## THE PARAMOUNT ISSUE BEFORE CANADIANS

(Toronto Globe.)

Since the day, four and forty years ago, when the scattered British colonies and possessions in North America were consolidated into the Confederation of Canada, there has been no time when the future of the Dominion was more assured than it is at this moment. Canada has become a nation within the Empire. Holding in fee half the continent, connected by ties of the strongest affection to the world's greatest Empire, Canadians are content with their status among the nations of the world.

The great enterprise that lies before them occupies all their thoughts and engages all their energies. As one man they seek to establish on the northern half of this continent a state great in population and material wealth, and no less great in its devotion to peace, justice, internal order, equality of opportunity and simplicity of manners. Canadians look forward with confidence to the day when a hundred million people will find "homes" in this land, free from the fear of war, of biting poverty, of gross and overbearing wealth, and of physical privilege.

The future of Canada is not at issue in this election. When crafty politicians declare that the United States desires to annex Canada we should admit it smilingly as a compliment. Our neighbors have been desirous of annexing Canada for a century and a quarter. It is almost a century since they tried it last by force of arms, and even then, feeble and few though the people of the Canadas were, they hurled the invader back over the border. Canada is mistress of her own fate. If she wishes to remain within the Empire none can hinder it. If she should at some future day desire to become an independent nation she would do so with the blessing of the motherland.

The men who seek to convince the people of Canada that an increase in the export of Canadian farm produce, and fish, and lumber, and paper to the United States will result in the annexation of Canada to the United States are unworthy the name of Canadian. Their statements may properly represent their own mental attitude to their country, but it does not represent the spirit of the buoyant young Canadian who is as devoted to his native land and as proud of it as any American could be of the United States.

The issue before Canadians is purely and solely a tariff issue. The pressure of increasing city population and of a prohibitive tariff have combined to so increase the cost of living in the United States that, with the approval of Congress, President Taft offers to wipe out the tariff on practically all foodstuffs and other natural products from Canada in return for the removal of the corresponding duties levied by Canada on similar articles from the United States.

Under these conditions Canada, which has still great tracts of fertile unused land, will sell more foodstuffs to the United States than that country will sell to Canada. The enlargement of the cultivated area will in turn increase the prosperity of the cities and towns that produce farm implements, and furniture, and stoves, and pianos, and all the comforts and luxuries that the farmer of today demands. While the question is therefore primarily one for the farmer, every manufacturer and wageworker is interested in it also. Prosperity in this country rests on the farm.

Here are some of the articles that will pass duty free into the United States from Canada if the electors vote approval of the arrangements made for the simultaneous removal of duties on natural products:

Article	U.S. Rate	Article	U.S. Rate
Cattle, over \$14, .....	27½ p.c.	Cod, haddock, pound, .....	1
Horses, over \$150, .....	25 p.c.	Halibut, pound, .....	1
Hogs, each, .....	\$1.50	Mackerel, pound, .....	1
Sheep, each, .....	\$1.50	Salmon, fresh or salted	
Wheat, bushel, .....	25	pound, .....	1
Oats, bushel, .....	15	Salmon, canned, pound, .....	30 p.c.
Larley, bushel, .....	30	Timber, hewn, sawn,	
Hay, ton, .....	4.00	squared or sided, cubic	
Straw, ton, .....	1.00	foot, .....	1
Potatoes, bushel, .....	25	Planks and deals, sawn,	
Onions, bushel, .....	40	prt M, .....	\$1.25
Apples, bushel, .....	25	Posts and poles, .....	10 p.c.
Peaches, bushel, .....	25	Mica, unfinished, pound, 5 & 20 p.c.	
Butter, pound, .....	6	Feldspar, ground, .....	35 p.c.
Cheese, pound, .....	6	Flourspar, crude, ton, .....	\$3.00
Fresh milk, gallon, .....	2	Talc, .....	35 p.c.
Fresh cream, gallon, .....	5	Wood pulp, pound, .....	1
Eggs, dozen, .....	5	Print paper, pound, .....	3-10

That list of articles really represents the issue before the people of Canada. There are a few other proposed changes such as a reduction of from 2½ to 5 per cent. on agricultural implements, farm wagons and supplies, but in effect the electors are asked this question:

Do you approve of the removal of all duties on natural products passing from Canada to the United States and from the United States to Canada?

If you do, vote for Laurier and larger markets.

### LIBERALS WILL SWEEP COUNTRY

(St. John Telegraph)

Announcing that he had received a wire from Hon. Wm. Pugsley, minister of public works, in which the latter consented to be present at the Liberal convention to be held in Sussex on Wednesday next at four o'clock, Dr. D. H. McAlister made a hurried trip to the city yesterday. Dr. McAlister returned from Ottawa to his home at Sussex on Wednesday evening and was in the city yesterday to stay for a few hours.

He says everything is looking in splendid shape for the Liberal party in his constituency. The forced dissolution by the opposition had, he regretted to say, prevented many important measures from being passed, among them the branch lines bill, which would have meant the prompt acquisition of the Harvey & Salisbury and other branches in Kings county by the Intercolonial. However that was not the fault either of himself or of the government and the delay would be understood by the people of Albert County to whom this road was an all important necessity. Steps were being taken now by the government to make an arrangement with the owners of the road whereby repairs could be undertaken at once and the Harvey & Salisbury operated by the Intercolonial at an early date. His word, he said, was pledged to the people of Albert that this branch would be taken over and he was going to see that his promise was carried out.

### BIG LIBERAL MAJORITY

Everything points to an increased Liberal majority in Canada. He never saw the French members more eager for an election or more confident of giving Sir Wilfrid a large majority. As the Nationalists find fault with both parties their influ-

### LONDON TO CONSTRUCT A MONSTER DOCK

London, Aug 8.—The port of London authorities have decided to commence the construction of a new deep water dock on the Thames in 1912. Its cost is estimated at \$10,750,000 and the work will occupy a period of five years.

ence will not be so effective as was at one time anticipated.

Soon after his arrival at Sussex on Wednesday evening Dr. McAlister received a telegram from Dr. Pugsley at Ottawa stating that the minister of public works would be present at Sussex to participate in the convention of Wednesday next for the Kings-Albert constituency. The publicity and organization meeting will start the Liberal campaign in the province under very bright prospects. The presence of the minister and Liberal leader for the province will add an interest in the proceedings.

Arrangements have been made so that everyone along the I. C. R. wishing to attend will have an opportunity to do so.

## RAGING HEADACHE STOPPED AT ONCE

When He Took "Fruit-a-tives"

SHANLY, ONT., Sept. 23rd, 1910.

"You certainly have the Greatest discovered Headache Cure in the world. Before 'Fruit-a-tives' came before the public, I suffered tortures from Headaches caused by Stomach Disorders."

"One of my travellers called on me when I had one of my raging headaches and had my head almost raw from external applications."

"I hated to see any person coming into the store (much less a commercial traveller) and I told him very curtly that I had a headache but he insisted on my trying 'Fruit-a-tives'."

"I did so, with what I would call amazing results. They completely cured me and since then (nearly six years ago) it is only necessary for me to take one occasionally to preserve me in my present good health. I was 65 years old yesterday and have been a general store keeper at the above address for twenty-five years."

WM. PITT  
As Mr. Pitt says "Fruit-a-tives" is the greatest headache cure in the world. Dealers everywhere have "Fruit-a-tives" at 50c. a box, 6 for \$2.50 or trial size, 25c. or sent on receipt of price by Fruit-a-tives Limited, Ottawa.
