## MANUFACTURERS AT BANQUET

One Speaker Advocates a Larger Market for the Farm Products

Western Farmers Find the Attractions of the South Very Strong—Cheaper Freight Rates Wanted

(Canadian Press.)  
Toronto, Ont., Oct. 13.—Most of the speeches at last evening's banquet of the Canadian Manufacturers Association were of a light nature, but there was an exception in the case of Lieut. Col. J. A. M. Aitkin, K.C., Brandon, Man., who said that one very particular duty which lay before the government, was the promotion of agricultural education throughout the country. The government must also give thought to the discovery and development of new home markets in Canada as well as providing foreign markets for the surplus produce of the farmer. It was imperative that a home market be developed in the west for western products would never be sent exclusively to the eastern market, which now existed, and it was useless for easterners to expect it. The attraction was too strong for the south.

Mr. Nathaniel Curry, the new president of the Association, emphasized the pressing need of educating people to buy Canadian-made goods wherever possible. During the coming presidential year in the United States American articles would undoubtedly be quoted at slaughter prices for export, and the present extent of tariff protection would never be adequate, unless Canadian buyers would give preference at all times to home manufactured goods.

Mr. William Drake, president of the Quebec Farmers' Association, laid stress on the importance of manufacturers using their influence for cheaper freight rates on agricultural products. He considered the prevailing high cost of living largely due to the present profits of the carriers and the middlemen.

Prof. Stephens Leacock, McGill University, spoke on the importance of protection, though he denied any desire to preach a funeral oration over reciprocity.

A congratulatory telegram was received from Premier Borden, who expressed the hope and desire that the next convention of the Association would be held in his home city of Halifax.

## STRANGE STORY TOLD AT A MURDER TRIAL

Carlinville, Ill., Oct. 13.—A story of his agreement to surrender his wife together with his 14 year old daughter, to a man who had wronged both was told yesterday on the witness stand by John W. Wash, a merchant of Palmyra, Ill., on trial here for the murder of George C. Martin.

Martin was Wash's clerk. Wash, a spectacled and stooped old man said that he shot Martin to death after Mrs Wash had confessed to him. Wash was greatly affected when he testified to hearing that Martin had improper relations with Mrs Wash and also with his daughter. His testimony followed that of his daughter Isetta, a bride of two weeks. She was married September 29th to a moving picture showman, who disregarded the reports about her and Martin. Wash told of an agreement he made with Martin after Mrs Wash had confessed to him.

"When I accused him he said he had loved my wife ever since the first night he saw her at a protracted meeting," said Wash. "I told him I would get a divorce since my wife had said she loved him too, and that I would give him half my property, and he could take my wife and Isetta and go his way and leave the other two children with me."

Charlotte, N. C., Oct. 13.—Thomas Kallum, lawyer and editor, shot and killed Henry Winkler, a brother attorney, on the main street of Pilot Mountain yesterday afternoon. The killing grew out of an old feud.

## DUKE OF CONNAUGHT SWORN IN TODAY

New Governor General Very Heartily Welcomed at the Ancient Capital—Swearing In Ceremony Took Place in the Legislative Council Chamber—was a Most Brilliant One—Members of the Borden Government, Judges of the Supreme Court and Other Notables Were in Attendance

(Canadian Press.)

Quebec, Oct. 13.—His Royal Highness the Duke of Connaught, the successor of Earl Grey as Governor General of Canada, landed from the steamship Empress of Ireland this morning amid a salute of guns from the Citadel and the tumultuous demonstration of thousands of people massed upon the wharves and the terraced heights of the city. His Royal Highness was met and welcomed by official representatives of the Dominion and driven to the Parliament House, attended by his staff and escorted by several troops of military. Thousands of cheering people lined the streets. In the legislative council chamber, which was decorated for the occasion, the Duke took the oath as Governor General. Tonight, following a dinner and reception at Spencer Wood and a drive through the illuminated streets of Quebec, the new Governor General goes to Ottawa to assume the duties of his high office.

Quebec, Que., Oct. 13.—The Duke of Connaught was this morning sworn as Governor of Canada.

Landing this morning from the Empress of Ireland, His Royal Highness set foot for the first time as Governor General-elect on Canadian soil. He was welcomed on behalf of the country by Premier R. L. Borden and the members of the government on behalf of the Province of Quebec by Sir Lomer Gouin, and on behalf of the City of Quebec by Mayor Drouin. Premier Gouin and Mayor Drouin read addresses of welcome, which were responded to by the Duke.

The Duke then proceeded to the legislative council chamber, where the ceremony of swearing in took place.

THE DUKE'S REPLY.  
Responding to the address from the Province of Quebec, the Duke of Connaught spoke as follows:

"Mr. Prime Minister and Gentlemen, I thank you for the hearty and loyal welcome which in the name of the Province of Quebec, you have extended to the Duchess and myself. "Your province, rich in historical memories, is usually the first to welcome a new governor general and to bid him God-speed at the end of his tenure of office. Thus his first and last impressions of Canada are fraught with that atmosphere of prosperity and progress which characterizes your beautiful land."

"In days gone by it was the fusion of the French and English races which made the greatness of England; here again history repeats itself and it is their union which makes your own greatness."

"From the Saxon and Norman stock England drew the qualities of courage, perseverance and strength which raised her to the proud position among the nations. Here, under the wise rule of statesmen of English and sometimes of French descent, Canada has achieved an era of development which is the envy of the world."

"I am proud and happy to have been selected by the King to fill the high office of governor general, and to be thus in a position to follow and to promote the remarkable progress of the country. That this progress may, under the protection of Divine Providence, be continued and ever increasing, is my most heartfelt wish and I am glad to have this opportunity of expressing it to you on my arrival among you."

DUKE OF CONNAUGHT  
FROM THE PRESS ILLUSTRATED

Colonel Lowther, secretary to the Duke of Connaught, told the newspaper men a pleasing story of the greeting and farewell between the new governor general and the old.

Earl Grey left Quebec at noon on the Canadian government steamer Earl Grey. About dusk the yacht and the Empress of Ireland met in the river. As they were passing, the figure of Earl Grey was seen on the deck of the yacht, waving his handkerchief.

### THE WHITE PLUME

"We could see his white plume in the fading light," said Colonel Lowther.

"That is a dangerous thing to use in Canada," was the laughing reminder of a bystander. "It has a political significance here, you know."

"I know," was the smiling reply, "that's why I used it."

"The Duke of Connaught was hastily sent for," he continued, "and hurried on deck in time to wave a greeting in return."

Then the two boats passed on, the one bearing the retiring governor general home, the other bearing the new governor general to take up the duties which Earl Grey has laid down.

There was a well defined rumor last night to the effect that Earl Grey had gone aboard the Empress of Ireland and dined with the Duke of Connaught. It is known that when the steamer "Earl Grey," in which the retiring governor general was travelling, met the Empress of Ireland, it turned around and followed quietly back to the harbor of Quebec.

In answer to the loyal address from the citizens of Quebec, His Royal Highness said:

"Citizens of Quebec, I thank you from the bottom of my heart for the cordial welcome you have given me. In the name of the Duchess of Connaught also I thank you for the graceful expressions with which you have greeted her arrival on Canadian soil. "I shall have great pleasure in transmitting to the King and Queen your assurances of loyalty and attachment to the crown."

"Our stay in Quebec is now of necessity, a very short one, but we hope to conform to the customs of my predecessors and spend each year a certain time at the citadel, which will give us an opportunity of knowing and appreciating your beautiful city which is so full of the great and noble traditions of the past."

"Many years have passed since my first visit to Canada. Here long ago as a soldier, almost at the outset of the military career, to which I devoted my life."

It will be a very great pleasure to me, to renew the associations of my youth. Although the country and towns changed, I know that Canadian hearts have not changed, and I rejoice to think that in coming here I shall find amongst you some of the old comrades of my time, as a subaltern, with whom I have passed so many happy hours."

It is said that after the crowd had gone from the liner, Earl Grey with one or two attendants, came aboard and spent an hour or more chatting with his successor. During the time he was on board it is said, the quarters in which the meeting was

taking place, were under strong guard as well as the approaches to the ship.

The reason of this is that according to etiquette, two governor generals cannot be on colonial soil at the same time. It is however, the fact that the Duke of Connaught had not yet left the vessel, was sufficient to satisfy the demands of custom and rule in this regard. To avoid criticism, it was thought best to keep the matter quiet.

Quebec, Oct. 13.—The ceremony of swearing in the governor-general was a brilliant one. Their Highnesses occupied seats on the dais in the Legislative Council Chamber. Around a long table immediately below the dais were ranged the members of the cabinet, seated in order of precedence. Immediately behind the ministers, and just below the dais on the right hand side, were Lieutenant Governor and Lady Langelier. The supreme court judges occupied similar positions on the left hand side. When all was ready, Captain Victor Pelletier, aide-de-camp to the Lieutenant Governor of Quebec entered the hall from the speakers apartments, and announced to the supreme court judges that Their Highnesses were about to enter.

A brilliant military staff, including the Royal Staff and members of the militia council at Ottawa accompanied the Duke and Duchess. Col. Lowther military secretary to His Royal Highness advanced to the table and read the Royal Commission appointing the Duke governor-general of Canada. Mrs Borden at this point presented a bouquet to the Duchess. The oaths of office were administered by Sir Louis Davies of the supreme court. His Royal Highness signed the oaths and this act was followed by the firing of a salute to the citadel and the playing of six bars of the National Anthem by the band in attendance at the hall.

Lady Gouin presented a bouquet to Her Royal Highness and Sir Lomer Gouin read an address of welcome on behalf of the province of Quebec, while Mayor Drouin read one on behalf of the city. The Duke replied briefly to each.

The presentation of the great seal of State to the governor-general by the Secretary of State, Hon. W. J. Roche, followed as is customary. It was returned immediately to its former keepers as an indication that the new ministers are to continue the advisors of Earl Grey's successor.

St. John, Oct. 13.—While Premier Fleming has not made known his plans for the future, it is felt here there will be no general election this fall and that another session of the Legislature will be held. By-elections to fill vacancies from St. John county, Charlotte and Sunbury will be called at once. It is said that the new premier will create a department of labor with W. Frank Hatheway of St. John as commissioner. Hon. Mr. Grimmer will likely be attorney-general and either George B. Jones or H. F. McLeod surveyor general. If Mr. McLeod is appointed, Mr. Slipp will become solicitor general.

St. John, Oct. 13.—It is reported that a C.P.R. engineer who has been at Grand Lake investigating Queens County coal fields, was well satisfied with the quality of the coal. It is expected that great developments will take place in the near future. The line of the railway from Gagetown to Minto is expected to be completed and in operation by next fall.

Dr. F. W. Barbour and son Royden have returned from a trip to New York and Boston.

Mr. and Mrs. Roland Skinner of St. John, arrived in the city last night and registered at the Queen.

## WILL CREATE NEW SENATORS

Defeated Tory Candidates in the West will be Provided For

Under the Terms of Redistribution the West will Have Twenty-four Senators

Ottawa, Oct. 12.—The Borden government has in view one very convenient and happy way out of the difficulty of finding places for the foremost names on the long list of party workers now anxiously awaiting rewards in the shape of government appointments.

The representation of the west in the senate is to be increased. When the autonomy bills were passed in 1905 establishing the provinces of Alberta and Saskatchewan, it was provided that each province shall be represented in the senate by four members, provided that such representation may, after the completion of the next decennial census, be from time to time increased to six by act of parliament.

The government will carry out the provisions of the act and at the same time will also provide for the representation of British Columbia and Manitoba in the senate also by six members each. British Columbia now has only three senators and Manitoba four.

The new senate redistribution will give 24 members to the west, leaving 24 members to Ontario, 24 to Quebec and 24 to the Maritime Provinces as at present. That will make the total membership of the senate 96 instead of 87, as at present.

### LIKELY APPOINTMENTS

Various names have already been suggested for the nine new senators to be appointed from the west. For British Columbia, G. C. Hown, M.P. and Sir Charles Fribert Tupper of Vancouver and Hon. Robert Green of Victoria are ex-members of the McBride government are mentioned.

For Alberta the names of John Heron and C. A. Magrath, the defeated Conservative candidates in Medicine Hat and McLeod, respectively, and L. G. McCarthy, M.P., for Calgary are suggested.

In Manitoba Alex. Haggart, M.P., of Winnipeg who is giving up his seat for Hon. Robert Rogers, will be entitled to one of the new senatorships in case he does not immediately secure the vacant seat left by the late Senator Chevrier. If Mr. Haggart is appointed at once then the new seat might be claimed by Glen Campbell, ex-M.P., and Hon. A.A.C. Lariviere, ex-M.P.

In any event there will be a big scramble for the coveted appointments. The act creating the new senatorships will probably be held over until the second session of the new parliament when the commons redistribution bill will also be put through.

## HON. J.K. FLEMMING IS NOW HEAD OF THE GOVERNMENT

Hon. Mr. Hazen's Resignation is Accepted by Governor Tweedie and Provincial Secretary Accepts Task of Forming a New Administration—Will Announce the Personnel of His Cabinet on Monday next.

(St. John Telegraph.)  
St. John, Oct. 13.—The resignation of Hon. J. D. Hazen's cabinet was placed in the hands of Lieutenant Governor Tweedie at 8:30 o'clock last evening, as scheduled, and, following the advice of the late premier, Hon. J. K. Fleming was called upon to form a new government. The new premier was in conference with the lieutenant governor at the Royal Hotel and asked until Monday to submit the names of his ministers. Until then no authoritative announcement can be made as to the make-up of the executive.

The program was carried out yesterday exactly as mapped out beforehand. In the afternoon the government, led by Mr. Hazen, met in the Church Street rooms and it was said that Hon. Mr. Fleming was the choice as the next provincial leader. Lieutenant Governor Tweedie arrived on the 6:30 train and went to the Royal, awaiting the call of the retiring premier. Hon. Mr. Hazen called at 8:30 o'clock and in presenting the resignation of the government, recommended that Hon. J. K. Fleming be called as his successor.

Lieutenant Governor Tweedie, acting on this suggestion, summoned Mr. Fleming to meet him at nine o'clock. Hon. Mr. Fleming accepted the task of forming the new ministry, and arranged to meet the governor at Fredericton on Monday to present the names of the new heads of the provincial departments.

Interviewed after the conference, Hon. Mr. Fleming said that he could give no intimation of the personnel of the cabinet or make any statement as yet as to the policy of his administration. It was also too early to make any predictions about either the by-elections or the holding of a general election.

The government which gave up the seals of office last evening, came into power following the provincial elections in March, 1908, and was sworn in on March 24, 1908. There has been no change in its ranks since that date, the make-up being as follows:

Premier and Attorney General, Hon. J. D. Hazen.

Provincial Secretary, Hon. J. K. Fleming.

Chief Commissioner of Public Works, Hon. John Morrissey.

Surveyor General, Hon. W. C. H. Grimmer.

Minister of Agriculture, Hon. D. V. Landry.

Solicitor General, Hon. H. F. McLeod.

President of Council and Member without portfolio, Hon. Robert Maxwell.
