

NORTH RANDALL TRACK RECORD IS BROKEN AGAIN

Frank Bogash Jr. Paced mile in 2.01 1-4
Yesterday---Track Was Damp and
Looked Slow

Cleveland, Ohio, July 24—On a slow track at the last day's meeting of the Grand Circuit races at North Randall, Thomas Murphy's Frank Bogash Jr., paced a mile in 2.01 1-4, three-quarters of a second under Williams mile of Tuesday. This again broke the North Randall track record and was the fastest mile paced this year. The feat was accomplished in the first heat of the championship pacing sweepstakes which Frank Bogash Jr. won in two straight heats. The track was damp and looked very slow for the day of the meet.

It took seven heats to find a winner for the 2.14 clats pacing event, carried over from Thursday evening. Ella Mackay finally captured first money by winning the fourth and last two heats. R. P. Breat, winner of two or the three heats run Thursday, was the favorite, but had to be content with second money.

Guy Nello took the 2.21 class trotting second. The 2.12 clats trot went to event in three straight heats. Barbara Overton, who passed Guy Nello hard in the last two heats, secured second. The 2.12 class went to Lucy Patchen, who took first, third and fifth heats. John Rusin, who secured second money won the other two heats. The get away event, a 2.06 class pace, was taken by Our Colonel, who won the last two of the heats.

Setting Bulldog on Crowd

A extraordinary case was heard in Glasgow, when Robert Hill was charged with urging a bulldog to attack a number of persons. His dog had been fighting, and had been beaten off by the crowd with sticks. Hill then urged the dog to "go" for the people, and eight persons were bitten, including a policeman. One sufferer was in the infirmary for a fortnight. Accused was fined \$10.

Remarkable Prison Record

In Edinburgh Police Court Thomas Hyland pleaded guilty to having been drunk in the Grassmarket. Out of the 365 days in last year accused had spent no fewer than 335 of them in prison for various offences. Recently an effort had been made to deal with him under the Inebriates Act, but, unfortunately the conditions of the statute did not fully apply. Bailie Rusk sent him to prison for sixty days.

Photographic Process

Two Frenchmen have invented a process for treating photographic negatives by which the effect of stereoscopic relief is produced in pictures.

Value of a Book

The value of a book after all, is not in the entertainment it affords for the nonce, though this is something, but in the permanent residuum left in the mind after reading. The times are too much in earnest for abandonment to simple recreation. Were this not so, the imitations of Punch, at which, would answer the same purpose as Punch itself, with which we laugh. The solid residuum we speak of depends upon the amount of thinking which the book has demanded of us. That which the old epitaph affirms of worldly goods holds true here also--what we have we have. The intellect seeks food, and would reject all the pearls in the world for a single grain of corn. Art is only conscious of nature, and nature has always her ulterior views, creating nothing but with an eye to some desired results.—James Russell Lowell.

NEWS OF FREDERICTON TWENTY-ONE YEARS AGO

(From the Weekly Herald of July 24, 1893.)

KICKED BY A HORSE.—Dr. Currie's little son was kicked by a horse Sunday and rendered unconscious for sometime. Although quite badly hurt the little fellow is getting along nicely.

RUN OVER.—A little boy, son of John McAdam, while playing on York Street Saturday night near his home was struck by a horse, knocked down and he wheel of the wagon passed over his leg.

THE PULPIT.—Rev. Mr. Dennison of the Gagetown circuit occupied the Methodist pulpit on Sunday last exchanging with Rev. Mr. Weddall. The congregations were treated to excellent music by a choir composed of young men led by H. C. Winter.

ECONOMY.—The cooling breezes of the week are a saving to the city in the way of cleaning the street. The dust is caught up and blown into the eyes of the pedestrians and safely landed upon the goods in the stores. We have water-works and a watering-cart but the breezes do the work nicely.

HORSES PURCHASED.—The St. Croix Courier says Fred B. Coleman of the Barker House has purchased from W. D. Simpson of St. Stephen a fine mare Gypsy by Main Wilkes, dam by Norridgewock by General Knox. Fred Watson has sold his colt Alfred by Olympus dam by Kingbird to J. R. McConnell of Marysville.

TROTTER DEAD.—On Saturday last Tom, W. H. White's trotter one of the best all-round horses known in this vicinity fell dead at the Bridge Road, St. Mary's, opposite Reid's harness shop. Mr. White had owned him for thirteen years. His trip from here to Bloomfield Ridge in the Pickard-Fraser campaign has for years been current horselore.

HAGGLED OFF.—The grass around the Post Office has been cut and it is to be hoped housed in good condition. It would be a pity if not. The field now presents the appearance as if the grass had been cut with a pair of shears, but some affirm it was done with a scythe.

STANLEY BOOMING.—Andy Humble is making things hum in the trading line at Stanley where he manages "The Grange" Store. Through his exertions a new store is being erected, the foundation for it being completed and the carpenters at work. Andrew Douglas is also en-

DEFIANCE OUT OF AMERICAN CUP TRIAL RACES

Vanitie and Resolute Will Fight It Out
---Defiance's Rig Must be Changed
---Time too Short

New York, July 23—Only two yachts, the Resolute and the Vanatie, now remain in the contest for the honor of defending the American cup, as the Defiance was withdrawn from further competition today and is now being put out of commission at City Island.

George M. Pynchon, managing director of the tri-city syndicate, owner of the sloop, today sent a formal notice of her withdrawal to Commodore Dallas B. Pratt of the New York Yacht Club. Mr. Pynchon said that changes structural as well as in rig to fit her for racing, would take between three weeks and a month, so it was decided to retire the mahogany sloop at this time.

She was designed by George Owen and built by the Bath Iron Works of Bath, Me. She is a most attractive appearing vessel, and to a great extent is an enlarged Dorella and the Dorella II both Owen-designed crafts were remarkably speedy. The rig of the Defiance is similar to those used on the Dorells, the single head rig being used.

Until very recently no jib topsails were used on the Defiance. She showed considerable speed to windward, but running free her very small spinnaker materially interfered with her speed.

The money necessary to build and race the Defiance was supplied by prominent yachtsmen of this city, Boston and Philadelphia; hence she was known as the Tri-City sloop. Those in the syndicate include Messrs. E. Walter Clark, James B. Ford, E. Trowbridge Hall, T. C. Dunham, George D. Barron, George Lauder Jr., George M. Pynchon, F. C. Fletcher, E. S. Webster, Elliot Wadsworth, Charles Hayden, F. E. Peabody, J. C. Cobb, Oliver Adams and Henry Taggard.

Mr. Pynchon is managing director and E. Walter Clark the financial manager of the syndicate. Capt. Selas B. Howell was in command of the Defiance's crew.

Larging his premises and St. John is making growth but the distance from a railway retards it somewhat.

GOOD FISHING.—On Friday afternoon Principal John Rogers of the Model School, Robert Davies and two St. John friends returned from an eleven days trip to the Dungeness. They caught a number of salmon including some plump twelve pounders. Attorney General Blair, Dr. Steeves and D. C. Call of New York went up the Main Miramichi yesterday for a week's outing.

C. E. R. CHANGES.—Mr. J. B. Snowball has resigned the management of the C. E. Railway and Mr. Alex. Gibson is in full control. John Yerxa has again put on the conductor's cap and follows John Boyd's engine. George Logan handles the throttle on Al Logan's train. Dave Vanstone takes out specials. Charles Sterling runs the freight with Pat Ivory in the cab. T. E. Hoben has the management with Joseph Shaw in the office.

THE DEATH ROLL.—On Monday morning Mrs. Black, relict of the late John Black for many years rector of Kingslear, died from paralysis in the 78th year of her age. The deceased was a sister of the late Judge A. R. Wetmore and was widely known for her deeds of charity. She leaves two sons, William Black of Richibucto and John Black of this city, and six daughters all married.

PERSONAL.—Frank L. Cooper who has been in Kansas City, has returned home and will remain here. Steing Thompson formerly telegraph operator in the Western Union here but now of Presque Isle spent Sunday at his home. The St. Andrew's Beacon says—Miss Edith Hilvard and Miss May Hilvard of Fredericton are the guests of Mrs. R. B. Stevenson. The Truro News says: "C. K. Palmer travelling salesman for Brown & Palmer of Fredericton is in town."

Safety in Summer

Safety in Summer comes from a wise selection of easily digested foods which supply the maximum of nutriment with the least tax upon the digestive organs. Food follies in Summer lower vitality and decrease efficiency. The ideal diet for the sultry days is

with fresh fruit and green vegetables, a combination that is cooling and satisfying, supplying all the strength needed for work or play. The world's universal, staple breakfast cereal. Ask your grocer.

Always heat the Biscuit in oven to restore crispness; then pour over it milk or cream, adding salt or sugar to suit the taste. Deliciously nourishing for any meal in combination with berries or other fruits of any kind. Try toasted Triscuit, the Shredded Wheat Wafer, for luncheon with butter, cheese or marmalades.
