago may tell us that at that time men on both sides were ready to consider annexation or political union with the United States. Since then we have twice doubled our trade with the American people, and during that period Canadian national and Imperial spirit has steadily strengthened and increased, until today political union or annexation is never considered, and would not be granted for anything the Americans could offer. On the contrary, trading on equal terms will tend to increase the national and Imperial spirit, and the self-reliance and independence of the Canadian people.

J. F. Lillierap.
Lakefield, July 27.

LIBERALS IN THE WEST ARE SURE OF A SWEEP

Winnipeg, July 31.—Liberals in no part of Canada heard with greater satisfaction the announcement of the dissolution of Parliament than did the members of the party in Winnipeg and Western Canada generally. It means practically a clean sweep for the Liberal candidates in the west and no better confirmation is needed than to go back and review the reception Mr. Borden met with on his recent tour.

The Conservative leader addressed thirty-eight regular meetings and twenty-seven special ones, at the request of the grain growers. At not one was his stand on reciprocity endorsed, but with the exception of a dozen, the resolutions presented by the grain growers met with the heartiest approval. Policies advocated by the Opposition leader—terminal elevator ownership, Hudson Bay Railway, tariff commission and aid for cold storage—were lost sight of by his audiences in face of the opportunity to grasp something tangible—a market of ninety millions for farm products.

No boards of trade, no organized public body, made the slightest effort outside of arranging courteous receptions, to back up Mr. Borden's policies as beneficial to the west, but on the contrary, grain growers representing two thousand, beseeched him to withdraw his opposition to reciprocity. Even the Conservative leader in Saskatchewan, Mr. Haultain refused to endorse Mr. Borden's stand on reciprocity at any meeting he addressed, and outside of Manitoba, the local party leaders "shied the issue," as arranged by Mr. Borden.

In Manitoba the Liberals have called seven out of ten conventions for the next ten days. Winnipeg and Provencher is not announced and in Macdonald it is understood Mr. R. L. Richardson will be the candidate against Mr. Staples. Mr. Richardson in his Winnipeg paper is advocating reciprocity strongly and will not be opposed by the Liberals. In Portage La Prairie, Mr. Colin McMillan, the largest farmer in Manitoba will oppose Mr. Meighen, and this will give the latter little chance of again being returned.

In Brandon Mr. Rod. Mackenzie, Secretary of the Manitoba Grain Growers will be supported by the Liberals. In Dauphin, Glen Campbell will be posed by John Campbell, ex-M. L. A. Dr. Shaffer will have John Williams, ex-M. L. A., as opponent. In Lisgar, Mr. Sharpe the present member will have to give way to Frank Greenway a very popular young man, nephew of the former premier.

All the present members in the House will run again except Mr. Sifton. These include Dr. Molloy, the popular Liberal member for Provencher, who will have an easy victory. His constituency is a border one and it is not safe to oppose reciprocity in constituencies which run along the border line. In the case of Mr. Haggart, member for Winnipeg, he will probably be appointed police magistrate and it is understood that Hon. Robert Rogers is ambitious to represent Winnipeg.

Who the Liberals will nominate is not known, as Mr. J. H. Ashdown whom they desired has not consented yet. Hon. Mr. Rogers should not be a hard man to defeat in Winnipeg but he stops at no tactics to carry his point and has a pernicious machine in the liquor license holders.

In Saskatchewan the Liberals will carry every seat. Nearly all the Conservative members of the Legislature are favoring reciprocity, including

NEWSPAPER MEN WERE EXPELLED

London, Aug. 2.—Word was received here today that two newspaper men Francis McCollough and Alan Oetler had been expelled from Agadir Morocco by the Kadija of Agadir on the ground that they were not provided with letters of introduction to him. The correspondents were refused to shelter and were forced out.

GOOD INVESTMENT

Debentures issued by the Town of Campbellton to the amount of \$100,000 have been bought at par by a Montreal investment company. City and town bonds are considered good investments. Of the \$10,000 worth of Street bonds offered by the city of Fredericton at par all but \$1,500 worth have been sold.

UNIQUE TODAY

The vaudeville act at the Unique today is the Bel Canto trio and they promise to draw big houses. The great 500 mile auto race is a feature film that no one should miss. It is highly exciting and altogether a wonderful exhibition. The other subjects are also especially good.

CORRECTIONS

An esteemed Stanley correspondent informs us that the statement in The Mail that Douglas Bros. have planted thirty acres of potatoes on their farm at Stanley last spring was not strictly accurate. It adds that they are growing thirty acres of potatoes all right but the land is not owned by them; it was leased from farmers in the vicinity. The Mail cheerfully makes the correction and at the same time wishes to commend Douglas Bros. for the foresight they displayed in getting their mails trimmed to catch the reciprocity breeze.

HAD BAD LUCK

Telegraph—P. W. Cass, of Fredericton, passed through the city last night en route from Mispec, where he was visiting his daughter, Mrs. Jas. B. Whelpley. His son-in-law, Mr. Whelpley, was drowned when the schooner Tay went to pieces on Mount Desert a few days ago. It was the third time that Mr. Whelpley had been shipwrecked. Much sympathy is expressed for Mrs. Whelpley in her bereavement.

It is persistently rumored in local political circles that Solicitor General McLeod will resign his portfolio in the local government and seek nomination in York for the Federal House. The Solicitor General has a good many friends, some of whom are under the impression that as a member at Ottawa, sitting in the cool shades of opposition he will do his party less harm than he has proved himself capable of doing as a member of the legislature holding a portfolio.

Premier Haultain

In Alberta Messrs. Herron, McCarthy and McGrath are three Conservative members. They all represent southern seats. Mr. Herron will be wiped out if he opposes reciprocity. Mr. McCarthy, Calgary's representative, will retire and Mr. McGrath is popular in Medicine Hat riding, and may win. Four Liberal seats are safe. The only regret in the west is that time was not given for redistribution thus depriving this portion of Canada of additional representation.

HER HANDS WERE RAW

HAD TO WEAR RUBBER GLOVES

"Fruit-a-tives" Completely Cured The Eczema

GRANDE LIGNE, QUE., Jan. 2nd, 1910
"My wife was troubled for three years with Eczema on the hands which made her hands almost useless. The doctor gave her several ointments to use, none of which had any effect. He also advised her to wear rubber gloves (she wore out three pairs). I persuaded her, as a last resort, to try "Fruit-a-tives". The effect was marvellous. Her hands are now cured. We both attribute our present health to "Fruit-a-tives."

N. JOUBERT.

Eczema, Rash, Pimples, Itching and Burning Skin are always caused by impure blood—due to chronic constipation, indigestion or some weakness with the kidneys.

"Fruit-a-tives" is a positive cure for all Skin Troubles. It is the greatest blood purifying medicine in the world—and is the only remedy made of fruit juices.

50c. a box, 6 for \$2.50, trial size 25c. At all dealers, or sent on receipt of price by Fruit-a-tives Limited, Ottawa.

BAPTIST YOUNG PEOPLE AT TEXAS

Palacios, Texas, Aug. 2.—If a good attendance and attractive program make for success the twenty-first annual encampment of the Baptist Young People's Union of Texas, which opened here today, will be one of the most profitable summer assemblies ever held in this section. The programme covers two weeks and provides for lectures and addresses by a number of religious workers of wide prominence. Among them are Dr. S. J. Reid of Belfast, Ireland; President Brooks of Baylor University; Rev. B. H. Carroll, D. D. President of the Southwestern Baptist Theological Seminary, and Rev. William J. Williamson, D. D., of St. Louis, President of the Baptist Young People's Union of America.

INVENTOR OF THE ELEVATOR

Boston, Mass. Aug. 2.—One hundred years ago today there was born in the little town of Hallowell, Me., a man whose inventive genius led the way for the erection of the skyscraping buildings that now distinguish every American city, and incidentally added millions of dollars to the value of real estate.

The man was Elisha G. Otis. His invention was the elevator undoubted by one of the most important and useful inventions of the nineteenth century. Without the facilities offered by the elevator for reaching any desired height the tall building of today, it is hardly necessary to state would be wholly impractical. Otis began life as a farmer, but his inventive genius led him to turn his attention to mechanical pursuits. After engaging in various lines of manufacturing in Albany, Troy and one or two other places he finally located in Yonkers where he was given charge of the erection of some buildings for a manufacturing company.

In erecting the buildings it became necessary to construct an elevator for use on the premises, and in connection with this Mr. Otis devised a plan to prevent the fall of the platform in case of the breaking of the hoisting cables. It was this safety device that brought the elevator into practical use.

Mr. Otis first demonstrated the safety and utility of his invention at the international exposition held in New York city in 1853. Within a few years thereafter the elevator system was introduced into public buildings. The old Fifth Avenue Hotel which was torn down only a few years ago was the first to install an elevator and for a long time it was an object of curiosity to all visitors to the metropolis.

Mr. Otis lived to see his invention come into general use not only in America but throughout a large part of the world. He established a factory for the construction of his elevators in Yonkers, where he resided until his death in 1861. While his name will always be inseparably linked with his invention of the elevator he was fertile in other lines of invention and improvement, among his products being a machine for making blind stapes, an automatic wood-turning machine, a steam plough and a rotary oven for use in the making of bread.

Electric Restorer for Men

Phosphoric restores every nerve in the body to its proper tension; restores vigor and vitality. Premature decay and all sexual weakness is cured at once. Phosphoric will make you a new man. Price \$1 a box or two for \$2. Mailed to any address. The Best Drug Co., St. Catharines, Ont.

RIFLEMEN SHUN!

A meeting of the York County Rifle Association and all marksmen interested in shooting will be held in the Curling Rink, Friday evening August 4th at 8 o'clock for the purpose of making arrangements for the annual shoot to be held on the St. Mary's Rifle Range Thursday August tenth.
