SEE CANADA FIRST

To the Canadians who are thinking of booking passage for England and Continental Europe, we would respectfully recommend says Collier's Weekly, what has been recommended to so many gallivanting Americans: "See your own country first." It would not be a bad idea if someone inaugurated a "See Canada First" campaign. It costs about as much to make a trip to London as it does to go from Toronto to Vancouver, and the gain, in the former case, is far less real. The Canadian business man making even a hurried journey through the West is sure to get new ideas; he will be better informed on economic conditions which affect his own interests; he may even see opportunities for wise investments. For scenery there is little, if any, more beautiful than that of the Rocky Mountains. A sojourn in Victoria gives as much a change of climate as a stay in Surrey. Than Banff or Lagan or Glacier there could be nothing more refreshing for body and mind. But beyond all this, "seeing Canada" gives a Canadian a new idea of his Canadianism, makes him or her realize that these men plowing on the prairies, these apple growers in the Okanagan Valley, and even the land agents of the coast, are common sons of the most glorious of countries. It is this we must have before our Imperialism can hope to come to anything. True Imperialism is born in those exalted moments when a man with the eye of his mind, sweeps the land from coast to coast, comprehending all its beauties, all its problems, and says: "This is my own, my native land."

Melbourne, where the "free lunch" has flourished for many years, is the scene of a revolt against that popular institution. The rebels are not the free lunchers but the hotel keepers whom custom compels to provide the gratuitous mid-day feasts for everybody who buys a glass of beer. Melbourne restaurants recently raised the price of meals, and the consequence is a ruinous rush of the free counter lunches in the hotels. One leading Melbourne publican, who thinks the free lunch should be suppressed by legislative enactment, has given a history of the institution. It started with biscuits and cheese, developed into sardines, sausages and sandwiches, and has now culminated in "noble joints of beef, pork and mutton." The public are charged with abusing the system. "The more they got, the more they take. Well to do people regularly get a comfortable free lunch with their glass of beer."

St. John Globe:—The election in the Province of Saskatchewan is a triumph for Mr. Scott, whose strength and power as a leader have been again demonstrated in a severe conflict. More than this, it is a triumph of a notable kind for the principles of free trade. It is quite true that there was no question directly of tariff in the contest, but all the free trade leaders in the province worked together, and they demonstrated their strength by the result. The lesson taught should have, and probably have, an influence upon eastern Liberals and ought to teach them that they must not sacrifice their Liberalism for the sake of the fellowship of a few men who use them or to gain the support of those whose ideas upon tariff are practically and absolutely protectionist ideas.

Edmonton Bulletin:—Reports from all parts of the province are to the effect that crops are two or three weeks ahead of their usual growth at this time of the year, with splendid growing conditions prevailing. The surplus grain, which must be exported or allowed to rot, promises to be much larger this year than last. As a large proportion of last year's crop is still in the elevators, the question seems timely. What is to be done with this year's larger yield?

Ex-Coun. Pat Graham of Southampton, in a letter to The Mail, scores the County Council for voting extras to Secretary-Treasurer Bliss to the amount of \$250. The ex-councillor intimates that the members of the board are lacking in backbone, otherwise they would not have allowed the bill to pass. When Mr. Graham was a member of the board he acted as the watch dog of the treasury. He was constantly kicking against smallpox bills, hospital grants and the Secretary-Treasurer's extras. When he appealed to the people last fall they elected him to remain at home. Perhaps a wholesome fear of meeting the same fate restrained members of the present board from objecting to the payment of extras to Mr. Bliss.

Hon. W. F. A. Turgeon, Attorney General of Saskatchewan, who was elected in Humboldt, on Thursday, is a native of Bathurst, N. B., and a son of Mr. O. Turgeon, who has represented Gloucester for many years in the Federal Parliament. Shortly after his admission to the bar he removed to Saskatchewan, where in 1907 he was appointed attorney general, and elected to the Legislature for Prince Albert. At the election three years ago he was returned for Duck Lake. Hon. Mr. Turgeon is only thirty-five years of age. He is a man of great energy and ability and New Brunswickers have every reason to be proud of the record he has made for himself in public life.

Fredericton's Old Home Week begins on August 5th and ends on August 10th. Let everybody take hold and make it a grand success.

JOKER MIXED UP BABIES

Eaton, Ohio, July 15—Nine Russian workers in the beet fields left their children in the baby booth before they assembled for the day's work on Saturday. A practical joker changed clothing of the youngest and when the women returned in the evening not one knew her own child. Appeal was made to the city marshal. He was at a loss to identify the children but will make redistribution today.

AN ANNUAL VISITOR

City Marshal Roberts started on his rounds today with a grip full of tax notices which he is serving on the ratepayers.

IMPROVED STEAMER SERVICE

The steamer Elaine of St. John St. John River S. S. Line will arrive from St. John tomorrow and the Victoria of the same line will arrive Wednesday. The two steamers will give a daily service until further notice.

NEW RECORD EXPECTED

A new track record is expected as a result of tomorrow's races at the Fredericton Trotting Park. Some great work is expected in the 2.15. Mary Cromwell and Bingen are looked upon as the favorites and one or the other is expected to lower the track record of 2.14.

FATHER RYAN'S PICNIC.

Tomorrow Father Ryan's picnic will be held at St. Mary's and it promises to be the best yet. The prizes secured for the games and the gate prize knock out anything seen for a long time. If you want a good square meal tomorrow evening drop into the picnic dining hall. The picnic is famous for good suppers.

NEW ZEALAND VISITOR

Mr. William Dewe of Christchurch, Canterbury, New Zealand, is in the city, the guest of his sister, Mrs. James Bishop. He is a native of England, but has been living in New Zealand thirty-nine years, and has not seen his sister in all that time. Speaking to a Mail representative Mr. Dewe says that he is greatly enjoying his visit to Canada and sees much to interest him. Like most strangers who visit here he is delighted with the natural beauty of Fredericton, but is surprised that it does not support a larger population.

POWER AND SHAWINIGAN HAD SENSATIONAL RISE

Mackintosh & Co., 604 Queen Street, Fredericton, N.B.)
New York, N. Y., July 15.—The market opening was quiet and firm, with stocks a fraction above Saturday's closing. Traders were still bearish, asserting that large interests had opened the market as high as possible in order to sell stocks, but if this had any significance it was impossible to see it. St. Paul opened at 100, a decline of 1, and then sold at 99½ on second transaction and then almost recovered to about Saturday's closing figure.
Montreal, July 15.—Power and Shawinigan took on a sensational rise here this morning, the former soaring to 239½ and the latter to 154 on heavy trading.
