FREDERICTON BRANCH--QUEEN STREET
W. S. THOMAS, MANAGER

Railroad employees in the United States receive twice the pay of railroad employees in the United Kingdom of Great Britain, according to a compilation by the Bureau of Railway Economics, at Washington. This covers wages paid railway employees and the cost of living, and is based on the latest years for which comparative data are available.

What is known as the uniform child labor law has been passed by both houses of the Arizona State legislature and has been signed by the Governor. The International Brotherhood of Blacksmiths and Helpers has recently begun the organizing of ladies' auxiliaries, and is meeting with splendid success.

A PHYSICIAN TELLS HOW TO GET REST

When rest is ordered it is a common thing to be met with the reply that it is impossible, nevertheless it often quite possible to get a great deal more than is taken. There are always some people who cannot be induced to rest until some serious illness is brought on and they are compelled to lie by together. Vitality is produced only at a certain fixed rate, though this varies greatly at times and in certain individuals, and unless a proper amount of rest is taken there is danger of the strength being overtaxed. In some cases where this has occurred there is no treatment that can take the place of rest and the patient's whole future depends upon his getting it. He may have to keep his bed for weeks, because in that position he cannot even take exercise, for there are times when exercise of the mildest character would be harmful. But many people would save themselves, from falling into any such serious state if they would use reasonable care as to resting generally. Where vital force is low, and the organs that supply it feeble in their action, fresh air for example is most necessary, but it must be obtained without exertion of any kind. To lie on a comfortable couch out of doors, or even by a wide open window will do good, and precaution may easily be taken against catching cold. A quarter of an hour, or better still half an hour, spent in sitting or lying down quietly after the midday meal is a good means of strengthening anyone and resting the nervous system. There is no need to go to sleep, though the rest will be more complete if the eyes are kept closed. Many a man or woman would find their health benefited by the purchase of a really comfortable chair for true rest can never be had in a forced position; the muscles of the entire body must be relaxed. Again, many people neglect to get enough sleep at night; if you are called on to rise early, you must not keep late hours; eight hours should be the measure for any one who works hard either with head or hands. In the case of a woman whose rest is broken by a baby, she must do her utmost to get a short nap during the day unless she can go to bed very early at night. The same applies to anyone who may bear the charge of an invalid. The old description of burning the candle at both ends may be used for the often highly unselfish people who work continuously without resting; but they would do well, before it is too late, to consider whether it is worth while running the risk of serious illness that might quite possibly incapacitate them from any duty at all.

Cook's Cotton Root Compound.

BIG GAIN IN C.P.R. EARNINGS

Gross earnings of Canadian Pacific Railway for the fiscal year which ended June 30, will be shown in the annual report as a few dollars within \$122,856,000, compared with \$104,167,000 in 1911, a gain of \$18,689,000.

It is possible to arrive at this total by the publication of the approximate figures for June, completed yesterday by the announcement of the last ten days of the month, giving a total of \$10,848,000 for the month, a gain of \$1,808,000.

No definite figures on net earnings will be available for some days, but it is possible to arrive at a close estimate with the official figures for eleven months and approximate figures for June.

The net earnings last year were \$36,699,830, and for eleven months of the current year they were \$39,451,640. For May the net was \$3,680,000 and assuming that June will show \$3,600,000, a conservative estimate of the total would be \$13,051,000, a gain of \$6,352,000.

Last year, in addition to the regular net, the annual statement added the sum of \$1,118,349, as net earnings of steamships in excess of the amount included in the monthly reports.

In 1911 the net increased by \$3,978,225 over 1910, and this year the increase will be about \$5,233,000 over 1911, taking into account the steamship figures added, or 46,352,000 not counting the steamship figures.

NATIONAL MUNICIPAL LEAGUE

Los Angeles, Cal., July 6--Preparations have been completed for the annual convention of the National Municipal League, which will meet in the city Monday for a session of four days. The convention is to have an unusually large number of prominent speakers. Among them will be Governor Hiram Johnson of California, Mrs. Caroline Bartlett Crane of Kalamazoo, Mich.; Prof. William Bennett Munro of Harvard University, and Clinton Rogers Woodruff of Philadelphia.

TRACE THE BRIBERY FUND'S SOURCE

(Moncton Transcript)

From this and all the adjoining constituencies comes the uniform testimony that the provincial government's victory was won in some cases by open violation of the election law.

In the County of Kent it is stated that men with rolls of bills in their hands purchased voters just as openly as they would purchase goods in the market for housekeepers.

In Westmorland County arrangements with voters were made on terms and such voters were even permitted to go to the polls individually but told to wait until they were fetched. They were taken to the polls in batches to vote on terms which had been arranged.

In the City of Moncton the law was violated respecting the use of intoxicating liquor. Corrupt understandings were sought with different voters and this journal repeats its statement that there was in the eyes of the law a corrupt negotiation with certain classes of voters who are opposed to temperance sentiment.

Intoxicating liquors were used in the City of Moncton in the interest of the Conservative candidate.

No abuse, no vilification, no threats will prevent this journal from openly publishing and repeating that statement.

From Albert County comes the statement that corruption was openly practised to secure the election of the Conservative candidates. A reliable correspondent writing says:

"It is proven that it is impossible in New Brunswick to run an election upon lines of purity, which indicates a deplorable condition. We must have reform, however, in election campaigns, and it must come sooner or later."

Such is the testimony which is pouring in from all parts of the province. Both the government supporters and those who contributed the election funds have in this instance over-reached themselves. The very extent of their triumph may prove their undoing.

The Liberal leaders of the Province owe it to themselves, their principles and their supporters to probe this matter to the bottom and trace the source of the campaign fund, which was so corruptly used.

EDUCATORS MEET FOR BUSY SESSION

Chicago, Ill., July 6--Chicago began today the entertainment of the thousands of school teachers from every nook and corner of the United States, who are here for the golden jubilee convention of the National Educational Association. Delegates began arriving several days ago. Each hour added hundreds until today when the teachers began passing into the city by the thousands. The convention will continue all next week.

Three sessions for the National Council of Education ushered in the convention activities today. Tomorrow fifty churches will be hosts to the delegates, their ministers speaking on educational topics. On Monday the first general session will be held in the Auditorium Theater, and in the evening there will be a reception in the Art Institute. The initial session will be devoted principally to a review of the history of the association and the work it has accomplished during the half century of its existence. The speakers will include Carroll G. Pearce of Milwaukee, the present head of the association, and former Presidents Thomas W. Bicknell of Providence and James M. Greenwood of Kansas City.

The men employed by the Electric Railway Company at Regina, Saskatchewan, have organized a local union. The street car system in that city is owned by the municipality.

Got A Pain In Your Back?

IF YOU HAVE
HEED THE WARNING.

You get a pain in your back, and you wonder what is the matter. When the back aches or becomes weak it is a warning that the kidneys are affected in some way. Heed the warning; cure the weak, lame, aching back and dispose of any chances of further trouble.

If you don't do this, serious complications are very apt to arise, and the first thing you know you will be troubled with Dropsy, Diabetes or Bright's Disease; the three most deadly forms of kidney trouble.

On the first sign of a pain in the back, Doan's Kidney Pills should be taken. They go right to the seat of the trouble, cure the backache and prevent any further complications arising.

Mr. Stewart Johnston, Richardson Mines, N.S., writes: "For years I was troubled with my back, and I had to give up work. I tried Dr. after Dr., and was getting no better. I had almost given up hope when I began to try Doan's Pills. I took three boxes of them, and found I was completely cured. I feel I owe my life to Doan's Kidney Pills."

Price 50 cents per box, or 3 boxes for \$1.25, at all dealers, or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

When ordering direct specify "Doan's."

UNEMPLOYED TO TALK PANACEAS

New York, July 6--Various problems that are supposed to add thorns to the working man's path through life are to be discussed at a three days' conference which was begun in this city today under the auspices of an organization which manages to exist under the title of the "National Committee of the Unemployed of the National Brotherhood Welfare Association." The organization is working for the establishment of a national employment bureau, for free transportation for laboring men in pursuit of jobs, and for short or long hours, a minimum wage scale and insurance against unemployment.

CHAIR AWAITS THREE SLAYERS

New York, July 6--The electric chair in the big prison at Sing Sing awaits three prospective victims for the week beginning tomorrow. Only once before since the installation of the chair have three executions taken place in a single week. The three condemned to die next week are Santa Zanza, with five others killed Mrs. Mary Hall at Croton Lake in November, 1911; Giuseppe Cerelli, who stabbed Nicola Di Paolo in a card game at White Plains, and George Williams, who killed Charles Conklin, station master at Croton, in April 8, 1911.
