MANITOBA TORY MACHINE WAS CAUGHT NAPPING

Revision of Voters' List Was Ordered too Late by the Government of that Province and Work Will be Attended to by Dominion Authorities

Ottawa, Aug. 12.—Hon. Robert Rogers and his Tory machine are angry—very angry.

The control of the voters' lists in Manitoba has always been one of their chief reliances in political fights. They have been caught napping, and in the cities of Winnipeg and Brandon at least the Liberals may be assured of fair lists.

The Dominion election act says that where lists have not been revised within one year prior to the date of the issuing of the writs the Governor in Council shall appoint officers to revise these lists in accordance, as far as possible, with the Provincial regulations governing revision. The lists in Brandon and Winnipeg have not been revised for over a year preceding the date of the writ for the coming election—namely August 3. Consequently under the provisions of the election act the Dominion Government has authority and indeed has been compelled to now step in and order the revision of Governor in Council.

Hon. Robert Rogers has found out his error too late. He has hastily ordered a Provincial revision at once

and had appealed to Ottawa to let that list serve on September 21. But even if the Federal Government were willing to consent to again trust to the unfairness of voters' lists, prepared under the manipulation of the Provincial Tory machine they could not do so, for the act as it applies to the cases in point is mandatory, and a Federal revision must take place. This revision has been ordered by an order in Council, which fixes August 10, 11 and 12 as the dates for hearing registration applications, and August 24 for the sitting of the Court of Revision. The local Judges of the County Courts are appointed to take charge of the work of revision.

The Provincial Government has set August 14 and 15 for the date of registration, and will go ahead with the work. But in the case of the latter list the election act provides that after they have been revised the County Court Judges must also take further time to allow them to the Federal constituencies, since the Provincial and Federal polling divisions are not the same. This would cause further delay and the New Provincial lists might not be completed in time for use on September 21.

RECIPROCITY AND THE LUMBERMAN

In the chorus of entreaty now going up in the anti-reciprocity press against opening the Canadian market to the competition of the ninety millions of people south of the border it will be observed that there has been no mention of the lumber industry. As the gentleman from Michigan would say, there's a reason.

Canada's markets are already wide open to lumber, chiefly hardwood and yellow pine, from the United States. It is imported duty free because the manufacturers and the house-building contractors of Canada need it in their business. For the Canadian lumberman reciprocity means no possible increase of competition from the south, and a very great increase of trade by reason of the entire removal of the United States duty on Canadian lumber.

There are quite a few lumbermen who have been objecting to "jug-handled" free trade. They have urged that the government should direct its energies toward getting the United States to remove the duty on Canadian lumber in consideration of the fact that Canada for many years has permitted the importation duty free of lumber from the United States. Now that the United States has agreed to that very thing they should lend their influence to the reciprocity agreement.

For the lumberman the adoption of reciprocity is all gain and no loss. The benefit of the removal of the United States duty on Canadian lumber will go in part to the consumer in the States in the form of lower prices, and in part to the Canadian lumberman and his employees in the form of higher wages and profits.

How important to the Dominion the export of lumber and other forest products is can best be gathered from the fact that during the past five years the exports of forest products from Canada to the United States have been as follows:

1906,	\$23,085,040
1907 (nine months)	18,397,753
1908,	27,470,754
1909,	26,421,373
1910,	31,835,326

This is a total of \$127,210,246 in four years and nine months. Almost all of it had to face heavy duties. During the same period the United States sent \$35,770,314 of lumber and forest products to Canada, all of it duty free. The principal items on which the United States duties are to be entirely wiped out are as follows:

Hewn timber, present duty, 1 cent per cubic foot.
Sawed boards, planks, deals and other lumber not farther advanced than sawed, of whitewood, sycamore and basswood, present duty 50 cents per thousand feet.

Of other wood, including pine, present duty, \$1.25 per thousand feet.

Paving posts, railroad ties, poles of cedar or other wood, pickets and palings, present duty, 10 per cent.

Wooden staves, partially manufactured, present duty, from 16 to 20 per cent.

The remission of duty by the United States on sawed lumber alone, on the basis of the trade of 1910, will be \$1,219,970 per year. That is why the lumbermen are largely for Laurier and larger markets.

LIBERAL CONVENTION CHEEKY NEGRO

LYNCHED BY MOB

The Liberals of the Counties

of
Sunbury and Queens

will meet at **Gagetown** on

Thursday next August

17th. at 2 P. M. for the

purpose of selecting a Liberal

candidate for the coming

Federal election.

Hugh H. McLean

New York, Aug. 12.—The New York Americans have released Brockett, a pitcher to Rochester of the Eastern league.

Farmersville, Tex., Aug. 12.—Commodore Jones, a negro who it is alleged, used insulting language to a young white woman over the telephone, was hanged by a mob early today. A crowd of about 75 men and boys gained access to the jail during the night and marched him to the outskirts of the town, compelled him to climb a telephone pole. At the top, one of the mob was waiting, a rope was thrown about the negro's neck and he was forced to jump.

According to the Boston Globe Canadian hay is selling in that city at \$23 and \$24 per ton. The demand for hay is not very brisk in the Fredericton market at the present time at any price. Do the farmers of the St. John Valley who have tons and tons of last season's hay on hand see the point? If they do they should disregard what Tory barnstormers have to say and vote for reciprocity.

Mr. J. R. Kennedy of Salisbury, is in the city.

MARYSVILLE TOPICS

Aug. 14.—Miss Minnie Titus has returned from a trip to Fort Fairfield, Me.

Mrs. Bradley of Nashua, is visiting her daughter, Mrs. Manzer.

Rev. Wm. Pepper of Boiesown, was a guest at the Methodist parsonage one day last week.

Mr. Charles Berrie of Woodstock, son of Rev. J. C. Berrie, who was operated on for appendicitis in the Woodstock hospital, is recovering slowly.

Mrs. Matheson of Fredericton, was in town Sunday, the guest of Mrs. R. Brewer.

On Wednesday evening a reception was held in honor of Rev. A. Wright, who has lately come here to take charge of the Reformed Baptist Church. An address of welcome was read, after which refreshments were served.

Diphtheria has broken out in the home of Mr. Cameron Daley.

A daughter of Mr. Ludlow Pond was taken to Victoria Hospital on Wednesday, suffering from an attack of fever.

Mr. Alex. Gibson, Sr., who was taken suddenly ill on Saturday, is much better.

Mr. John Gibson, Sr., who has been ill for the last five weeks, suffered a relapse on Thursday, but is resting more comfortably today.

Mr. Thos. Likely, Mr. Alex. Robinson and Miss Maud Fisher of Montreal, left on Saturday for a trip to Miramichi Lake, where Mr. Robinson's family is spending a few weeks camping.

The Misses Cochrane and Mr. Geo. Cochrane, Jr., left Saturday evening for a short visit to St. John.

The teachers of the Maine Street Baptist Church Sunday School met at the residence of Mr. Mell White and presented his daughter, Miss Laura, with a handsomely bound Bible. Mrs. Samuel Hallett made the presentation on behalf of the C. O. D. Club. Miss White intends leaving soon for the Canadian west.

On Sunday afternoon the 'Prentice Boys, headed by the Marysville band, marched to the Baptist Church, where they were addressed by Rev. A. A. Rideout of Newton Centre, Mass.

Mrs. Herb. Brewer, while descending the stairs at her home recently, tripped and fell, injuring her shoulder so badly that she will be confined to the house for some days.

Rev. Allan A. Rideout of Newton Centre, Mass., and Mr. Barry Allen of Fredericton, were the guests of Mr. and Mrs. George Tapley on Sunday.

MARKET GARDENERS NOT AFRAID OF RECIPROCITY

According to the local Tory organ a Sunbury County farmer whose name it discreetly withheld, made the discovery in a city barber shop a few days ago that reciprocity would be a bad thing for his business. "It was pointed out to him" says the organ that the free entry of garden truck from the United States would bring tomatoes, peas, cucumbers and all kinds of vegetables in here in such quantities that the result would be perfectly ruinous to the provincial farmers. Of course the farmer was greatly alarmed at this information and at once decided to go home and break away from the Liberal party. The story is altogether too thin and will not go down with an intelligent public. In the first place the farmers do not as a rule go to a barber shop to get pointers about their business. In the second place the farmers of York and Sunbury County are not afraid of any competition that will come from farmers across the border under reciprocity.

In the light of the facts how ridiculous and childish it is to say that our markets will be flooded with American garden truck under reciprocity. Take the case of cucumbers for instance. Fredericton grocers sold them during the months of May, June and July for from 10 to 15 cents each. Now our home grown cucumbers are on the market and are selling for 10 and 15 cents each but for 10 and 15 cents per dozen, and there is little demand for them at that figure. Just think of the Fredericton market being flooded with American cucumbers at this season of this year. The proposition is too ridiculous for anything and would be laughed at by any intelligent farmer. What is true of cucumbers applies with equal force to other vegetables such as peas, tomatoes, corn, etc., which are grown by our farmers in large quantities. There are no American vegetables on the Fredericton market now and there will be none until next spring.

One of the largest and most successful growers of garden produce on the St. John River is Mr. Ashley Harrison of Manguerville. Talking to The Mail representative a few days ago he expressed the most unqualified approval of the reciprocity agreement and laughed at the very idea of being put out of business by American competition. Mr. Harrison's opinion should carry as much weight as that of the mythical Liberal who figured in the barber shop interview published by the Tory organ.

Mr. George S. Kimball and wife of Mr. Charles Perly of Lewiston, is in the city.

FRUIT-JARS

This year we are selling 3 kinds of *Fruit Jars*

The Sure Seal The Lightning The Ball Mason

The Sure Seal and Lightning are made of superior glass; and the top is made airtight by means of a spring wire device.
