## LIBERAL CONVENTION

A Convention of the Liberal party of the County of York will be held on Saturday the nineteenth day of August instant at 2 o'clock p. m. at the Pitt's Building, York Street, Fredericton, for the purpose of selecting a candidate for the Dominion Election now about to be held.

All friends of the Liberal party are invited to attend.

Dated the 12th day of August 1911.

EDWARD MOORE  
President York County  
Liberal Association.

## ANOTHER CONVERT

Mr. Charles J. Willis formerly editor of the Amherst Times who heartily supported Mr. E. W. Rhodes M. P. in the last election in Cumberland, N. S., has come out squarely for reciprocity. In an interview with the Amherst News he refers to the number of vacant farms in Nova Scotia and claims that with the markets of the United States opened to the farmers of the Maritime Provinces these farms would be occupied. With our limited markets, farmers only raise produce to supply the local demand and hence the high prices paid by the workmen for their supplies. The markets are supplied by just a few farmers whose farms are adjacent towns and cities and vacant farms repopulated he says means thousands of pairs of boots, more clothing, towelling, trunks, stoves and numerous other articles manufactured in the county.

With the duty of 25 cents a bushel on potatoes removed by the United States and \$4 a ton on hay the farmers of this county should be able to realize that much more on these products.

He claims that the workmen will not have to pay exorbitant prices for his dinner table requirements and that the farmers will benefit by the stability of prices that will be maintained on hay, potatoes and dairy products.

Last but not least is the increased activities in the lumber business that will ensue. While we have the English market for our deals, the removal of \$1.25 per thousand feet on boards is like getting a present from your best friend. Not many boards are shipped to the English market, and most of this by-product of the mills going to the United States and South America, by far the larger quantity going to the United States for which even under the existing United States tariff a good price is obtained.

The views of Mr. Willis are quite in harmony with those expressed by Mr. W. C. Milner and the Conservative newspaper man who is familiar with conditions in the Maritime Provinces. The arguments he advances in favor of reciprocity are unanswerable.

Don't forget the Liberal convention to be held in the Pitts building on Saturday afternoon at two o'clock. Delegates coming by train from a distance can return home the same evening.

in tea must be distinctive, pleasing and unvarying to merit continuous use. The flavor of Red Rose Tea is all its own; and it never fails to win and hold approval because it never fails in quality. Try it.

York is one of the counties that stands to derive a wonderful benefit from the reciprocity agreement. It should be represented in the next Parliament by a man who will vote for the ratification of the agreement. Such a man will be selected at the party convention held in the Pitts building York Street on Saturday afternoon at two o'clock. Let there be a great rally of all friends of reciprocity.

The Canadian Bank of Commerce has eleven million dollars in call loans outside of Canada at the present time the bulk of it being in the hands of Wall Street operators. Yet Mr. Byron Walker the head of this institution thinks that if the farmers sold their produce to the United States, it would lead to annexation.

Our old friend Mr. Pinder attended the Tory convention and declared that "any Canadian with any regard for his country would not vote for reciprocity." Mr. Pinder at last accounts was still shipping laths to the American market.

A despatch to the Moncton Times refers to Mr. Luther B. Smith the Tory candidate in Queens and Sunbury as "a wealthy lumberman who was elected by a large majority as warden of Sunbury."

The local graft organ is even claiming Victoria-Madawaska for the Tories. In the last election in this constituency the Tory candidate lost his deposit.

The report that the Yankee trusts are raising a million dollar corruption fund for the Tories has put the editor of the local graft organ in great glee.

If the farmers of York and Sunbury could sell all the potatoes they can raise at \$1 per barrel they would be much more prosperous than they are at present.

Whatever barnstorming Mr. O. S. Crockett has to do in other counties he should attend to at once. In another week his services will be in great demand at home.

The Tories are opposing reciprocity and the larger market, but they have nothing to offer the electors in the way of a substitute.

Mr. J. Sutton Clark, a prominent Conservative of St. George, has come out in favor of the reciprocity agreement.

The rainstorm of yesterday was a mild affair for the Tories in comparison to the one that will overtake them on Sept. 21st.

The Tories are expecting great things in Quebec from their alliance with the Nationalists, but they will be disappointed.

Many prominent Conservatives who have hitherto been to the forefront at election times were not in evidence at yesterday's convention.

It is pretty well known that Mr. O. S. Crockett is having great difficulty in whipping his supporters into line on the reciprocity question.

At least seventy-five per cent. of the electors of York would vote for reciprocity if it were not a party question.

ANOTHER BOMB  
OUTRAGE AMONG  
NEW YORK ITALIANS

New York, Aug. 17—Antonio Colarusso had just finished entertaining his friends in honor of the arrival of a baby girl and had sent the last guest home early, when a bomb exploded outside the door of his apartment. The explosion threw Colarusso and his wife out of bed, and covered them with fragments of brick and plaster, and drove the other occupants of the tenement into the streets in wild excitement. Mr. and Mrs. Colarusso and the baby which slept on a chair beside them escaped with only slight injuries.

## WEDS ARMY LIEUTENANT

Charlestown, W. Va., Aug. 17—Zion Protestant Episcopal Church of this city was the scene of a brilliant gathering today for the marriage of Miss Cecelia Davenport, daughter of Mr. Arthur Davenport and Lieut. Paul A. Larned, U. S. A., son of the late Colonel Larned, who was for many years dean of the United States Military Academy at West Point.

Many York County Liberals will go to St. John to see and hear the great chieftain of the party.

The campaign in all the provinces of Canada is progressing most favorably for the Liberals.

Sir Wilfrid Laurier's speech at Simcoe was the deliverance of a statesman and a patriot.

None but the baser element of the Tory party are anxious for Mr. G. W. Fowler's success in Kings-Albert.

York County needs reciprocity and the larger market.

Let there be a grand rally at the Liberal convention on Saturday.

The Mail cordially welcomes the British journalists to Fredericton.

The Tories of York are on the anxious seat.

GREENWOOD EXPOSES  
TORY TACTICS TO  
BRITISH PUBLIC

London, Aug. 16—Hamar Greenwood, M. P., writes to the Westminster Gazette giving, he says, the broad facts of the situation in connection with the Canadian election. He says that Quebec is the key to the situation. The only hope of the Conservatives defeating Sir Wilfrid Laurier there is to join with the Nationalists in advocating Canadian Independence.

"Surely," exclaims Mr. Greenwood "this situation ought to make the wildest Imperialism in England pause before accusing Sir Wilfrid Laurier of lukewarmness in Imperial matters. Mr. Greenwood concludes with the statement that the motto of Canadian Liberals is "Laurier and Larger Markets." The opposition of the English-speaking Canadian Conservative party to reciprocity is based upon the presumption that reciprocity makes for annexation with the United States.

Thirty-eight cents is the daily wage rate for blacksmiths in Shanghai, China.

## STOCK MARKET

Bank of England rate unchanged. American stocks in London firm with slight advances. General railway strike in England may begin today. Iron Age says that buyers of iron and steel are more hesitant over late developments. Good rate of activity in mills with steel corporation leading. Senate to pass cotton bill with Cummins amendment revising iron and steel schedule and another amendment touching chemical schedule. Application for injunction to restrain company from digging Lexington Avenue subway denied by Supreme court. Liverpool badly affected by strike. Trans-Atlantic steamers delaying in leaving ports. Wool bill in president's hands. Veto expected Friday. Early announcement of Wabash Pittsburg Terminal plan expected. No date set for final adjournment of Congress. Foreign Commerce of United States in July greater than any previous July except in 1907. Total imports were \$118,178,556. Exports \$126,708,244. 12 Industrials declined 1.10; 20 active railroads declined 1.68.
