## MANY DARING AVIATORS ATTEND CHICAGO MEET

Chicago, August, 11.—More than two-score of the most daring bird-men of two continents are assembled in Chicago and every thing is in readiness for the great aviation meet in the history of aerial navigation which will begin here tomorrow at Grant Park. The big hotels in the vicinity of the aviation field on the Lake front are rapidly filling up with visitors and it is expected that by tomorrow the transient population of Chicago will show an increase of fully fifty-thousand, attracted to this city by the meet.

The organizer of the meet, among whom are some of the wealthiest and most progressive merchants of this city, have spared neither money or trouble to insure the success of the event and have made sufficiently attractive from a financial point of view to attract aviators of renown from seven great nations. France will be represented by Roland Garros, Rene Simon and Rene Barrier, noted throughout Europe for their daring feats. The English contestants will include "Tom" Sopwith, known as "His Majesty's own Airman." Other noted foreign aviators who will fly during the nine days of the meet, are J. A. D. McCurdy, the Canadian aviation veteran; Abraham Ragorodsky, a Russian, who has been flying under the auspices of the Russian aerial Club, John J. Frisbie of Ireland; Edmond Audemars, the famous Swiss aviator, and a number of others.

The list of American aviators who will take part in the contest includes Capt. Thomas Baldwin, dean of American aeronauts; Charles H. Hamilton, who made the first flight from New York to Philadelphia; Eugene Ely, who flew from the land to the deck of a battle ship and back again; A. Robinson, who was the first man to loop the loop on a motorcycle; Harry N. Atwood, who recently won renown by his flight from Boston to New York and from New York to Washington and his daring "stunts" in the cities mentioned; Lincoln Beachy, who made the first flight over Niagara Falls; F. E. Post, the Milwaukee aviator, who formerly held the amateur altitude record; St. Croix Johnstone, the Chicago aviator with a long record of daring and successful flights; Charles F. Willard, James V. Martin, Charles F. Walsh, Arthur Stone, "Jimmy" Ward, Ladislav Lewkovic, Lieut. Andre Roul, and Howard

Le Van, the youngest aviator in the United States, who is only seventeen years of age.

The United States Government has taken official cognizance of this meet and the war department has detailed Major Samuel Reber of the signal corps and a number of the officers of the army to attend the meet and make observations. The commander of the two gunboats in Chicago harbor, the Nashville and the Dubuque, have received orders to hold themselves in readiness for any emergency escorts for daring aviators, attempting a flight across Lake Michigan.

The aviation field in Grant Park is one of the best equipped ever seen at any meet of this kind. The grand stand seats 70,000 persons and judging from the advance sale of seats during the week, elaborate preparations have been made to provide medical assistance in case of accident or sickness and a corps of physicians and surgeons, with a large number of assistants and nurses will be on duty in and around the aviation field during the entire duration of the meet.

The events will begin each day at 3.30 in the afternoon and will continue until seven o'clock. The program has been so arranged that there will be no waits between events and there will be something to be seen all the time. The program for the week includes forty-eight separate events, including four cross-country and cross water flights, in which twelve speed events with a total of \$14,000 in prizes, with separate prizes for monoplanes and biplanes in all but two of the events. In the passenger-carrying contest prizes amounting to \$1,000 will be completed for, not counting a number of special prizes for various special feats. There will be five altitude prizes aggregating \$10,000 and big special prizes in the "quick-climbing" contest, accuracy, starting and landing contests, etc. A minimum of \$2 a minute will be allowed each aviator for the time he is in the air during flying hours, whether he wins a prize or not and \$10,000 will be distributed among the aviators who remained in the air the longest time during the official hours of the meet. In addition to the prizes provided by the organizers of the meet, many cups and prizes for special features have been offered by leading hotels and business houses. The profits of the meets are to go to charity.

## J. M. ROBINSON & SONS WEEKLY STOCK MARKET REVIEW

St. John, Aug. 12.—Severe liquidation carrying prices to lower levels than for months, has characterized the securities markets of the week. This liquidation was accompanied by the U. S. Government crop report, which showed an unexpected falling off in condition, both as compared with the report of a month ago and the average for a number of years. The crop report cannot, however, be said to have been the direct cause of the decline which began previously to its issue though it was a contributing factor and forced prices further than would otherwise have been the case.

The real cause of the slump was probably the lack of public interest in the market, unfavorable industrial conditions and poor railroad earnings, all tending to produce uncertainty of the future.

Labor troubles too have had their influence in bringing about the liquidation, though at present these are in evidence more in Europe than in this country.

Money continues easy and in good supply, except in Canada, where there is a tendency towards firmness; the Bank of England statement is reassuring, showing a strong position and good ratio of reserve.

It is quite remarkable that the Canadian stocks have held so well in the face of severe declines in the New York list. Indeed it was not until the latter had been under selling pressure for nearly a week that the Montreal list responded to any extent, the principal evidence of liquidation there being the absence of a market for specialties and recent merger securities in which speculation is practically for the time being a dead issue.

All summer we have had a crop markets earlier, the prospects of an abundant harvest put prices up and stocks, though quiet, showed a strong undertone, more recently the news of continued dry weather and damage has unsettled public opinion. Now the government report tending to confirm the fears, has aided in a rather spectacular exhibition of weakness throughout the list; this however, applies more to the United States than to Canada, where the prospects of an excellent wheat crop is still considered 'good' and where the rapid influx of new capital and development of resources from one end of the country to the other produce more optimistic feeling and better markets, particularly in standard issues.

### UNION PACIFIC

This stock has suffered a more severe decline than probably any other on the list and apparently without any cause unless it may be that for the year ending June 30th last the surplus available for dividends in common stock was \$36,047,209, being a decrease of \$5,476,485 from the previous year. The surplus, however, is equal to 16.64 per cent on the common stock, which provides a very comfortable margin over the 10 per cent dividend.

### SOUTHERN PACIFIC

Southern Pacific reports a surplus available for dividends on the common equal to 9.43 per cent, for the year ending June 30th 1911, against 13 per cent. the previous year. In figures the surplus this year, \$25,771,434, being a decrease of \$5,105,461 over last year.

The railroads, however, are all showing declines, with the possible exception of New York Central, which owing to economies, has maintained its net better than any.

At the close of the week the opinion generally formed that after so severe a decline there will very shortly be a substantial rally. It is felt that the government crop report, while disappointing, does not indicate any calamity and that owing to the much larger acreage, the net results will be better than anticipated. It is also pointed out that there has been since the 1st of August a marked improvement of course, having occurred since the complication of the government report.

### MEET TO DISCUSS CONTEST RULES

Detroit, Mich., Aug. 10.—Representatives of the leading automobile concerns of the country are in the city for the annual meeting of the Manufacturers' Contest Association, which began today and will continue over tomorrow. The purpose of the meeting is to discuss the rules to be recommended to the contest board of the American Automobile Association for use during the coming year. The principal subjects slated for consideration are the reduction, elimination or the establishment of a new method for determining the weight limits in stock car events and the important matter of regulating competition on half and one mile dirt tracks built originally for other than automobile use.

## NIOBE'S COMMANDER MAY BE COURT-MARTIALED

Ottawa, Ont., Aug. 11.—A special despatch from Halifax to a local paper says: "A pathetic scene is reported to have been witnessed in the docks yesterday. Commander W. B. MacDonald of H. M. C. S. Niobe proceeded in full uniform, wearing his sword, to the office of Admiral, Kingsmill. When he returned his sword was not by his side. It has been left with the admiral as a result of the stranding of his ship. Nothing is given out regarding this, but it is believed to be the first step in a court martial, or was in line with such an investigation, which may mean the loss of his command of the Canadian Cruiser.

Deputy Minister Desbarrats, of the Naval Department, said today that there was no confirmation of the rumor from Halifax and that he believed it was untrue.

## SOME IMPROVEMENT IN STRIKE SITUATION

London, Aug. 11.—Considerable improvement in the strike situation was evident today and orders for troops to come into the city were countermanded. Some cavalry had already gone aboard the special trains at Aldershot when their officers received word that they were not needed in London. The trains, however, remained on the sidings, their locomotives with steam up, so that they could be moved at a moment's notice.

The settlement of the carters' grievances, who, with the dock laborers, whose demands were satisfied some days ago, formed the bulk of the strikers, had a good effect and an adjustment of the differences of the water men and lighter men with their employees was hourly expected. Some of the strike leaders were pessimistic, but their men did not appear to share their views. As some of the dock men returned to work, the bargemen were busy getting their barges ready to resume operations.

## FINANCES OF THE ODDFELLOWS

In this annual report at the meeting of the Grand Lodge, I. O. O. F., in New Glasgow, J. J. McKinnon, grand secretary announced that the year ended June 30 was a record one in the number of grand lodges.

Ten new subordinate and two Rebekah lodges were instituted, making the total 107 subordinate and 55 Rebekah lodges. The increase in membership, exclusive of new lodges, was 234 and including the latter makes a net gain of 542 and the total membership 9,909.

The amount paid out for relief during the year was \$16,392.43, while the amount was \$33,700.97. There is in the widows' and orphans' fund \$7,582.40, and in the benefit and relief fund \$29,654.78; invested funds and cash, \$175,665.93, making total of assets of lodges \$235,551.72.

J. H. Balcom, grand treasurer, reported receipts of \$9,760.45 including a balance of \$4,718.11 on hand at the commencement of the term. The expenditure totalled \$4,227.46, leaving a balance of \$5,532.99.

### THE REBEKAHS

At the meeting of the Rebekah Assembly on Tuesday the report showed that the charter of Maple Leaf Lodge, Summerside (P. E. I.), that new Lodges had been instituted at Sidney Mines and Lockport (N. S.). The gain in the membership for the year has been 29 brothers and 183 sisters. There are now 55 lodges with a membership of 1,592 brothers and 3,096 sisters. The total receipts were \$4,422.53, and \$130.52 was paid for relief. The cash now on hand was \$608.60. There were 32 deaths during the year.

The treasurer reported the year's receipts, including a balance of \$385.40, were \$1,233.02. The home now amounts to \$1,544.34.

At a meeting of the Grand Encampment the grand scribe reported that one encampment, Premier, No. 1, St. John's Newfoundland, had been instituted. There were eleven deaths the year. The report shows: Number of encampments, 27; membership, 1,119; paid for relief, \$435.50; total receipts, \$1,755; expenses, \$1,266.42; invested funds, \$4,994.32.

### TYPOS MEET IN SAN FRANCISCO

San Francisco, Cal., Aug. 12.—Delegates and visitors to the fifty-seventh annual convention of the International Typographical Union, which will be called to order here Monday morning by President James M. Lynch, are arriving on all trains. The convention will be the first that organization ever has held west of Denver. An attendance of fully 2,000 visitors is expected, representing all sections of the United States and Canada. Many important questions are to be settled at the meeting, among them being a proposed increase of the death benefits and pension rate.

MR. FARMER DO YOU WISH TO INCREASE THE VALUE OF YOUR FARM? THEN VOTE FOR RECIPROCITY.
