BARKER'S POINT

Property Sale --Recent New Arrival --
Scarlet Fever and Measles
Prevalent

Barker's Point, May 14—The home of Mr. and Mrs. David Hughes was brightened this morning by the arrival of a cowering baby boy.

The Brookdale Farm and Poultry Plant established a few years ago by Mr. R. W. McLellan was sold a few days ago to Mr. Wm. Rickard, Jr., who with his family is moving in. Mr. Rickard has had a crew of men on the premises lately manufacturing concrete blocks. He will continue to conduct the concrete business on the property.

The spread of Scarlet Fever and Measles in this neighborhood the past few months has been greater than ever before in the community. Nearly every house in the vicinity has been affected with either one or the other of these diseases. It is reported that the measles first broke out in the school, as a great many of the school children in the lower grades have been laid up. The School Trustees or Board of Health should see that the school is cleansed and fumigated at once. A death has already occurred.

Mrs. William Rice Jr. and her son Hazen are both ill with measles.

Douglas and Hayward children of Mr. and Mrs. Arthur Rice are also laid up with the same disease.

Mr. Wm. Rice Sr., and family have moved into the house lately vacated by Mr. John Paisley and family which Mr. Rice brought a short time ago. Mr. Paisley has rented a home in Fredericton.

Mr. and Mrs. Arthur Wheaton have begun house keeping in the house vacated by Mr. Wm. Rice.

Mr. and Mrs. Herbert Hughes expect to occupy the home lately vacated by Mr. and Mrs. Wm. Rickard.

SECRETARY DANIELS SPEAKS AT TOME

Port Deposit, Md., May 13—Founder's Day at the Tome School was celebrated today with an interesting programme of exercises. The principal address of the day was delivered by Secretary of the Naval Daniels, whose son is a student at the school.

NAMING THE CHILD.

Some time ago a pretty little baby girl arrived at a happy suburban home and the entire family were busy selecting an appropriate name.

"Harry," joyously cried mother when the old man returned home one evening, "we will call her Gwendolyn."

For a moment father did a hard piece of thinking. The name Gwendolyn sounded to him like a fire whistle out of tune but he knew better than to openly oppose mother.

"Gwendolyn! Gwendolyn!" he musingly replied. "I like that a whole lot, dear. Long before I met you I had a girl named Gwendolyn and she—"

"Who said anything about Gwendolyn?" icily interjected wife. "Your hearing must be defective. I said we will call the baby Mary, after my mother."

AMERICANS FILL NORWAY'S CAPITAL

Christiana, May 14—Thousands of Americans have been included in the boatloads of visitors who have landed in Christiana the past week or ten days in anticipation of the opening of the great celebration in honor of the centennial of Norway's independence of Denmark. The largest delegations of these American visitors, whose years of residence in the western world have never destroyed their love for the motherland, come from Minnesota, Michigan, Illinois, Iowa, Nebraska, the Dakotas and the western provinces of Canada. Included among them are bankers, merchants, clergymen, educators and men of other pursuits and professions, together with hundreds of others who have won wealth and independence as tillers of the soil.

Several American States have elaborate exhibits in the national exhibit on which is about so open here and an Iowa band is to be given the honor of heading the great patriotic procession which is to usher in the centennial festivities next Sunday. In the lavish decorations with which the city is now being adorned the Stars and Stripes and the tinging of red, white and blue are to be seen everywhere intertwined with the national colors of Norway.

Kidneys Wrong?

If they are you are in danger. When through weakness or disease the kidneys fail to filter the impurities from the blood, trouble comes at once. Backache, Rheumatism, Sciatica, Gravel, Diabetes, Gallstones and the deadly Bright's Disease are some of the results of neglected kidneys. Dr. Morse's Indian Root Pills contain a most effective diuretic which strengthens and stimulates the kidneys so that they do their work thoroughly and well. Try
