TO BANQUET THE PREMIER

The Carleton County friends of Premier Fleming are to tender him a banquet on the evening of November 3rd.

JUDGMENT TOMORROW

Judgment in the Sunbury-Queens recount case is to be given by Judge Wilson tomorrow. The judgment is to be on the contention of Col. McLean's counsel that Judge Wilson has no jurisdiction.

WENT TO MINTO

Sir Thomas Tait accompanied by Mr. D. F. Maxwell, chief of the Gibson and Minto Railway survey, left for Minto this morning. The visit of Sir Thomas to this city and Minto is for the purpose of ascertaining what progress is being made.

COUNTERFEIT BILLS,

Four dollar bills are being closely scrutinized, especially those of the old denomination, for it is reported that counterfeit of this nature are being sent into Canada from the United States. The bills of the new denomination are said to be all right.

DISPOSED OF BUSINESS.

By error it was announced some days ago that Mr. N. J. Smith had disposed of his blacksmith business. The announcement should have read that Mr. Thos. Smith of King Street, had disposed of his business.

HON. MR. FARRIS ILL

The many friends of Hon. L. P. Farris of White's Cove, who has been at the Queen Hotel for some days will regret to learn that he is suffering from illness caused by internal trouble. Dr. Atherton is attending him.

A QUIET WEDDING

Mr. Oscar H. Chase of Burton and Miss Eunice Haley daughter of Mr. Frank B. Haley jailor of Sunbury County jail were married at the Deansy in this city on Wednesday of last week by Very Rev. Dean Scofield. The wedding was a quiet one and the young couple gave their friends a surprise. They will reside at Burton.

PRACTISED HELIOGRAPHING

The men of the R. C. R. carried on signalling this morning from opposite sides of the river at the city and St. Mary's. Two expert signallers operated heliographs flashing messages by the light of the sun using the Morsecode. A large number of spectators watched the proceedings with interest.

BIBLE SOCIETY COLLECTIONS

Collectors for the Canadian Bible Society were about the city yesterday soliciting subscriptions for the Society. Mr. Chas. A. Sampson stated this morning that it would not be known for some days just what the amount collected was as the collectors usually took several days in which to complete their work and make returns.

AN OFFICIAL VISIT

Mr. McLeod Mills organizer of the Canadian Order of Foresters for the Maritime Provinces, paid an official visit to the Fredericton Court last evening. About twenty new members were initiated. At the conclusion an the exercises a social hour was spent and refreshments were served. The Court is steadily increasing in membership.

LEAVING FOR THE WEST

Dr. Vaughan Black, of Amherst, will leave on Thursday for the West he intends to locate for the practice of medicine. Dr. Black is a graduate of Mt. Allison and of McGill and is well known here having played in this city with Mt. Allison Rugby teams on several occasions. During the present season he has been coaching the Mt. Allison team.

BOARD OF TRADE COMPLAINS.

Mr. H. S. Campbell, secretary of the Board of Trade, has written to Dr. L. A. Curry of St. John, manager of the St. John River S.S. Company, calling his attention to the fact that Fredericton has now only a tri-weekly steamer service to St. John the boats of the two competing companies leaving and arriving on the same days. Mr. Campbell suggested that a re-arrangement of the time tables be made so as to have a boat leave and one arrive each day. No reply to the communication has been received and it is understood that neither company is willing to make a change. At present connection with the steamer May Queen, which is on the Grand Lake route, is made only on Saturday, on account of the arrangement of the Fredericton-St. John route.

DR. H. M. LEE SHOT
BULL-MOOSE AS IT
FOUGHT ANOTHER

Mrs. Lorenzo Savage Killed Moose on Burpee Mill Stream Yesterday--Getting After Offenders

Mrs. Lorenzo Savage of Penniac, distinguished herself yesterday by shooting a good-sized moose at Red Brook, on the Burpee Mill stream. The animal was in excellent condition and had a head with a spread of horns of forty-one and a half inches. Mrs. Savage brought her trophy to the city this morning and left it at Emack's. She has a reputation as an accurate shot that is envied by many hunters of the other sex. Several years ago Mrs. Savage killed a remarkably large moose very near the place in which she obtained her prize yesterday.

KILLED FIGHTING MOOSE.

Dr. H. M. Lee of New London, Ct., who has been hunting for some weeks on the Miramichi, in the territory of Mr. Henry Braithwaite, arrived in the city today on his way home. He was very successful in the woods, killing his full quota of big game. Mr. Braithwaite accompanied Dr. Lee to this place.

Dr. Lee killed his moose under what were probably the most unusual circumstances ever reported by a sportsman. He and his guide, Mr. Braithwaite, called for moose from a canoe in a lake in the Miramichi country. They saw a cow-moose walking on the shore and shortly afterwards heard two bulls coming from opposite directions. The men went ashore and were not more than forty-eight feet away when the animals crashed together and locked horns in deadly combat. They watched the fight for some minutes, Dr. Lee finally shooting the bull that was getting the better of it. The other moose evidently thought he had killed his opponent, as he walked proudly around. The other, although mortally wounded, got on his feet and rushed toward Dr. Lee, getting so close that the hunter was splashed with the animal's blood. The unhurt moose also went toward the hunters, but sheered off and went into the woods.

Messrs. James Clemens and William Walden of Boston, arrived in the city yesterday and left for the Miramichi woods, taking with them as guide Frank Russell of Doaktown.

CAPTURED A BEAR.

Mr. Myers Smith of Rustigornish, brought the carcass of a large bear to the city today and disposed of it to J. Boyle & Sons. The bear was trapped by Mr. Smith and is a fine specimen of its kind.

GETTING AFTER OFFENDERS.

Mr. C. T. Dean of St. John, representing the New Brunswick Fish, Forest and Game Protection Association, was in the city yesterday. In company with Game Warden N. J. Smith of this city, he spent the day investigating certain cases of violation of the game laws, which had been reported to the Association represented by Mr. Dean. The shipping of mooseheads without the proper tags has been general this year and an effort will be made to stop it. Railways should not accept moose heads or caribou heads unless properly tagged and it is likely that the attention of the railway officials will be called to the general violation of this regulation.

MR. G. N. BABBITT
HOME AFTER TWO
MONTHS' TRIP IN WEST

Mr. George N. Babbitt, Deputy Receiver General of the Province of New Brunswick, has returned home after a two months' tour of the Canadian and American West during which he visited many relatives and friends. Mr. Babbitt has returned home very much impressed with the New Province of Canada which he says are making tremendous strides. He went as far west as Victoria and Vancouver and saw among numerous other Frederictonians living in the latter city, Mr. John Black formerly of Dawson. Mr. Joseph Ellis, son of Hon. J. V. Ellis of St. John, a nephew of Mr. Babbitt also resides in British Columbia. At Medicine Hat Mr. Babbitt visited his daughter Mrs. A. K. Grimmer wife of City Engineer Grimmer and at Minneapolis his son Charles who was with W. S. McLaughlin in a wheat-brokerage business. Another son, William, he saw about twenty miles from Regina where he was working on a C. P. R. survey party. Mr. Babbitt returned home by way of Boston when he saw his son Archie who is engaged in engineering work.

Mr. H. M. Evans of St. John arrived in the city last night. Mr. H. M. Downing, C. E. of Grand Falls is among the guest of the Queen.

APPOINTMENT OF
ENGINEER W. S. LEA
DISPLEASED SOME

Former Fredericton Man Assistant Engineer of Vancouver--This Place Called "Tin pot Town"

The appointment of Mr. W. S. Lea, who was for upwards of a year resident engineer here while the sewerage system and filtration plant were being constructed and the pumping station improved, as assistant engineer of the city of Vancouver has given rise to considerable trouble in the city council of the British Columbia city. The newspapers of that city in their accounts of the meeting of the city council at which the appointment was discussed state that there was a strong feeling on the part of a minority of the council against the appointment which was made by City Engineer Fellowes formerly of Westmount P.Q. Mr. Lea is spoken of as belonging to Fredericton. Ald. Kirkpatrick referring to this fact said that he was far from approving of the plan of "going to little tin-pot towns" to get men to take charge. This breezy western phase will no doubt be appreciated by Frederictonians.

COMPETENT ENGINEER

As a matter of fact Mr. Lea does not belong to Fredericton although residing here during the greater part of the years 1906 and 1907 when the improvement in the civic sanitary arrangements were made. He is a native of Prince Edward Island and is recognized as one of the brightest young engineers in Canada. His work in Fredericton has received deserved praise. After completing his work here Mr. Lea finished his course at McGill University and since that he has been engaged in important work in Boston and Montreal as well as acting instructor at McGill. He went to Vancouver on a salary of about \$3250 per year. He will probably have control of the sewerage system of Greater Vancouver as well as important street construction. Engineering and contracting journals have commented favorably on his appointment in Vancouver.

FAMOUS PLAY AT THE BIJOU

That famous play "Ten Nights in a Bar Room," has been elaborately staged and filmed by the Selig Company of Chicago, and will be shown at the Bijou tonight. The play is of such length that it requires two whole reels. In addition to the play two splendid comedies will be shown.

IDENTITY OF
BELL DISCOVERED AT
KINGSCLEAR UNKNOWN

Experts of Opinion that it is not that Presented to Indians by Louis XIV in 1717

The Mail's article last evening regarding the ancient bell recently unearthed at Springhill near the site of the old Indian chapel attracted considerable interest among persons who have made a study of the early history of the St. John river.

A gentleman who is familiar with the subject and who has written an article on a similar subject for a leading magazine expresses the opinion that the bell could never have been on the Indian chapel at Aukpaque which was the name of the Indian village on the site of which it was found.

BUT ONE BELL KNOWN

The only bell of which there is any record was that presented to the Indian chapel at Meductic by Louis XIV of France about 1717. This according to an authority so well known as Rev. Dr. Raymond of St. John was removed from Meductic to Aukpaque in 1767 by Father Baillie, missionary to the Indians and remained there until 1794 or thereabouts when it was again removed to the church of St. Anne at Kingsclear. Until 1904 the bell remained there. It was broken in the fire which burned the church on March 1st 1904. The bell was recast into small souvenir bells and a large portion is now in the possession of the New Brunswick Historical Society of St. John having been presented to that body through Rev. Archdeacon Raymond by Rev. Father LeBlanc, formerly pastor of the Indians at Kingsclear.

There could not have been two bells on the old church and there is an historic record only of the one mentioned above.

TO TAKE LONG TOUR

The Mount Allison football team leaves Sackville Thursday morning for Fredericton, and will play U. N. B. here on Friday. They will leave on Saturday for Charlottetown, where they will play the Abegweit on Thanksgiving day. They will return to Sackville on Tuesday.
