## FINANCIAL and COMMERCIAL

### QUEBEC RAILS.

The Quebec Railway Light, Heat & Power has issued its financial statement for the year ending June 30, 1911. It shows gross earnings of \$1,280,126, compared with \$1,127,952 in 1910, an increase of \$152,174. Operating expenses were \$661,907, compared with \$644,563, increase \$17,343. Net earnings were \$618,219, an increase of \$134,830. After adding miscellaneous income from subsidiary companies' earnings prior to 1st July, 1910, and deducting fixed charges of \$456,329, two dividends payable July 15 and April 15, 1911, amounting to \$199,990, organization expenses of \$10,681, and less sundry interest earned of \$11,109, there remained a surplus of \$62,328.

On the basis of the year's earnings the company showed \$137,000 less than a full year's dividends. It is clear that in 1912 the earnings will have to show \$137,000 more than in 1910 to provide for the dividends for the four quarters.

### PORTO RICO.

Porto Rico net for September was \$31,625, an increase of \$75,300 or 93.73 per cent. The gross gained 40.95 per cent.

For nine months the net was \$280,459, an increase of \$80,989, equal to 40.60 per cent. The gross increase was 36.52 per cent.

### BULLISH ON CEMENT.

G. W. Farr II & Co. say of M. S. R.: "We would advise clients to leave it severely alone for the present."

The firm link a great deal of the cement stock, and say they "will not look dear until several points higher yet."

### THE D. U. R. AGREEMENT.

The Detroit United Railway continues to have its troubles. A dispatch from the Michigan city makes the announcement that the holders of D. U. R. bonds to the extent of \$21,000,000 are considering the advis-

ability of applying to the courts for an injunction forbidding the Street Railway people from carrying out the agreement with the city to grant a three-cent fare.

Such action is feared by the city officials as well as the officers of the company, because of the action of certain bondholders a few years ago in getting an injunction which prevented the City Council from publishing an ordinance to compel the company to grant three-cent fares. The lower courts granted an injunction on the grounds that a reduction of fares would greatly damage the value of the bonds.

Conditions have so changed since 1907 that Mayor Thompson hopes the bondholders will see an advantage in the agreement, in that it practically renews expired franchises for twelve years and gives the bondholders what the Mayor considers as renewed security.

### MR. CARNEGIE TO HELP.

New York, Oct. 24.—"It looks to me as if the Steel Trust wanted to be in a position to say that it no longer controls or owns a monopoly of the steel ore supply."

This was Mr. Andrew Carnegie's reply when newspapermen asked him as he landed from the steamer Celtic why, in his opinion, the United States Steel Corporation was giving up its lease on the Great Northern ore properties.

Mr. Carnegie said that he would attend sessions of the Steel investigating committee in Washington and "give the investigators much needed information."

### WINNIPEG ELECTRIC SOLD.

Winnipeg, Oct. 23.—All holdings of Winnipeg Electric Company, which supplies gas, power and street railway services to Winnipeg and vicinity have been purchased by E. R. Rees, Engineering Company, an American concern backed by large capital.

The company will build rural lines throughout the province.

## CANADIAN PACIFIC THE MARKET LEADER

(By direct wire to J. C. Mackintosh & Co., 604 Queen St., Fredericton.)

New York, Oct. 25.—The stock market continued to reflect the liquidated position with the exception of certain specialties while many issues show a tendency to advance independently of the general trend. There are indications of discriminating investment buying, although the demand from this source has not yet reached large proportions. The only thing wanting to bring about at least a fairly sustained rise is specific news of a favorable character. Bearish influences are beginning to lose their force and if the Tobacco plan as presently to be outlined should be approved by the Courts the necessary stimulus might be provided. Meantime the general business of the country is kept waiting. The beginning of a liberal grain crop movement has been helpful in the middle and western sections of the country while the outlook for the largest cotton yield on record is expected to maintain a fair degree of prosperity through the South. If therefore, there should be any developments leading to restore general confidence, such as for instance as the adoption of the Tobacco plan, there would be every reason to expect a fair advance of prices.

New York, N.Y., Oct. 25.—The market was quiet in first half hour or so and it was generally expected as had been the case on Tuesday, that the street's interest in the baseball game would be much greater than in the stock market. Quite a little strength was shown by Canadian Pacific, which advanced to 23 1/4 in response to continued improvement in the company's earnings. The gross earnings for the third week of October showed a gain of 10 per cent. American Cotton Oil was a weak feature, falling to 43 1/4. The new low price just made is the lowest since January, 1909. Trading was confined to a few stocks the majority of usually active issues remaining unopened up to 10.30.

The market was dull, transactions in the first hour being very small. Stocks sagged a little as a result of

neglect rather than of selling pressure.

Bear tips on cotton oil circulated among traders. There were oil predictions of a break to 35. Notwithstanding bearishness of room traders on Cotton Oil, conservative houses said they noted an investment enquiry for the stock. The investment orders, however, did not advance quotations because they were placed at prices under the market.

In offering the above stock to Canadian investors we draw attention to the following points.

The Bank of New Brunswick, established in 1820, has always been noted for the conservation of its management, and stands to-day one of the strongest of Canadian chartered banks.

It is the only large bank that is, in the full sense of the word, a Maritime Province Institution—its head office is situated at St. John and its branches, with the exception of the one in Montreal, are all located in the Maritime Provinces.

The strength of its position is attested by its statements. They show that the Bank's reserve is 80% greater than its capital—the savings deposits are nearly seven times larger than the capital—the average earnings for the last nine years have amounted to 18.58% on the capital.

It is one of the few Banks in Canada which has established a rule of having an independent audit.

From 1886 to 1908 it paid dividends at the rate of 12% per annum; since 1908 it has paid 13%.

As the Bank of New Brunswick is now the only bank with headquarters in the Maritime Provinces, every investor in Eastern Canada should take pride in having an interest in it.

Price: \$260 per share to net 5 per cent on the investment.

Stock is tax exempt in city of Fredericton.

## GOVERNOR TWEEDIE TO PRACTICE LAW

Montreal, Oct. 24.—On the eve of his retirement from public life His Honor L. J. Tweedie, Lieut.-Governor of New Brunswick, who is at the Windsor Hotel, announced that he will resume the practice of his legal profession.

Seen this morning by the Herald, Mr. Tweedie explained that with the expiration of his term of office on the sixth of March, 1912, he would again take up his old legal interests in which he finds an outlet for his tremendous energy, but at the same time he admitted the possibility of being found in the arena at some future date.

It is 38 years since His Honor began his political career, a career in which he has been closely associated with many of the greatest minds in the history of Canada. His first political speech was delivered when he was only 16 years old, and his first election was won six years later.

"They used to call me the 'Boy' " said Mr. Tweedie, with a smile, "and they all helped me along."

His Honor is in the city on personal business.

Red Walker of the Washington team will work this winter as a telegraph operator for the Virginia and South-western Railway, at Bristol, Tennessee.

Al Tearney has been re-elected president of the Three-I league for a term of three years.
