T. E. SUTHERLAND,
Westmorland St., near Queen.

The Conservatives tried all the time they were in power to get reciprocity in natural products with the United States but were unsuccessful. The Liberals have succeeded in getting better terms than the Conservatives tried to get. Now the Conservatives tell us it is not loyal to accept it. Could anything be more absurd.

ENGLAND THE LEADER.

There are some nations in the world who have made their wealth by trade and commerce. In this way England is the great commercial nation of the world. (Cheers.) England has her commerce by comparison with which even the commerce of Germany falls into insignificance. She has made certain treaties, certain old treaties with certain nations called the "Favored nation clause" whereby it is agreed that where one of the contracting parties makes an agreement with any other nation then every other nation in the treaties must receive the benefit of that agreement. One of these goes back to the time of Cromwell, another to the time of Charles II. In all three are twelve nations that are going to have the advantage of our market if this agreement is consummated. — Sir Wilfrid Laurier at Halifax.

Base Ball Turf

SOPRANO HAD
TO GO FOUR HEATS
TO WIN 2.08 TROT

Belvasia Pressed her Hard—Soprano's Chances for Madden Sweepstakes are not Favored

Hartford, Conn., Sept. 5.—The Grand Circuit horses provided much better sport than was expected this afternoon. The card called for only two events, with five starters in one and three in the other. To the regular turf followers Soprano overshadowed her field so completely that there was no hope of a contest, and Lee Wilson looked about as good in the event for trotters driven by amateurs.

Soprano, however, had to go four heats to get the money, and tonight horsemen do not like her chances in the Madden sweepstakes at Syracuse next week, a race she has been a pronounced favorite for a month past.

The handsome daughter of Bellini was far from being the 2:04 trotter she was a few weeks ago. Over the fast Charter Oak track, miles in 2:06½ and 2:07½ were about all she could do. Willy, the Austrian-bred sprinter, all but lasted long enough to land the first heat, the finish being very close, with Andrews bringing all of his skill into use to keep the invader from winning.

Just after coming out of the upper turn in the second heat, Soprano jumped off her stride and ran more than an eighth of a mile. The Massachusetts-bred-and-owned Belvasia came through the stretch very fast, overhauling Willy in the last few yards.

Soprano took the next two heats, but not in a manner that impressed. Belvasia was uncomfortably near her at the finish of the third, and Grace looked a bit dangerous along toward the end of the fourth.

Lee Wilson, who won the amateur race at Readville, found Lady Willow a harder proposition today, although he did not have to step quite as fast as last week. The Memphis mare hung on hard and in all three heats only a head was the gelding's advantage at the finish.

The summary:

2:08 CLASS, TROTTING.

Purse \$2000.

Soprano, chm, by Bellini-Op-
eretta, by Elyria (Andrews) 1 3 1 1

Purse \$2000 (amateur drivers.)

SPORT

BOSTON AMERICANS
GET MARTIN KRUG
FROM COLUMBIA

Young Shortstop has Great Reputation as Base Stealer, Batter and Fielder --Has Had Experience

Columbia, S.C., Sept. 5.—Martin Krug, Columbia's speedy shortstop, who has been drafted by the Boston Americans, has done great work in putting Columbia on top of the South Atlantic league. His hitting was hard and timely and his fielding sensational, but it is on the basis that young Krug has shown himself the most promising this year.

Krug is a base stealer of more than ordinary cunning and a man whose offensive tactics are very disconcerting to the average pitcher. From first to third on a bunt perfectly played by the opposition is no unusual stunt for this youngster, while from second to the plate on an infield out several times has been his achievement.

With one exception, Krug has played in every game of his team's schedule. In that time he has acquired according to unofficial averages a batting average of .293. He leads the Columbia club in home runs with seven circuit smashes to his credit. He also leads in run-getting with 76. He has stolen 42 bases and put in 20 sacrifice hits.

This is Krug's second season with Columbia, coming here last season from the Blue Grass league. He has also seen service in the Central league. He is 5 feet 10 inches in height and weighs about 170 pounds. He throws and bats right-handed.

SOMETHING ABOUT POTATOES

The record show that in the year 1861 under the old reciprocity treaty New Brunswick produced 4,041,339 bushels of potatoes, while last year according to the St. John Standard of August 18th, the potato crop of the province was estimated at from 650,000 to 750,000 bushels. In other words New Brunswick fifty years ago with a population one hundred thousand less than it has today, and with primitive transportation facilities, RAISED AND MARKETED OVER SIX TIMES AS MANY POTATOES AS IT DID IN THE YEAR OF OUR LORD 1910. The explanation is found in the fact that the great markets of the United States were then open to the farmers of New Brunswick while they were closed in 1911. Could any stronger argument be advanced in favor of reciprocity let the farmers of York think the matter over for themselves. Let them ask Mr. Crockett and his campaigners for an explanation of this great falling off in potato production.

FOSTER FOR RECIPROCITY

"Our reply to Uncle Sam should be: Granted that you fully realize that . . . no scheme of Reciprocity which interferes therewith (i. e., with Canada's autonomy) is desirable; that understood, we welcome the fullest trade and intercourse consistent therewith. Meanwhile, as a neighborly beginning, could you not give our products tariff entrance to your markets on the same terms which we accord to yours in our market? . . . This would be an earnest of good feeling and might dispose us to further converse." (See article by Hon. G. F. Foster University Magazine, Dec., 1910.)

BROWNETTE
THIRD IN 2.13
PACE AT LEWISTON

Made Pearl Pick Race to Win First Heat—Robert Bell and Dichato Winners

Lewiston, Me., Sept. 5.—The second day of the Maine state fair was another success in every particular. The attendance was practically equal to that of yesterday, while the sport furnished was of even higher quality. Beckwith Havens, the young aviator, again made three very successful flights in his Curtiss biplane, his work being far ahead of anything in that line ever before witnessed in Maine.

The receipts for the first day were \$6,600, exceeding those of last year's first day by \$2,100, and those of today will exceed those of the corresponding day last year by \$1000. With continued good weather the fair will be the biggest financial success in years and the Association will be able to pay a good slice of its debts.

The race card for the day had three events, and they furnished good sport, all three requiring extra heats, while in the colt race three different youngsters won the first three heats.

In the 2:13 pace Pearl Pick, from the College Stables at Brunswick, landed the first two heats in close finishes with Knoxie B and Brownette. In the third heat Knoxie B caught Pearl Pick napping at the last turn and gained a slight advantage, which she succeeded in holding to the wire. In the final heat Pearl Pick and Knoxie B finished together so close that the starter, who was calling the numbers as they finished, refused to call, being unable to determine which was first. The judges caught Pearl Pick a few inches in front, however.

The 2:25 trot was another grand horse race, Robert Bell, after finishing fourth in the first heat, stepping to the front in the next three.

The three-year-old trotters' race brought together five colts and fillies which many pronounced the best field of youngsters that ever faced a starter in Maine. There were two by the famous Todd, two by Cochato and the fifth was by Northland Ajax. Nelson Todd landed the first heat and Florama the third, while Dichato, by taking the second and fourth, carried off first money.

The summary:

Purse \$500.

CHATHAM FAIR

RACES HAVE GOOD

LIST OF ENTRIES

Chatham, N.B., Sept. 6.—The Chatham exhibition will be opened on Monday, Sept. 11, and the entries far exceed any previous record. Large additions had to be built to accommodate the live stock and the entries in poultry are also much in excess of any previous year. It looks as though the accommodation of the exhibition buildings will be taxed to capacity.

Two days' racing is assured and it is expected that sufficient entries will be obtained within the next day or so to complete the proposed three day program.

The entries so far are:
2:10 trot and pace, \$300—Billy C. Prander, Winnie Wilkes, Lina Miller, Nick R. P. K. Oswego Boy, Ozon D and Baby Logan.
2:21 trot and pace, \$300—Tubeline, Premier, Fred R. Nick R. Master-

WILL CHEAPER IMPLEMENTS RUIN THE FARMER?

The reciprocity agreement will benefit the farmers of York in two ways. It will give him larger, more accessible and more stable markets. It will give him the benefit of substantial reductions in the duty which he has to pay on the machinery and implements of his calling.

The duty on wagons will be cut from 25 per cent. to 22½ per cent. On plows from 20 per cent. to 15 per cent.

On tooth and case harrows, from 20 per cent. to 15 per cent. On binders from 17½ per cent. to 15 per cent.

On drills and planters, from 20 per cent. to 15 per cent.

On mowers, from 17½ per cent. to 15 per cent.

On horse rakes, from 20 per cent. to 15 per cent.

On cultivators, from 20 per cent. to 15 per cent.

On thrashing machines, from 20 per cent. to 15 per cent.

On windstackers, baggers, etc., from 20 per cent. to 15 per cent.

On hay loaders, from 25 per cent. to 20 per cent.

On potato diggers, from 25 per cent. to 20 per cent.

On fodder or feed cutters, from 25 per cent. to 20 per cent.

On grain crushers, from 25 per

cent. to 20 per cent.

On fanning mills, from 25 per cent. to 20 per cent.

On hay tedders, from 25 per cent. to 20 per cent.

On field rollers, from 25 per cent. to 20 per cent.

On bells and gears, from 30 per cent. to 27½ per cent.

With the reciprocity agreement ratified all Canadian farm products, except wool, will be entitled to entry to the United States without payment of duty. The free list will include:

Cattle of all kinds.

Horses of all classes.

Sheep and swine.

Poultry, whether live or dead, and eggs.

All varieties of grain.

Beans.

Garden, field and grass seeds.

Hay and straw.

Flax seed.

Potatoes, turnips, onions, cabbage, and all other vegetables in their natural state.

Apples, pears, peaches, grapes, berries of all classes; all other edible fruits in their natural state, and honey.

Butter, cheese, milk and cream.

This is the farmer's chance. Vote for Laurier and Atherton and larger markets.
