LIBERAL CONVENTION

A Convention of the Liberal party of the County of York will be held on Saturday the nineteenth day of August instant at 2 o'clock p. m. at the Pitt's Building, York Street, Fredericton, for the purpose of selecting a candidate for the Dominion Election now about to be held.

All friends of the Liberal party are invited to attend.

Dated the 12th day of August 1911.

EDWARD MOORE
President York County
Liberal Association.

A SERIOUS SITUATION

Mr. Lewis H. Bliss, manager of the St. John River Log Driving Company, indulged in a lot of cheap talk on political questions at the York Tory convention. As might have been expected, he dodged an important subject on which he could have given out some information and talked on subjects he knew but little about. For instance he might have said something about the repeal of the Pike law by the U. S. government in connection with the Payne-Aldrich tariff and its probable effect on stream driving operations on the St. John River. He might also have told the audience that logs cut in Maine can no longer be manufactured in New Brunswick and forwarded to the United States free of duty. He might also have told them that unless the reciprocity agreement goes into force American logs will in future be manufactured in the mills of Northern Maine and as a result the St. John River Log Driving Company will be deprived of a large portion of its revenue and many workmen along the river and in St. John mills will be thrown out of employment. He might also have told them that if he wished to be honest and fair, that if the people of Canada should reject the reciprocity agreement there would be grave danger of the maximum clause of the Payne-Aldrich tariff being applied to Canadian lumber seeking entrance to the States. This would mean a duty amounting to about \$4 per thousand feet, and 50 cents a thousand on shingles, which, as O. S. Crockett pointed out in his celebrated letter to the finance minister, would be prohibitive. Should such a serious condition of affairs come to pass Mr. Bliss knows as well as any other man what would happen to the Canadian lumber industry. The Solicitor General's fiery jingoism, O. S. Crockett's Marathon speeches with portrait accompaniment, Mr. Pinder's platitudes and Mr. Bliss' buncombe would be but a poor substitute to the lumbermen of New Brunswick for the loss of the American market. But after all what do these men care for the material interests of New Brunswick so long as they think they are promoting their own personal and political ends.

In his speech at the Tory convention a few days ago our old and esteemed friend Mr. Pinder is credited with having made this statement: "Aroostook County farmers were hauling their potatoes across the line to Carleton County and selling them at \$2 per barrel, at a profit greater than they could make in selling them in Maine at \$1.25 per barrel."

"We do not know the source of Mr. Pinder's information but we will take a gamble on it being at variance with the facts. In the market reports published by the Boston Globe on Thursday we find Maine potatoes quoted at \$1.65 and \$1.75 per two bushel bag, and it is explained that this is the price to the retailer. With this market open to them does it stand to reason that the Aroostook potato grower would ship his potatoes to Carleton County for \$1.25 per barrel of 2½ bushels.

The Veteran Ex-Warden Scott in a speech at the Tory convention is reported to have said: "The Yankees never gave us a dollar unless they could see two in return."

The ex-warden should sound a warning note to some of his near warning note to some of his near re- a yankee concern for the disposal of an extensive lumber property. He should induce them to call off the deal and sell the property to some honest concern in Canada and thus effect a saving of one hundred per cent. It is surprising that a man who has such a bad opinion of the Yankees as the genial ex-warden pretends to have should have spent the greater part of his life getting out lumber for their use.

The Liberals won a great victory in the local bye-election in Yarmouth on Wednesday, when Hor. E. H. Armstrong was returned by a majority of 800 over a man named De-Entrmont who opposed him at the general election. Hon. Mr. Armstrong had accepted a portfolio in the government thus vacating his seat. The Tory machine at Halifax wanted to test public opinion on the reciprocity agreement and insisted on a contest.

Here are some late New York market prices taken from the Boston Globe, which may interest York County farmers at the present time: Butter—Fancy northern creamery, tubs 29 @ 29½c, boxes 30 @ 30½c, prints 30½ @ 31c, fancy western creamery, spruce tubs 29 @ 29½c, ash tubs 28½ @ 29c, fair to good creamery 26 @ 27c, fancy dairy 25 @ 27c.

Eggs—Fancy henery 30 @ 35c, choiced eastern 29 @ 32c, fresh western selected 26 @ 28c.

The Tories of Welland, Ont., refused to heed the advice of their leaders, and have placed a candidate in the field to oppose Mr. German commenting on their action the Montreal Star says: "The decision of the Conservatives of Welland to oppose Mr. German, who took his political life in his hands to fight Reciprocity, needs some explaining."

A former resident of Keswick who was in the city yesterday made the statement that cucumbers are selling in the Boston market for five cents each. The farmers of Maugeville have plenty of cucumbers on hand which they would be glad to sell for ten cents a dozen. One man, we know of expects to plow one hundred barrels into the ground this fall.

The Hon. Harry McLeod in his wild outburst of spread eagleism at the Tory convention, declared "that it was the United States consumer who wants our produce and he wants it cheaper." The farmers of York would no doubt prefer to sell their goods to the consumer rather than to the middlemen.

Our exports to the United States last year were within two million dollars of our exports to the entire world in 1896, and Canadians are just as loyal today as they were fifteen years ago.

The scores of young men from York County who work in the Aroostook potato fields every fall will be able to make good money here at home at the same kind of employment when we get reciprocity.

AS IN THE OLD LAND:

SO IN THE NEW

"Yonder, in Old England, there stands triumphant the leader of Liberalism, a great statesman, an intelligent giant, a fearless fighter, and a true man. He has accomplished in the last few hours a bloodless revolution unequalled in world-history. The power of aristocracy to stand in the way of progress is at an end. It is the onward march of free men, the triumph of the people in the battle of the masses against the classes. As a Liberal I exult in that victory. As a Canadian I feel its inspiration. For Canadian people—common, everyday people like you and me—have the battle before us. Our war is waged against the class of moneyed interests, gradually growing, under the discrimination of protective tariffs, into huge trusts and combines which threaten to crush the life of the nation.

"But, as in Britain, so in Canada. As in matters of caste privilege, so in matters of trade. Abuse must lead to battle, and the people's battle can result in no other end than victory."—Sir Alan Aylesworth at Newmarket.

TWO SQUARE RIGGERS

ATTRACT ATTENTION

(Portland Argus)

The British Bark Edna M. Smith, which arrived here Tuesday night from Turk's Island with a cargo of 36,730 bushels of salt for the W. H. Shurtleff Company was docked at Union Wharf yesterday where her cargo will be discharged. The Smith is a fine looking vessel, and is unusually neat, her decks being as clean as the floor of a house. Capt. Read reports an uneventful passage, having moderate weather all the time in fact too much so, being becalmed several times, one day's log showing only two miles made. The sight of two square rigged vessels lying almost side by side discharging salt, caused considerable comment among the old waterfronters yesterday, as it carried them back to the times when about all the commerce at this port was carried by square rigged vessels and over 200 ships barks, and brigs hailed from Portland, about everything coming from foreign ports, including salt, molasses, etc., being carried in American bottoms.

CAMPAIGN NOTES

Brockville Recorder:—And the thumping of Imperialist drums, and the blare of Imperialist trumpets, our Tory brethren do not hesitate to suggest that the loyalty of Canadians is dependent on the maintenance by the United States of high duties on Canadian products. That is to say they contend that if some of those duties are repealed or reduced as proposed by the Fielding-Knox agreement the farmers in the Canadian West will be rendered so prosperous that nothing can stop them from rushing to annexation in order to enjoy a fuller and more permanent measure of trade with the Americans.

At the Lunenburg Liberal convention Ex-Mayor Morash of Lunenburg was present and made a speech in which he announced that as reciprocity was of such tremendous importance to his county and Province he had decided he could not conscientiously continue to support the Conservative party and would therefore vote and work for the Liberal candidate in this campaign. Another stalwart Conservative, A. V. Conrad a large fish-vessel owner, also came out strongly for reciprocity and pledged his active support to Mr. Sperry and the Liberal party.

The Springfield correspondent of the Amherst News discussing the election says: "So far Tories are Tories and Grits are Grits and Labor men are taking an independent stand with a cant towards reciprocity. The labor men take note that the corporations in general are lining up against the government and they are not slow at coming to the conclusion that their interests are with the party that is in favor of taking the taxes off the food of the people."

Mr. C. E. Therrien was elected by acclamation for the Quebec Legislature on Wednesday to succeed Dr. Pelletier who is going to Europe.

Mr. M. G. Cameron son of the late Hon. M. C. Cameron an old time Liberal stalwart, has been nominated by the Liberals of West Huron.

It is said that Dr. J. H. King ex-M.P.P., son of Senator King will be the Liberal candidate in Kootenay B. C. in opposition to Mr. Goodeve.

Mr. Hugh Guthrie, M. P. has been nominated as the Liberal candidate of South Wellington, Ont.

Mr. John D. Sperry, M. P. is again the Liberal candidate in Lunenburg.

Mr. E. M. Macdonald has been renominated by the Liberals of Pictou N. S.
