CONSPIRATORS WILL BE BROUGHT TO JUSTICE

(Continued from page 1)
hands of these men and perhaps as familiar as anyone with the series of dynamite outrages in which they took part. I deem it my duty to say to you, in order that in your discretion, you may advise the court:
"First—No human life has been destroyed by any other explosion traceable to these men, nor do I know of any such explosion which was apparently planned with the purpose of taking life, though in some instances a disregard of such possible consequence was shown.

"Second—The National Erectors Association does not join in the demand for death penalty for the younger McNamara, believing him the weak, paid tool of others, and his actions the natural consequence of the doctrines taught by men who now repudiate him. We believe the punishment of both these brothers secondary in importance to the conviction of the men behind them, and we sincerely hope they will take advantage of the opportunity now presented to perform a signal service for society by making a full and frank confession.

"Third—Inasmuch as some of the demands for extreme punishment come from men who must have known of the guilt of the McNamaras, and one of them at least to be implicated in several outrages with them, I sincerely doubt that such demands are being made with the sole desire of aiding the ends of full and complete justice. (Sgd.) WALTER DREW."

Mr. Drew reiterated this evening that he believed that between twenty and thirty labor leaders would be indicted as the result of the federal investigation now under way at Indianapolis, and that the ramifications of the inquiry would extend from Boston to the Pacific Coast. As to Samuel Gompers, president of the American Federation of Labor, he would say nothing other than to repeat what he said during the day—that so far as he knew, Mr. Gompers had no knowledge of the dynamiting and no advance information that the McNamaras were to plead guilty.

LABOR LEADERS CONSULTED ABOUT CONFESSION.

Los Angeles, Dec. 4.—Organized labor was represented at conferences of counsel at which it was decided to enter pleas of guilty for the McNamaras. This much was admitted today by Clarence S. Darrow, chief counsel for the prisoners.

"I sent telegrams to labor leaders to come here, for an important conference," he said, "but I did not tell and could not tell them what I was about. I thought they would know. I sent one telegram to Samuel Gompers, asking for a representative to advise with me. Edward Nockels, secretary of the Chicago Federation of Labor, came, and was here two weeks previous to the time the McNamaras made their confession.

Mr. Darrow said today that Nockels knew the situation and accepted the solution reached as the most practicable one.

Mr. Gompers denies that Nockels communicated with him as to the proceedings at the conference referred to.

W. E. STAVERT TO JOIN SIR MAX AITKEN

Montreal, Dec. 5.—That Mr. C. W. Dean, acting manager of the Bank of Montreal, St. James Street branch would be Mr. Meredith's successor as assistant general manager was the rumor in financial circles and apparently well grounded.

W. E. Stavert former manager of the Bank of New Brunswick, whose name had been linked with the position, will today's reports say, throw in his lot with Sir Max Aitken.

PRESIDENT DEFENDS THE SHERMAN ACT

Washington, D.C., Dec. 5.—President Taft's third annual message to Congress, devoted exclusively to the Sherman Anti-Trust Act and the Trust question in general, was read in Congress today.

The President defended the Sherman Act, as interpreted by the Supreme Court of the United States, indicated plainly his opposition to the repeal or amendment of this statute.

WINCHESTER SPRING, ONT., DEC. 4.—

Electors of Dundas County were given an unexpected treat this afternoon when they heard a debate in which Sir James Whitney met his opponent R. S. Muir, the Toronto commercial traveller, who so suddenly came into the field against the premier. The Orange Hall was crowded to the point of discomfort with men who had braved the zero weather and who, wrapped up in great fur coats, had driven many miles to attend the meeting.

Mr. Muir received a fair hearing, although at times he was forced to stop owing to roars of dissent. One of these times was when Sir James was referred to as "the most reactionary public man in Ontario during the last fifty years."

The biggest disturbance, however, was when the Liberal candidate in reference to Dominion politics, said that Messrs. Monk and Bourassa were in control of the federal government. It was fully five minutes before the cries of "Take it back," "Take it back," began to subside enough to allow him to continue.

In reply to a statement, the premier declared emphatically that there was no break in the cabinet on the bilingual issue.

The condition of Mr. Charles Carleton of Douglas, who has been seriously ill, is considerably improved.

Mrs. George O'Neill leaves tomorrow for Amherst to visit her daughter, Mrs. Bert Moffat.

Mr. J. A. Clarke of St. John, is in the city.

Dodd's Kidney Pills Doing Great Work in Saskatchewan

Mrs. Emel Carlson tells how quickly and completely they cured her Kidney Trouble

Colonsay, Sask., Dec. 4.—(Special)—No remedy has done as much for the wheat growers of Saskatchewan as Dodd's Kidney Pills. They occupy a place in the family medicine chest on nearly every farm, and every day brings fresh evidence of the great work they are doing. One of the latest to sing their praises in this neighborhood is Mrs. Emel Carlson. Here is what she is telling her many friends:

"For about two years I was sorely troubled with Kidney Disease brought on by a strain. My heart bothered me. My sleep was broken and unrefreshing and I was always tired and nervous. The least exertion would cause me to perspire freely, and my perspiration had an unpleasant odor. 'Three boxes of Dodd's Kidney Pills cured me. They are certainly the best medicine I ever used.'"

If you have any of Mr. Carlson's symptoms your kidneys are wrong. Make them right with Dodd's Kidney Pills.

BIG POULTRY SHOW ON IN NEW YORK

New York, Dec. 4.—The New Grand Central Palace was transformed into an immense barnyard and all day long it resounded with the cackling of hens, crowing of roosters, quacking of ducks and geese, piping of canaries, while the sounds from other varieties of poultry contributed to the musical medley in the great building. The fifth annual exhibition of the Empire Poultry Association was opened this morning and the show will continue through the week. Tomorrow the great Cat Show will be added to the attractions.

The poultry exhibition is the largest ever seen in the metropolis. With 1,400 classes on the premium list the event has attracted all the breeders of fine poultry in the Eastern States. One of the best breeds of chicken shown is the famous Orpington, for which as much as \$2,500 has been paid for a single bird. The display of pigeons, bantams and game cocks also attracted much attention from the crowd that attended the opening of the show.

WOLTER APPEAL COMES UP

Albany, N. Y., Dec. 4.—The appeal of Albert W. Wolter from his conviction of murder in the first degree of Ruth Wheeler in New York came up for argument before the Court of Appeals today. Wolter has been an inmate of the death house at Sing Sing prison the past eighteen months. His crime, which was committed on March 22, 1910, was of an unusually brutal and fiendish nature and created a great sensation at the time. According to the evidence given of 15 trial he lured his victim, a girl of 15 years, to his rooms on the pretext that he wanted to hire her as a stenographer. After making a criminal attack on the young girl he is alleged to have strangled her to death and then dismembered and partly burned her body, which was later discovered in the fireplace.

PROHIBITIONISTS IN THE FIELD FIRST

Chicago, Ill., Dec. 5.—Confidence in the ultimate success of the prohibition cause and enthusiasm over the outlook for the coming national campaign formed the keynote of a great gathering of prohibition party leaders and temperance reformers which assembled in this city today. The meeting here tomorrow of the Prohibitionist National Committee is the magnet that has served to attract the foes of liquor from all parts of the country. At this meeting the committee will fix the time and place for holding the National Convention to name the party candidates for President and Vice President of the United States. Following precedent, the convention probably will be held the latter part of May or early in June. Chairman Jones and other influential members of the committee are said to favor the proposal to hold the convention in the far West. Portland and Seattle are under consideration. No decision will be reached, however, until after a thorough discussion of the matter. In addition to the Pacific coast cities the committee will consider bids from Milwaukee, Detroit, Boston and several other places.
