GAVE BIG ODDS.

A bet of fifty dollars to five that Col. McLean would win out in Sunbury and Queens was made on the boat this morning.

SLIGHTLY IMPROVED

Mr. Frederick Clynick is serious ill at his home, Regent Street. His condition yesterday was such that his death was feared but this morning he showed some improvements.

A CONSERVATIVE VIEW.

A conservative from St. John, who was in the city today, admitted that Hon. Dr. Pugsley would be re-elected in St. John by a thousand majority, and he added that he considered Dr. Daniel's election extremely doubtful.

STUDENTS AT LAW.

The council of the Barristers' Society met yesterday and decided to admit as students at law Ralph P. Hartley, B.A.; J. B. McNeir, B.A.; C. A. Craighan, B.A.; M. R. C. Smith, B.A.; Miles B. Innis and James C. Ketchum.

MEETING POSTPONED.

The September meeting of the Barristers' Society of New Brunswick, which was to be held yesterday, did not take place, no members of the society from outside points being in the city, as the Supreme Court adjourned early in the week. The next meeting will be on the second Tuesday of February and will be the annual meeting.

GREAT ACT AT UNIQUE

Mr. Spencer of the Lyric Theatre St. John, The Anvil Trio who open a three days engagement at the Unique today, will prove one of the best acts ever seen at this theatre. This is a strong recommendation and the result will undoubtedly be packed houses during their short stay. Afternoons 3 to 5. Evenings 7.30 to 10.30.

FROST FOR BLISS

Mr. Lewis H. Bliss spoke at a meeting at Oromocto last evening in the interest of Mr. Smith. There were fifteen electors present in addition to women and boys. Mr. Bliss got off the usual stock arguments against reciprocity and devoted some time to a course personal attack on Mr. R. W. McLellan. He was unable to say, however, that Mr. McLellan had ever addressed a pitiable letter to the city council begging to be relieved of taxation on the ground that he had been out of employment. The speaker was frequently interrupted by cheers for McLellan, and altogether had a very lively time of it.

THE COTTON MILL CLOSED DOWN FOR TWO WEEKS

Has Not Had a Very Busy Season—Several Employes off for Aroostook Potato Fields

The local hack organ publishes almost daily under scare headlines, despatches telling of industrial depression in the New England States. When a textile industry closes down or lays off a few hands the incident is urged by the organ as a reason why we should not have reciprocity with the United States. The organ when referring to the Textile industry, however, neglects to state that there is also depression in that industry in Canada and we need not go beyond Marysville to find it. The large cotton mill in that town which employs hundreds of hands has not been working full time since last spring; it has not been working on an average more than four days out of the week. Yesterday it closed down and will remain closed until the 28th inst. And more than that several of the male employes have gone to Aroostook to work in the potato fields of that county. It is true that some industries in the United States have closed down, but there is this difference—the employes are not coming to Canada to pick potatoes.

U. N. B. EXAMINATIONS BEGAN THIS MORNING

The matriculation and supplemental examinations at the University of New Brunswick began this morning and will continue until the end of the week. A considerable number of students are here writing the papers. Several are senior matriculants. Prof. R. B. Miller, professor of Forestry arrived in the city yesterday from his home in Indiana. All members of the U. N. B. faculty are now in the city. Prof. Miller stated today that an increase in the number of forestry students were expected. Several of the students who were taking the forestry course last year have been employed by the Dominion government in the Western Provinces during the summer. Prof. Miller has received letters from some of them which stated that they had been very successful. It is not likely that these students will be able to return to Fredericton at the beginning of the academic year which opens on Monday next. A large number of the intending students have communicated with Chancellor Jones and it is expected that the freshman class will be one of the largest in the history of the college.

CALLED AWAY BY ILLNESS

Mr. R. Earl Hyslop manager of the local Western Union Telegraph office has received word of the serious illness of his father at St. Stephen. He will leave for that place this evening.

UNDER WHICH FLAG.

A large number of young Tories in different parishes of the county have gone to Maine to work in the potato fields. The Tories have promised them their expenses and \$5 each if they will return on the 21st and vote for Crockett. The Liberals have promised them employment at home if they will return and vote for Reciprocity.

SENATOR STEPHENSON COMING

Senator Isaac Stephenson, of Marinette, Wisconsin, accompanied by his son, William H. Stephenson, were in St. John yesterday. Senator is a former New Brunswicker, being born in York county, who has succeeded in the States. He has carried on an extensive lumber business in Wisconsin and takes an active interest in politics in that section. He has been a state senator for some time, and was also elected to the Senate of the United States. Senator Stephenson will revisit his old home before returning to the West.

THEY CHEERED FOR McLEAN

Any persons who were of the opinion that Col. H. H. McLean did not have a strong following in Queens-Sunbury would have lost that opinion had they seen electors of that constituency upwards of three hundred strong arrive here by special train over the C.P.R. this morning and march to the St. John River S. S. Company's wharf to take the steamer for Gagetown where the candidates were nominated today. On the way to the steamer the Queens-Sunbury men cheered loudly for Col. McLean cheering with particular force in front of the office of the local anti-Reciprocity sheet. The excursionists were from points along the C.P.R. as far south as Welsford. The reciprocity candidate is evidently sure of re-election.

O. S. Crockett has made York laughing stock at Ottawa.

GREAT ACTIVITY AT EXHIBITION GROUNDS TODAY

Many Industrial Exhibits Already on the Ground—Stock and Agricultural Exhibits to Arrive Shortly

Despite the fact that much additional space has been added to the main building, of the Fredericton Exhibition making room for many exhibitors, Secretary Hooper with his usual activity has about succeeded in placing all the exhibitors in their respective booths at the exhibition and the place is taking on a more busy appearance as the day of the opening draws near. Visitors at the grounds are remarking on the splendid manner in which the new work on the grounds and buildings is progressing, adding much to the general appearance, and the activity of the exhibitors in the preparation and fixing up their booths trying hard to have everything in readiness for Saturday night.

The State of Maine will be represented much more this year than at the last exhibition as a result of Mr. Hooper's tour to that state several weeks ago.

Electrician Carr has progressed rapidly with the work of wiring the grounds and buildings and will have the lighting plant ready for tonight so that those wishing to work may do so.

TO MOVE OFFICE

The Secretary and the office staff have been very busy this week making up the entries and will move their office tonight from Queen Street to the new offices which have been moved from the front of the main building to the rear.

On Saturday night all adults be given free admission to the grounds from 7.30 to 8.30 but all wishing to enter after that time will be charged the regular fee of admission.

The usual number of booths and outside shows will be erected outside the grounds and already the proprietors of them are preparing for the opening of the exhibition. A large number of industrial exhibits are ready at the grounds and more are coming in daily. The live stock and agricultural exhibits will commence to come in shortly.

ROLLER SKATING

The Arctic Rink will be open on Friday evening for roller skating. The admission will be free and fifteen cents will be charged for the privilege of skating.

BURNS--HAUGHTON WEDDING TODAY AT ST. ANTHONY'S CHURCH

Bride Formerly of Ireland--Happy Couple Left for Nova Scotia on Wedding Tour

The marriage of Miss May Haughton, formerly of Waterville, Ireland, but for the past few years a resident of St. Marys, and Mr. Walter Burns of Maugerville, took place at St. Anthony's Church at seven o'clock this morning. Nuptial mass was said by Rev. Father Ryan, a large number of friends of the bride being present.

The bride looked very pretty in a white embroidered mull dress (which was the gift of a cousin in Ireland to the bride) with a large black picture hat, and carried a white prayer book which she received as a present from Rev. J. J. Ryan, Pastor of St. Anthony's Church; the bride was accompanied by her friend Miss Katie Nelson, who wore a becoming costume of navy blue silk with large black hat to correspond, and carried a bouquet of sweet peas and maiden hair fern, while the groom was supported by his brother Mr. Holly Burns.

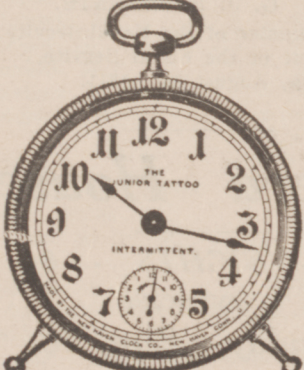

Following the ceremony the happy couple, with their immediate friends, partook of a wedding breakfast which was served at the priest's residence, after which Mr. and Mrs. Burns left on the 9.45 train for St. John and Nova Scotia.

The bride was the recipient of many presents including a gold locket and chain from the groom, while to the bridesmaid he gave a gold bracelet and to the groomsmen a set of gold cuff links. The many friends of Mr. Burns and his bride wish them every happiness in the future life.

A SOLITARY DRUNK.

One lone drunk was arrested by the police last night. He obtained his release by making the usual deposit.
