CARDINAL GIBBONS FIFTY YEARS A PRIEST

Baltimore, Md., June 30.—Cardinal Gibbons today rounded out a half century as a priest of the Roman Catholic Church and a quarter century as a member of the Sacred College, a combined distinction which no American ever before attained. It was on June 30, 1861 that the prelate was ordained to the priesthood, and it was on June 30, 1886, that he was vested with the princely insignia by the Pope.

The double jubilee was permitted to pass today without any special observance beyond the special masses celebrated throughout the diocese and the receipt by his Eminence of a large number of congratulatory letters and telegrams from friends and admirers throughout America. Added to the American greetings were felicitous messages from the Pope and from personal friends at the Vatican.

Cardinal Gibbons' jubilee was celebrated some weeks ago by a great non-sectarian gathering in this city which was attended by President Taft, ex-President Roosevelt, Chief Justice White and many other notables. About the middle of October, when the season is more suitable than at present the ecclesiastical celebration will take place. At that time it is expected that the most noted prelates of the church in America will assemble in Baltimore to do honor to the Cardinal.

Next month Cardinal Gibbons will be 77 years old. He enjoys good health, although he is somewhat feeble, and he continues to perform the active duties of his office.

INDIANAPOLIS READY FOR TAFT'S VISIT

Indianapolis, July 2.—The finishing touches to the preparations for the visit of president Taft and the safe and same celebration of the great national holiday in which the President will participate, were put on to day. The President will spend the night at the home of former Vice-President Fairbanks. Tomorrow he will give to the people of the city spending the day as the guest of the Marion Club, the leading Republican organization of Indiana. It is expected the President will deliver an address under the auspices of the club and it is regarded as probable that in the course of his remarks he will make plain his attitude in reference to the amendment of the reciprocity bill.

The President will review the big Fourth of July parade and afterward, if time permits, he will go to the State fair grounds for a celebration of railroad employees. The down town section of the city has taken on a gala appearance in anticipation of the presidential visit. Building after building along Washington street and other leading thoroughfares is one mass of color from sidewalk to roof and the national colors are everywhere in the shape of shields, bunting and countless numbers of flags.

GOVERNMENT AID FOR THOROUGHBRED STALLIONS

During recent years many appeals have been made to the Honorable Sydney Fisher, minister of agriculture, by horsemen anxious to bring about an improvement in the quality of our light horse stock and who are of opinion that for this purpose an infusion of thoroughbred blood is essential. Recognizing the force of these appeals as well as the importance of the subject, Mr. Fisher has decided to grant assistance under certain conditions to persons maintaining thoroughbred stallions for service in the various provinces.

In deciding upon this step the Minister has been largely influenced by the fact that while stallions of other recognized breeds, when in capable hands, are as a rule fairly profitable, this is seldom the case with regard to the thoroughbred, the advantages of breeding to horses of this class being unfortunately not fully realized by the present generation of Canadian farmers.

The lack in our light horses of the quality derivable only from the infusion of thoroughbred blood in the subject of adverse comment by all European horsemen who visit the Dominion with a view to investigating its possibilities as a field for the purchase of horses whether for military purposes or for ordinary saddle or harness use. In this connection it should be remembered that while horses for the last named, or in fact, for any of these purposes, may well be bred from sires other than thoroughbred, it is of importance that on the side of the dam there should, in order to produce the best results, be, in such cases, a strong admixture of thoroughbred blood.

The conditions under which assistance will be given are as follows:

(1) All horses on account of which aid is given by the department must be registered in the Thoroughbred Stud Book of the Canadian National Live Stock Records.

(2) Horses shall be of good size, quality and conformation and shall be free from all hereditary unsoundness; these conditions to be ensured by submission annually to a thorough careful examination either at the hands of the Veterinary Director General or such other members of the veterinary staff of the department, or other persons as the minister may from time to time appoint for this purpose.

(3) Horses so approved shall be duly and properly advertised to stand for service of mares, under the ordinary and general conditions usual in the districts in which they are to be kept, at an annual service fee (except in the case of thoroughbred mares) of not more than \$10 to insure, such service fee to become due and payable only when mares prove to be in foal.

Any person, firm or corporation owning or controlling any thoroughbred stallion in regard to which all of the conditions above set forth shall have been duly and properly fulfilled, shall, on production of satisfactory evidence thereof and of the fact that a reasonable number of mares, other than thoroughbred mares, have been served during the season, be entitled to receive at the close of each season the sum of \$250 from the funds of the Live Stock Branch. If, in the event of a horse dying or becoming incapacitated for service during the season, an approved substitute in immediately placed in the same district, the minister may, after due consideration of the circumstances, authorize the payment of the subsidy above-mentioned.

The necessary forms will be furnished on application to the Veterinary Director General and Live Stock Commissioner, Department of Agriculture, Ottawa.
