

WHAT RECIPROCITY MEANS TO THE CANADIAN PEOPLE

(Toronto Globe)

Reciprocity has now passed at Washington. Whether it becomes law or not rests with the Canadian Parliament and people. It is worth recalling the terms of the agreement and pointing out in a general way its meeting to the two countries affected. The bill is a tariff amendment, divided into three scheduled, embodying a large free list on natural products, and reduced duties on food products and certain manufactures.

For farmers there will be distinct advantage in free access to the United States market for the following, among other articles, upon which duty is now levied:—

Cattle	Onions
Horses and Mules	Apples
Swine	Pears
Sheep and Lambs	Peaches
Poultry	Grapes
Wheat	Butter
Rye	Cheese
Oats	Fresh Milk
Barley	Fresh Cream
Beans	Eggs
Potatoes	Hay
Corn	Straw

Canadian fishermen will be rewarded by free access to the United States market for the following products of the rich waters of the Dominion:—

Mackerel	Herrings
Halibut	Salmon
Cod	Oysters

Lobsters

Canadian lumbermen will gain by the free admission to the United States of the following standard products:—

Timber, hewn, sided or squared
Sawed boards, planks, deals
Paving posts, railroad ties and poles
Wooden staves
Pickets and palings,

The mining man will find better sale for his goods by free access to United States markets for:—

Feldspar, Mica, Talc, Salt, Asbestos

Consumers on both sides will thank the negotiators of this agreement for reduced duties on many articles now bearing varying taxes, and among them:—

Meats, fresh or refrigerated; bacon and hams; beef and pork, salted; canned meats and poultry; lard, tomatoes and other vegetables, wheat flour and oatmeal; prepared cereal food; bran, middlings and other offals of grain; macaroni and vermicelli; biscuits, wafers and cakes; canned fruits; agricultural implements; cutlery; paving stones; clocks and watches; canoes; motor vehicles.

Canada is now the third best customer of the United States. Under reciprocity we will sell more to the United States of the things we do not need and which the United States does need; we will buy more of what they have to sell and what we want to buy. We will continue to buy from Great Britain the fabrics and other articles with which she can best supply us. But instead of free access only to the British market for natural products we will have also the increasing demands of the United States.

Laurier and the larger markets is the policy for Canada.

ST. JOHN FORFEITED

GAME TO WOODSTOCK, ANOTHER ROW ON

Woodstock took a game by default from the St. Johns at St. John yesterday and the matter will probably have to go to the league executive to decide. The Woodstock team went to St. John prepared to play. The grounds were locked and under police guard and under instructions from Secretary H. M. Blair of the league executive, Woodstock claimed game by default. The St. John baseball magnates claim that as the Woodstock team did not take their position and a ball was not pitched over the plate, the game could not be claimed by default.

The St. John sporting public does not take kindly to the mix up.

The Telegraph says:
"If the New Brunswick and Maine league goes up in smoke the baseball managers and not the fans will be to blame."

"Woodstock did the right thing in coming here yesterday. They had had instructions from Secretary Blair, and of course there was no alternative."

Manager D. B. Donald of the Marathons, now appears as the "power behind the throne," in the St. Johns, a rather curious state of affairs.

The Standard has the following:

"One of the propositions that will be placed before the executive is to have the arrangements for a five team league and drop the Woodstocks out of the league on the grounds that they had players who have been guilty of disorderly conduct. It is stated by the local management that Woodstock is the only team in the league who have had any difficulty with umpires."

The proposition is a cool one, but may not prove acceptable to the teams not controlled by the St. John people.

BASEBALL NOTES

"Kid" Nichols, the old Boston pitcher, is scouting for the Detroit Tigers.

As a pinch hitter with the Giants, Mike Donlin had a batting average of .333.

Joe Wood of the Boston Red Sox must be included in the list of real star pitchers.

The Highlanders have found Detroit easy pitching, but the White Sox have the Yankee goat.

President Comiskey of the Chicago White Sox has signed Irving Kantieler, a California pitcher.

McKeezie looks to be the best man the Pirates have had on first base for many a day.

Johnny Evers, of the Cubs, who is resting in the Adirondacks, writes that his health is greatly improved.

Several major league clubs are bidding for Herb Byram, the Pacific Coast League star now pitching for Sacramento.

It is said that Little Rock will get the Mobile franchise and once more be a member of the Southern League.

After winning a bunch of games at home the Cleveland Naps took a bad tumble during the Eastern invasion.

The American Association is having a great pennant race this season with at least six teams having a chance to cop the flag.

Manager Lave Cross of Charlotte, N. C., and Tom Dowd of New Bedford, Mass., two old big leaguers, have found the going too tough and quit the job.

The Baltimore Eastern League team, has got a bunch of heavy hitters in Rath, Schmidt, Seymour and Egan.

Atlanta has a winning team for several years past but this season finds the Crackers in the cellar of the Southern League.
