LEHIGH VALLEY RAILWAY  
MAY CARVE A MELON

(By direct private wires to J. C. Mackintosh & Co., 604 Queen Street, Fredericton, N.B.)

New York, N.Y., Dec. 26.—The opening was quiet and steady, the most notable feature being strength in Lehigh Valley. Traders talked of cutting of Lehigh Valley melon possibly before the end of the week or within a few weeks, at all events. In some quarters significance was attached to the strength and activity in Wabash bonds, which combined with advance in Lehigh Valley seemed to afford circumstantial corroboration of rumor that on re-organization of Wabash control of that property would pass to Lehigh Valley. U.S. Steel opened unchanged at 68½ and traders affected to see evidence of good selling of this stock on all strong spots. U.S. Steel was heavy, due to anticipation of unfavorable statement of earnings for November.

ADMIRAL DEWEY  
IS 75 YEARS OLD

Washington, D.C., Dec. 26.—Admiral George Dewey, hero of the battle of Manila bay and ranking officer of the United States Navy, entered upon his seventy-fifth year, today, having been born at Montpelier, Vt., December 26, 1837. There was no formal observance of the anniversary, though during the day there was an almost continuous stream of callers at the Dewey residence. The Admiral remained at home with his family and gave a cordial welcome to the many friends who called to pay their respects.

Admiral Dewey has almost completely recovered from the illness which confined him to his home some months ago and is now in good health, considering his years and arduous service. It has been a matter of regret in society that the Admiral and Mrs. Dewey have been seen so seldom in public during the past year or two. The hero of Manila bay is one of the most popular men in public life, and his few appearances in the official season, particularly at the White House only serve his popularity.

The Dewey home is situated at the corner of Sixteenth and K streets, next door to the house which was occupied by President Taft and family when he was Secretary of War. The residence on Rhode Island avenue, which the country presented to the Admiral as a token of affection, proved too small for him and he leased it to agreeable tenants. His present home, although not pretentious, is more spacious and splendidly adapted to the Admiral's needs. One of the most interesting rooms in the house is the large dining salon, the walls of which are hung with spears, swords and shields and other Filipino relics which were presented to Admiral Dewey during his stay in the Philippines.

The so-called Blue Room, where the Admiral and his wife received their friends today, is another interesting apartment in the Dewey home. The walls are covered with autographed photographs presented to the Admiral by notables in many parts of the world. There are also hundreds of the original pen and ink drawings which, after the battle of Manila bay, appeared in the daily newspaper and periodicals as cartoons of more or less humorous propensity.

MISS DRAPERS DEBUT  
A COSTLY FUNCTION

Washington, D.C., Dec. 26.—A new mark for lavishness and splendor is expected to be set for society by the entertainment to be given by Mrs. William F. Draper tomorrow night to introduce formally her daughter, Miss Marguerite Draper who is a close friend of Miss Helen Taft. The function will take the form of a fancy dress cotillon. Several hundred guests have been invited, among them the socially select of Washington and others from Boston, New York, Philadelphia and other cities.

It is estimated that the cost of the function will exceed \$25,000. The walls and ceiling of the large ballroom will be hidden from view entirely by the floral decorations. Live humming birds brought from Florida and butterflies from California will fly around the miniature garden of laisles and rare exotics that is to be the central feature of the decorative scheme. The favors have been carefully kept from view and much mystery surrounds them. They are said to be the most numerous and valuable ever given at a Washington cotillon.

Miss Marguerite Draper who is to make her formal bow to society, is popularly known as the richest unmarried woman in Washington. She inherited from her father, the late General William F. Draper, representative from Massachusetts and later ambassador to Italy, a fortune of \$5,000,000. She was to have been brought out here two years ago but the death of her father made the postponement necessary and Miss Draper has spent the intervening time in European travel with her mother. She already has been presented at the court of St. James and has had considerable experience of social life in England and on the Continent. She is the gamesome and god-daughter of Queen Marguerite of Italy, who presented her with one of her famous pearls as the nucleus of a necklace. The stone given by the Queen has been equalled by others which have been added by Miss Draper's parents and the young woman's string of pearls is said to be one of the finest and most valuable owned by any woman in America.

EXTENSION OF Y. & C.  
RAILWAY WILL MEAN  
MUCH FOR STANLEY

Mr. John J. Sands, a well known resident of Stanley was among the visitors to the city on Friday. Mr. Sands owns and operates a wood working factory at Stanley Village which enjoys a large and steadily increasing patronage. He manufactures doors, sashes, flooring, clap-boards, school desks, mouldings, casings, etc., and finds a ready sale for them in Stanley and the surrounding districts. He is also in a position to supply kiln dried lumber at short notice. For quantity and workmanship the output of Mr. Sands' factory will compare favorably with that of any factory in the province.

Talking to a representative of The Mail Mr. Sands stated that business had been brisk with him during the past season and he looked forward to even better times next year. "I have every hope," said he, "that the Dominion government will take over the York and Carleton Railway and extend it to Napaogan to connect with the Transcontinental Railway. We in Stanley owe much to Dr. Moore. He built us a railway and has given us a good service. The people of Stanley have always given the Conservative party a very generous support and we want the present government to take over Dr. Moore's Railway and extend it to Napaogan. If the government wants to do something for Stanley this is their opportunity."
