MR. FRANK DeL CLEMENTS STRONG FOR RECIPROCITY

(Montreal Herald)

Mr. Frank DeL. Clements, one of the largest practical farmers in the Province of NewBrunswick, with extensive potato fields in York County has been mentioned in this column among the enthusiastic supporters of the doctrine of Reciprocity. He will support the Liberal Government in this campaign. When asked :or his reasons, he said that he has always been a Conservative and is one yet, but that he knows so well the benefits that this Province will gain under Reciprocity that he can do nothing else than vote for the Government which has arranged to bring it about.

He said that the most profitable crop the farmers of this Province can produce is vegetables, provided that they could be sure of a market large enough to consome their product. In years when the crop has been large the Canadian and Cuban markets have been swa ped and it was practically impossible to sell the crop at any price. They do not need larger prices than they now receive, because they can deliver potatoes within a mile of the field for 75 cents a barrel, but they do want a market that would enable them to increase their productionf As a matter of fact the price for this commodity during the past six years has vaeraged $1.50 to the farmers of Maine and 90 cents to the New Brunswick growers. He predicts that if Reciprocity is adopted that the acreage planted in potatoes in this Province will increase tenfold.

A larger acreage of vegetable crops would enable the farmer to follow the rule of rotation of crops and this would enable them to grow hay that would grade up to the proper standard and would bring a profitable price in the United States even with the present duty of $4 per ton. Without that duty it would enable the farmers to become rich. Mr. Clements looks for an immediate and substantial advance in the value of New Brunswick farm lands the moment that Reciprocity is assured.

Mr. Kdnneth McRae, of the firm of Sinclair & McRae, of St. John N.B., a beother of the late Alex. W. MacRae who in the last general election was the Conservative candidate in opposition to Hon. Wm. Pugsley, is also among the supporters of the Liberal Government in this election. To your correspondent he said: "My reasons far the stand I am taking in this election are my belief in the value of the trade agreement to this country and also my conviction that the best interests of this city demand the return to Parliament of the Minister of Public Works."

Mr. David Magee of D. Magee & Sons, Ltd., St. John, N.B., said that he is supporting the Liberal candidate chiefly because of what the Liberal party has done for the development of St. John and on account of the further policy which they have mapped out. He has no fears that Reciprocity willr esult in injury to this or other Maritime ports by the diversion of trade which is now handled through the Canadian ports of the Atlantic.

J. C. Manzer of Perth, one of the leading Conservatives in that section of the Province and who at a recent election was the Conservative candidate in Opposition to Hon John Costigan is giving his active support to the Liberal candidate in the constituency of Victoria-Madawaska. In explanation of his course, he voiced his emphatic belief in Reciprocity. He said that the raising of farm peoduce of all kinds would be given a great impetus by the adoption of the trade agreement. He said that it would also have the effect of increasing the value of farm land and bringing them up nearer the value ol similar farms in Maine.

In Northumberland County, N. B., a great many of former Conservatives are supporting the projected trade agreement. Mr James Robinson the former Conservative membe for the county, claims that the pact will prove of enormous benefit to Miramichi and Canada generally. He characterizes the annexation cry as absurd, and strongly criticizes the leader of the Conservative party for resorting to such canvasses. Mr. Robinson predicts the return of Mr. Loggie with a substantial majority and also the return of the Liberal party to power. He says the agreement will particularly benefit the lumber business of the North Shore.

Mr. Ernest Hutchinson, who represented Northumberland as a Conservative membea in the Local Legislature, is another strong advocate of Reciprocity. He declares that the Miramicgi will expand enormously under the proposed arrangement.

At a political gathering in Fredericton on Saturday evening announcement was made that Stanley Douglas, lumberman and mill-owner, of Stanley, also a lifelong Conservative has refused to sign Mr. Crockett's nomination paper, and will support Reciprocity.

I. N. Draper, former Conservative, who is continuing to advocate Reciprocity although it has meant severformer political connections, showed his attitude by acting as chairman at a Liberal meeting in Woodstock recently.

PERSONAL

Miss Eleanor Rivet of Lowell (Mass is visiting her grandmother Mrs J.R. Howie.

The Misses Nichols of New York have been spending a few days with Miss Waycott.

Mrs J. Z. Currie of Cambridge, (Mass) is visiting her sister Mrs Spurden.

Mr. and Mrs Kaussfmann (nee Miss Muriel Gregory) are here on their honetmoon trip visiting Mrs Kaussfmann's father, Mr. Brunswick Gregory.

ENID CELEBRATES BIRTHDAY

Enid, Okla., Sept. 16—Today was the eighteenth anniversary of the opening of the Cherckes strip to settlement and the birth of the town of Enid, and the occasion has beenfittingly celebrated. The entire week has been a gala one, with a fair and carnival in progress, attended by thousands of visitors from all points within a large radius.

STOLE LIVE FOWL

Fred Carr, a well known local man was arrested yesterday on the charge of stealing two live fowl from the Poultry Department at the Exhibition. The fowl were in his possession at the time of his arrest but one had its legs broken. They belonged to an Ontario exhibitor and had not been handed over to him by the express company which brought them to Fredericton. Carr was before the Police Magistrate this morning and was remanded until Monday.

CITIZENS INDIGNANT

There was considerable indignation about the streets this morning when it became known that one of the amateur policemen put on duty by O. S. Crocket's law partner for exhibition week had arrested a well known and respectable citizen for no cause whatever. Several of the men who have been engaged for special lice are without qualification and probably would not have been given a job were it not for the fact that there is an election pending and their votes are needed. The question people are asking today and not without reason is "How long is Percy Guthrie going to be allowed to run the affairs of the town?"

KLARK URBAN COMPANY

Despite the remarkable line of plays presented by the Klark-Urban Stock Company and the gorgeousness of the stage settings, the lighter portions of the performances have not been neg,ected. The various specialties introduced during each performance are said to be far beyond the standard of stock attractions. In David Higgins' great comedy drama, "Capt. of Missouri" the opening bill Monday evening the;] will be seen to the best advantage and include the following:—Fred Bollinger, Aerial Artist; Marie Hodgkins, Vocalist; "Robetta," Bounding Rope and Slack Wire; Grace Leith, The Funny Old Maid; Billy Webb, Comedian and Dancer and Schreiber and Urban, Musical Art sts. The Klark-Urban Company will commence a six night engagement of the Fredericton Exhibition next Monday evening at the Opera House. Seats on Sale at Ryan's Drug Store.

Farmers of York take no stock in the loyalty cry, but vote for a policy that will keep your sons and daughters from going to the United States to earn a living.

Where is the farmer in York County who does not want to improve his position. He can do it by voting for reciprocity and the larger market.

SENSATIONAL DEVELOPEMENTS

(Continued from page one.)

means to maintain a permanent spy in the revolutionist camp, through whom they could secure information concerning the consecutive steps of the revolutionists. As a member of the central committee of the social revolutionary party, Bogroff visited St. Petersburg last spring on business of his party, and returned to Kiev Sept. 8th to assist in the protection of the emperor and the members of the imperial family at the manoeuvres.

At the inquiry yesterday, Bogroff declared that he intended to attempt to take the life of a higher personage than M. Stolypin, but feared that this would precipitate an anti-Jewish outbreak. Bogroff's brother, Vladimir, was arrested here yesterday. A despatch received by the Reich from Kiev says that a group of students appeared in the yard of the St. Sofia Cathedral late last night, and held a meeting at which inflammatory anti-Jewish speeches were made.

NET GAIN OF THREE SEATS

Montreal, Sept. 14—There are a dozen or more seats where the Opposition are simply giving their candidate the $200 to prevent the Government men from being elected by acclamation. There was a good deal of hope centred by the Conservatives of the Country of Levis where two Liberal were in the field Yesterday, however, Mr. Bardin, ex-M. P., retired from the field, and now the hope of a Tory stepped in between the two vanished.

Senator Dandurand gave out a statement to the effect that the Government would probably lose five seats in Quebec and gain eight, so that will leave Sir Wilfrid Laurier some better in the new House than in the last.

Another Tory hope was blasted here last evening when Hon. Rodolph Lemieux announced that Mr. Lanclot would retire in Richelieu, leaving Mr. Cardin, the one Government candidate and he will be elected.

LUMBERING CONDITIONS EARLY IN LAST CENTURY

(Continued from page eight.)

sleds in the winter time. Great Camps were built along the route for the accommodation of soldiers and teamsters. Thousands of horses were employed in transporting troops.

An incident which the Senator remembers clearly is an assault by two grenadiers of a regular regiment upon his father. The latter was beaten over the head with a handspike and knocked uncounscious. Two of his fellow militia-men took his part however and one of the English soldiers received such rought treatment in the ensuing fight that he died in St. John. The other was transported for his time his father affair. About this time his father was lumbering on the Tobique.

Senator Stephenson intends to visit the scenes of his boyhood before returning to Wisconsin.
