DARING HOLD UP ON SOUTHERN RAILWAY

Atlanta, Ga., Feb. 18—The fast train from New York to Atlanta number 36 on the Southern Railway was held up near Cainsville, Ga., early this morning and the safe of the Southern Express Co. broken open. The report says there were five robbers and that they secured about a thousand dollars. The marauders did not disturb the passengers or the mail car.

"SLEEPLESSNESS"

Thousands of people all over this land toss night after night on a sleepless pillow. The eyes do not close in the refreshing slumber that comes to those whose heart and nerves are right.

Some are troubled with weak and smothering spells; others palpitation of the heart; others have their nerves unhinged; but whatever the cause—it comes entirely from a derangement of either the heart or nerves, or both. Milburn's Heart and Nerve Pills offer the blessing of sound, refreshing slumber. They do this by their invigorating effect on the heart and nerves and will tone up the whole system to perfect condition.

Mr. H. Jewel, Keswick, Ont., writes: "I am glah to have the pleasure of telling you what Milburn's Heart and Nerve Pills did for me. I would have weak spells, seemed to lose my breath, and would have to get up in the night as I could not sleep. I tried many medicines but found nothing good until I used Milburn's Heart and Nerve Pills. I took three boxes and it is three years ago since I did so, and I haven't been troubled since."

Milburn's Heart and Nerve Pills are 50c. per box, or 3 boxes for $1.25 at all dealers, or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

WILL C. P. R. ISSUE NEW STOCK THIS YEAR

(Montreal Witness)

The recent high price of 213 recorded by Canadian Pacific, has in part been the result of record-breaking earnings, and in part the result of rumors which have been circulated both here and in Europe, to the effect that in the very near future, Canadian Pacific would issue a block of new stock. This stock it is claimed will be issued at $150 per share, which would, of course, give substantial 'rights' to stockholders.

In regard to these rumors Canadian Pacific officials state that they have absolutely no intenton of issuing new stock at the present time, and that rumors to that effect are wholly without foundation.

At the same time it is entirely likely that a new issue of Canadian Pacific stock will make its appearance before the close of 1911. The company has outstanding at present $180,000,000 common stock of an authorized issue of $100,000,000, so that without any increase in the authorized amount the company could issue an additional $20,000,000 which, at $150 per share, would bring $30,000,000 to the treasury. If this stock were issued at $150 per share, and figuring Canadian Pacific at present at around $210 to $211, the 'rights' which would accrue to stockholders would be worth $5 to $6.

Since 1902 Canadian Pacific in keeping abreast of the rapid expansion of Western Canada, has found it necessary to issue new stock at least every two or so years. For instance, substantial rights were given to share holders in 1902, 1904, 1906, 1908 and 1909.

While payment on the last issue of $30,000,000 was only made last September, the issue is attributed to the year 1909, for the present year is the logical period in which new funds will be provided for construction through common stock issue.

MONCTON PREACHER SCORES BRIDGE PLAYERS

Moncton, N. B. Feb. 19—Rev. J. L. Batty's announcement that he would speak on the subject, Is the Sin of Gambling a Matter of Degree? drew a very large audience in Central Methodist church tonight. He dealt with different forms of gambling and finally touched on "bridge" of which there is an epidemic in Moncton at present.

He spoke of playing for prizes and characterized it as the same as any other gambling game. He was unable to distinguish the difference between other chair games and bridge, and referred to the mania which had a hold on women when they pulled down the blinds in the afternoon and play for stakes.

Quite a number stood throughout the discourse listening to the denunciation of gambling at race tracks and in the home at bridge.

The shampoo water should be comfortably hot in order to cleanse and remove the grease. Some like a cold shower after the hot water, but it is apt to make fine hair feel very harsh. When the circulation is poor hot and cold are often used alternately to stimulate it.

THE ROBE TO BE MADE IN ENGLAND

London, Feb. 17—Queen Mary has shown real desire to encourage home industries by ordering all the materials for her coronation robe to be made in England, and great satisfaction and not a little excitement reigns just now in the lace school in the tiny village of Shaldon in Devonshire, where she has placed a large order for lace to be worn on the great occasion.

This is not the first royal order to find its way to Shaldon, however, Mrs. French, the teacher, who has been a lace maker for over seventy years, assisted in making the lace that formed part of the wedding dress of Princess Louise, King George's sister, when she became the Duchess of Argyll, and her royal highness and Queen Alexandra made purchases from the same school last Christmas.

The school was started in 1904 by Miss Lancaster Lucas, and was the first attempt to start lace making in this part of England. About half a dozen children and fourteen women, most of them widows, form the staff, and they are looked after zealously by Miss Lucas, through whom all the sales are made.

Similarly in accordance with the queen's strict orders, the crimson velvet for her robe is being made on hand looms by an old man and his wife in Sudbury, Suffolk, another small country village. It will take them three months to make a length of forty yards, after which it will be specially dyed; not one inch will be made like it for any other purpose.

Dr. A. T. McMurray arrived home Saturday night from Boston where he had gone on account of illness. Dr. McMurray has not completely recovered but is improving.

"Consumption"

Three Doctors Attended Her. Dr. Wood's Norway Pine Syrup Cured Her

It has long been known that the balsamic odor of the newly cut pine tree heals and invigorates the lungs and consumptives improve and revive amid the perfume of the pines. Since but few can command the luxury of a visit to the pineries, it will be good news to many to know that the essential healing principle of the pine has been separated, and refined, and combined with other absorbent, expectorant and soothing medicines of recognized worth in the manufacture of Dr. Wood's Norway Pine Syrup.

Mrs. Charles McDermott, Bathurst, N. B., writes: "I thought I would write and let you know the benefit I have received through tke use of your Dr. Wood's Norway Pine Syrup. Three years ago I had Consumption and had three doctors attending me, and they were very much alarmed about my condition. I was so weak and miserable I could not do my housework. While looking through your B. B. B. almanac I saw that Dr. Wood's Norway Pine Syrup was good for weak lungs so I got a bottle and after taking ten bottles I was completely cured. At that time I weighed 135 pounds and now weigh 172, a gain of 37 pounds in three years. I now keep it in the house all the time and would not be without it for anything as I owe my life to it."

Price 25 cents at all dealers. Manufactured only by The T. Milburn Co., Limited, Toronto, Ont.
