## Notice

Fredericton, N. B. April 3, 1914.

Whereas, the Building Laborers Union have made a demand for an increase of twenty five cents a day in their pay on and after the 1st day of May 1914, making a wage of \$2.25 a day. Any feeling that the demand is a reasonable one, as we consider the wages of the majority of working people in this City are not in proportion to the cost of living, and that the amount asked for by the Building Laborers is as low as a man should be asked to work for.

Therefore Resolved—That we the Fredericton Labor Council endorse the action of the Building Laborers and will render them any assistance in our power.

HARRY RYAN, President. J. E. CLARK, Secretary.

## IS YOUR BACK FULL OF ACHES ALL DAY LONG?

That Stab-like Pain in the Back is Sure Indication of Kidney Trouble

Mrs. Anna Rodriguez, writes as follows from her home in Valencia:—"For a long time I suffered with failing strength and nagging headaches. My condition grew steadily worse, my limbs became bloated and shaky, I was sallow and thin, felt rheumatic pains, dizziness and chills. I unfortunately did not suspect my kidneys and was nearly dead when I discovered the true cause of my sufferings. I read so much about the wonderful health and strength that comes to all who use Dr. Hamilton's Pills that I felt sure they would help me. Such blessings of health and comfort I got from Dr. Hamilton's Pills I can't describe. They speedily put me right and their steady use keeps me active, energetic strong and happy. I strongly urge others to regulate and tone their system with Dr. Hamilton's Pills of Mandrake and Euterpe." No greater medicine exists than Dr. Hamilton's Pills for the cure of indigestion, constipation, flatulence, liver, bladder and kidney trouble. Refuse substitutes, 25c per box or five boxes for \$1.00, at all druggists and storekeepers, or postpaid by the Catarhazone Co., Buffalo, N. Y., and Kingston, Ont.

Willie Ritchie vs Tommy Murphy, twenty rounds, at San Francisco.

## OPPOSES TWO MILLION DOLLAR GIFT

(Continued on page seven.)

GLAD ENOUGH TO GET HOLD OF OUR GILT EDGE BONDS WHICH REPRESENT A MORTGAGE ON THE PROPERTY OF EVERY BLUENOSE. HE DID NOT THINK MR. GOULD WAS DOING BUSINESS IN THIS COUNTRY ALTOGETHER FOR HIS HEALTH. He is after our money and the government is determined that he shall have it. There might be some excuse for the blunder we have already made but there will be no excuse for repeating it. We have now got to complete the road but the interests of the province should be amply safeguarded. He would suggest as a possible way out of the difficulty that the work be handed over to the Foundation Limited. THEY MIGHT TAKE IT ON A FIFTEEN PER CENT BASIS, AND WE WILL AT LEAST KNOW WHAT IT WILL COST. The company's profits on a seven million dollar job would only be \$1,050,000. IF THIS SYSTEM IS RIGHT FOR BRIDGE BUILDING WHY CANNOT IT BE APPLIED TO RAILWAY CONSTRUCTION? Then there is the Concrete Construction Company. Why couldn't this concern be induced to take over the work on a thirty per cent basis? That is what they are paid for cleaning and painting bridges. On a seven million dollar job their profit would only be two million dollars. If this concern should need help it could go to the old country and bring over a lot of Italians and the government would pay the cost of their transportation plus thirty per cent. He (Swim) was bound to say that he did not approve of this method of carrying on public works, but it had been adopted by this government.

Mr. Carter—"You would like to have the patronage?"  
Mr. Swim—"I am all through worrying over patronage matters, but I can say that it is not being administered in Northumberland County in a manner likely to benefit the government. I want to see this road completed but I will not give my support to a proposal to give two million dollars more of the people's money to a company that has already fallen down on its agreement with the government.  
Mr. Swim's speech elicited no applause from the government supporters in the House, but he got black looks from Harry Woods and others of the vote it through contingent when he resumed his seat.

**Wood's Phospholine,**  
The Great English Remedy.

(Formerly Windsor.)

Ad Wolgast vs Johnny Tillman, ten rounds, at Hudson, Wis.  
National amateur boxing championships begin in Boston.

## SATURDAY.

Pacific Coast intercollegiate rowing regatta at Oakland, Cal.  
Pennsylvania-Navy rowing races at Annapolis, Md.  
Opening of fifteen-day race meeting at Havre de Grace, Md.

## ELECTRICITY AND PLANTS

Growth of Vegetation Accelerated by High Frequency Currents

At Mordaine Farm, in the fertile valley of the Miami River, about four miles south of Dayton, O., experiments were conducted to discover the effect of electricity and artificial illumination on the growth of vegetation. Plots were marked off for exposure to different kinds of electrification. In one plot, a network of wire was stretched about 15 inches above the ground. One of the plots in the farm was illuminated by a large tungsten lamp with a ruby bulb, while still another was illuminated by a mercury vapor lamp. A fourth plot received no artificial stimulation, while still other plots had the electricity applied in various ways. The plots tested were planted with radish and lettuce seed. Electric stimulation was begun thirteen days after the seeds were planted, and three weeks later ten plants each of radish and lettuce were selected and weighed. The plot subjected to the high-frequency current showed a greater increase in yield than any of the others. Ruby light ranged second for radish, while violet light was second for lettuce.

It was found that the edible portion of lettuce grown was 75 per cent greater in the case of electric stimulation than that grown under natural conditions. The electrification by means of high-frequency currents on a larger scale showed that almost all the vegetables grown under the wires were better than those grown under natural conditions. The plants stimulated included radishes, lettuce, beets, cabbage, cucumbers, turnips, musk melons, water melons and parsnips, and the gardener picked the vegetables at least two weeks earlier under the wires than those in the un-electrified portions. Sufficient energy was radiated from the lines to give the birds attempting to alight on the wires a shock that felled them to the ground partially stunned.—Electrical World.

## FATHER CORMIER'S HISTORY WILL BE PUBLISHED

## ACADIAN HISTORY

Hon. Mr. Clarke in answer to Mr. Dugal's inquiry in the House said:—  
Q 1—Is it the intention of the government to publish the Elementary History of Canada purchased from Rev. Father Cormier for one thousand dollars?

A.—Yes.  
Q 2—Why was the manuscript which was revised by Prof. Upval of the University staff and cost so much money not published?

A.—Answered by Question One.  
Q 3—Did the government or any member of the government receive any protests against its introduction in the public schools?

A.—Yes.  
Q 4—If any protests were made who made them and what were their nature?

A.—The resolution of the Grand Orange Lodge of New Brunswick asking the withdrawal of the manuscript. The one thousand dollars paid for the manuscript will be returned to

## GILLETT'S LYE EATS DIRT

## BIRTHDAYS OF NOTED MEN

Washington, D.C., April 11—The season of birthdays is on among the high officials in Washington. Today was the birthday anniversary of Justice Hughes, the youngest member of the Supreme Court of the United States, also of Senator John W. Weeks of Massachusetts. Justice Hughes is fifty-two years old and Senator Weeks is fifty-four. Luke Lea of Tennessee, the "baby of the United States senate, will celebrate his thirty-fifth birthday anniversary tomorrow.

A banana peel is a more dangerous thing to slip up on than a peal of laughter.

the revenues of the Province when ten thousand copies of the History have been sold. The History referred to is being published in both French and English without any extra cost to the revenue of the Province.

The publication of the History referred to will not be a charge the revenue of the Province but will be borne by those using the work.

Q 5—Did Rev. Father Cormier simply negotiate the sale of the manuscript or did he represent himself as the Author? If Rev. Father Cormier did not compile the Elementary History, who did?

A.—Rev. Father Cormier made the arrangements for the transfer of the manuscript representing that he was authorized to do so, which the Government has no reason to doubt.

Hon. Mr. Clarke in answer to Mr. Dugal's inquiry in the House said:—  
Q 1—On whose recommendation was Philippe Delaviviere appointed a Provincial Constable, May 14th, 1913?

A.—On the recommendation of Messrs. A. J. H. Stewart Martin J. Robichaud and A. J. Witzell.
