ACCIDENT ON PENNSYLVANIA

Two Were Killed and Two Injured in Smash at Fort Wayne

Bloody Fight Between White and Chinese in Hanford, California--Several Fatalities

(Canadian Press.)
Fort Wayne, Ind. Aug. 14--Two persons were killed, two are reported missing, and two seriously injured at the western limits of the city last night on the second wreck within a week, of the Pennsylvania Railroad's Chicago-New York eighteen hour train.
Pulled at top speed by double header locomotives, the heavy train ran into a temporary switch that was too weak to stand the terrific strain. The rails of the switch were swept aside, the engines of the flyer careened crazily and side swiped the engine of a freight train on a side track. Engines and passenger coaches a second later were piled on their sides. In the panic of passengers which followed, men fought women in their frenzy to escape and scores were trampled and beaten.
Fresno, Calif. Aug. 14--Two persons were killed, two mortally wounded and others sustained less serious injuries last night in a fight between whites and Chinese at Hanford Cal. according to advices received here from the King's County sheriff.

THREE TENDERS FOR WORKS AT ST. JOHN

Ottawa, Ont., Aug. 14--Three tenders have been received for the Great Terminal works which the government proposes to instal at Courtenay Bay, St. John. The successful tender will dredge out a basin and approach build wharves, build a protecting breakwater and install a dry-dock and ship repair yard. The cost will run into the millions. The work is being done to enable St. John to handle the growing export business of Canada in the winter when the St. Lawrence is closed by ice. The firms which have tendered for this great work are all British and enjoy the highest reputation.
They are Norton Griffiths, Limited, Sir John Jackson, Limited, and Sir Weatman Pearson, Limited. Each deposited a half million dollars as a pledge of good faith and willingness to do the work in case of its tender being accepted. The engineers of the department are at work upon the tenders, figuring out which is the most favorable. As soon as this is determined, a contract will be signed and work commenced.

UNION PRINTERS IN SESSION

San Francisco, Cal., Aug. 14--The fifty-seventh annual convention of the International Typographical Union opened in this city today with delegates from the local branches throughout the United States and Canada. Addresses of welcome were made by Mayor McCarthy, the officers of the local union and others, and were responded to by President James N. Lynch. The convention will continue its sessions about five days during which time much important business relating to the affairs of the organization will be transacted. The principal matter to be considered and acted upon is the contract between the union and the Newspaper Publishers' Association. The present contract expires this year, and it is said a large majority of the membership favor its renewal with possible changes of a minor character.
The initial session of the convention included the presentation of the annual reports of the several officers. These reports showed the present membership to be 56,185, a gain of over 4,000 during the year. During the year the organization paid a total of \$122,672 in old-age pensions.

Mrs. Peter S. Watson, of St. Mary's, who has been seriously ill, is improving.

LEMIEUX AND BOURASSA MET AT ST. HYACINTHE

Twenty Thousand People Were Present at a Joint Political Meeting on Sunday --The Nationalist Leader was Unmercifully Flayed--Strong Language was Used By the Rival Speakers and Both Were Cheered Loudly By Partizans--Sir Wilfrid opens Campaign To-Morrow

Ottawa, Aug. 13--Sir Wilfrid Laurier and R. L. Borden leave the capital tomorrow night to inaugurate, on Tuesday, their platform campaign, the premier speaking at Simcoe on Tuesday and the opposition leader at London. Both leaders are in the best of health and are well prepared to withstand the strain of daily meetings from now until September 20. Both express entire confidence as to the results. Mr. Borden, it may be noted, was equally confident prior to the polling of 1904 and 1908.
Sir Wilfrid never went into a campaign with greater enthusiasm or with greater confidence of victory. The progress of the campaign, since dissolution and the reports he has received from his cabinet ministers and from candidates in every section of the dominion have daily strengthened that confidence. Sir Wilfrid was confident as the result of the 1908 election. He is ever more confident this time.
St. Hyacinthe, Que., Aug. 13-- A political meeting probably unprecedented as regards the amount of invective and vituperation injected into the speeches and the amount of bad temper displayed, occurred here this afternoon when Henri Bourassa and Hon. Mr. Lemieux, together with lesser lights, met in joint debate.
From the very outset it was seen that the occasion would be an unusual one, the speakers spending scanty time in the usual words of appreciation but coming down to pointed personalities at once.
The crowd seemed to take to this style of debate and cheered wildly, surging around the improvised platform so that it was in imminent danger of collapse. Never had such a huge crowd been gathered together in this district. Both parties had made great preparations and thousands came to this city on the dozen special trains which were run by the organizers from Sherbrooke, Farnham, Montreal and Quebec. Nationalists and Liberals were there by thousands and every speaker found his supporters, who rapturously applauded his every utterance.
Mayor Payan presided over the gathering and had a difficult time preserving order, the 20,000 people who listened to the speeches proving a somewhat turbulent crowd.

HON. MR. LEMIEUX.
Hon. Rodolphe Lemieux made the most notable speech of the day and attacked Bourassa with intense vigor. Mr. Bourassa responded in kind, while Armand Lavergne also spoke in caustic vein and several times interrupted Mr. Lemieux, so that that gentleman finally informed him and his supporters that he could use his hands as well as his voice to retort to insults.
Fortunately the threat was not carried out and the only mishap of the afternoon was the falling away of a portion of the stage under pressure of the crowd, precipitating a number of newspaper men into the audience.
Hundreds of the audience wore the red Liberal badge but an equal number were crowned with hats around which white bands inscribed "Bourassa" had been printed, while nowhere was the old Conservative blue to be seen.
Mr. Lemieux was the first speaker and after congratulating Mr. Beau-parlante, Liberal nominee for the district turned his attention to the Nationalist leader. Bourassa he denounced as a fool leading a following of sheep, whom he was quite incapable of caring for.
PASSEES THE "UGLY WORD"
Bourassa had lied and continued to lie through the Devoir. He was a disappointed office seeker who had turned against Laurier and vilified him. Mr. Bourassa had said again and again that he Mr. Lemieux, would be afraid to meet him in a joint debate. Afraid of what? He has borne the Liberal standard in the province of Quebec for fifteen years and had no reason to fear Mr. Bourassa.
He proceeded to denounce the hybrid alliance of Castors and Imperialists, and stated that Mr. Bourassa and Mr. Lavergne with all their elaborate claims are no true friends of the French Canadian people. As for himself, he (Mr. Lemieux) had his record to stand behind him and this would show that he had always supported and defended French-Canadians and French institutions with zeal and common sense. Laurier and Brodeur he eulogized and answered the attacks of Mr. Bourassa directly against his leaders.
He then proceeded to discuss the reciprocity pact, declaring that it was the vital point at issue but was interrupted by cries of "No, no the navy." He continued however, to bring up arguments in favor of reciprocity and was finally given a fair hearing and a great deal of applause.
Mr. Bourassa, as in previous speeches passed lightly over reciprocity declaring that the navy bill, which would be the surrender of autonomy was the great question and denouncing Laurier for this most iniquitous measure. He answered Mr. Lemieux's personalities by giving him the lie again and again. The meeting concluded by speeches by a number of local orators.

LONGBOAT BEAT SHRUBB

Celebrated Indian Runner Took Englishman into Camp

The Winners Time Over a Twelve Mile Course Was 1 Hour, 4 Minutes and 28 Seconds

(Canadian Press)
Toronto, Ont., Aug. 14--Before a crowd of nearly 9,000 people, Tom Longboat succeeded in defeating Alfred Shrubbs in their 12 mile race at the Island Stadium, Saturday, with the greatest ease. Shrubbs set the pace until the 11th mile stone was reached with Longboat at his heels all the way, and often forcing Shrubbs to sprint hard to keep his position. When they had started on the last mile, however, Longboat opened up a big gap between them and kept on gradually gaining until at the finish he was nearly half a lap to the good. The time of the race was 1.04.28.
Before the big race, a five mile event was run off which Hefferman, the South African Olympic runner won from Abbie Woods by 3 yards with Meadows of Guelph 3rd.

THE POPES' CONDITION IMPROVED

Rome, Aug. 14--The doctors found Pope Pius X today chinked but little from yesterday when a slow but gradual improvement was perceptible. As always in the morning his temperature was slightly below that of the night during which it was 98.7. The weather was cooler today and this had a good effect upon the patient, who was more cheerful.
The pontiff sat up again and Dr. Petacci and Dr. Marchisava suggested that he remain longer in his armchair as they thought this position helped to restore his strength. The wasting of which continues the most unfavorable symptom in the way of a complete recovery.
After seeing Cardinal Merry del Val the papal secretary of state, and Mgr. Biletti, major domo of the Vatican, the Pope asked for Cardinal de Lai, secretary of the consistorial congregation with whom he wished to discuss several questions relating to the church in America.
The reports that archbishop James Edward Quigley of Chicago, has been elevated to Cardinalate are stated to be wholly unfounded. The pope it is asserted, has never even considered holding a consistory for such a purpose. It is generally known that because of this year's celebration of the jubilee of Callian Unity, a consistory would not be held before December at the earliest, while it is more likely to be held next year. At that time although there are twenty two vacancies in the cardinalate, it is believed that no American will receive a red hat.

YOUNG BALLOONIST FATALLY INJURED

Atlantic City, Aug. 18--Charles Bennett, a young balloonist of New York fell more than 1,000 feet with his parachute last evening and crashed through the sky light of the Marlborough Bleheim Hotel. Guests of the hotel were panic stricken for a brief moment, picked the man up and tried vainly to revive him. He was sent to a hospital where he was found to have a fracture of the skull at the base of the brain and multiplied other injuries. He can hardly live.
Green Bay, Wis., Aug. 14--The double convention of Wisconsin postmasters opened here today with a large attendance of fourth class postmasters. They will remain in session two days and on Wednesday the two days' session of the convention of the Wisconsin Association of Postmasters, the general body, will be opened.

BLOODY CLASH BETWEEN POLICE AND STRIKERS

Police at Liverpool Were Entirely Unable to Cope with the Situation--One Policeman Was Killed and Many People Were Injured--Scene of Conflict Resembled a Shambles--Strike Fever is Becoming Epidemic Throughout Great Britain--Order Restored at Liverpool

(Canadian Press)
Pondon, Aug. 14--The strike fever has become epidemic in Great Britain from one end of the country to the other. Men either have struck or are threatening to do so and even the women and the girls in the smaller factories of the large cities are demanding better conditions of labor. The streets of London are commencing to resume their normal appearance. The van men began work early in the day in an endeavor to make up for lost time. At the docks only a portion of the men returned to work and a good deal of uneasiness prevailed as many of the men refused to accept the settlement arranged by their leaders. The same description fits the situation at the railway stations where many of the porters and carters are demanding greater concessions than have been agreed upon. Great quantities of meat and provisions held up at the docks and the railway stations last week were found when discharged this morning to be damaged and were taken out to sea and thrown overboard. The meat ships are being coaled and the refrigerator plants started again.
Order has been restored at Liverpool following yesterday's rioting a policeman was killed and some 200 officers and civilians wounded. Reinforcements of police have been brought to the city and they patrolled the streets today, dispersing the crowds wherever there was an attempt to congregate.
Despatches from Liverpool say the whole city is ablaze with rage and bitter enmity and fresh trouble may break out at any moment. A Liverpool crowd is the most excitable, the most reckless and the toughest in the country and sectarian strife has given it long apprenticeship in the science of rioting. All branches of transport workers are seething with unrest and the great increases in wages secured in some of last week's settlements have unbalanced many of the men.
Glasgow, where the street railway men are on strike, was also quieter but the atmosphere was charged with strife and the cars for the operation of which the city has obtained more than enough non-union drivers and conductors, were guarded by police.
The railway men throughout the country have assumed a threatening attitude and a complete tie-up of the railway traffic is possible.
Today the locomotive engineers adopted a resolution in favor of a national strike. This is followed by the action of the 20,000 London railway men employed on the Midland, Great Central and Metropolitan lines, who last night decided to call a general strike on all the surface railway and subway lines in the London district next Saturday unless their grievances were adjusted in the meantime.
Liverpool, Aug. 14--The threatened lockout by the ship owners became effective today, when 30,000 dock men were refused employment until they decided to abide by the terms of their recent agreement. Last week, the employers complained that in spite of the compromise effected, sectional strikes had taken place seriously inconveniencing the trade.
On Friday fifty of the leading ship owners formally notified the dockers' union that unless all sections of the strikers resumed work.
London, Aug. 14--The Daily Telegraph's Liverpool correspondent describes Sunday's disorders as one of the bloodiest battles ever fought between the police and hooligans.
"The violence of the mob is indescribable," he says, "the air was filled with bricks, pieces of granite, iron missiles, broken glass and bottles, which must have been brought to the scene intentionally. After every baton charge by the police, the scene was sickening. There were scores of prostrate forms bleeding from the head and face, some of them insensible. When the riots dispersed, the place was like a shambles. Blood was everywhere. Ambulances and cabs were used in removing the wounded. The police force was totally inadequate to the situation." Later accounts say the rioting continued long after midnight, that some revolver shots were fired, and that a number of taverns and shops were looted. The total casualties are reported as being nearly 200 including 2 soldiers, most of the cases treated were of scalp wounds. Ninety arrests were made.
strikers resumed work by noon today, steps would be taken to stop all work at the port. Many of the strikers accepted the ultimatum and returned to work this morning, but the coal heavers generally refused to obey the order of the union officials to resume their occupation. Accordingly, the employers resolved to carry out their threat. The lock-out applies to the whole port of the Mersey but does not effect the passenger traffic.
Rotterdam, Aug. 14--The engineers and stokers on all tugs struck today for an increase in wages. The harbor traffic is disorganized.
Southampton, Aug. 14--The strike movement re-appeared here today, when the coal trimmers refused to coal the American steamer Philadelphia unless their wages were increased. The steamer is scheduled to sail for New York on Wednesday.
Glasgow, Scotland, Aug. 14--After a Sunday of rioting, the striking employees of the Municipal Street Car System called a truce today, pending the outcome of a conference between representatives of the two parties to the dispute. A restricted service was permitted without molestation of the cars and their non-union drivers and conductors but the authorities prepared for all eventualities. All of the infantry and artillery were confined to their barracks under arms.

C. P. R. OPERATOR VICTIM OF ASSAULT

Soo, Ont., Aug. 14--Struck over the right temple by a sharp instrument wielded by a foot-ped operator Walsh, who is on the service of the C. P. R. at Desbarrats, will probably die. Shortly after ten o'clock last night, Walsh was reading in the office alongside the oil lamp. The light was suddenly blown out and simultaneously Walsh was felled by a blow. After a few hours he regained consciousness and found himself in a pool of blood. Inspection showed that the assailant had not obtained one cent. There was only a small package of silver in the drawer and in the darkness, this was overlooked.

SPECTACULAR WEDDING OF YOUNG BRITISHERS

Ottawa, Ont., Aug. 14--While thousands of persons looked on David Ritchie and Miss Sarah Blevins, a pair of young Britishers were married on a raised platform at the Prentice Boys' celebration of Londonderry's relief at Carr on Saturday.
The wedding register was signed on a stump near by. An Ottawa jewelry firm offered a 14 karat gold wedding ring as an inducement to any young couple who would get married during the afternoon.
Mrs. W. L. Purvis and two daughters of St. John, arrived in the city Saturday night and are the guests of Mr. and Mrs. T. W. Purvis, Saunders Street.
Mr. M. E. Maloney of Montreal, is in the city.

NEGRO WAS BURNED TO CRISP

Mob Wrecked Vengeance on a Man who Murdered a Policeman

Was Dragged to the Scene of the Shooting and Put To Death--Pleaded For Mercy

(Canadian Press.)
Philadelphia, Pa., Aug. 14--Thirty miles west of here, in the town of Coatesville, Zacariah Walker, a negro desperado, was carried on a cot from the hospital last night, and burned to a crisp by a frenzied mob of men and boys, on a fire which they ignited about a half mile from the town. The negro, who had shot and killed Edgar Rice, a special policeman at the Worth Iron Mines, was first dragged to the scene of the shooting begging piteously for mercy. He had been arrested by a posse, shooting himself as he was taken. The crowd containing as many women as men, broke through the police guard at the hospital later in the evening and found Walker strapped to a bed.
The mob seeing this gathered up the bedding and placing it on the shoulders of four men, started for the country. They stopped at a farm and quickly gathering up a pile of dry grass, placed the bed containing their victim upon it, and set it on fire.

STEAMER ASHORE AND MEN ARE MISSING

Aden, Arabia, Aug. 14--The steamer Adour has arrived here, with 75 passengers and a portion of the crew of the Steamer Fischer, which sailed from Adelaide, Australia, July 14, for England, and which is ashore, leaking, twenty miles south of Cape Guardafui, the easternmost point of Africa, at the entrance to the Gulf of Aden. Two of the Fischer's boats with 30 passengers, are missing. A British transport has gone in search of them. The Fischer belongs to the Elderslie Steamship Company of Glasgow. She is a vessel of 5,300 tons.

New York, Aug. 14--"We have never been parted, never have quarrelled and never have contemplated any sort of legal proceedings," The World today quotes Ethel Barrymore and Russell Griswold Coll, her husband, as saying last night, at their country home at Manaroneck, New York.
The couple are re-united at their residence there. The World says, or rather, according to the statement attributed to Mr. Coll, "There has never been a bit of trouble. We are perfectly happy, and always have been perfectly happy."
