FREDERICTON N. B.

Give your servants **GOLD DUST** to clean with, treat them rightly and you will have few occasions to insert a "help wanted" ad

They say a good workman is known by his tools. You cannot expect your maid to keep everything ship-shape unless you give her every modern help. To keep house without **GOLD DUST** is to do work by hard, old-fashioned methods. For cleaning everything and anything about the house—from cellar to attic—**GOLD DUST** is worth its weight in gold. It cuts grease and dirt like magic, does away with scouring and scrubbing, and saves time and tempers.

Your servant can do more and better work and keep sweet with the aid of **GOLD DUST** in all household cleaning.

Makers of FAIRY SOAP, the oval cake.

RECIPROCITY AND THE LUMBERMAN

In the chorus of entreaty now going up in the anti-reciprocity press against opening the Canadian market to the competition of the ninety millions of people south of the border it will be observed that there has been no mention of the lumber industry. As the gentleman from Michigan would say, there's a reason.

Canada's markets are already wide open to lumber, chiefly hardwood and yellow pine, from the United States. It is imported duty free because the manufacturers and the house-building contractors of Canada need it in their business. For the Canadian lumberman reciprocity means no possible increase of competition from the south, and a very great increase of trade by reason of the entire removal of the United States duty on Canadian lumber. There are quite a few lumbermen who have been objecting to "jug-handled" free trade. They have urged that the government should direct its energies toward getting the United States to remove the duty on Canadian lumber in consideration of the fact that Canada for many years has permitted the importation duty free of lumber from the United States. Now that the United States has agreed to that very thing they should lend their influence to the reciprocity agreement.

For the lumberman the adoption of reciprocity is all gain and no loss. The benefit of the removal of the United States duty on Canadian lumber will go in part to the consumer in the States in the form of lower prices, and in part to the Canadian lumberman and his employees in the form of higher wages and profits. How important to the Dominion the export of lumber and other forest products is can best be gathered from the fact that during the past five years the exports of forest products from Canada to the United States have been as follows:

1906,	\$23,085,040
1907 (nine months)	18,397,753
1908,	27,470,754
1909,	26,421,373
1910,	31,835,326

This is a total of \$127,210,246 in four years and nine months. Almost all of it had to face heavy duties. During the same period the United States sent \$35,770,314 of lumber and forest products to Canada, all of it duty free. The principal items on which the United States duties are to be entirely wiped out are as follows:

Hewn timber, present duty, 1 cent per cubic foot.
Sawn boards, planks, deals and other lumber not farther advanced than sawed, of white wood, sycamore and basswood, present duty 50 cents per thousand feet.
Of other wood, including pine, present duty, \$1.25 per thousand feet.

Paving posts, railroad ties, poles of cedar or other wood, pickets and palings, present duty, 10 per cent.
Woollen staves, partially manufactured, present duty, from 10 to 20 per cent.

The remission of duty by the United States on sawed lumber alone, on the basis of the trade of 1910, will be \$1,219,970 per year. That is why the lumbermen are largely for Laurier and larger markets.

THE HAZEN ROADS STRONGLY CONDEMNED

To the Editor of The Mail
Dear Sir—I seen the last Gleaner that J. W. Fairley of Boiestown says that under the present government there is a wonderful change in the roads at or near Boiestown. Part of it is true, there is a wonderful change. Wm. Duffy's \$300 horse went through the bridge and nearly spoiled him; this old bridge has been in a wretched condition this summer and last summer. When the road officials are asked about this bridge they say Thomas Hinchey a bridge builder, had the contract to put it into repairs and that's all the satisfaction you'd get.

If you visit Upper Hayesville where the beautiful new church stands on a gentle eminence, from the steps you can see the serpentine bend of the lovely Miramichi and the vast mountain scenery, but the road to the church, is the most wretched in York County. Another horse a few days ago went through another old bridge. There is still another which looks as though one of Mr. O. S. Crockett's windy speeches had struck it and the roads are knee deep in mud. Then visit the west of the little town of Boiestown, there you will see a road that you think was made by the Saxby Gale. If Mr. Fairley was a man who was in the habit of tasting "mountain dew" he must have been under its influence when giving that account to the Gleaner.

Cook's Cotton Root Compound

The great Uterine Tonic, and only safe effective Monthly Regulation on which women can depend. Sold in three degrees of strength—No. 1, \$1; No. 2, 10 degrees stronger, \$1.50; No. 3, for special cases, \$2 per box. Sold by all druggists, or sent prepaid on receipt of price. Free pamphlet. Address: THE COOK MEDICINE CO., TORONTO, ONT. (formerly W. Windsor)

TO WELCOME SIR WILFRID.

(St. John Times.)

The Liberal executive are making great preparations for the visit of Sir Wilfrid Laurier, the Liberal chief, who will be in St. John on Monday next. He will very likely arrive in the city at noon on that day and during the afternoon will be driven about the city to have a look at some of the improvement work going on.

In the evening he will speak in the Victoria rink, which has been engaged for the occasion. It is also intended to have a torchlight procession from the Royal Hotel to the rink. Bands in the city will be engaged and it is altogether likely that many illuminated automobiles will also take part in the procession.

Sir Wilfrid will remain in the city over night and will go across the bay in the S.S. Prince Rupert on Tuesday morning.

Excursions will be run to St. John on the day of his visit and it is expected that there will be a tremendous crowd in the city to welcome the Liberal leader.

FINE SHOW OF INDIANA FRUIT

South Bend, Ind., Aug. 22—In connection with the annual meeting of the Indiana Horticultural Society which opened its two days' session here today, one of the finest exhibitions of fruit raised in this State is held in this city at present. Practically all fruit raising sections of the State particularly the northern parts are represented and there is a strong competition for the valuable prizes offered. H. E. Van Daman one of the foremost horticultural authorities in the United States, is scheduled to deliver two addresses before the Horticultural Society.

We are told by a press despatch that Laurier's name was cheered at a Tory convention at Andover last week.

SOUTH CAROLINA VETERANS

Columbia, S. C., Aug. 22—The capital city of South Carolina is alive with Confederate veterans and their friends, who have assembled here from all quarters of the State for the annual reunion of the South division of the United Confederate Veterans. The city is extending a hearty welcome to the veterans. The initial session was held this morning and was devoted to the opening of the exchange of greetings. The proceedings will continue over tomorrow.

A GREAT OFFER.

The Daily Mail will be mailed to any address from now until the 1st of October for only twenty-five cents. The Mail is the leading Liberal newspaper of central New Brunswick and will contain the latest and most reliable political news.
