## SUFFRAGETTES SELF DENIAL

Large Number in  
Greater New York  
Are Living On  
Hard Tack

The Money Saved Will Go To Swell  
The Campaign Fund In Cal-  
ifornia

New York, Aug. 15.—The week of self-denial which the women suffragists of this city have voluntarily imposed upon themselves in an effort to aid the women of California who need funds to carry on the campaign for women's rights, with a view of carrying the suffrage proposition at the election to be held in that State on October 10, began today in all seriousness. To celebrate the opening of this period of self-denial the suffragists of Greater New York gathered at Clason Point this forenoon and partook of a luncheon, the menu of which included hard-tack and other primitive and inexpensive articles of food which many of the women did not even know by name.

The luncheon had been arranged by leaders of the suffrage movement in this city to launch the self-denial movement in an appropriate manner and to give the suffrage advocates a foretaste of the "simple life" to which they had committed themselves for the period of a week. The undeniably plain menu of the luncheon had an exhilarating effect upon the suffragists and with every address the enthusiasm increased.

It is not alone by fasting, however, that the New York women devoted to the suffrage cause expect to help their sisters in the far West. Many hundreds of letters have been received by woman suffragists of prominence, in which the writers, women of every rank and station of society, pledge themselves to deeds of self-denial. Some of the poorest enthusiasts, mostly working girls, promised to cut down their luncheon allowance and deny themselves the luxury of riding home in a street car, to contribute to the California campaign fund. Others pledged themselves to forego soda water, candy and ice cream for a whole week, still others promised to deny themselves certain additions to their summer wardrobe, and to mend their old stockings, instead of purchasing new ones. Of course the money thus saved, is to be contributed to the war fund. The range of sacrifices which the women suffragists have voluntarily imposed upon themselves is quite extensive and varied in accordance with the social and financial conditions of the women.

Many of the wealthy or comparatively wealthy suffragists have decided to deny themselves some pleasure, from an expensive book to a week-end party or a trip to Europe and some business women or professional women have pledged themselves to contribute a certain percentage of their income or salary for the week. It is expected that by the co-operation of the supporters of woman's suffrage in this city and by the faithful fulfillment of their pledges of self-denial a large sum of money will be raised and it is hoped that the sum thus realized will be of material aid to the women of California in their fight for woman suffrage.

### KENTUCKY DEMOCRATIC CONVENTION

Louisville, Ky., Aug. 15.—The Democratic State convention assembled in Louisville today to formulate the platform on which the State ticket will make the fight for election this fall. In addition to the regular delegates the attendance included the candidates for office and numerous party leaders. The gathering has attracted attention from the fact that it is the first convention in the history of the state to meet after the party had named its ticket.

Mr. L. C. Dingle of Moncton, is in the city.

## IT IS GOOD FOR EVERYBODY

(Toronto Globe)

Day after day the swing of the pendulum of public sentiment towards tariff relief gathers momentum. Day after day the wires tell their story of acquisitions to the ranks of progressive Canadians who support reciprocity.

Take the past two days, for instance. Halifax, Mr. Howard Smith, head of N. & M. Smith, Limited, the largest exporters of dried fish in the world, declared that reciprocity meant a new era of prosperity for Canada. Nova Scotia would come into her own, and her fishing fleet be doubled in from three to five years. Although hitherto a Conservative, Mr. Smith is supporting Laurier and larger markets.

At Guelph, Mr. Henry Arkell, one of the largest breeders of sheep in Canada, said: "Remove the tariff against Canadian sheep and watch the Canadian sheep industry grow. I have voted Conservative for years, but I am for the reciprocity trade agreement."

At Napance, Mr. Charles Anderson, a prominent Conservative farmer, stated that reciprocity was of far more importance to Canadian farmers than abject party allegiance. He declared he was not a traitor to his party, but that the party was traitor to the old policy for which Sir John Macdonald and all other Conservative leaders had stood up to the time it became possible through the Fielding-Taft agreement.

At Brockville, Mr. John Gill, President and General Manager of one of the large hardware and edged-tool manufacturers in eastern Ontario, said that the reciprocity agreement "is purely a sound business one, and the Canadians will do well to avail themselves of its advantages altogether apart from politics. I am glad, as a manufacturer, to have this opportunity of heartily approving of the sound business-like agreement secured by Mr. Fielding."

At Brockville, also Mr. Wm. C. MacLaren, General Manager of Halls, Limited, manufacturers of gloves, suspenders, etc., said: "I have given the matter of this agreement a great deal of thought and I have found nothing in it except benefit to the people of Canada. I cannot understand how manufacturers can take any other position. This agreement in no sense injures any of us, and cannot fail to be a big thing to the farmers and artisans. I desire to put myself on record as a manufacturer in complete accord with the reciprocity agreement, and am glad indeed that the farmers are to have this opportunity to secure better returns for their labors."

## THE POPE'S CONDITION REMAINS UNCHANGED

Rome, Aug. 15.—The cool air of the early morning helped to freshen the Pope, who when he was visited by his physicians, appeared to be no worse than yesterday. Professor Marchisavi, the consulting doctor at the Vatican explained that the Pontiff's restlessness during the night was due perhaps to the fact that he had slept longer than usual yesterday afternoon. Moreover, the restlessness might be described as an invalid life, which is really a symptom of convalescence.

An incident amusing to some but annoying to the sisters of the Pope is related today. The sisters who have been besieged by newspaper men and photographers, have become unapproachable to those wishing information regarding the Pontiff's condition for public use.

Late yesterday a reporter disguised as an inspector for the gas company entered their home and after examining the meter and the pipes, humbly inquired about the Holy Father. The sisters mistaking the man for a devout individual anxious for the Pontiff's health, answered candidly.

## THE STOCK MARKET SHOWS SLIGHT ADVANCE TODAY

## ASTOR'S FIANCÉE IS VERY ECONOMICAL

New York, Aug. 15.—From the opinion of some Fifth Avenue modists today, that Miss Madeline Force the young fiancée of Col. John Jacob Astor is to be very economical in the arrangements for her wedding tressou. It was learned on the Avenue that she and Col. Astor drove in a taxi-cab to five shops yesterday afternoon, where the young woman made plain that \$1,000 would be the limit of expenditure for her wedding finery.

In contrast to the \$20,000 which a recent society girl is said to have spent on her tressou, including \$2,500 for a single gown, it was said that Miss Force objected to a \$2,500 creation, which one modist showed her, and found one at a shop further on, which pleased her just as well for \$100.

It was on this date in 1871 that Felipe de Neve, governor of Alta California, gave to the settlement the name of Los Angeles.

Mr. C. H. McGee of St. George, is in the city.

## SENSATIONAL SHOOTING AT ONTARIO P. R. A.

Toronto, Ont. Aug. 15.—Sensational shooting marked the opening day of the Ontario Rifle Association's annual meeting at Long Branch Ranges. Sgt. Major Higgins of the 13th Regt. Hamilton put in 13 successive bulls at 800 yards in the extra series and Lt. F. Morris of Bowmanville also made a possible at this range with 7 shots and added 3 more bulls eyes to his score for "The shots." (An unfortunate circumstance prevented Sgt. Phillips of the 10th Royal Grenadiers being credited with the same performance. He scored his possible and put on three bulls' extra but his last shot put on the wrong target. The great achievement of the day is to be credited to Corporal A. Ward of the 7th Field Artillery, and Private J. W. Smith, of the 24th regiment, who made perfect scores on both the 500 and 600 yards ranges with seven rounds at each. In the first stage of the "City of Toronto" match, Capt. Schlatter of 64th D. G. O. R., Vancouver, missed the bulls eye only in one shot all through the day and his record stands at 138 points out of a possible.

### COMMODORE PREBLE REMEMBERED

Portland, Me., Aug. 15.—Exercises were held today in commemoration of the 10th anniversary of the birth of Commodore Edward Preble, one of the most distinguished officers of the American navy in its early days. Commodore Preble was born and died in Portland and Fort Preble, guarding the entrance to Portland harbor, was named in honor of his memory. Commodore Preble is best remembered for the warfare he conducted against the Barbary pirates, who menaced American shipping in the Mediterranean. In the year 1803 his ship bombarded Tripoli six times and destroyed all the pirate craft, and destroyed all the pirate craft. The Pacha finally asked to negotiate and the American officers operations eventually resulted in the peace of 1805, by which the tribute that Europe had paid for centuries and the slavery of Christian captives were abolished.

## TODD AND RECIPROCITY WILL WIN CHARLOTTE

Popular Representative in the Last Parliament Unanimously Nominated at Great Convention on Monday—Ringing Speeches by the Candidates, Hon. Dr. Pugsley, Senator Gilmor and George M. Byron—Farmers and Fishermen of the Country Want Reciprocity

St. Stephen, N.B., Aug. 14.—Prosperous Charlotte County progressed another step today by coming out strongly in favor of Laurier and large markets in the greatest political demonstration ever held in the county.

In open convention in the St. Stephen curling rink this afternoon three hundred Liberal delegates, from every parish in the county, unanimously nominated William F. Todd, member for Charlotte since 1908, to again contest the county in the government's interest.

The candidate was given a hearty reception, both at the convention and at the public meeting held in the rink in the evening, and his election by a greatly increased majority is conceded on all sides.

The presence of Hon. William Pugsley, minister of public works, at both meetings today was much appreciated by those in attendance, and the minister cannot help but feel gratified with the flattering reception accorded him. Met at the station this morning by a brass band, he was escorted to the residence of W. F. Todd in an automobile and carriage parade. Mr. and Mrs. Todd entertained the reception committee, Henry E. Hill, W. W. Clarke, Peter F. McKenna, J. W. Scovil, Hugh Love and N. Marks Mills, and the convention committee at luncheon, and tonight invited to dinner with Dr. Pugsley the officers of the county association, and the presidents of the Liberal clubs through the county.

Tomorrow the minister will speak at a picnic and field day at Campbell. The Liberal campaign is going with a swing and victory on the reciprocity issue is assured.

### A CROWDED CONVENTION.

The convention in the afternoon was held in the St. Stephen curling rink and every seat was taken in the large hall. When the band arrived, on motion of John W. Scovil, who called the meeting to order, Senator Gilmor was chosen chairman, and he ascended the platform amid the cheers of the gathering.

The senator made a fighting speech, in which he said the large attendance in the busiest season of the year could only be accounted for by the fact that there was something more at stake than the mere division of parties. The people of Charlotte were rising up in their independence against the domination of a rich and aristocratic clique who, fattened with the best of the land, had now set themselves against the people bestowing the product of their labor in the most profitable market.

The name of R. E. Armstrong, editor of The St. Andrews Beacon, was enthusiastically received when a secretary was proposed and Mr. Armstrong took his place on the platform.

N. Marks Mills then moved a resolution for the formation of a Liberal Association for the county, which was carried and a nominating committee of five was chosen to name officers elected were:

President, R. E. Armstrong, St. Andrews.

Vice-Presidents, Peter F. McKenna, St. Stephen; Dr. C. C. Alexander, St. George.

Secretary, Lewis F. Mills.

The executive to be composed of the presidents of the Liberal clubs throughout the country.

### W. F. TODD NOMINATED.

On motion of George M. Byron, of Welchpool, the chairman was asked to name a nominating committee to choose a candidate. The following were named:

Henry E. Hill, W. A. Armstrong, Wm. Hamilton, John Goss, H. Bilmour, Alphonse O'Neill, Lewis Connors, Percy Anderson, Leonard Simpson, E. L. Connolly, John Russell, Wm. Babcock, Herbert McLean, Calvin Ingalls and Harrison McAllister.

The committee retired and returned in a few minutes with the report that they were agreed on the name of William F. Todd. This announcement was received with great cheers and the committee were dispatched to notify Mr. Todd at his residence.

While the audience was waiting, George M. Byron, of Welchpool, Campbell, gave a most practical and convincing talk on the advantage of reciprocity.

"I am an optimist," said Mr. Byron. "I came back to this country as other young men are doing, since Laurier has come in, for I believe it has a future and I cannot see how any man would want to spoil chances by reviving Toryism."

"In the mother country the old Toryism is dead, buried beyond resurrection and shall this new and progressive country lag behind the parent nation? When Laurier goes back I sincerely hope that a rule will be applied which will end forever Tory obstruction."

Mr. Byron pledged his word that the Liberal majority in Campbell would be greater than ever before. One man a Conservative, had to sell his potatoes this spring for less than \$1 a bushel in Campbell, while at Eastport he could have secured \$1.50 a bushel if it had not been for the tariff. That was enough for him.

While Mr. Todd, accompanied by Hon. Dr. Pugsley, was approaching the hall, escorted by the band, Senator Gilmor contrasted the situation with the Conservative convention held a week before.

"Three Conservative gentlemen, three stalwarts," he said, "heard deep rumblings and Messrs. Ganong, Clarke and Grimmer all found excuses and they knew the signals, said the chairman, and the same rumblings are heard all over Canada. They said in Ottawa very recently that there will be no Tory party after election. We will have Liberals only divided into two parties, free traders and the tariff for revenue party."

This statement added to the outburst of applause, with which the candidate entered the hall and when the party proceeded to the platform, three cheers for Todd and for Dr. Pugsley were given with a will and the chairman tendered the nomination to Mr. Todd, who accepted while the rafters rang with the cheers of those present.

"In this contest," said Senator Gilmor to the candidate, "you are holding forth the banner of British Liberalism, upholding the principle that free men shall not be dictated to by protected interests."

### MR. TODD ACCEPTS

In accepting in a dignified and telling speech, Mr. Todd said that in view of the demonstration and the fact that the nomination had been made unanimous, with so much excellent material to draw from, he could truthfully say that it was the proudest moment of his life. When he was nominated three years ago he

## THE STRIKE SITUATION

Troops Have Been  
Called Out in Liver-  
pool to Assist  
Police

They Made the Targets for Bricks  
and Other Missiles—Fired Over  
Heads of Crowd

London, Aug. 15.—Liverpool the storm centre of the strike which is threatening Great Britain, was under arms today, in addition to her own police and reinforcements from the surrounding cities, troops of infantry and cavalry under General Maxime Woods are quartered in the city. These troops as was shown in the early riots this morning were prepared to back up the police with force of arms in maintaining order.

The riot in Great Homer Street, while not directly connected with the strike had a good effect in its outcome, as the rowdy element was subdued. The trouble began when a constable arrested a man for having assaulted a woman. Troughs rescued the prisoner from the officer and police reserves who were hurriedly called could not control the mob which vented its fury in wrecking the shops of the neighborhood. Then 200 troops were brought to the scene. The soldiers were at once made the targets of bricks, bottles and other missiles fired from roofs and windows of nearby buildings, several soldiers and police receiving shocking wounds. A bayonet charge was ordered and when this failed to clear the streets, an order to fire into the air was given.

Two volleys were discharged over the heads of the rioters with great moral effect. A number of the rioters were wounded by the bayonet charge, but no one was hit by bullets. Many of the mob were arrested. This forenoon things were somewhat quieter. The response to the midnight appeal by the strike committee for a general strike of all transport workers, including the railway men, was not unanimous and trucks continued to move along the streets under strong escorts, while small forces were at work on some of the docks. However, the Cunard steamer Caronia, due to sail from Liverpool for New York today, with other liners, were still in the stream, unable to get away.

There was little change in the situation at London. A few more dock laborers returned to work and the carters employed by one of the big railway lines, resumed their duties. The settlement made with these men was not permanent and a resumption of the general strike particularly of the dock laborers, is expected at any moment.

The grievances of the men are not serious compared with those upon which they received concession from their employers, but the men felt that the moment was opportune to get everything that they wanted.

The number of railway strikers throughout the country increased today and in some places the passenger service was discontinued.

At Manchester the streets were as quiet as were those of London last week, all the carters having gone out.

The only success won thus far by the employers was at Glasgow, where the street railway strike has collapsed.

Piverpool, Aug. 15.—The troops were compelled to fire on a mob of strikers here early this morning. Bayonet charges also were made upon the disorderly element.

London, Aug. 15.—Today Premier Asquith held a conference at his office with the other ministers and the labor leaders when the whole question was discussed.

Manchester, Aug. 15.—The railway strike spread today but there was little disturbance of public order. The flour merchants state that the city is within three days of starvation.
