"PIMPLES"

Broke Out All Over Her Face

Pimples are caused, almost entirely by bad blood and there is only one way to get rid of them and that is to get at the seat of the trouble by using a good reliable blood-purifying medicine.

Burdock Blood Bitters has been on the market for 35 years, and is one of the very best blood medicines procurable. After using it you will find that the pimples have disappeared, and you will have a beautiful clear complexion.

Mrs. Robert McNab, Badjeros, Ont. writes:—"I am greatly pleased to report the benefit I have received from the use of Burdock Blood Bitters. About a year ago I became so weak and run down I could scarcely walk, and pimples broke out all over my face. I tried one thing after another but nothing seemed to do me any good. I was advised by a friend to try B. B. B., and before I had used one bottle I felt it was doing me good so I used three bottles and I am now well and strong, and the pimples have all disappeared."

Burdock Blood Bitters is manufactured only by The T. Milburn Co., Limited, Toronto, Ont.

RECIPROcity THE FARMER'S CHANCE

The animals that an eastern Nova Scotia farmer can raise with least cost or that suits conditions best are horses and sheep. With free entry into the United States for horses, a farmer who has one to sell, will find its value increased 25 per cent. Not long ago a large number of Nova Scotia horses found a market in the United States. United States buyers frequented this part of the Province. The 25 per cent trade killed this duty.

We are constantly being told that Eastern Nova Scotia is admirably adapted for the raising of sheep—and we all know what that is to it. Even now a large number of lambs are sent from Antigonish and Guysboro Counties to the United States annually. The market there is practically unlimited. Supposing, then, that a farmer has 25 lambs for sale under the reciprocal agreement when it becomes law he would get \$18.25 more for the lot than he is getting now. Suppose, further that Eastern Nova Scotia could sell 100,000 lambs annually as some people say its farmers might. If so under the reciprocity agreement they would get \$75,000 more for them than under present trade laws.

Yet, Conservative organs and orators are trying to inflame the electors against the agreement under the sorry pretext that, if they can sell horses, lambs, eggs, chickens or any other farm products free from a tariff to people in the United States they will become disloyal to Great Britain. This freedom to sell applies to the lumbermen, the fishermen and the fruit growers, cattle raisers, as well as to the horse and sheep raisers.

Oh! but they say, Hon. Clifford Sifton, Mr. German, M. P., and other Liberals oppose the agreement. True, but these men were once poor men, yet shrewd enough to take advantage of the protection given by the tariff and of the thousands who came into Canada buy lands and they became rich. Naturally Mr. Sifton, Mr. German, the men in Toronto, Montreal and other cities, who made heaps of money under the present system, under it they can rake in the money and want no change. Just think of the President of the Bank of Commerce! For years he took the money in his bank over to the United States, traded there with it and made piles of money; but the idea that a farmer might sell a sheep or horse in the United States was protested against by this rich man on the ground that these little transactions would sap the foundations of the British Empire.

Our advice to the farmers, lumbermen, fishermen and fruit-growers of Nova Scotia is—tell party agitators to stand back, the former have been working for the latter for the past hundred years let them work for themselves now. —Eastern Chronicle

How to Grow Hair

It has been proven that Henna leaves contain the ingredients that will positively grow hair. That they contain this long-looked-for article is proven every day.

This preparation is called SALVIA and is being sold with a guarantee to cure Dandruff and to grow hair in abundance. Being daintily perfumed, SALVIA makes a most pleasant hair dressing. A. J. Ryan, your druggist is the first to import this preparation into Fredericton and a large, generous bottle, can be procured for 50c.

Hamilton, Ont., Mar. 25.—The long awaited contest between Hilliard Lang and Clayton Wildfang came off last night before 1200 fight fans in the Britannia Rink. "Hotspur" McBride the referee stopped the bout, which was scheduled for ten rounds, at the end of the sixth, in which Wildfang was floored twice. Chief Smith and Deputy Chief Whatley at-

CAMORRIST PRISONERS ARE FEELING SORE

Viterbo, March 25.—The attorneys for the defence flocked to the Santa Maria in Gradi, today to consult with their clients on the counter attack to be made upon the informer, Genaro Abbatemaggio, when the trial of the thirty-six Camorristi is resumed next Tuesday.

They found the sorest lot of criminals ever gotten together in an Italian prison. With a fine show of indignation the accused declared that when permitted to speak, they would refute their former associate's "inventions." During the recital they had composed themselves with great discretion in order not to create an incident disturbing the serenity of the court which certainly must eventually acknowledge their innocence.

To what extent their indignation was assumed was impossible to determine for these men have been trained in a school whereof dissembling under pressure is a rudiment. There is no doubt however, that Abbatemaggio, in telling his story yesterday, filled the Camorristi with genuine rage. Posing as a penitent prepared if need be to give his life in expiation of his crimes, the informer made a deep impression and the lawyer for the defence realizes that a strong cross examination will be necessary if the confession is to be discredited.

HALE AND HEARTY AT 101 YEARS

Reyton, N. B., March 23.—Kent county's oldest man, Peter Campbell of Ford's Mills completed 101 years of his life on the 4th of this month. He spent part of last week visiting in Harcourt and also collecting some out-standing bills due him; for some hand-made shingles made by himself during last summer.

Making No. 1 pine shingles by hand has occupied Mr. Campbell's time during the last few years. Mr. Campbell is an intelligent talker and he takes pleasure in reciting incidents of his long life. He was born at Lot 16, Grand River (P.E.I.) and ran a ferry boat at that place when only fifteen years of age. He came to Bass River, Kent county, shortly after that and remained there until fifteen years of age. He came to Ford's Mills.

During Mr. Campbell's residence at Bass River he hewed out a farm from a dense forest, making it one of the best cultivated farms in that section. At the age of twenty-eight he married Miss McKenzie of Prince Edward Island and she died thirteen years ago, which accounts for Mr. Campbell's leaving Bass River. The couple had no children, but had an adopted daughter who was Mrs. Daniel Boyce, Ford's Mills and with whose son Peter Boyce, Mr. Campbell now makes his home. He always led a plain life, never used tobacco in any form, but always enjoyed a glass of good whiskey or Dublin stout in moderation. About thirty years ago his sight became impaired and he was obliged to use glasses during twenty years, but since that time he has had second sight and can still see without glasses. He sleeps and eats well and seems to enjoy life like a boy. One of his future anticipations is the completion of a canoe, which he began in the fall, and hopes to finish in time for the gaspereaux fishing next season. He has ordered a web of gaspereaux netting which he intends manufacturing with his own hands in time to fish himself. He has made and sold five canoes during the last thirteen years. In the last two years Mr. Campbell has caught five foxes and two otters, the former in a steel trap the latter in a deadfall made by himself.

When visiting at a neighbor's house a short time ago, a clergyman who entered into conversation with the centenarian asked him if he was not tired of living and would like to die. The answer was clear and calm when he said: "Why should I? I eat and sleep well, am in perfect health never have an ache or pain; enjoy myself perfectly, life is as sweet to me as ever. I think it would be a sin to wish that Mr. Clergyman."

MANITOBA EXPORTING FRESH FISH

(Canadian Press.)
Washington, March 25.—Wheat, for years the leading product of Manitoba has now a contender for that honor in fish according to United States Consul General Jones at Winnipeg.

The fishing industry has developed to such an extent that it ranks second to wheat in importance, says the Consul.

For years the states along the International border were dependent upon Manitoba for fresh fish, but recent years have witnessed the introduction of Manitoba fish on the general markets of the United States. The middle states are the principal consumers but frequently fish from that district have found their way to the markets as far south as Maryland. The catch is made in Lake Winnipeg.

SIR WILFRID WELCOMED PUBLICITY

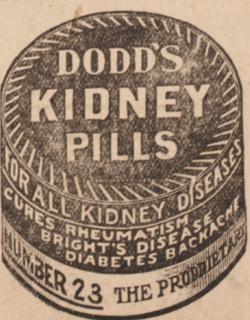

Ottawa, March 24.—Alfred Thibault, of Sorel, gave evidence yesterday afternoon in the Lanctot house painting case before the privileges and elections committee. He said he met the Premier at Quebec at New Year's and told him that in the interests of the Liberal party there had better be an inquiry into the situation at Sorel on January 16 he wrote Sir Wilfrid, saying: "I have succeeded in obtaining the documents that Dieudonne Pelouquin, Conservative and Nationalist, had in his possession. I considered that these were documents which ought not to be in the possession of a political enemy."

To this the Premier replied: "If there have been any misdeeds at Sorel it is not the intention of the Government to prevent it being known to the contrary."

This finished the case for Mr. Blondin, the complainant, and Mr. Laflamme, counsel for Mr. Lanctot, asked for delay until Tuesday. He said only two of three witnesses would be called.

U. S. CUSTOM OFFICIALS ARE OVER ZEALOUS

Toronto, Ont., March 25.—Mrs. Kate J. Crosby, a widow, Bellevue, was refused admittance to the United States at Black Rock by zealous American officials yesterday afternoon. Mrs. Crosby said last night that she had been asked several personal and offensive questions. She told the officials that she was going on a visit to her son and daughter at Pittsburg and that she had sufficient money to last her during her proposed stay of two months. She had sent on ahead her brother, also of Pittsburg, \$150.
