Give your servants **GOLD DUST** to clean with, treat them rightly and you will have few occasions to insert a "help wanted" ad

They say a good workman is known by his tools. You cannot expect your maid to keep everything ship-shape unless you give her every modern help. To keep house without **GOLD DUST** is to do work by hard, old-fashioned methods. For cleaning everything and anything about the house—from cellar to attic—**GOLD DUST** is worth its weight in gold. It cuts grease and dirt like magic, does away with scouring and scrubbing, and saves time and tempers.

Your servant can do more and better work and keep sweet with the aid of **GOLD DUST** in all household cleaning.

FIRE PLACES

In the home of your great-grandmother the fire place was not the little affair of our times. In the old east house now standing in Rhoda Island, the fireplace is ten feet long by four feet deep, the back and sides are made of stones nearly two feet thick, and the chimney is thirteen feet by six feet. Such a fireplace was an excellent playhouse for the Colonial children when the fire was out and afforded them great delight at night when they watched the stars from there seat in the chimney-cave. Wouldn't the people of those times have laughed at the tiny bundles of kindling some of us buy at the store? The logs they burned were six feet in length and three or four feet in circumference. These were brought into the huge kitchen by the old white horse who dragged them behind him.

These great fire-places not only warmed the people but cooked their food as well. The brick oven that

was formed by one side of the fire-place was heated with brush and light wood, which soon roared briskly. In the pans of bread were put when baking day came around. Then the "Pawdowdy" or great apple-pudding and the Indian pudding were placed in the front. While these were baking, two smaller ovens were brought in. These were called dutch ovens, and were nothing more than sheets of metal curved into more than half a circle. The opening was placed toward the oven from side to side, and on this the roasts were spitted. Perhaps a piece of beef was placed on one spit and a fat turkey on the other. A little laughter of the household always assumed the task of turning the spit so the meat was evenly roasted. After the meals were finished, pies—apple, mince, squash and pumpkin—were baked in the oven, and then in the ashes on the hearth potatoes and corn were roasted.

When one thinks of the fireplaces of those days one cannot help smiling at our tiny gas ovens where, in our tiny kitchens, the baking is done for our tiny families.

M. P. A. A. A. ACKNOWLEDGES THAT TITUS WAS REINSTATED

Contention of Fredericton Team is Borne Out--St. John--Fredericton Game Will be Protested--U. N. B. Team Leaves on Trip--Halifax Wants Mike Murphy.

The "Tart" Titus-George Brogan--M.P.A.A.A. muddle has taken a new turn, two or three new turns in fact. The Marysville team has threatened not to play its schedule unless Brogan is permitted to play and Capt. Archie Babbitt and Coach Sandy Staples of the U.N.B. team, will take up Brogan's case with the M.P.A.A.A. representatives in St. John, A. W. Covey and Murray Jarvis, today. The most important feature of the mix-up however, is the admission by the M.P.A.A.A. that the contention of the Fredericton Hockey Club concerning "Tart" Titus' eligibility is correct.

The following telegram has been received from Secretary L. B. McMillan of the M.P.A.A.A.

Charlottetown, P.E.I., Feb. 7. C. W. Clark, Titus was reinstated March 1909, former secretary did not post his name. If he has not violated amateur law since send application card, accompanied by affidavit.

L. B. McMILLAN.

WILL PROTEST GAME.

On the strength of this admission by Mr. McMillan, the Fredericton Hockey Club will protest the game with St. John played here on Monday. The ground for the protest will be that the team was weakened by the absence of Titus, who had been wrongfully declared ineligible by the M.P.A.A.A.

ST. JOHN EXPLAINS.

The St. John Telegraph today makes a lengthy explanation concerning the Titus-Brogan affair, and the attitude of the St. John team. Speaking of the trouble between some Marysville supporters and Manager Howard of the St. John team at the Arctic Rink the night of the St. John--Fredericton game, The Telegraph says:

"Manager E. P. Howard explained to the bunch that neither he nor any other person connected with the St. John hockey team had anything whatever to do with the suspending of either Titus or Brogan, and some of them were men enough to apologize. As far as Brogan was concerned, he has been playing all along only with the consent of the M.P.A.A.A., pending investigation into his amateur standing. It will be remembered that he played pro baseball with the Clippers here, and is in precisely the same box as Cribbs, the St. John goal-tender of previous winters. And right here let it be said that if Messrs. Covey and Jarvis are 'in' with the St. John team, why did they not allow Cribbs to play, 'pending investigation?' Cribbs is by far the best net guardian in the city, and would have been a valuable addition to the team.

"Titus has been suspended for reasons best known to the M.P.A.A.A., and it may be relied upon that their action was warranted and any detective work relative to either him or Brogan, done by Messrs. Covey and Jarvis, was done from a standpoint of duty and not on sympathy with the St. John or any other team. St. John can take a beating all right, and when the matter is sifted to the bottom it looks as if somebody else are the 'squealers.' The boys have no kick against Referee 'Sandy' Staples or any other of the officials connected with the game, but the conduct of some of the Fredericton and Marysville 'sports' and the press comment that has been so plentifully doled out to them are totally unbecoming. The same is true respecting Messrs. Covey and Jarvis."

DETECTIVE WORK (?)

Speaking of "detective work" in view of Mr. McMillan's announcement, it is a great pity Messrs. Covey and Jarvis did not carry their detective work a little farther and find out just what the facts were before they butted in. The whole affair has cast discredit on the M. P. A. A. A. and its officials in New Brunswick. The sooner Fredericton and vicinity have a committee of their own to handle suspension etc., the better.

U. N. B. TEAM AWAY

The U. N. B. team will play Acadia in the Intercollegiate series at Wolfville Friday night. The majority of the squad left for St. John this morning. Feeney and McKay will go later. The team which will play against Acadia will be, Binney, goal; Sterling, point; Babbitt (capt.) co-var-point; Feeney, centre; Barry, rover; McKay, right wing; Machum, left wing. Pugh and Tapley are substitute forwards and Willis substitute defence. M. W. Jennings is manager of the team and Sandy Staples the coach, accompanied the team. A practice game will be played at St. John tonight.

HALIFAX WANTS MIKE

Mike Murphy received a wire from the Halifax pros last night offering him a position on their team. Mike wants \$300 and expects to get it. New Glasgow offered him \$250. Mike is all through with Ontario hockey, he says and will stick to the Maritime Provinces. He expects to play the next game with New Glasgow.

EASTERN LEAGUE GAMES

BEGIN ON APRIL 20th

Baltimore, Feb. 7.—It took the Eastern baseball league club owners only three hours, at their session in the Hotel Rennett yesterday, to adopt the schedule for the playing season of 1911. Little dissatisfaction was expressed with the dates decided upon by Pres. Edward Barrow, although some necessary changes were made in the original draft.

The season will open April 20 with Toronto playing in Baltimore, Montreal in Newark, Buffalo in Providence and Rochester in Jersey City.

On May 8 the openings in the northern end of the circuit will take place. Newark will play in Montreal, Baltimore in Buffalo, Jersey City in Rochester, and Providence in Toronto. The schedule will be released for publication Feb. 13.

Owen Kenny has been picked as referee of the bout between Bill McKinnon and Tommy Sullivan in Manchester. N. H. tomorrow night. It should be a great bout as both are rugged boxers. The result will mean much to both as regards future contests in other cities as both have on other bouts which will be cancelled in case of defeat tomorrow. McKinnon is matched to box Jim Howard of lose to Sullivan he will be scratched Memphis Feb. 15, but if he should by the Memphis promoters.

Ad Wolgast has placed the price of his services so high that none of the San Francisco promoters feels like taking a chance of matching him. For boxing any of the California lightweight he wants \$5500, with the option of percentage. For meeting Moran he wants \$12,500 and the option of 45 per cent of the receipts.

HALIFAX WANDERERS WON FROM CRESCENTS IN N. S. A. H. L.

Halifax, Feb. 7.—In the best game of amateur hockey played here this winter, the Wanderers defeated the Crescents last night at the Arena by a score of 9 to 6. The game was fast and interesting throughout. The Wanderers scored three goals in quick succession in the first half but the Crescents lived the pace and at the half time the score was Wanderers, 5 Crescents 4.

The second half opened very fast with both teams working hard. The Crescents had the better of the play and ten minutes before the time was up, had a lead of one goal, but the Wanderers brought their effective combination into play and won out. It is the third time that the Wanderers have defeated their old time rivals this year.

Reardon, Jay Bauld, and McKay starred for the Wanderers, whereas

FRED BECK SOLD BY BOSTON NATIONALS TO CINCINNATI

Great Home-run Hitter--Boston Held Him Until Suitable Price Was Offered by Herrmann.

Boston, Feb. 7.—Fred Beck of the Boston Nationals, has been sold to the Cincinnati club and the heavy-hitting first baseman and outfielder will report with that team for the spring practice.

Beck put himself in bad with Manager Tenney when he kicked over the salary offered him by the Boston club and gave out the story that many of the old players would refuse to sign with the club for the salaries offered.

Pittsburg and St. Louis refused to waive on Beck, each offering a trade. Buffalo was willing to pay a good price for the man, and Boston did not propose to let him get away for the waiver price. So when Cincinnati came across with the price Tenney and the club officers were delighted to take up the offer.

Manager Tenney had no idea of playing Beck, but signed him in order to make the player look more inviting to some good customer, who turned out to be August Herrmann of Cincinnati.

Beck proved to be one of the greatest home-run hitters who ever appeared at the South End grounds, and is sure to be a terror to opponents on small parks like the old Boston battlefield. Beck was never a very enthusiastic player while with the Boston club. He is very likely to show to better advantage with Clark Griffith's Red Birds, and is no doubt delighted with the change.

REMAINS UNCHANGED

Cincinnati, Feb. 6.—The National baseball commission today refused to change the status of player Moskiman who last September was temporarily reinstated. During the reinstatement Moskiman played with the Boston Americans. The commission today after a hearing, left his status as it had been placed by the national board, that of an outlaw player.
