CUSTOMS OFFICIALS ARE SEEING SNAKES

London, Aug. 15.—The escape in the Customs House of a number of rattle snakes and copperheads, consigned by a Buffalo firm to a local showman, is the cause of the greatest excitement in the building and several times during the past few days the employees have been frightened away from their work by the serpents.

A corner was knocked off the box in the handling here and before any person noticed the mishap half a dozen of the snakes had escaped through the building.

G. P. R. SHAREHOLDERS TO MEET OCT. 2

Montreal, Aug. 16.—While the news of the application to increase the authorized capital of G. P. R. by \$100,000,000 is not yet stamped with the official seal, it must be nominally correct, as the company will ask the shareholders for authority to issue not more than \$60,000,000 in December.

As \$2,000,000 is the present limit under the existing authorized capital, it is obvious that in the meantime there must be an extension to make

the \$60,000,000 issue possible. When the shareholders of G. P. R. meet on October 2, the regular meeting will be made special to authorize an increase of \$60,000,000 in the common stock.

The official notice is as follows: The annual meeting will be made special for the purpose of authorizing the issue of consolidated debenture stock of the company to acquire the outstanding securities of the Dominion Atlantic Railway Company, and also for the purpose of considering and, if approved, of authorizing an increase of the present authorized ordinary capital stock of the company by an amount not exceeding
