THE SHEEP INDUSTRY AND RECIPROCITY PACT

(Toronto Globe)
Enemies of reciprocity and of the larger market for the Canadian farmer are seizing on a chance occurrence of a day or two ago, when a few sheep from the United States were sold on the Toronto market. This is taken to mean that American sheep will flood Canada under reciprocity, instead of Canada selling to the cities across the line. Apart from the simple fact that it is no crime to buy what you want elsewhere, if you cannot get it at home, is the circumstance that the present conditions are altogether exceptional.

At certain times of the year the demand for mutton and lamb in Toronto is greater than the supply, and the sequel is high prices. The Ontario farmer is not producing sheep and lambs in sufficient numbers to supply the domestic market all the year round, and while it is sometimes necessary and sometimes possible to import supplies from the United States, it is not always possible to do so at a profit. Prices are not always higher in the Toronto market than in the Chicago market, and it is advantageous to bring sheep and lambs in from the United States only when the Ontario farmer fails to maintain a steady supply.

Our farmers do not go into sheep-raising very extensively, for reasons which are well known. Some of them have found dairy farming, beef-raising and fruit-growing more profitable. The average sheep farmer in Ontario specializes rather in pedigree stock than in market mutton, and there are few farms where sheep-raising is carried on exclusively, except where the farmers are breeding pure-bred stock. Drovers from the sheep-raising districts assert that

they seldom get more than thirty sheep or lambs from one farm in any one year, while some of the average is below twenty head, so impoverishing are some of the farms as a result of the disease that was encountered some years ago.

That the Canadian farmer often finds it convenient to market sheep and lambs in the United States, however, is proved by figures which show the imports and exports for the year ended March 31, 1910, the latest period for which detailed returns are available. The report of the Department of Customs shows that our exports exceeded imports.

The imports from the United States to Canada for the year ending March 31, 1910, were 35,844 sheep and lambs worth \$131,493, while the exports from Canada to the United States during the same year were:

Sheep, one year old or less, \$7,814 head, valued at \$415,912
Sheep, over one year old, 16,535 head, valued at 153,767

Total value... \$569,679

The Toronto World, which has been trying to make a point against reciprocity, says the sheep from the United States which were sold in Toronto, paid duty of 88 cents each. Canadian sheep entering the United States pay a specific duty of \$1.25 per head and lambs 75 cents each. Even with the duties heavily against them, Canadian sheep raisers send many more sheep and lambs to the United States than are sent to Canada from the United States. With the duty removed entirely, the trade, especially in lambs, will increase greatly.

Laurier and larger markets is still the policy for Canada.

SETTLED A MILLION ON HIS FIANCEE

New York, Sept. 1.—The sum which Col. John Jacob Astor settled upon his fiancée, Miss Madeline Force, in the marriage agreement signed at Newport last Monday, was \$5,000,000, according to The Herald today.

In addition to \$5,000,000 which will belong to the young woman the moment she is Mrs. Astor, a further agreement was made, it is said, providing that liberal provision shall be made for Miss Force in Colonel Astor's will, which is to be drawn after the wedding and deposited with the marriage agreement with the United States Trust Company.

A TRURO EDITOR AND SIMPLIFIED SPELLING

(Truro Sun)
Painted in fine large and attractive letters on the new edifice in which the "News" will be published at no very distant date are the words

"NEWS BUILDING."

The great exponent of "fonetics" has evidently had a faint heart.

The News edifice is no "bilding" it is a real building.

When you stop and read the painted sign you're invited in to the "News building." When you get inside and away from the crowd shake hands with the editor and discuss the recent "Hicks" prediction, tell him you can't do without the "home paper" and then "slide" for home. You'll probably find a personal next day as follows:

"Mr. Balm of Gilead was a welcome visitor at the News building yesterday."

You were under the impression that it was a "bilding" you visited but here it is in cold type BILDING.

Evidently the exponent has "brot" in a new manner of writing which is less easy for to wryte and more easy for to speak.

In the News of July 14 we find the following:

"The site of the new station was put west of the present station BILDING. The design of the new "bilding" is excellent.

"The "bilding" will be brick, stone "trimd."

And in the issue of July 27th we find:

"Mr. D. Morris is bilding a fine double house on Willow street."

Why isn't the "News" consistent? Is it "bilding" outside the "bilding" and "bilding" inside the "bilding"?

Is this the way to instruct the youth in our country in "fonetics"?

If "bilding" is correct, paint it on the "News" building. If it's wrong, don't make it "bilding" in the printed issue.

The "fonetic" system seems to be a "Janus" system.

BILDING?
Or BUILDING?

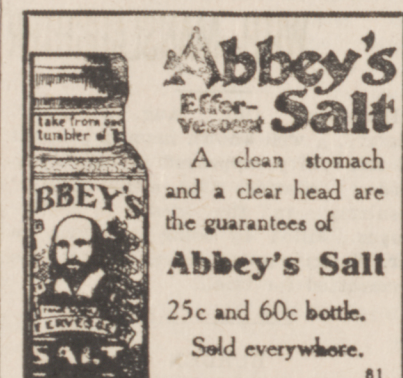

Mr. P. P. Brennan of Bath, N. B., arrived in the city last night. He is registered at the Barker House.

MR. BORDEN'S VIEWS ON 1904

Addressing the Canadian Manufacturers' Association in Montreal on July 21st, 1904, Mr. R. L. Borden said:

"Was there any idea that a reciprocity treaty with the United States would in any way interfere with self-government in Canada? No."

That was only seven years ago. Why has Mr. Borden changed his mind? When the Conservatives wanted reciprocity it was all right. It was only after the Liberals arranged for it that Conservative demagogues began to denounce it as dangerous.

GIBSON

Mrs. G. E. Wade and daughter Winifred are visiting relatives in Portland, Maine.

The village schools opened Monday under the same staff of teachers as last year.

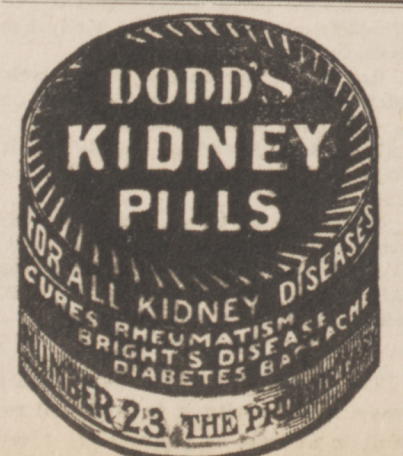

Our new school teachers, daughters of Rev. Mr. Jenkins left for their schools at Blissville and Rustburg on Saturday also Miss Louise Allen who will teach at Brewer's Mills York Co.

Mr. Richard Howard met with a painful accident at York & Sunbury Mill recently. While at work his right hand came in contact with the saw making a bad wound. Mr. Howard was rushed to the office of Dr. Atherton where the necessary surgical aid was rendered.

Mr. Walter McFarlane was attacked by a bull and received severe injuries but is feeling much better.

Mr. Joseph McDonald has sold his residence to Mr. Maxwell of St. Stephen and has moved into his house on Main Street.

Mr. Wilfrid Coveney has arrived from England and will spend the summer with his parents Mr. and Mrs. John Coveney.

A SIGN OF THE TIMES
New Brunswick boys driven from home by the high tariff policy of the Tories, are beginning to return. Two of them have been in Fredericton this week looking for a chance to buy farms. Reciprocity and the larger market is already getting in its work. A policy that will bring back our sons and daughters from foreign lands and fill up the vacant farms ought to be satisfactory to the people of York County.
